THE OHIO CONFLICT

Columbus Continues to Be the Political Storm Center of the United States.

MANY CONFLICTING RUMORS

Supporters of Hanna Have By No Means Given Up the Fight—Righteous Indignation of Republicans at Apostates.

Columbus, O., Jan. 5.—The senatorial contest broke more bitter today than ever. After the sensational developments of last night in connection with the resignation of the representative Griffith and other doubtful members, the skirmishing proceeded more clandestinely on both sides.

No claims of changes were made by either side. It was the purpose of the managers in not holding the caucus to be able to keep their own secrets till the ballot boxes were opened. It is believed that secret compact are being made that will not become known until the votes of the members are recorded.

The situation is the same as after the organization of the legislature on Monday. All those who changed their preference yesterday were brought back during the night to their original places.

Departure of general Grosvener. The departure of Congressman Grosvener for Washington after Secretary Ryan and others who have recently been there in the interest of Senator Hanna. The Hanna men insisted that there would be no legate, while the opposition insisted that they had Hanna beaten now and would defeat Secretary Sherman, Assistant Secretary Day or any other friend of the national administration brought out in the place of Hanna.

The feature of the day was the passage in the house, by a unanimous vote, of a bill repealing the law for 50 years franchises to street railways. This repealing bill was introduced by Representative Bramley, of Cleveland, one of the Republicans opposing Hanna.

Mr. Boxwell charged Mr. Bramley with using this bill for defense and buncombe.

It was freely charged by members that Senator Hanna was at the state house two years ago, as well as Senator Farker, lobbying for the 50 year street railway franchise law.

In the senate there were no developments. Burke continuing to cooperate with the Democrats.

Legislature Adjourns Until Monday. Columbus, O., Jan. 5.—It is announced that Senator Burke, the only dissenting Republican senator, is dissatisfied with the senate organization and will vote for reorganization. Both houses have adjourned until Monday.

Scorn for Renegade Griffith.

Marysville, O., Jan. 5.—The people here are wild, and threats of violence are made against Representative Griffith. Two Knutz men from Columbus, while here, narrowly escaped violence at the hands of angry Republicans. A mass meeting of Mr. Griffith's constituents has been called for tonight.

Durrant Refused Further Delay.

San Francisco, Jan. 5.—In the United States circuit court today, Judges Morrow and Doernan denied the application for a writ of habeas corpus for Durrant, and refused to grant Durrant's attorneys leave to appeal for this decision.

BOLD BANDITS ON THE KAW.

San Francisco, Jan. 5.—A train on the Kansas City, Pittsburg & Gulf railroad was held up last night within the city limits.

The Wells-Fargo express messenger, M. E. Hayden, who was bound and covered by one of the robbers while the other rifled the local safe, sent the company a message this morning, saying that the robbers took nothing of value.

Local officials of the express and railway companies assert that only a few packages of jewelry of no particular value and no money were secured.

The robbers are described as being about 35 years old and clean shaven. They have apparently made good their escape.

Body of a Murderer Found.

Asbury, Neb., Jan. 5.—The body of William Baker, supposed to have been the murderer of George Baker and wife, who were shot yesterday by an unknown assassin, has been found. Bloodhounds were put on the track, and about four miles from the scene of the murder, Baker's body was found. The top of his head had been blown off by the same shotgun used in murdering the Bakers.

Ottawa University Burned.

Ottawa, Ont., Jan. 5.—The east wing of the Ottawa university (Catholic) burned today. The loss is \$70,000.

NEW YORK LEGISLATURE.

Senate Republican by 20 Majority; Assembly by 8—Caucuses Nominees Elected Without Unusual Incident.

Albany, N. Y., Jan. 5.—In his message to the legislature today, the governor recommends that a commission be created to examine into the commerce of New York and the cause of its decline, the means of its revival, and to report its conclusions. In dealing with the labor problem, the governor made three suggestions, as follows: First, that immigration be checked; second, that fair rate wages be paid to laborers; third, that in opposing strikes by armament a method should be adopted which would not at first discharge firearms to prevent tragedies such as caused the recent event to be universally deplored.

