

TERRITORIAL TOPICS

HE WAS AN OLD TIMER IN KINGMAN.
William Sweeney, who committed suicide last Friday in Kingman, was an old time resident of Mohave county and no reason has been given for his act. He has been at various times largely interested in mining at Chloride and elsewhere about the county.

LAS VEGAS ODD FELLOWS ELECT OFFICERS.
At the meeting of the Las Vegas lodge of Odd Fellows, Monday evening, the following officers were elected: Noble grand, F. Le Due; vice grand, Chas. W. G. Ward; secretary, T. M. Elwood; treasurer, W. E. Crites; trustee for three years, Fred Brefeldt; cemetery trustee, C. V. Hedgcock.

THE LEG WILL BE AMPUTATED.
Dr. Desmarais says that the bones of Vivian Lucero's leg are badly shattered and there are small hopes of saving the limb, says the Optic. The physician operated upon him yesterday and removed a number of small pieces of bone. Lucero was shot through the leg several days ago at Chaparral.

ARIZONA BAR AGAINST JOINT STATEHOOD BILL.
A Prescott, Ariz., special dispatch says: At the close of the annual banquet of the Northern Arizona Bar association, a strong resolution was unanimously adopted declaring its unalterable opposition to the joint statehood bill and instructing the secretary to forward a copy to Speaker Cannon.

GONE TO SICK WIFE IN ILLINOIS.
Charles E. Linney, section director of the weather bureau at Santa Fe, has been granted an indefinite leave of absence in order to allow him to remain at the bedside of his wife, who is still quite ill at Alton, Ill. His children, Dorothy and Edward, have been very ill with whooping cough, but it is believed that they have passed the crisis and are now out of danger. Mrs. Linney's mother, Mrs. William Moore, who is quite feeble, is also confined to her bed.

ROUGH FOOTBALL PLAYING AT LAS VEGAS.
Van Ott and Dolah Moya had a serious collision on the field during the second half of the Indian-Normal game in this city, says the Optic. Van Ott tried to tackle the Indian and they struck their heads together. Van Ott was knocked unconscious and the Indian was thrown to the ground, but managed to get up and start on with the ball until he was tackled successfully by Hedgcock. The Indian had a deep three-inch gash cut in the top of his head and his hair was soaked with blood, but he kept on playing until the game was over.

OVERTAKEN WITH HEMORRHAGE AND DIED ALONE.
A telegram was received at the office of the sheriff last night from Hot Springs saying that a single rig had just come there and that there was in it the dead body of E. A. Saathoff, who had left there in the morning for the White Cloud mine. He was covered with blood and it was supposed that he had died of a hemorrhage. The telegram added, though, that that was not quite clear, and recommended that the coroner be sent up to the junction. Another telegram was received by P. Mohr, giving the length of the box which should be brought along for the dead man's body. It was decided, though, to order the body to be wrapped in canvas and brought to the city this morning, when the inquest will be held. Saathoff was formerly a conductor on the S. F. & P., but had for some time been interested in mining south of the Junction—Phoenix Republican.

CARNEGIE REFUSES TO RESPOND.
Andrew Carnegie, through his secretary, James Buham, has refused to assist the members of the Woman's Board of Trade of Santa Fe in erecting a suitable library in that city. For a number of months the women have been working constantly in an effort to secure a donation from Mr. Carnegie. A short time ago, however, the Woman's Board of Trade received the following letter, which they consider as a final answer to their request for assistance:
"Yours of the 24th received. Perusing the correspondence it appears that you are in very comfortable quarters now and that what was necessary was money for maintenance, which you have by now obtained.
Respectfully,
JAMES BUHAM,
"Secretary."

BRUTAL MURDER WAS COMMITTED NEAR METCALF.
A most brutal murder was committed the other day on the Shannon hill near Metcalf, Ariz., by Jesus Martin Garcia, who stabbed Concepcion Villa, who was living with him as his wife, killing her instantly. Soon after committing the deed Garcia placed the muzzle of a pistol beneath his chin and fired, the ball passing through his mouth and inflicting a serious, but not dangerous wound. Justice Campbell was soon at the spot and took care of the wounded man, and it was well that he was present, because the Mexican population were so increased over the affair that they probably would have finished the job on Garcia. Realizing that violence was almost sure to be meted out to the prisoner, Judge Campbell took him to Clifton on the first train, and he has since been at the hospital and is recovering rapidly. Both parties are natives of Spain and jealousy was the cause of the trouble.
