BRILLIANT RECEPTION IN GOV. CURRY'S HONOR

Great Throng Crowded Palace Hotel Last Night to Greet New Executive of New Mexico and to Tender Him Their Honest Loyal Support For Good Government.

SPLendor OF GOVERNOR'S BALL WAS NEVER SURPASSED

He Has Made Thousands of Friends by His Frank, Open Manners and His Speech Yesterday Won Him Respect of Everyone in Territory—Santa Fe Is Still in Gala Attire and Is Crowded With Visitors.

Santa Fe, N. M., August 9.—(Special)—The public reception and ball tendered Governor Curry last night was the most brilliant social event in the history of the Capital City. Owing to a break in an electric light wire the reception did not begin until nearly 9 o'clock and it was three-quarters of an hour later before the ball commenced.

The reception was held on the second landing of the Palace hotel, where Governor Curry met the hundreds of people who came to pay their respects to the new executive.

In Receiving Line.
In the receiving line, besides Gov. Curry, were Territorial Secretary and Mrs. J. W. Reynolds, Mr. and Mrs. J. W. Riley, of Roswell, Mr. M. A. Otero and members of the governor's staff in full dress uniform. Col. J. D. Senn, a staff officer, was master of ceremonies and presented the people to the governor.

It was almost impossible to make way through the crowds in the lobby and corridors of the hotel. Upon the landing where the reception was held for nearly two hours a solid stream of humanity pushed and shoved its way into the receiving line, met the governor and passed on to the brilliantly lighted lobby below.

Brilliant Ball.
When the ball was held in the large ball room of the hotel there were 250 couples on the floor. Dancing was impossible for almost an hour, after which, until 2 o'clock this morning, the merry-making continued with intermissions for refreshments.

At the request of Governor Curry, who was busily receiving those who came to pay their respects, the grand march was dispensed with in order not to delay the ball.

Excellent Music.
The music was furnished by the Morrison Orchestra and was the best ever heard in this city. The Capital City band of Santa Fe, played throughout the evening in the lobby.

Splendor of Decorations.
At the entrance to the hotel, across Washington avenue, was a monster arch of electric lights, red, white and blue, spelling the words "Curry". The decorations within the hotel and upon the approach were also in red, white and blue, consisting of flags and bunting so closely arranged that the walls were well nigh hid-

PTOMAINE POISONING AT RECEPTION TO GOVERNOR

Many Lady Guests Stricken After Partaking of Punch.

ACIDS ACTING ON IRON RECEPTACLE THE CAUSE

Santa Fe, N. M., August 9.—(Special)—It is estimated that thirty men and women were affected by ptomaine poisoning at the big ball in honor of Governor Curry at the Palace hotel last night. A number, as nearly as can be ascertained, resulted from the mixing of the punches in a large galvanized iron receptacle, which was affected by the acids.

Shortly after 10 o'clock, after a number of people had partaken of the punch, an urgent call was made for all the doctors present. A number of ladies in the rooms of the hotel and in the ladies' cloak room were deathly sick, but there were not any serious results as the poison was not strong enough to result fatally and all were given prompt medical attention and taken to their homes in cabs.

Several of them are still confined to their beds but the doctors in attendance say that the results will not be serious. As soon as it was discovered that the punch was causing the trouble, it was replaced by fresh supply and care was taken that it was not mixed the way the former had been prepared.

NEW GOVERNOR ALREADY HAS GOODWILL OF PEOPLE

Firm Belief in His Manliness and Fitness Expressed.

HAS ALL NECESSARY EXECUTIVE QUALITIES

Santa Fe, August 9.—(Special)—"I never heard a man with so little of the art of oratory as it is ordinarily defined, reach an audience as did Governor Curry last night. He addressed that vast hall full of people yesterday afternoon." It was heard once, it was heard dozens and dozens of times here today.

There is no use in denying that, George Curry has the stuff in him that makes a great man. He speaks in a convincing manner and his words are short terse words—words like a military man would use and words that mean just what they say—no more—no less.

Moreover, Governor Curry strikes one from the first minute as a man among men—a man who knows men like most men know books and who reads them with equal ease.

"Big Future" for Curry.
A prominent visitor to the capital city yesterday remarked: "George Curry will one day be a big man—bigger than the governor of New Mexico—and from the moment he made that little talk yesterday upon the occasion of his inauguration, he became a strong factor in the politics of New Mexico. He will continue to grow stronger as day by day he speaks before a standing crowd, realize it, they will look up to George Curry as a leader among men and a leader whom no man may be ashamed of. Do not mean by this that Governor Curry will open his administration by a campaign having for its object the self advancement and self aggrandizement of George Curry. The new governor is not that kind of a man. He will be a leader because it is in him to lead and he will be popular because he has the sterling qualities that go to make a man popular."

