Army of Invasion Arrived at Santiago.

Fleet of 35 Transports Loaded With United States Troops Reached Destination at Noon Yesterday--Soldiers in Excellent Spirits and Ready for Fighting.

On board Associated Press dispatch boat Dandy, off Santiago de Cuba, June 20, 1 p. m. via Mole St. Nicholas, Hayti, June 21, 3 a. m. The U. S. army for the invasion of Cuba, about 16,000 strong, commanded by General Shafter, arrived off Santiago de Cuba at noon today.

It was 1 o'clock this morning when the look-out on the armored cruiser Brooklyn reported seeing the smoke of several steamers away to southeast, and a moment or two later announced that a dozen or two transports were in sight. The news was exchanged from ship to ship, then the auxiliary cruiser Gloucester, formerly J. P. Morgan's yacht Corsica, darted away to meet and welcome the troops.

LAUNCHING DISASTER.

Wave Caused by Displacement of Battleship Overwhelmed Hundreds of People--Many Bodies Recovered. London, June 21.—During the launching of the British first-class battleship Albion, of 12,950 tons, at Blackwell today by the Duchess of York, a calamity occurred which United States Ambassadors and Mrs. Hay and Lieutenant Colonel, United States naval attaché, assisted, the displacement of water caused an immense mass of water to rise on all sides, completely submerging one of the lower stages of the yard, immersing hundreds of people. It is estimated that 50 persons were drowned.

As this dispatch is sent, the bodies of 27 women and children have been recovered. The Duchess of York and Colonel and Mrs. Hay, and the remainder of the distinguished guests did not see the accident, which occurred at the moment when three cheers were called for the successful launching, and the screams of the victims were drowned by the outburst of hurrahs and steamer whistles.

Another, but discredited report says the warship sank. Denver Taken by the Ladies. Denver, June 21.—Two thousand club women, from all parts of the country, have arrived in Denver to attend the fourth biennial convention of the general Federation of Women's club, beginning tomorrow.

French Cabinet Troubles. Paris, June 21.—Owing to the refusal of former Premier Dupuy to accept the foreign office's portfolio and of M. de Lamour to become minister of finance, M. Sarrien has decided to relinquish the task of attempting to form a new cabinet, and will so inform President Faure this afternoon.

ILLINOIS DAY AT OMAHA. State Building Dedicated--Immense Throng Went Wild Over News of Arrival of Troops at Santiago. Omaha, Neb., June 21.—The Illinois state building at the exposition was dedicated today in presence of Governor John R. Tanner and his full staff, the exposition committee of the state, and probably 10,000 citizens of Illinois.

At the close of Governor Tanner's remarks, Colonel Carr announced that Melville E. Stone, general manager of the Associated Press, had a bulletin to the effect that General Shafter's forces had arrived at Santiago. In an instant the immense throng was on its feet cheering madly. Patriotic airs were played and sung, and the scene was one of the most wonderful outbursts of patriotic enthusiasm ever witnessed.

To Corner Fresh Fish. Cleveland, O., June 21.—Edwin Corbin, a promoter of Chicago, acting in the interest of a London syndicate, has arranged a big deal which will merge about 80 per cent of the fresh water fish dealers into one immense consolidation, the capitalization of which will include common and preferred stock, and the debentures total running well into the millions.

LIEUTENANT HOBSON SAFE. Gallant Men of the Merrimac Received No Harm During Recent Bombardment. New York, June 21.—In response to an inquiry, Mr. Ramsden, the British consul at Santiago, sent the following to the World: "Nothing happened to Lieutenant Hobson or others during the bombardment."

House. The house today concurred in the senate amendments to the bill amending the acts establishing the court of private land claims and to provide for the settlement of private land claims in certain states and territories.

Wants Time Extended. Secretary Fage has written a letter to the house ways and means committee and senate finance committee stating it is absolutely impossible to put the adhesive stamp section of the war revenue measure in operation by July 1 and asking that the time be extended to July 15, and that the commission be increased from 1 to 13 per cent, in order to increase popular interest in the distribution of stamps.

Senate Committee Will Not Concur. The senate committee on finance will not recommend any changes in the war revenue bill, notwithstanding the treasury department's desire for delay in beginning operations under the bill.

Democratic State Convention. Little Rock, Ark., June 21.—The Democratic state convention met at noon today to nominate a state ticket. Ex-Governor G. P. Clarke was made chairman. His statement that Arkansas was ready to enlist anew under the banner of Wm. J. Bryan caused intense enthusiasm. It is expected that Governor Jones will be renominated by acclamation.

