CATTLE SHIPMENTS FOR THIS YEAR

Have Been Immense and Show Large Increase Over Previous Year.

RECORDS FROM CATTLE BOARD

The New Mexico Territorial Cattle Sanitary board, with headquarters at Las Vegas, has just issued a report showing the total number of cattle, horses and hides shipped from New Mexico, and the shipment of cattle from the territory for the year ending November, were not quite as heavy as the year 1903, but greatly exceeded the shipments of the year 1904.

This records are as follows: For 1905, cattle 198,159, horses 15,298, hides 29,825. For 1904 the shipments were, cattle 166,273, horses 14,967, hides 28,865. The banner year for cattle was 1903, when the shipments were, cattle 226,866, horses 13,499, hides 29,221.

The total number of the cattle in the territory is estimated by the board at 900,000. There has been a slight decrease in a few counties, but in Quay, Roosevelt, Eddy, Chaves and Guadalupe there is a noticeable increase in the number of cattle, due to the large number brought in from Texas, where changes have been made recently in the leasing laws, and the result has been that many large herds have been driven out of business and have been moved over into New Mexico in search of free grass.

Since March 1, 1905, the board has received applications for permits to brand from no less than 6,000 persons, which shows the great increase in number of herds. While a great many of these are no doubt due to the passing of the law making it a penal offense to run a brand without first having it recorded, still the fact remains that a large number of them are new brands, and asked for by new citizens of New Mexico.

The present year has not been a very satisfactory one for calves. A safe estimate is that there are not fifty per cent of the normal number this year, or about 200,000.

The territory is pretty well striped with steers, and there are practically no old ones, that is, three and up, for sale at any price. The number of two-year-old steers is also very limited and the steers next year will be mostly yearlings.

GRAZING RATES

OFFICIAL INSTRUCTIONS TO BE ANNOUNCED DURING PRESENT WEEK.

Forest Supervisor R. C. McClure of the Gila River Forest Reserve, has been recently advised that the article on grazing first published in Colorado and reprinted in the territorial papers to the effect that the price for grazing cattle and horses on forest reserves had been reduced to ten cents a head and that all settlers would be allowed to graze 100 head of cattle and horses free, was unauthorized and no such ruling has been made. The question of price and other matters pertaining to it is now under consideration, but no definite action has yet been taken, although word may be expected any day. It is claimed the price eventually settled upon will be a reasonable one, and the stockmen will have little reason for complaint.

In the matter of leasing pasture lands a more liberal policy will be pursued than was at first contemplated. While the limit of 200 acres still stands, lands will be leased to settlers living within or on the borders of a reserve, to give them exclusive use of adjoining pasture during a portion of the year when needed for protection against outside stock grazed on the reserve. While the area is limited to 200 acres, it is not intended that the full acreage will be allowed unless really needed. This ruling is made for the benefit of settlers who need some means of saving a portion of the range adjacent to their homes for fall or winter pasture.

ANOTHER ACCIDENTAL SHOOTING AT LEOPOLD

FRANK TOWNSEND IS THE VICTIM, RECEIVING BULLET IN LEFT SIDE.

An accidental shooting affair occurred at the mining camp of Leopold about midnight Wednesday, the victim being Frank Townsend, the night boss of the Burro Mountain Copper company. Townsend and Thomas Ribelin, constable for precinct No. 22, and watchman in the employ of the company, were eating their midnight lunch, and became engaged in a playful encounter, in the course of which Ribelin drew and flourished his gun. Just as he was on the point of returning the same to its scabbard the weapon in some manner was discharged. The bullet entered the right side of Townsend, and passed across the breast at short distance below the surface of the skin, but penetrating the pleura, and out on the left side and underneath the armpit, and finally entering the fleshy part of the left arm. Dr. Westlake, the company physician, was at once summoned, and went to Leopold and dressed the wound. On Thursday Mr. Townsend was brought to Silver City and placed in the Sisters' Hospital. His wound, while serious, is not dangerous, and he is rapidly recovering. Mr. Ribelin, who feels deeply grieved over his part in the affair, is in constant attendance at the bedside of his friend, barring unexpected complications, Mr. Townsend will be able to return to work in a very short time.

INCREASE OF GAME

WARDEN OTERO TALKS OF CONDITIONS IN DIFFERENT PARTS OF THE TERRITORY.

Game Warden Paise B. Otero states that there is an unusual number of antelope in the territory this year. A report just received from Luna county says that there are more of these graceful little animals in that section than for several years. It seems probable that at the present rate of increase there will be a very good number of them in the territory when the wise five year provision against killing them is out.

VIVIAN LUCERO SHOT DOWN AT CHAPERITO

CRUZ ARAGON SHOOTS VICTIM THROUGH RIGHT LEG WITHOUT WARNING—INJURY SERIOUS.

A dastardly assault, with murderous intent, was committed upon the person of Vivian Lucero at Chaperito on Monday, by Cruz Aragon, and the former may lose his right leg as a result of the attack, says the Las Vegas Opie. Lucero was sitting in front of his house at Chaperito when Aragon rode up. The former suddenly pulled a six-shooter when close to the unfortunate man and fired, the bullet striking his victim's right leg just below the knee, breaking the bone. Deputy Sheriff Rafael G. Lucero happened to be near Chaperito at the time the trouble occurred and arrested Aragon before he could make his escape and brought him to this city last night, placing him in the county jail.

Young Lucero is in a precarious condition and is being brought to this city for medical attention. He will undoubtedly lose the limb, as a bone broken by a gunshot wound very rarely knits.

The trouble between the two men originated about a year ago. Aragon, who is a bad character, stole a horse from Vivian Lucero, but the matter never reached the courts.

Aragon returned the horse and the matter was compromised but the latter has had hard feelings against Lucero and has several times attempted to do him injury, and swore to get even. Lucero is said to be a quiet, industrious young man, of good habits.

Aragon will be held in jail until his victim recovers sufficiently to testify against him, when the matter will come up in the local courts.