A Strong Man.
"I have known George Curry for many years. His friends say he has not changed much. Perhaps he hasn't. His shoulders have squared away in military fashion—he has grown more solid and he has apparently gained more firmness in his make-up. I speak from a standpoint of his physical appearance but as a matter of fact Curry has made similar changes in his mental and moral make-up and he is now a man fully conscious of what he can do and what he can not do—what he should do and what he should not do. George Curry is going to be the most popular governor in the territory he ever had and he is going to stop from this position to a higher one. The people of New Mexico will attend to that."

Nothing better illustrates the position in which the new governor finds himself with the people than the above remarks. George Curry will prove himself the one man for the job.

Governor Curry has taken up the work of office in earnest and spent every possible moment today at his desk. He takes to the work like the old timer that he is in executive life.

RIO BONITO CASE GOES TO COURTS

Test Suit Will Be Made of Water Right Matter.

Santa Fe, August 9.—(Special)—The territorial board of water commissioners met this afternoon in the office of Territorial Irrigation Engineer V. L. Sullivan. The following were present: Charles Springer, of Cimarron, president; M. Martinez, of Taos, secretary; O. C. Snow, of Las Cruces, Attorney T. B. Catron, of this city, and W. H. Hudspeth, of White Oaks, representing the plaintiffs in the Rio Bonito water rights controversy of Lincoln county. W. A. Karkins, counsel for the El Paso & Southwestern railroad, represented that company.

It was decided by counsel for both sides to drop the appeal taken to the territorial board from the decision of the territorial irrigation engineer, relative to the granting of permission to the railroad to divert the waters of the Rio Bonito to its own uses, and a test suit will be instituted in the courts to secure a decision as to the water rights.

The board was still in session at four o'clock this afternoon and will probably continue in session tomorrow.

This is a suit growing out of the attempt of the El Paso & Southwestern to secure water rights of the Rio Bonito and construct a two million dollar pipe line to supply water to its southern branch.

MARION LITRELL WILL REMAIN AT HEAD OF PRISON

Governor Curry Definitely Decides That He Is Right Man.

PENITENTIARY IN FIRST CLASS SHAPE

Santa Fe, N. M., August 9.—(Special)—Governor Curry definitely decided last night to retain Marion Littrell as superintendent of the territorial penitentiary. The new governor or has investigated Littrell's record and finding that he has made good and that the prison is in first class shape, having been almost wholly redeemed from the deplorable condition in which Superintendent Littrell found it, has decided that Littrell is the man for the place, hence he today stated that he had decided to retain the superintendent in office.

Marion Littrell certainly has made a cleaning up at the prison and everything is in splendid condition. He has wholly revised affairs and the rules of the penitentiary are closely followed and the prisoners are in better condition than ever before. The penitentiary has undoubtedly proved Littrell's competency and Gov. Curry believes he is the right man in the right place.

MAGILLS TO BE GIVEN AN IMMEDIATE TRIAL

Man and Woman Charged With Death of His First Wife, Are Ready.

THEY REQUESTED HEARING AT ONCE

Clinton, Ill., August 9.—Circuit Judge Cochran today allowed the petition of the defense for an immediate trial of Fred Magill and his wife, Fay Graham Magill, who are under indictments charging responsibility for the death of Mrs. Pat Magill, the first wife of Magill. The Magills were given their liberty on \$5,000 bonds pending trial.

Magill and his present wife were indicted ten days ago on six different counts, charging them with having either killed Mrs. Magill by smothering, chloroforming, inducing her to commit suicide or by some means unknown to the grand jury. They insist on their innocence and say that an immediate trial will result in their acquittal.

Magill was a banker until a few months ago. His first wife died on May 31, leaving a note pinned to her dress stating that she had killed herself. The state hopes to prove that the present Mrs. Magill wrote the notes after the first wife was killed.

A few weeks after her death, Magill, his sixteen year old daughter, and the woman who is now his wife went to Denver where the marriage took place. They were arrested in San Diego, Cal., and brought back to answer the murder charge.

TELEGRAPHERS'S STRIKE EXTENDS TO CHICAGO

Operators There Would Not Handle Messages to Los Angeles Strike Breakers.

SEVEN HUNDRED MEN AFFECTED BY ORDER

Employees in Denver and Salt Lake Have Gone Out but No Trouble Expected in New York Offices.

Chicago, August 9.—Since last midnight when two hundred operators struck rather than work with the strike breakers at Los Angeles, there has been little doing in the Chicago office of the Western Union Telegraph company. A strike order issued by the executive board of the Chicago local union to the night operators applies also to the day men, thus affecting seven hundred in the main Chicago office during the day hours.

Brokers Troubled.
Trouble was experienced today by the brokers and commission houses in handling their business. None of their operators have been called out and all reported as usual. At 3 o'clock this morning about twenty operators were at work in the Western Union offices and officials of the company said that they expected more during the day.

