Spanish Regulars and Guerrillas Attack Camp of Marines at Guantanamo--Repulsed After 13 Hours' Fighting--American Loss Four Killed and One Wounded.

On board the Associated Press boat Dauntless, off Guantanamo, Sunday, June 12, via Mole St. Nicholas, June 13--Lieutenant Colonel E. W. Huntington's battalion of marines, which was landed from the transport Panther Friday night, was engaged in a battle with the Spanish regulars and guerrillas at a hill guarding the abandoned cable station at the entrance to the outer harbor of Guantanamo, has been engaged in heading off a rush attack by Spanish guerrillas and regulars since 3 o'clock Saturday afternoon.

are Sergeant Charles H. Smith, of Smallwood; Private William Dunphy, Gloucester, Mass.; Private James McColgan, Stoneham, Mass. Corporal Glass was accidentally wounded in the head. The Spanish loss is unknown, but it was probably considerable, for splashes of blood found at daylight at positions the Spaniards had occupied indicated fatalities, but their comrades carried off the killed and wounded.

CAPTURE OF THE TWICKENHAM.

Cargo of Contraband Board Seized--Spanish Officer on Board of Prize.

New York, June 13.--A dispatch to the Herald from Mole St. Nicholas, Hayti, says: The merchantman captured by the auxiliary cruiser St. Louis just off Mole St. Nicholas Friday night, was the British steamer Twickenham. On board the Twickenham are 3,200 tons of coal for the Spanish fleet. She has been sent as a prize to Key West. The British captain at first made vigorous denials that he was carrying coal for the Spanish fleet. His vessel was searched, however, by men from the St. Louis, and in the fire room a man in overalls was found who spoke only Spanish. After a vigorous cross-examination by Captain Goodrich, of the St. Louis, this man admitted that he was a Spanish officer in the charge of the cargo and that on the approach of the St. Louis he had thrown his papers and commission overboard. He was sent as a prisoner of war to Key West, on board the captured steamer.

The Reichsrath Prorogued.

Vienna, June 13.--Count Von Thun-Hohenstein, premier, informed the presidents of both houses today that the reichsrath has been prorogued by an imperial order.

TREMENDOUS SLUMP IN WHEAT.

Letter Done Up--Ten Million Bushels of the Cereal Sold in Chicago Today.

Chicago, June 13.--All interest in the board of trade today centered in the doings of Joseph Leiter and the results of his famous big deal in wheat. The tremendous slump in prices was generally attributed to immense sales for him. According to one authority, Leiter ordered his trades closed out. It was stated that at least 8,000,000 bushels of wheat were liquidated in the Chicago market today. The greatest breaks, however, were in the northwest, where it was said Leiter had his big lines. Cash wheat in Duluth went off 19 cents, in Minneapolis 17 cents. Half an hour before the close Leiter's sales in Chicago were placed as high as 10,000,000 bushels. His brokers, Allen & Orier, transferred July wheat to Armour and September to Lamson Brothers.

Wheat Market Demoralized.

Minneapolis, June 13.--There was a sensational break in July wheat today which demoralized the market badly. July, which closed yesterday at 113 1/2, opened this morning at 111 1/2, then broke sharply to 99 1/2. There were rumors of treachery on the part of some of the big bull operators, but these were unconfirmed. At noon the market was more settled, but still excitable.

CONGRESSIONAL.

Senate. Washington, June 13.--The senate today passed the bill granting the Cripple Creek Railroad company right of way through the Pikes Peak, Colorado, timber reserve; also, an act for the appointment of a non-partisan commission to gather information and recommend legislation on the problems presented by labor, agriculture and capital.

House. Representative Newlands (silver Re-

publican, Nevada) addressed the house in advocacy of annexation of the pending resolution which was introduced by him. Representative Bell (Colorado) opposed annexation as in the interest of oligarchy and opposed to the will of the people of the islands.

THE SITUATION IN MANILA.

No Truth in Report That the Capital of the Philippines Had Surrendered--Spanish Tales of Insurgent Atrocities and Outrages Simple Fakes.

