HOW'S THIS.

We offer One Hundred Dollars Reward for any case of Catarrh that cannot be cured by Hall's Catarrh Cure. F. J. CHENEY & CO., Toledo, Ohio.

We the undersigned, have known F. J. Cheney for the last 15 years, and believe him perfectly honorable in all business transactions, and financially able to carry out any obligations made by his firm. Walding, Kimball & Marvin.

Wholesale Druggists, Toledo, O. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system. Testimonials sent free. Price, 75c per bottle. Sold by all druggists. Take Hall's Family Pills for constipation.

We can supply you with the best wearing children's stockings as well as with the strongest school shoes. Our Black Cat brand of hosiery is unequalled in durability, fit and fast color. Light, medium or heavy weight. 15, 20 and 25 cents a pair. C. May's Shoe Store, 314 West Central avenue.

The rapid increase in our business is due to good work and fair treatment of our patrons. Hubbs Laundry.

BETTER BUY THAN BAKE Unless you wish to do it yourself, for among the hired help of today there are very few good bread bakers, so when you get as superior a quality of bread as is furnished by the Pioneer Bakery it would seem foolish to go to the extra trouble and endure the "trials and tribulations" of baking day. You will find our bread as good in quality as any made. It is always uniform, white and of delightful flavor.

MACHINERY HERE FOR SWASTIKA MINE

The Installation of This Equipment Means Rapid Development of Promising Property.

The first mining machinery to be used in the Swastika mountain district was unloaded from the cars by the local railroad yards this morning by the W. J. Trimmis Transfer company and placed on wagons to be hauled to the property of the Swastika Mining company in Coyote canyon. The machinery consists of a large Webber gas engine, an air compressor for air drills, a steam hoist, a steel dump car, a Champion blower forge and immense air tanks, several drills and a large consignment of steel rails and piping. The outfit is large enough to assure rapid and deep mining at a nominal cost. The shipment came in the name of M. L. Gallagher, a New York man who is said to be backing the Swastika company and is able to exploit the property to the fullest extent.

With the installation of this machinery in the Sandias starts a new era of mining for central New Mexico. It is the first time in the history of the Coyote and Hell canyon districts that anyone has had the courage to buy machinery, and it is evident that Mr. Gallagher has faith in the proposition. All the mining done in these districts in the past has been little more than surface scratching. The Swastika company advertisements for the boring of a tunnel. The topography of the country where their present tunnel 150 feet lays is such that an additional 400 feet will give them a depth of 600 feet below the surface of the mountain and will also crosscut anything which may lie between the side of the mountain and the lower depths. The property now known as an encouraging ore body, and near by the Swastika, it is reported, on the Ocotillo mine, there has been found a foot of pure galena ore. The truth of this report could not be confirmed today, but the information at hand is considered quite reliable. Beside the pure galena are a couple of feet of ore carrying galena sufficient to pay. If this information is correct there is already a paying mine in the Sandias and the district will soon attract attention, which is bound to bring about a thorough development of many properties.

MODERN THEATRE OPENS TOMORROW

The New Pastime Represents the Latest in Every Way and Will Please Local People.

The new Pastime theatre, which has been under construction for several months, will be opened to the public tomorrow evening and the management rests assured that Albuquerque theatre goers will appreciate the efforts of the owners to give this city a modern theatre. The Pastime is far ahead of anything between Denver and the coast and represents the expenditure of much money.

The painters and decorators are today finishing work on the interior and the seats will be installed before dark. The interior is finished in gold and green and presents an artistic appearance. Many electric lights of the newest pattern are arranged conveniently. The seats are finished in mahogany and are of the latest style. Two broad aisles will prevent crowding at any time. Numerous fans make the theatre cool. Four exits have been provided. The entrance to the theatre is one of the prettiest of any theatre in the country. The floor is of mosaic and large mirrors

adorn the sides, while numerous electric lights are arranged artistically. The most interesting feature of the new building is the operating room. Here are stationed, in a large fire-proof sheet iron room, elevated about eight feet from the main floor, two of the most modern machines for producing moving pictures. One machine, for the showing of the moving pictures, is of the most improved style, equipped with all the necessary accoutrements required by the Underwriters' association. The film boxes are encased in fire-proof steel magazines, while the operating room is equipped with automatic closing doors, which are closed in case of fire by the burning of a small cotton cord. All of the electrical wiring throughout the house is enclosed in conduit and every precaution has been taken against fire.

good health, with its blessings, must understand, quite clearly, that it involves the question of right living with all the term implies. With proper knowledge of what is best, each hour of recreation, of enjoyment, of contemplation and of effort may be made to contribute to living aright. Then the use of medicines may be dispensed with to advantage, but under ordinary conditions in many instances a simple, wholesome remedy may be invaluable if taken at the proper time and the California Fig Syrup Co. holds that it is alike important to present the subject truthfully and to supply the one perfect laxative to those desiring it.

Consequently, the Company's Syrup of Figs and Elixir of Senna gives general satisfaction. To get its beneficial effects buy the genuine, manufactured by the California Fig Syrup Co. only, and for sale by all leading druggists.

LEARNING GIVEN JOB OF BUILDING WALLS

Park Commission Opened Bids This Afternoon and Let Contract for the Work.

This afternoon at 1 p. m. at the office of Bertold Spitz, the park commission of this city met and in the presence of a number of bidders opened the bids for the building of two retaining walls in the Highland park; the following written bids were offered: Angelo De Tullio, \$1,300; A. W. Anson, \$1,045; Garcia & Trujillo, \$990; A. J. Johnson, \$950; Thomas & Son, \$930; E. T. Lee, \$875; George S. Leaming, \$525. The contract was then awarded to Mr. Leaming, he being the lowest bidder, and he was required to furnish a surety company bond for \$1,000.