The legislature was organized today. The senate, with a membership of 50, had a Republican majority of 30; the assembly, with 130 members on the roll, is Republican by eight majority. All Republican caucus nominees were elected without any unusual incident. The speaker of the assembly is J. M. E. O'Grady, who presided during the session of 1897.

New Mexico National Banks.

Washington, Jan. 4.—Comptroller of the Currency Dawes has made an abstract of reports of the condition December 15 of the six national banks in New Mexico. It shows that since the date of the last report, October 5, the average reserve held has decreased from 33.57 per cent to 30.53 per cent. The loans and discounts have increased from \$1,551,071 to \$1,584,838, the reserve held decreased from \$958,415 to \$853,050, of which the gold holdings increased from \$109,915 to \$126,020, total resources increased from \$4,188,998 to \$4,224,023. The deposits decreased from \$2,944,536 to \$2,916,704.

LETTERS RUN CORNER ON WHEAT.

All Wheat on Hand Will Be Held for Advance in Price, and More Bought—Refuse to Sell for Cash.

Chicago, Jan. 5.—Private advices from the east indicate that behind the letters is \$30,000,000 that will eventually own and control over 30,000,000 bushels of cash wheat for better prices. If this be true, the wheat market today would indicate that they propose to hold the wheat they have, and to increase their holdings very largely, or enough to discourage to a great extent short selling as a business.

Head End Rail Collision.

Kansas City, Jan. 5.—At Rock Island Junction, Kas., this morning, a west bound Union Pacific work train and an east bound Rock Island stock train collided head on. The engineers and firemen were injured but not seriously. The collision is attributed to a dense fog.

The injured are: Peter Reisecker, Albert Lewis, W. J. Trent, Frederick Fletcher, all of Kansas City, Kas.

Book of Forms.

Lawyers will find the Book of Forms for pleadings, adapted to the new code, one of the most convenient and useful works in their practice. The New Mexico has his work on sale at the publishers' price, \$5.

ALBUQUERQUE NOTES.

John T. Baracough, the head of the hardware firm of E. J. Post & Co., and the president of the Crystal Ice company, is here from Oakland, Calif., and expects to remain for several weeks.

Hon. Alejandro Sandoval, the popular county collector, was here yesterday, and was a familiar figure in and around the court house. He looked over the work of his excellent deputy, Jose L. Perea, and found everything in his office moving along nicely, says the Citizen.

El Nuevo Mundo, the bright Spanish paper published in Old Albuquerque, was recently sold by Joaquin S. Garcia to Mariano Armijo, the terms being private. No details of the plans of the new management could be learned, but it is understood that the management of the paper will remain practically the same as it has recently been.

C. L. Thayer and wife, recently of Fort Defiance, spent Sunday and Monday in the city, going on to Santa Fe to pay a short visit to relatives and friends. Mr. and Mrs. Thayer were married in this city last fall. Mr. Thayer has resigned his position as disciplinarian at the Fort Defiance Indian school and thinks of going to California in the near future.

The directors of the Albuquerque Land and Irrigation company—the lowline ditch project—met on Monday afternoon for the purpose of arranging details to start Chief Engineer Harroon and his corps of assistants at work. The directors discussed other matters pertaining to the company, and it is safe to say that they intend to push work for now on.

Something like nine months ago a suit was commenced in the District court of this county to quiet title in the matter of the Cebolleta land grant. Judge W. D. Lee was appointed master and has since been taking testimony as rapidly as it has been offered. Mr. Richardson, of New York, claims the controlling interest in the grant and has thus far presented the evidence of two witnesses to prove his claim. If the testimony continues to come in so rapidly it will not be many years till the title to this valuable property is settled, says the Democrat.

Code of Civil Procedure.

Every practicing attorney in the territory should have a copy of the New Mexico Code of Civil Procedure, bound in separate form with alternate blank pages for annotations. The New Mexican Printing company has such an edition on sale at the following prices: Leatherette binding, \$1.25; full law sheep, \$2; flexible morocco, \$2.50.