London, June 13.--Ambassador Hay's attention was called this morning to a report circulated that he had received information via Hongkong to the effect that Manila had surrendered, but he stated the story was unfounded. Washington, June 13.--At the State department it was said that neither Ambassador Hay nor any other official had informed the department of the report that Manila had fallen.

London, June 13.--Secretary Briggs, of the Manila Railway company, who is in constant communication with Manila, discards the rumors of the surrender of that place. He received a cable message from Manila yesterday, via Hongkong, reporting that the road was working, and no mention was made of the city having surrendered. Briggs believes the Spaniards would surrender to Admiral Dewey in preference to being conquered by the insurgents. The secretary is informed that a full understanding has been reached between Admiral Dewey and the insurgents. It is generally believed at Hongkong and Manila that before Aguinaldo, the insurgent leader, consented to return to Manila, he secured pledges that the United States would not leave him in the lurch by returning the Philippines to the Spaniards.

Referring to Spanish tales of alleged insurgent atrocities, Briggs says they are utter nonsense. He adds that the native Philippines are the mildest people in the world, and asserts that all European nations would be surprised that they mustered up courage enough to revolt.

Operations to Begin on Arrival of Expedition--Haytian Cable to Be Used by Sampson.

Mole St. Nicholas, June 12, 6 p. m.--The expedition from Tampa under General Shafter, conveyed by the American warships, is anxiously awaited by fleet of Santiago. Operations will begin immediately after the arrival of the transports which are expected this week. When the Associated Press dispatch boat Dauntless left Guantanamo by this (Sunday) morning, the cable between Manila and the United States was broken. It is expected that Admiral Sampson will hold it for direct communication with Washington.

The First Expedition For Santiago.

Fifteen Thousand, Five Hundred Officers and Men on the Briny Deep--To Arrive at Destination Thursday Morning--Organizations and Strength.

Washington, June 13.--The first division of the United States troops to begin the invasion of Cuba sailed from Key West at daylight this morning. The expedition comprises 773 officers and 14,564 enlisted men, all under the command of Major General Shafter. A large force of transports conveyed the troops, under a convoy of a strong squadron of warships, ranging from an immense battleship to a small gunboat and armed fast sailing yacht.

New York, June 11.--It may be stated positively that the war department has no present intention of sending any more troops to San Francisco for the Philippines expedition, that have already departed there, says the Washington correspondent of the Times.

General Merritt announced before he left New York that he wanted at least 20,000 men to take to Manila. It was generally accepted that the department had promised him the men asked for. It is now stated that instead of the 20,000 men he has been counting on, 16,000 have been assembled at San Francisco and the future governor of the Philippines is getting uneasy about the other 4,000. It is declared that no more regulars will be sent, but the recruiting force under General Shafter is on its way to cooperate with Admiral Sampson in the reduction of that city and the capture of the Spanish ships in its harbor.

MINOR CITY TOPICS.

Today Roman Catholics will celebrate the feast of St. Anthony.

U. S. weather bureau forecast for New Mexico: Fair tonight and Tuesday.

Jose Vigil, who served a sentence of 90 days in the county jail for assault on a house, was released from custody today.

Reed Winnie, who graduated in the normal class from the Indian school here last year, is dying with consumption in Wyoming.

The committee on the celebration at Chamita on July the 13th next, was in session this afternoon at the office of ex-Governor L. Bradford Pringle.

Regular monthly convocation of Santa Fe Chapter No. 1, R. A. Masons, at Masonic hall, this, Monday evening, at 8 o'clock. Visiting companions are courteously invited to attend.

The tax payers of the city would greatly like Mayor Hudson to see to the repair of the sidewalks. This is certainly very necessary for the comfort of citizens and would stop a good deal of profanity.

Hon. Simon Nusbaum received his commission as postmaster of this city last evening and instructions to take charge of the office. There was great rejoicing among the new postmaster's many warm friends thereat.

Jose Antonio Montoya was arrested this morning by Deputy Sheriff Huber and lodged in the county jail. He is charged with assaulting Antonio Mora, a small boy. His bond was fixed at \$300, which he was unable to secure.

Alex. Read, court interpreter, who has been in Park View some days, is again attending to his duties in this city. Mrs. Read will remain in Park View during the summer with relatives.