Wesley Russell, secretary of the local union, said the company would not be able to man its wires or handle its business.

There were no signs of disorder around the Western Union building today. Fifty policemen saw that no crowds congregated around the building or the board of trade.

Tickers Out of Business.
An insane man rushed into the Central police station today and inquired in a clucking manner for President Roosevelt, saying that he wanted him to end the telegraphers' strike at once. He was arrested.

The Western Union operators were almost entirely out of business early in the day and the men in charge of this department declared that they had no idea when conditions would improve. This causes much inconvenience to the brokers.

No Strike in New York

New York, August 9.—The strike of the telegraph operators in Chicago today is regarded by the company as local in its nature and not likely to cause a strike here. The walk-out of telegraphers in Chicago has hampered the transmission of business both here and in Chicago, but the wire chiefs and chief operators are doing all they can to move business.

The President of the General Superintendent Brooks held a conference today to discuss the situation. Brooks said:

"There is no reason why the strike in Chicago should bring about a strike in New York. This trouble in Chicago is local in its nature and should not affect this city. Only 50 per cent of the operators in the eastern division belong to the union, and in the event of a possible strike, we would be able to handle business without delay. The company is paying telegraphers ten per cent wage increase as agreed to in the settlement recently made, and there is no reason for a strike."

It is said that the local headquarters of the telegraphers' union today that a strike of the operators here because of the trouble in Chicago is very unlikely.

They May Go Out

Salt Lake, Utah, August 9.—When a regular day man who sends the Chicago wire, today refused to man the wire, he was promptly discharged. The other men did not leave their keys but sent at once for President A. P. Palm of the Salt Lake local, and he will determine what action shall be taken.

Ready to Quit

Denver, Colo., August 9.—The Western Union operators here will go out the instant they are asked to use a wire to Chicago or Los Angeles. It is said that seventy of seventy-five day operators will quit the key in case of a strike.

All Out at Helena

Helena, Mont., August 9.—The entire force of the local Western Union office went on a strike today with the exception of the chief operator and his assistant. The strike was due to the marking off of an operator who declined to man the Chicago wire, on the ground that Chicago is a non-union city.

Before the chief operator could ask anyone else to man the wire, the entire force numbering about forty men, joined the discharged operator and left the room. All the wires are now silent.

Quiet at Kansas City

Kansas City, Mo., August 9.—The entire Western Union force here, excepting the chief operators, numbering 150 men, went out shortly after 1 o'clock this afternoon. The Western Union men at the board of trade also went out.

Out at Denver

Denver, Colo., August 9.—The operators here went out at 3 p. m. Only a few men are now working.

ATTORNEY GENERAL PRICHARD HAS RESIGNED

Took Office Only as Temporary Appointment and Wants to Quit Now.

HE IS FIRM FRIEND OF NEW GOVERNOR

Desires to Look After Private Business Which Has Suffered by Reason of Public Demands on His Time.

Santa Fe, N. M., August 9.—(Special)—Attorney General George W. Prichard tendered his resignation to the new governor, to take effect as soon as his successor has been appointed and qualified. His resignation is as submitted by the attorney general is as follows:

Santa Fe, N. M., August 9, 1907.
Hon. George Curry, Governor, Santa Fe, New Mexico.
Sir: When I was appointed attorney general of this territory by Acting Governor Reynolds it was with the understanding that it was to be a temporary appointment to last only up to the time of the inauguration of the new governor. Wholly unsolicited by you and with a desire on my part to retire from the office of attorney general on account of personal business, I hereby resign the office of attorney general, to take effect on the appointment and qualification of my successor.

Yours respectfully,
GEORGE W. PRICHARD,
Attorney General.

His Reasons for Resigning

The attorney general said: "I realize fully that the attorney general of the territory is one of the closest officials to the governor and that his advice is constantly needed by the executive in conducting the affairs of the territory. I also realize that each governor desires to have the office of attorney general filled, as a rule, by a man with the highest respect and experience and who is familiar with his plans and policies. At the time I accepted appointment to the office of attorney general I was fully aware of the understanding that I should only hold the office until the arrival of Governor Curry. I know that the new governor has a man in mind for the office of attorney general and I therefore tendered him my resignation so as not to embarrass him in any manner, and in doing so, I assure him of my highest respect and regard. I do not care to remain thirty days longer in the position if the new governor will fill the vacancy sooner, as I have private business which has suffered during the last few months by lack of attention and to which I should at this time be devoting my efforts."

Business Resignations

It is understood here this afternoon, but can not be verified, that several territorial officials will follow the precedent of the attorney general and submit their resignations to the new governor, to be accepted at his convenience. It cannot be learned who these officials are if the report is correct, but there is undoubtedly some truth in the rumors since they come from a number of sources.
