GOOD FELLOWSHIP

Victorious Americans and Vanquished Spaniards on Friendly Terms in City of Santiago.

PRIVATION DISAPPEARING

Great Barge Loads of Provisions Taken Into the City—Majority of Spanish Prisoners Will Be Sent Outside Rifle Pits.

Santiago, July 19, 6 p. m., via Kingston, Jamaica.—Hundreds of American and Spanish soldiers, who but a few days ago were shooting at each other, crowd the streets of Santiago today, meeting and mixing on the most friendly terms. The general feeling of good fellowship is evinced everywhere, the victors and vanquished apparently being equally rejoiced that strife and bloodshed are over and the siege ended.

There seems to be no race hatred. The bitterness being all directed against the Madrid government, which is charged with a gross mismanagement of Cuba, and bungling during the conduct of the present war. The hospital headquarters are still located at Juragua. Two deaths from yellow fever were reported there, but the names of the victims have not been made public.

General Miles is in Guantanamo on the Yale, and is said to be arranging the details of the Puerto Rican expedition. It is reported here that a large army will sail from the United States this week, and General Miles will be in command of the expedition.

SENSIBLE SPANIARDS.

Manila is Ready to Surrender—If Officers Do Not Give In on Demand for Capitulation Flag Will Be Hauled Down.

Vancouver, B. C., July 20.—According to advices by the Empress of India from Hongkong, the chief news of moment is that Manila is ready to surrender. Not that the archbishop and captain general are going to voluntarily capitulate before compelled to do so, but the backbone of resistance is unquestionably broken, and upon a real show of force and an intention to bombard the town, if the officials do not give in, the Spaniards will haul down the Spanish flag. Intimations to this effect are received from many sources.

Four Young Ladies Drowned.

Pavson, Utah, July 20.—Four young ladies, while swimming in Utah lake yesterday afternoon, were drowned. While floating on a plank one fell off and the others went to her rescue, and all were drowned. Three of the girls, Lucy, Emma, and Susie Keel, were the daughters of John Keel, of this place. The fourth was Steena Bauer, a daughter of Eberhardt Bauer, of Huntsville.

Death of Admiral Massie.

London, July 20.—Admiral Thomas Leake Massie, known as the father of the British navy, is dead. He was 92 years old.

LIGHTNING'S DEADLY WORK.

Four Men Killed and Five Others Badly Injured in New Jersey. New York, July 20.—New Jersey and part of New York were swept last night by a storm which caused great destruction to life and property. Four men were struck by lightning and instantly killed, and five others were badly injured while seeking shelter from the storm under a tree near Boonton, N. J.

Probably a Yellow Journal Item.

New York, July 20.—A London dispatch to the Journal says: Sir Henry Drummond Wolff, the British ambassador to Madrid, has been fully informed of the terms upon which the United States government is ready to make peace.

Blanco Has Not Resigned.

Madrid, July 20.—The minister of war, General Correa, categorically denies that Captain General Blanco has resigned. He adds that there is absolutely no news from Cuba, as the Americans control the wires and refuse to transmit official dispatches.

Peace Movement Losing Ground.

Madrid, July 20.—The newspapers here say a coalition was being organized between the different parties and against the government, on account of the suspension of the constitution. The peace movement is losing ground. The newspapers venture the supposition that the British squadron would prevent the American squadron passing the straits.

RIOT IN PUERTO RICO.

Spanish Residents of Mayaguez Killed Natives—Accused Them of Intending to Aid Invading Army. New York, July 20.—A special from St. Thomas, D. W. I., to the Journal, reports that a riot occurred at Mayaguez, Puerto Rico, Sunday, resulting in the killing of nine persons, and wounding many others. The Spanish residents attacked the natives, whom they accused of intending to aid the invading army from the United States.

Troops to Leave Camp Thomas.

Chickamauga, July 20.—The movement of troops from Camp Thomas for Puerto Rico will begin tomorrow. The commands which go are the 4th Pennsylvania, 4th Ohio and 4th Illinois, under the command of Brigadier General Haines; light batteries B, Pennsylvania; A, Illinois, and 27th, Indiana; signal corps under Major Glassford; a reserve hospital corps and a reserve ambulance corps.