Postmaster Nusbaum will take charge of the post office tomorrow. He has telegraphed the inspector in charge at Denver for the presence of a post office inspector at the transfer and it is believed such an official will be here tonight for that duty.

This glorious Santa Fe summer weather will be reminding citizens that the camping season will soon be here. Let them not forget, however the play to be given in the Court house next Monday evening for the benefit of the W. B. T., and let all good people govern themselves accordingly.

The Ladies' Soldiers' aid society will meet tomorrow at 4 p. m. in Fireman's hall. As the efforts of this excellent and patriotic society will be used for the benefit of our own gallant cavalry who are now sailing for Cuba and will land there in a few days, no lady in town should fail to be in attendance at the above meeting. Every city in the republic has kindred societies and Santa Fe should not be behind the rest. If our ladies could appreciate how eagerly anything from home will be received by our boys in Cuba, they would need no urging to join this society. Turn out, ladies, and fill the hall.

Children's day was appropriately celebrated at the A. M. E. church yesterday afternoon at 2:30 by the Sunday school pupils; and an interesting program was furnished by the teachers in the evening. Flowers and birds was one of the pleasant attractions. Geo. Hines, Ernest Slaughter, Howard Kerr and Wilbur Dunlap, joint recitation, "Flowers that Bloom at Our Feet," was nicely rendered. Miss V. Slaughter's recitation, "Roses," was very good. Recitation, "The Lesson of the Flowers," by Mable Hall, Albert Kerr, Beatrice Dunlap, Christina and Lena Hall, was well rendered. In the evening exercises, prayer was offered by Rev. R. F. McIntyre. The choir sang "Gloria." Mrs. J. Lane recited a beautiful poem. Mrs. B. F. McIntyre and Miss Louisa Chapman's duet was commendable. "Nearer My God to Thee" was rendered very touchingly by the Night Owl Mandolin club. The choir is deserving of many thanks for their well executed songs.

A Card From Pedro A. Sandoval.

The fire in my saloon on San Francisco street occurred at 2 o'clock a. m. June 11. Mr. D. C. Osmun, Jr., adjuster for the London & Lancashire Fire Insurance company, of Liverpool, Eng., came from Denver and had the adjustment completed in 42 hours from the time the loss occurred. As soon as we were through adjusting the loss and the proofs of losses were signed, Mr. Osmun gave me a check for the full amount of my loss, thus paying me immediately upon completion of the adjustment. I found Mr. S. E. Lankard, local agent for the company, a fair and honorable man in every way, and feel greatly indebted to him for courtesies shown me during my trouble. I would advise the business men of Santa Fe to secure their insurance with Mr. Lankard and save trouble in having their losses adjusted and be sure of fair and honorable treatment and prompt payment of their money. Very respectfully, PEDRO A. SANDOVAL.

That Red River Case.

Captain Hays and J. L. Bigelow, of Red River, are in the city as witnesses in the case of the United States vs. Mrs. Sarah Young, Harry Helt and John Young, of Red River. The case in question is rather complicated, and is a fair illustration of the results of stock jobbing in mining. It seems that John Young, former owner of the Stella property, allowed some promoters to dispose of the property to an eastern company in consideration of certain improvements, money, 20 per cent of the stock in a newly organized company and the erection of a plant for reducing the ores. The eastern parties failed to keep their part of the contract, by increasing the capital stock of the company and neglecting to put in the mill. Young then jumped the claim, and when Deputy United States Mineral Surveyor White went up to make the final survey for patent for the company, he was driven off the property by the defendants. The story the Philadelphia parties tell, is that they acted in good faith, to the best of their knowledge. They sent out over \$20,000 in the hands of various representatives of the company, which was more than sufficient for the erection of a milling plant, payment of all indebtedness and for all necessary development. They contend that the Red River parties had no right to interfere with a United States officer in the discharge of his duty and should seek redress for their grievances, if they have any, in the courts by civil suit.

War Dep't Plans For Coming Campaign.

Merritt's Forces to be Filled to Number 20,000--Invasion of Porto Rico Deferred Until After Santiago Has Fallen.

