SANTIAGO BATTLE

General Wheeler's Report of the Advance on San Juan Heights, July 1.

COMMENDS BRAVERY OF MEN

Troops Compelled to Wade San Juan River—Balloons Drew Enemy's Fire—Officers and Men Fell at Every Step.

Washington, Aug. 5.—The following report made by Major General Wheeler on the operations before Santiago de Cuba has become available before Santiago de Cuba, July 7.—To the adjutant general of the 5th army corps.—Sir: After the engagement of June 24 I pushed forward my command through the valley, Lawton's and Kent's commands occupying the hills in the vicinity of the place. After two days' rest, Lawton was ordered forward, and on the night of the 30th, instructions were given by Major General Shafter to this officer to attack Caney, while the cavalry division and Kent's division were ordered to move forward on the regular Santiago road. The movement commenced on the morning of July 1. The cavalry division advanced and formed its line with its left near the Santiago road, while Kent's division formed its line with its right joining the left of the cavalry division. Colonel McClernand, of General Shafter's staff, directed me to give instructions to General Kent, which I complied with in person, at the same time personally directing General Sumner to move forward. The men were all compelled to wade the San Juan river to get into line.

This was done under a very heavy fire of both infantry and artillery, a balloon having been sent up right by the main road, was made a mark of by the enemy. It was evident we were as much under fire in forming the line as we would be by an advance and I therefore pressed the command forward from the covering under which it was in full view of the enemy who occupied breastworks and batteries on the crest of a hill which overlooks Santiago. Officers and men were falling at every step. The troops advanced gallantly and soon reached the foot of the hill and ascended, driving the enemy from their works and occupying them on the crest of the hill. To accomplish this it required courage and determination on the part of both officers and men of a high order and the losses were very severe.

Too much credit cannot be given to General Sumner and General Kent and their gallant brigades, commanders, Colonel Wood and Colonel Carroll, of the cavalry; General Hamilton Hawkins, commanding the 1st brigade of Kent's division, and Colonel Pearson, commanding the second brigade, Colonel Carroll and Major Wessels were enabled to return to the rear with their commands. General Wyckoff, commanding Kent's 3rd brigade was killed at 12:12. Lieutenant Colonel Worth took command and was wounded at 12:30, and the command then devolved upon Lieutenant Colonel Ewers, of the 9th infantry.

Upon reaching Caney I ordered breastworks to be constructed and sent to the rear for shovels, picks, spades and axes. The enemy's retreat from the ridge was precipitate, but our men were so thoroughly exhausted that it was impossible for them to follow. Their shoes were soaked with water from wading the San Juan river. They had become drenched with rain and when they reached the crest, they were absolutely unable to proceed further. Notwithstanding their condition, these exhausted men labored during the night to erect breastworks, furnish details to bury the dead and carry the wounded back in improvised litters. I sent word along the line that re-enforcements would soon reach us and that Lawton would join our right and General Bates would come up and strengthen our left.

After reaching the crest of the ridge, General Bates, of the 13th regiment, to assist in strengthening our right. At midnight General Bates reported and I placed him in a position on the left of our line. General Lawton had attempted to join us from Caney, but when very near our lines he was fired upon by the Spaniards and turned back. The next day at noon by a circuitous road. During all day of July 2 the cavalry division, Kent's division and Bates brigade, were engaged with the enemy, being subjected to a fierce fire and incurring many casualties, and later in the day Lawton's division also became engaged. During the entire engagement my staff performed their duties with courage, judgment and ability.

Special credit is due to Lieutenant Colonel J. H. Dorst, Major W. M. D. Beach, Captain John Edickman and Lieutenant M. E. Steel. I desire also to say Lieutenants James H. Reeves and Joseph Wheeler, Jr., Captain William Astor Chanler, Major B. A. Carlington, Mr. Aurelius Mestre and Corporal John Lundmark, also deserve high commendation for courage and good conduct. Major West, my quartermaster, deserves special commendation for his energy and good conduct. Captain Hardie and 1st Lieutenant P. J. Koester, with troop G, 3rd cavalry, were detailed with headquarters and conducted themselves handsomely under fire. The superb courage displayed by officers and men will be especially mentioned in the reports of subordinate commanders.

IMPORTANT CABINET MEETING.

Naval Board of Strategy Present—Administration Not Surprised at Spain's Delay in Answering Demands.