PEACE RUMORS UNFOUNDED.

All Reports That Spanish Cabinet Had Decided to Sue for Peace Discredited in London. London, July 20.—Neither the officials of the Spanish embassy, those of the British foreign office, nor the United States ambassador, Colonel John Hay, have any news tending to confirm the report circulated in the United States that the Spanish cabinet had decided to sue for peace. On the other hand dispatches received from Madrid late this afternoon make no mention of such a determination upon the part of the Spanish ministry.

General Garcia Reported Dead.

New York, July 20.—A Kingston, Jamaica, cable to the Evening Post says that the Cubans arriving from Siboney report General Garcia dead. They make a mystery of it, saying that it should not be known in Cuba yet, nor in the United States, and give no particulars, except that he was shot. Spanish refugees officially connected with General Blanco believe the story.

Thomas O'Malley Nominated.

Burlington, Vt., July 20.—The Democratic state convention today nominated Thomas O. Maloney for governor.

HITCH OVER TERMS OF SURRENDER.

Madrid Says Spanish Commander at Guantanamo Refuses to Accept General Toral's Capitulation.

Madrid, July 20.—General Parreje, the Spanish commander at Guantanamo, refuses to be included in the capitulation of Santiago de Cuba. According to Spanish military law a commander can surrender the troops he personally commands, but can not oblige other commanders at distant points, even though under his authority, to follow suit. Consequently it is held here that the capitulation only comprises about 7,000 troops actually at Santiago.

Will Court Martial Toral.

Madrid, July 20.—Captain General Blanco has cabled the Spanish government that Santiago was surrendered without his knowledge. General Toral will be tried by court martial.

RE-UNION OF CONFEDERATE VETERANS

Enthusiastic Thousands Cheer for Lieutenant Hobson and General Joe Wheeler.

Atlanta, Ga., July 20.—The morning trains brought thousands of people into Atlanta to attend the opening exercises of the re-union of Confederate veterans. Twenty-three thousand veterans and friends reached the city up to midnight last night. The interest of the day centered in the convention at Piedmont park. Among those on the stand were General Charles E. Hooker, of Mississippi; orator of the day; Governor Atkinson, of Georgia; General Dickerson, commander of the Florida division; General Stephen D. Lee, who is looked upon by some as a candidate for commander-in-chief.

So soon as the gathering was called to order, the cheering was given for the "gallant son of Alabama." Lieutenant Hobson, followed a moment later by three more for the famous cavalry officer now at the front, General Joe Wheeler. General John B. Gordon, the commander-in-chief, was given a tremendous ovation, and the audience was not still for five minutes. General Clements A. Evans, commander of the Georgia division, called the convention to order.

ALL SERENE.

No Complications Between Germany and the United States in the Philippine Islands. Washington, July 20.—Further inquiries by the Associated Press today in official quarters as to the alleged complications between the United States and Germany in the Philippines, failed to elicit anything which might serve as a foundation for the reports of such complications. On the contrary, it is learned that there have been recent communications between the two governments of a decidedly friendly nature, and at no time since the war began has there been a greater reason than now exists for confidence in Germany's neutrality.

Promotion For a "Rough Rider."

Washington, July 20.—Hallett Alsop Borrowe, a sergeant in the first U. S. volunteer cavalry, who had charge of the "Rough Riders" dynamite gun near Santiago, was today promoted to be a captain and assistant adjutant general.

TRANSPORT SENECA AT NEW YORK.

Wounded and Sick Soldiers Fitted for the Voyage—Ship Not Put for Hospital Service. New York, July 20.—The U. S. transport Seneca arrived at quarantine today and was detained by the health officer for disinfection. Six soldiers will be removed to Swinburne island for treatment. Dr. Doty says that while these cases are not well marked and not by any means yellow fever, he will not take any chances. The most severely wounded soldiers will be sent to Bellevue hospital for treatment; the others to Hoffman island for observation. The Seneca left Siboney on July 14 with 96 sick and wounded soldiers and 48 passengers. The ship was not in any way fitted for a hospital ship. The steamer between decks was filthy, not fit for human beings to occupy. The ice gave out and the fresh water became vile and unfit for use. Little was obtained by condensation. The washing of wounds was done in many cases with salt water. Food was scarce. The passengers say if yellow fever had appeared on the voyage the mortality would have been dreadful.

