

# GREAT ACTIVITY IN MINING CAMPS

## Arizona and Nevada Miners Are Busy Taking Out Ore.

Mayer, Ariz., July 25.—Many copper properties in this vicinity are showing immense activity, among them being the Sunset and Copper Creek group of mines. Machinery for the former is on the ground ready for installation and is of the very best type obtainable.

**At Goldfield, Nev.**—One of the youngest leasers in this camp is the Kansas City-Goldfield Mining company, owning a two-block lease on the Goldfield C. O. D. property and a two-block lease on the Goldfield Velvet property. Shafts are being put down with all possible speed on both properties, both shafts being thoroughly modern, well timbered and two-compartment, 25-horse power gasoline hoists are installed at both shafts. The C. O. D. shaft is near the 300-foot level and the shaft on the Velvet lease is about 275 feet deep. Some good ledges have been cut and the indications for a rich producer are good.

Stocks in all mines in this section are showing remarkable strength, both locally and in outside markets. New York is setting the pace and through there are some favorites no particular stock is the market leader. The largely increased production throughout the district, is responsible for the strong upward tone of the market, and the sentiment is that any Goldfield stock is good enough.

**At Mansfield, Ariz.**—Like many other mining districts, greater activity is the rule in this vicinity. The Black Cap shaft has cut through ore all the way down and the quantity and grade seem to improve with every foot of depth gained. Sinking on the A. C. Sweet will be resumed as soon as the installation of a new air compressor, recently placed on the ground, is accomplished. The claims mentioned are a part of the Mansfield Copper company's property, and with the showing generally, the sentiment is that a large concentration plant will be soon necessary.

# YOUNG BOYS SHOOT A VALUABLE COW

A valuable Jersey cow, owned by B. W. Shea, 1415 West Central avenue, was accidentally shot yesterday afternoon by boys shooting with rifles. The cow was in Hunting's pasture. Yesterday several boys were hunting in that vicinity and a stray bullet shot by them wounded the cow. It is thought that by timely treatment the cow will recover from the wound. The animal is a three-year-old thoroughbred and valued at \$100. The police are on the lookout for juvenile offenders who go hunting on the outskirts of the city and unless the shooting is stopped some drastic measures will be taken.

Get a free sample of Dr. Shoop's "Health Coffee" at our store. If real coffee disturbs your stomach, your heart or kidneys, then try this clever Coffee imitation. Dr. Shoop has closely matched Old Java and Mocha Coffee in flavor and taste, yet it has not a single grain of real coffee in it. Dr. Shoop's Health Coffee Imitation is made from pure toasted grains or cereals, with Malt, Nuts, etc. Made in a minute. No tedious wait. You will surely like it. Sold by C. U. Brigham.

# \$3,000,000 SALE OF MINE IS MYSTERY

## New Owners of Famed Gibson Properties Remain Unknown.

Globe, Ariz., July 25.—Wide interest has been attracted by the reported sale of the Gibson mine on Pinto creek, near Globe, and there has been much speculation as to the identity of the purchasers, who, as yet, refuse to make themselves known.

The story of the Gibson mine is an interesting and quite an old one. The Bonanza days in California. The Gibson claims were located some years ago by Sam Gibson, Henderson and several others, forming the Gibson Copper company, with a capital of \$90. All but Henderson and Gibson drew out, but these two went down on a streak of tale until their \$90 gave out. Then they went to Globe to search for work.

**Started With \$600.**—In Globe they met an acquaintance a laborer, who had laboriously saved about \$600. When he heard their story he lent them his money and they returned to their prospect hole. When they had dug down ninety feet they reached rich borate ore, and started shipping it at once.

Several weeks ago, while the stock was being sold at \$15 per share, an offer of \$1,000,000 was made by an eastern syndicate, and refused. It is not known whether the same syndicate finally purchased the mine, but it is a fact that it was sold for \$3,000,000 or \$30 per share, there being 100,000 shares.

# TERRITORIAL CAPITAL OFFICIAL MATTERS

Santa Fe, N. M., July 25.—The following have been appointed notaries public by Acting Governor J. W. Reynolds: E. L. Medler, of Albuquerque, Bernalillo county; Howard H. Betts, of Silver City, Grant county.

**Articles of Incorporation.**—The following articles of incorporation have been filed in the office of Territorial Secretary J. W. Reynolds: Alamo Real Estate Loan and Insurance company, Principal place of business at Alamogordo, Otero county. Territorial agent, Albert F. Menzies at Alamogordo. Capital stock, \$10,000, divided into one hundred shares of the par value of \$100 each. Object, real estate, loan and insurance business. Period of existence, 25 years. Incorporators, John Q. Grant, Chauncey S. Faust and Albert F. Mengel, all of Alamogordo.

**Take a Postmaster's Word for it.**—Mr. M. F. Halloran, postmaster at Cherryvale, Ind., keeps also a stock of general merchandise and patent medicines. He says: "Chamberlain's Colic, Cholera and Diarrhoea Remedy is standard here in its line. It never fails to give satisfaction and we could hardly afford to be without it." For sale by all druggists.