Possible Changes in Spanish Ministry. Madrid, June 21.—There are rumors current here today that the cortes may suspend its session the coming week, when Senor Puigcerver, minister of finance, will resign, in which event it is thought Premier Sagasta will be compelled to submit to the queen regent a question of confidence in the ministry. It is possible therefore that Senor Sagasta will resign, in which case it is said a national government, pledged to a most energetic course, will succeed his ministry.

PEACE NEGOTIATIONS.

Reported From Paris That European Chancellors are Desirous of Bringing the War Between United States and Spain to an End. London, June 21.—A correspondent at Paris of the Pall Mall Gazette telegraphed this afternoon that he learns from an authoritative source that in spite of denials that the question of negotiating peace between the United States and Spain has been for some days the subject of a lively correspondence between European chancellors. He adds that some of the ambassadors in Paris were instructed yesterday to remain on the alert and to be in readiness. The correspondent further says that it is expected an event of importance in opening negotiations with the United States and Spain will occur within the next few days. M. Hanotaux, French minister of foreign affairs in the Meline cabinet, backed by the czar has, it seems, been the principal promoter of peace negotiations, hence President Faure's desire to retain M. Hanotaux in the foreign office.

Death of Luther Benson. Rushville, Ind., June 21.—Luther Benson, the noted temperance lecturer, is dead.

STILL DEBATING AUTONOMY. President of Colonial Council Wants the Sky to Fall Before Spanish Soil is Invaded--Reported Defeat of Americans. Havana, June 21.—Senor Galves, president of the colonial council, closed the debates in the chamber with a message to the deputies, in which he repeated that he did not wish autonomy established for Cubans or for Spaniards, but for all the inhabitants of Cuba. He concluded: "Let the sky fall flat and sink in the abyss before the daring foreign invader's foot tramples on Spanish soil." These words were warmly applauded by the deputies. The Cuban congress then approved the address in reply to the president's message and to the message of the captain general.

S. battleship Texas, it is announced, endeavored to cover the landing of an American force at Punta Cabrera, province of Santiago de Cuba, but the Americans were repulsed by Spanish troops under Colonel Aldea with the loss of several men.

MORE SOLDIERS TO SANTIAGO. Troops at Camp Alger Ordered to Proceed to Fort Monroe--Will Sail for Cuba at Once. Washington, June 21.—The War department has issued orders to Brigadier General Henry M. Duffield to proceed with his entire brigade from Camp Alger to Fort Monroe, where they will take transports for Santiago. The brigade comprises the 9th Massachusetts, and 33d and 34th Michigan, about 3,000 men in all.

CUBAN CABLE COMMUNICATION.

United States Placed in Close Connection With Invading Forces--General Blanco Cut Off From Outside World. Washington, June 21.—There was important news at the War department when Secretary Alger reached his office today. The transports with 15,000 troops, he was informed, had arrived safely off Santiago and direct cable communication had been established between the United States and Guantanamo where the United States marines now hold possession of Cuban soil. Thus not only is Captain General Blanco cut off from communication with the outside world, save through Key West cables within our control, but the authorities at Washington have been placed in close connection with our forces, army and navy, which are conducting the invasion of Cuba.

To General Greeley and his signal corps belongs the honor of achieving this feat. It is expected that today or Wednesday the cable will be thrown open to the general public subject to censorship. The first message over this restored cable was from Lieutenant Colonel Allen to General Greeley announcing the resumption of communication. General Greeley immediately directed the officer to forward at the earliest possible moment news as to the arrival of the United States troops and transports. Lieutenant Colonel Allen of the United States naval forces, at Guantanamo bay for information. The captain sent out a boat to Admiral Sampson's squadron, which returned with the news that the transports had arrived safely, were lying off Santiago, and that at the moment of making the report General Shafter, commanding the military expedition, was on board the flagship New York, counseling with Admiral Sampson respecting the landing of the troops.

Spanish Fleet at Cadiz. Washington, June 21.—Advices received by the way of Marseilles, France, confirm the first reports that the Spanish fleet had returned to Cadiz. The dispatches state that the Victoria had been injured and was towed into port.

Occasional Shots From Morro Castle. Key West, June 21.—A vessel which arrived here this morning from off Havana, reports the blockade without incident except an occasional firing of shots from Morro castle and the land batteries.

Flouring Mill Burned. Sunday night the large flouring mill belonging to Louis Huning, located about six miles south of Los Lunas, was entirely destroyed by fire. The structure was of wood and was well equipped with modern machinery, and so arranged that it could be operated either water or steam power. As it was idle and no one living in it no insurance could be carried, and Mr. Huning's loss is about \$8,000.

It is reported that a short time before the flames were discovered a man was seen running away from the building, and the fire is supposed to have been of incendiary origin.