TERRITORIAL MINING NOTES

William Campbell is supplying the Bland mill with 1,000 cords of wood. On many of the Cochiti mining claims the assessment work for 1898 is being done.

Material is still being delivered for the big mill of the Albemarle in the Cochiti district. There is plenty of water in the Cochiti district for all purposes, the rains having been very heavy in that locality last week.

Some good quartz was struck in the Lady Thorne at Red River by Charley Fox. A fine six foot vein of ore has been opened to the west of the main lead in the Albemarle mine, Cochiti district.

Though in 300 feet, Al. Hedges and Ed. Westaby, at Red River, are still driving for the Willard vein. A 60-days option has been secured on the Hatch & McKay property in Mallette canon at Red River by the Hematite mill company.

Dr. Robinson has begun the work of developing his claim on Klondike hill at Red River. The placer miners in the Red River country are happy in consequence of the heavy rains filling the ditches.

Paul George and W. F. Doty are working a contract held by the former on the Pioneer tunnel at Red River. The making of improvements on the Lone Star necessitated the closing down of the Bland mill for a portion of last week.

Several thousand tons of ore are on the Albemarle dump at Bland awaiting the completion of the new mill. The mill will be in running order about August 6.

The King Solomon No. 2 and the Orphan Girl on the Colla canon slope of Washington hill at Bland are being developed by Fred Goodwin. The Tom Thumb mining claim at Red River is being worked six days a week with good results by J. C. Cleland and son.

One thousand dollars worth of Silver ore was lost at the Palomas Chief mine at Hermosa, by Al Slater and John Kendall, by a recent flood carrying away their ore house.

The Copper Queen on Bitter Creek is being worked by James Higelow. He also has a good prospect in the Big Quartz in Pioneer gulch, Red River. There seems to be a good thing in the Baca property in Pioneer gulch at Red River. The ore taken from this mine will run \$30 and better. Much development work has been performed.

A one-fourth interest in the Hematite mill at Red River is to be sold July 25 to satisfy a mortgage of \$700 held against it by W. A. Atherton, of Hematite. It is deplorable that the two big mines at Nogal are closed on account of lack of facilities for transporting the concentrates to a smelter.

The first run of the mill at Hematite on a 300 ton lot of ore resulted in a saving of 92 per cent of the assay values. The mill was erected at the cost of \$5,000, and has a capacity of 35 tons per day. The ore is crushed and rolled to 60 mesh fineness, then leached by a weak alkali solution. The extraction is made in from one to four hours and the cost of treatment is less than \$1 per ton.

FOR SALE BY H. B. CARTWRIGHT & BRO.

The placer fields of Bitter Creek, La Belle district, are being prospected on an extensive scale by B. Nadochi, Eric Anderson, Chris. Otto and Torval Olson, Gus Swanson, Th. Elormann and I. Schwartz. The gold is very coarse and quite a number of nuggets have been found. A preliminary clean up of a few yards of dirt from bed-rock last week resulted in \$20 in gold, one nugget weighing 106 grains. A large dam has been built and summer work will soon start in earnest. Hydraulics will be used in the work, and the water supply is ample for large operations. It is said to be one of the richest placer deposits ever opened in New Mexico.

La Belle is now forging ahead in a rich placer locality. Gold is shown in nearly all of the gulches of the district. G. W. Miller has uncovered bed-rock in Foreman gulch and A. J. Downey has done likewise in Spring gulch, and rich ground is exposed in both workings. An abundance of water is easily obtainable.

The Terry Bros. have received final payment on a group of valuable claims in the Six Mile district. A road is now being built from Water canon to the claims and 75 men are already on the pay roll. The company is a close corporation, with no stock for sale. They mean business.

Court Note.

In the District court for Santa Fe county, Minnie Flaherty has applied for a divorce from Frank Flaherty. Judge McFie has appointed W. H. Pope as referee in the case.