Washington, June 13.--It was formally announced at the War department this morning that the first military expedition left Key West today, bound for Santiago. All yesterday there was a lively conference between officials of the Navy and War departments and after all day session, the war board completed plans for conveying the troop transports. Major General Shafter, who commands this expedition has a force of 773 officers and 14,564 enlisted men. United States regular troops make up the greater part of the force, there being only 34 volunteer organizations on the ships. These are the 71st New York infantry, volunteers; 2nd Massachusetts infantry, volunteers, and two dismounted squadrons of four troops each from the 1st U. S. volunteer cavalry, the regiment which Colonel Wood commands and of which Theodore Roosevelt is lieutenant colonel. Whether either of these officers is with the two squadrons named is not yet known at the War department. It was difficult to prevail upon the mounted riflemen to leave their mounts behind, but this was necessary it is said, owing to the lack of accommodations for horses on ship board. The best the department could do this time in the way of supplying a cavalry contingent for the expedition was to include among the troops one squadron of the 2nd U. S. cavalry, fully mounted.

A full list of the troops that make up this expedition as reported to the War department by General Shafter is as follows: Infantry regiments--6th, 16th, 71st New York volunteers, 104th, 134th, 2nd, 13th, 9th, 34th, 6th, 82nd, 2nd Massachusetts volunteers, 1st, 15th, 13th, 7th, 17th, 3rd, 30th--total infantry, 581 officers and 10,700 enlisted men.

Signal corps of one detachment, two officers and one enlisted man. Hospital detachments are included in the above figures. The staff corps numbers 15 officers.

General Shafter in reporting indicates the great obstacles that had to be overcome to embark his force at port Tampa and it is not likely, if his recommendation is adopted, that an effort will be made again to embark so large a number of troops from this port without considerably enlarging the shipping facilities.

The troops will arrive off Santiago Thursday morning at latest, barring storms or accident, and the landing will probably take place on the afternoon of that day or Friday following, as Admiral Sampson is extremely anxious to reinforce the small body of marines now ashore at Guantanamo bay. The position of these men is not entirely satisfactory to the officials here.

While no advice has yet reached the Navy department of the attack made on the marine force by the Spanish guerrillas Saturday night, there is no disposition to question the accuracy of the press reports.

IMPORTANT IF TRUE. Spanish Pipe Stories for Circulation in Europe. Madrid, 2 p. m., June 13.--A semi-official note, issued today, emphatically contradicts all American reports of operations in Cuba and even denies that the Americans effected a landing at Guantanamo bay or elsewhere. The note concludes: "European powers will make a mistake in imagining Spain discouraged or at the end of her resources. On the contrary, she is full of hope and determined to continue war."

Hobson and His Men Well. New York, June 13.--In response to an inquiry, General Liveras, of the Spanish army at Santiago, cabled: "Hobson and the other seven prisoners are well and are in receipt of all cablegrams sent them."

The stage and auditorium were profusely decorated with the stars and stripes, the class colors, cherry and white, and potted plants. The papers by John W. Aldrich, Miss Edith L. Everett, Herford Y. A LIVING WITNESS.

Mrs. Hoffman Describes How She Wrote to Mrs. Pinkham for Advice, and Is Now Well.

DEAR MRS. PINKHAM--Before using your Vegetable Compound I was a great sufferer. I have been sick for months, was troubled with severe pain in both sides of abdomen, sore feeling in lower part of bowels, also suffered with dizziness, headache, and could not sleep. I wrote you a letter describing my case and asking your advice. You replied telling me just what to do. I followed your directions, and cannot praise your medicine enough for what it has done for me. Many thanks to you for your advice. Lydia E. Pinkham's Vegetable Compound has cured me, and I will recommend it to my friends.--MRS. FLORENCE B. HOFFMAN, 512 Roland St., Canton, O.

The condition described by Mrs. Hoffman will appeal to many women, yet lots of sick women struggle on with their daily tasks disregarding the urgent warnings until overtaken by actual collapse.

The present Mrs. Pinkham's experience in treating female ills is unparalleled, for years she worked side by side with Mrs. Lydia E. Pinkham, and sometimes past has had sole charge of the correspondence department of her great business, treating by letter as many as a hundred thousand ailing women during a single year.
