BIG BLACK CLOUD DRIFTS ACROSS IN NATIONAL POLITICS

THE PROSPECT OF THE ISSUE OF GOVERNMENT OWNERSHIP STAGGERS ROOSEVELT AND THE NATIONAL REPUBLICAN LEADERS — HOW THE PRESIDENT WOULD AVERT A CATASTROPHE TO HIS PARTY — HEARST LOOMS UP IN DEMOCRACY BECAUSE OF THE PRINCIPLES HE ADVOCATES — MACHINE POLITICS NEARLY DOWN AND OUT.

Washington, D. C., Nov. 12. — Deep and almost startling significance is seen in the recent state and municipal elections, by those who see the drift of national politics.

On the face of things recent happenings have demonstrated, Judge Albert B. Parker is a monument to the truth of this.

What then in 1908? Hearst and Bryan, and a platform of government ownership? How will the country like that? What will the republicans do?

Not in seven thousand million years. Nominate Hon. Leslie M. Shaw of Iowa? Show the apologist for "party regularity" in the late Ohio campaign? Back to the mines!

Who then? Who will save the republican party? Roosevelt will not. This cannot be made too emphatic. He will not accept the unanimous nomination. He values his place in history too highly to go back on his solemn pledge to retire.

Who then? If anybody asked Roosevelt, he would probably reply: "Elihu Root!"

The forces are shaping up for one of the most interesting, perhaps one of the most bitter, presidential campaigns since the Hayes-Tilden fight. The whole situation is summed up in the phrase: "The Rise of Radicalism." A faltering or a false step in the next republican campaign and the next occupant of the White House will not be a republican.

Elihu Root and Wm. H. Taft are the only two republicans who are presidential possibilities. Taft made himself so by taking a bold position against boss rule in his native city.

Root left no doubt as to his attitude toward the "system" when he became special counsel to Mayor Weaver, of Philadelphia, and denounced the republican organization of that city as "a criminal conspiracy masquerading under the party name." He has been active in the many reform movements in New York City. Root is a reformer, but not an extreme radical.

Today it looks like a fight between Root and Hearst.

WORKS WONDERS.

A Wonderful Compound—Cures Piles, Eczema, Skin Itching, Skin eruptions, Cuts and Bruises.

Doan's Ointment is the best skin treatment, and the cheapest, because so little is required to cure. It cures obstinate cases of eczema. It cures all skin itching. It cures skin eruptions. It heals cuts, bruises, scratches and abrasions without leaving a scar. It cures permanently. Albuquerque testimony proves it.

J. H. Cross, of 523 South First street, employed in the Santa Fe shops in the mill department, says: "Exposure, and sitting on damp logs and cold stones while in the mountains some three months ago, brought on itching hemorrhoids, commonly called piles. While not severe or serious, they were very annoying and I put off doing anything to get relief until compelled to. One evening I stepped into the Alvarado pharmacy and asked Mr. Briggs for something to bring relief. I finally decided upon Doan's Ointment. The first application gave relief and in a short time I was practically cured. I have great confidence in this remedy for what it did for me. I never used anything which was so soothing and healing. I recommend it to others and know they will not be disappointed in the results if they give it a trial."

For sale by all druggists. Price 50 cents. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States. Remember the name—Doan's—and take no other.