Washington, Aug. 5.—The cabinet convened at 11 o'clock. Special significance was attached to the presence of the naval board of strategy. Rear Admiral Sigsbee, Commander Crownshield and Captain Mahan came over together, closely following Secretary Long. A definite answer from Spain to this government's terms had not been communicated. With a reaching sense of the grave political problems that must be solved by the Spanish premier before he can finally assent to the United States' demands, the administration is not surprised that the answer has been delayed. It is believed the premier himself has made up his mind to accept the conditions, but while he is supported by a majority of the cabinet, he finds it necessary to secure the adhesion of the leaders of the other parties in order to guard against disaster in the future.

CHINESE SITUATION THREATENING.

Great Britain and Russia on Verge of Open Rupture—Marquis of Salisbury Said to Be Responsible.

London, Aug. 5.—There is great uneasiness on all sides here in view of the Chinese situation, which is regarded as bringing an open conflict between Great Britain and Russia, within measurable distance, and it is universally felt that the Marquis of Salisbury's yielding to Russian aggressiveness is responsible for the dangerous complications, which can only be overcome by prompt and firm intimation that Russia's open opposition to British commercial concessions must cease. In this connection the story is current that the Princess of Wales' hurried departure from England was in response to a dispatch from her sister, the Dowager Empress of Russia, bearing upon the Anglo-Russian relation. It is well known the Dowager Empress is strenuously working to conclude a definite understanding regarding the Anglo-Russian interests in the far east, and it is said great importance attaches to the meeting of the sisters at Copenhagen.

Coaling Station in Samoa.

Chicago, Aug. 5.—A special to the Record from Washington says: "President McKinley has decided to make a practical use of American rights at Pango-Pano harbor, Samoa, and the establishment of a fully equipped naval coaling station there will be undertaken at once."

RIOTING STRIKERS.

Serious State of Affairs in Wisconsin—Police Beaten by Mob—Many Arrests Made.

Oshkosh, Wis., Aug. 5.—Rioting has been resumed by the striking wood workers on account of the sash and door men trying to run their plants with non-union laborers. At the Morgan plant last night 1,000 strikers and sympathizers gathered to abuse and maltreat the non-union workmen as they left the mill. Chief Weisbrod with the police succeeded in preserving a semblance of order until darkness set in, when a serious onslaught on the police was made, in which several officers received bruises and cuts. Chief Weisbrod was brought to his knees by a stone striking him above the heart. Several shots were fired in the air and the police finally withdrew.

This morning at 6 o'clock the strikers again congregated, clubbed and stoned the workmen who were trying to reach the Morgan mill. Thirty policemen were dispatched to re-enforce the small squad on duty there, but when the police arrived the crowd set on them with clubs and stones in a vicious manner. The police used their clubs freely and the street was finally cleared at the expense of many broken heads and a score of arrests, including nine women ring leaders. The non-union crew finally reached the mill.

Customs Duties for Cuba and Puerto Rico.

Washington, Aug. 5.—At the meeting of the cabinet today the Cuban customs tariff was discussed, particularly the tobacco schedule. It was agreed that the present rates of internal revenue taxation now in force in the United States should be made the customs rate for Cuba. Customs tariff for Puerto Rico was also discussed. It was the opinion of the president and members of the cabinet that so soon as the island passes into the possessions of this country, the customs laws and regulations now in force in the United States shall be made to apply to Puerto Rico, with modifications.

Zola's Appeal Dismissed.

Paris, Aug. 5.—The court of cassation dismissed the appeal of M. Zola against the decision of the Versailles assize court, which sentenced the author and M. Perreux, managing editor of the Aurore, each to a year's imprisonment with 3,000 francs fine, and to pay costs of the suit, for libel brought against them by the officers of the Esterhazy court martial.

DISEASE OF LIGHT FORM.

Most of Men Ill in Army Hospitals Have Either Typhoid or Malarial Fever.

Philadelphia, Aug. 5.—Dr. John Guittarras, the famous yellow fever expert and one of the leading Cuban advisers in this country, has arrived from Santiago where he has been engaged in yellow fever work under the direction of the government. He said: "Yellow fever cases thus far have been of a light order and the mortality among the troops has not been heavy. The most serious source of trouble is typhoid fever and malaria. Most of the men ill in the hospitals are suffering with one or the other of these diseases. As the season drags on however, yellow fever will become more serious and then it will be worse than typhoid."