WASHINGTON BUDGET

President Sent Long List of Nominations to Senate Today, But Overlooked New Mexico.

CONGRESS RESUMES WORK

Outlook for Ratification of Hawaiian Annexation Treaty Now Considered Very Bright—Will Be Pressed by Senate Davis.

Washington, Jan. 5.—The president today sent the following nominations to the senate:

Francis C. Lowell, U. S. district judge for Massachusetts; Edgar M. Stearns, marshal for the district of Kansas; Geo. L. Siebrint, marshal for western Texas; Owen L. W. Smith, of North Carolina, minister resident and consul general to Liberia; James C. Stow, of Missouri, consul general at Cape Town; Herbert S. Squires, of New York, secretary of legation at Peking, China.

Consuls—Adolph L. Frankenthal, of Mississippi, at Bern; Neal McMillan, of Michigan, at Port Sarraf, Ont.; Jas. Mayers, of Ohio, at Rosario, Argentine Republic; John H. Grant, Jr., of Massachusetts, at Malta; Edmund Z. Brodow, of Illinois, now consul at Breslau, Germany; at Furth, Bavaria; Charles W. Erdmann, of Kentucky, now consul at Furth, Bavaria; at Breslau, Germany.

Assistant controller of the treasury. Pension agents—Charles A. Orr, at Buffalo; Jonathan Merriam, at Chicago; Sydney L. Wilson, at Washington.

Frank A. Morris, surveyor general of South Dakota. Arthur L. Thomas, postmaster, Salt Lake City.

Washington, Jan. 5.—Comptroller of the Currency, national bank examiner to succeed Joseph T. Talbot, resigned.

Outlook for Hawaiian Annexation.

Washington, D. C., Jan. 5.—The outlook for the ratification of the Hawaiian annexation treaty is now considered bright. The friends of the measure believe that they can secure for it 62 votes, three more than needed. The feeling is very strong that, unless the United States takes in Hawaii, the islands are likely to cause trouble in the future, when one or more European nations attempt to acquire them or give them to Japan as compensation for their grubs in China.

Session of Senate Today.

Washington, D. C., Jan. 5.—Senator Davis, chairman of the senate committee on foreign relations, gave notice in the senate today that he would call up the Hawaiian annexation treaty in executive session on Monday next, and ask the senate to consider it each day thereafter until the treaty be disposed of.

Washington, Jan. 5.—Senator Teller, of Colorado, introduced a concurrent resolution today declaring that the bonds of the United States, principal and interest, should at the option of the government be paid in standard silver dollars and that such payment is not in violation of the public faith or in derogation of the public credit. The resolution was referred to the finance committee.

There was only a small attendance in the senate today. Senator Allen, of Nebraska, spoke on the immigration bill, and declared in favor of consular inspection of immigrants.

Senator Carter, of Montana, called up the bill to provide for taking the next census and argued against making any appointments for that service through the civil service commission, saying that it was a preliminary measure and provided only for 32 places.

Senator Cockrell, of Missouri, replied, declaring that the Republican party was backing squarely down from its position on the civil service question.

The report by Secretary Sherman on civil service was read. Senator Cockrell, of Missouri, said it was a remarkable document, being a request on congress for legislative action which was in the power of his chief by executive order.

Senator Teller declared that the census bureau should not be a partisan institution, but under the classified service. He asserted that in the last census the silver production had been fraudulently overstated by \$10,000,000.

At 3:10 the senate went into executive session.

Session of the House Today.

Washington, Jan. 5.—There was not a very large attendance in the house of representatives today. With one or two exceptions, the members of the Ohio delegation, both Democrats and Republicans, were absent.

The house went into committee of the whole to resume the consideration of the legislative, executive and judicial appropriations bill. All the features of the bill had been disposed of except the appropriation for the civil service commission, upon which, by previous arrangement, there was to be an indefinite general debate.

It was proposed that Mr. Moody, Republican, of Massachusetts, and Mr. Dockery, Democrat, of Missouri, control the time for and against.