# ATTORNEY GOES AFTER BOND HOLDERS

## Finds That New York Owners Are Not Paying Taxes.

Santa Fe, N. M., July 25.—District Attorney Robert C. Gortner recently addressed a letter to District Attorney William T. Jerome of New York City in order to ascertain the amount of personal property returned by Bird S. Coler, Elverton R. Chapman and L. S. Hole, of New York City, holders of Santa Fe county bonds and coupons, in order to ascertain if these owners of these bonds and coupons returned these securities as taxable property to the city of New York and paid taxes thereon.

Friday was a great day in Wickenburg, Ariz. For the first time in its history the town was supplied by ice locally manufactured. The Wickenburg ice plant was at last in operation and the frozen blocks of water were turned out in profusion.

Last week Oliver M. Lee sold his Dog Canyon ranch near Alamogordo, to Messrs. A. M. Jackley, F. Corp and Geo. T. Kimple, Kansas capitalists, who have a great deal of money. The whole ranch, consisting of 320 acres, utilizing the waters from Dog Canyon. The price paid was upwards of \$20,000.

The Wool Growers' association of Arizona has been notified that the rule has been made authorizing the Santa Fe, Prescott and Phoenix railroad, as well as the main line of the Santa Fe road, to charge double deck rate on two single deck cars where the double deck cars cannot be furnished to Chicago and Missouri river points.

John T. Thysing—the veteran Indian trader, who was found dead in his store near Keams, Ariz., Saturday was murdered. His wife left him in health Friday, for a visit in which (case) he returned Saturday she met an Indian who told her that her husband was dead in his store. Hurrying on, she found Thysing sitting upright in a chair, a heavy blanket wrapped tightly around his head and shoulders. The money drawer was open and quite empty.

Tuesday night's storm damaged the Phoenix Iron Works, at Phoenix, Arizona, to the extent of approximately \$3,000. G. R. Willcraft, the proprietor, believes that it must have been struck by lightning. He lives a short distance away and happening to glance toward the works, saw the lightning playing all about it. There was a blinding flash, and then darkness. When there was another flash, lighting up the place, he saw that the south wall of the structure had fallen inward, a part of the front wall had caved outward, and the roof was tumbling down among the ruins.

# LAWYER WANTS HIS \$200,000 FEES

Tucson, Ariz., July 25.—To fight for \$1,200,000, of which \$200,000 will be his fee, Attorney Tom Fitch will go to San Francisco in October to appear in the federal circuit court of appeals in behalf of several wealthy importers of "sake," the most popular Japanese beverage.

For five years these importers have been in the courts, trying to force the government to refund to them duties aggregating \$1,200,000, which they allege were collected without warrant under the duty laws since 1901.

Fitch has appeared for the importers in four courts, once in New York, St. Louis, Cincinnati and Honolulu, and in each of these the presiding judges have decided against the government and in his favor.

By agreement the decision that will be rendered by the circuit court in San Francisco will be final, the customs officials having agreed to abide by whatever is done in the matter.

If Fitch wins it means that the government must pay back 40 cents on every gallon imported. He estimated that about 3,000,000 gallons have been imported by his clients.

# Territorial Topics

Phoenix, Ariz., has a bootblacking trust. One bootblack has secured control of all the stands in that town.

Eight Russians without proper papers were captured at Douglas, Ariz., Wednesday and taken to Nogales.

Phoenix, Ariz., had one of the worst storms in its history Tuesday night, much damage being done by lightning, rain and wind.

Harry Bowen was seriously hurt Wednesday while at work on an artesian well drilling outfit. His gloves caught in a moving chain and he was badly bruised, his forearm being broken in two places.

Mrs. J. Paxton of Globe, Ariz., suffered serious results from the sting of a scorpion Tuesday evening. The marked symptoms were paralysis, blindness and semi-unconsciousness and the extreme effects of the poison were felt for seven hours.

**The Biggest Kind of a Change that Ever Happened to Any Magazine Has Happened This Month to**

# THE SCRAP BOOK

THE SCRAP BOOK for July is issued in two sections—two complete magazines, each with its own cover and its own table of contents. One of these sections is an ALL-ILLUSTRATED magazine; the other is an ALL-FICTION magazine. Each is a mammoth magazine in itself. The one presents an overwhelming array of human interest articles and illustrations; the other an enormous tonnage of fiction—160 pages of absorbing stories.

Ten years ago I created a new type of magazine—the ALL-FICTION magazine. Now I am creating another distinct type—the ALL-ILLUSTRATED magazine. This is the age of specialization. The conventional magazine, with its smattering of illustrations and its smattering of fiction and its smattering of special articles, doesn't contain enough of any one thing to make it satisfying. The ALL-FICTION magazine and the ALL-ILLUSTRATED magazine, joined together as a unit, strengthen each other, and make something really big and forceful and convincing.

**The Only Way to Know a Thing is to Try It**

The two-section magazine idea is brand-new to the world. It is not quite new with me, however, as I have given it, at odd times, four or five years of thought. It first came into my mind in response to a desire to couple, in some way, the strength of the all-fiction magazine with the illustrated features of the conventional magazine. It has been a difficult problem to work out. Now that the idea is perfected, I wish to see what there is in it. It looks to me to be very good, but the only way to know a thing is to try it.

**Two Magazines for a Quarter—Easy Money**

The price of this two-part magazine is twenty-five cents, which is equal to twelve and one-half cents a magazine. Most magazines which were selling at ten cents have been advanced to fifteen cents. THE SCRAP BOOK in two parts means two magazines for twenty-five cents against thirty cents for two fifteen cent magazines.