Mr. Hoppburn, Republican, of Iowa, suggested that there was a three-cornered contest. "The Democrats," said he, "desire the entire repeal of the law. Some of those on this side desire it to stand as it is, while a large body of us desire wholesome modifications of its provisions."

"Why does the gentleman aver that all the Democrats on this side desire the house desire the entire repeal of the law?" inquired Mr. Clark, Democrat, of Missouri.

"Simply because that would be wrong and your side is always wrong," retorted Mr. Hoppburn amid great laughter.

All suggestions as to the control of time failed at last, and the chair recognized Mr. Grow, Republican, of Pennsylvania, who spoke 20 minutes in support of the general principle of the civil service law.

Mr. Moody, of Massachusetts, made an elaborate defense of the civil service system.

Mr. Dockery, Democrat, of Missouri, opened the opposition to civil service law in the house. He made a warm speech in which he declared the law odious to the American people and that it should be repealed.

At 1:30 the civil service debate was still in progress with Mr. Landis, Republican, of Indiana, speaking in favor of a modification of the law. His strictures on the self-styled "better element"

were severe. They were, he said, narrow, bigoted, selfish, dangerous.

Mr. Pearson, Republican, of North Carolina, attacked the law and said that a bill for its repeal will be brought in by a majority of the civil service committee.

Freezing Weather in Florida. Washington, Jan. 5.—The reports received from the weather bureau officials in Florida indicate that the freeze on January 2 and 3, while doing considerable damage, did not approach in severity or destructiveness the freezes in the winters of 1884 and 1885.

HILLSBORO GOLD MINES.

Ore Output of the District During 1897 Reaches Nearly 10,000 Tons—Future of District Bright.

The total ore output of the Hillsboro gold mines during 1897 was 9,394 tons. The Dry Concentrating Works in Ready Pay quick are making rapid progress.

Max. Kahler is at work on a lead silver bonanza in the San Andres mountains.

Linder & Crumrine, Snake mine lessees, are again occupying the Porter mill with a lot of 150 tons of \$35 ore.

The Richmond mine is increasing its list of lessees and is making an output of ore that will encourage many men to try their luck among its bonanzas.

Superintendent Hughes, of the Snake group, has just returned from Silver City, where he has been looking after the sampling and settlement of three carloads of lessee ore.

John Buttecke is sinking on a five foot chimney of gold ore in the Freiberg mine and intends to get out at least 500 tons in time for the completion of the cyanide works.

Spencer, Seaton & Co., are still in good ore on the Snake 250 foot level. It was from this level that the then Superintendent Hall, in 1896, got a carload of ore that brought returns of 11 ounces gold per ton.

A variety of crystallized lead ore has recently been found in the Rex mine here which is new to the scientists. It is a silicate of lead with iron and it will be known hereafter as robinite, being named after Robin, one of the owners of the mine.

The Lake Valley depot platforms are pretty well covered with machinery billed to the Llewellyn Cyanide works, of Dutch gulch. It will take time and money to put all these things together, but there is no doubt now that we are going to have cyanide works of the very latest improved model and of large capacity, says the Advocate.

LAS VEGAS NOTES.

Felix Martinez, Jr., is in the city from El Paso for a few days.

Will Coleman, who has been breaking on the Waldo branch for three or four years, has reached the city to take a position on the main line.

Mrs. Harry C. Fox was the fortunate winner of the handsome French doll, displayed in the Winters drug company's window. She guessed the exact number of beans, 1,037.

Colonel R. B. Willison, of Santa Fe, is in the city, having business with Judge J. N. Scott, special U. S. attorney, but the latter is confined to his room with a threatened attack of pneumonia.

Severiano Baca and Virginia Aragon, two residents of that portion of East Las Vegas usually called "Chihuahua," were married Monday morning at the church of the Immaculate Conception. Father T. P. O'Keefe officiating. Demetrio Rivera and Miss Anita Chacon were wedded at the west side parish church also Monday morning, reports the Optic.
