The monitor Monadnock arrived on August 16. On the way they stopped at the Ladrones islands, which had been seized by the first expedition.

AMBASSADOR HAY'S RECALL

An English Paper Says His Promotion to American Premiership Means the Carrying Out of Tacit Understanding with England.

London, Aug. 22.—The Manchester Guardian says:

We understand that United States Ambassador Hay's recall to Washington to accept the post of secretary of state is due to his special fitness to carry out the policy with regard to which negotiations have been proceeding for some time between Washington and London.

There is no intention of binding the nations in an alliance. Each is to be free to pursue its own destinies in its own way, but the governments will act together diplomatically where common interests are concerned.

Chickamauga Park, Chattanooga National Military Park, Tenn., Aug. 22.—Judging from present indications, Camp Thomas, the largest military camp of the Spanish-American war, will soon be a thing of the past. A number of regiments have already been ordered home. A number of others have been ordered to Knoxville, Tenn., and Lexington, Ky., and now comes an order to Colonel Wheeler, acting chief quartermaster, to secure bridges to convey all the regiments remaining at the camp to their respective state capitals. The idea seems to be to get the regiments to places where they can be mustered out close to home.

Seven of the More Seriously Hurt Have Been Taken to the Boston Hospital—Some Will Die.

Sharon, Mass., Aug. 22.—In the excitement and confusion attending the clearing away of the wreckage caused by last night's collision on the New York, New Haven & Hartford railroad, it was stated that seven persons were killed, four being unknown. Today it was learned definitely that the total number killed was four, as follows:

Franklin M. Waters, of Somerville, a book-keeper of Boston, aged about 25. Mrs. Mary Fitzpatrick, of Boston, widow, aged 70.

Mrs. C. H. Frye, wife of C. B. Frye, of River. An unidentified woman, thought to be Mrs. C. B. Bristol, of Wintthrop.

The number injured is still undetermined owing to the fact that many who were hurt were able to go to their homes for treatment.

It is thought that not more than 12 or 15 are seriously injured.

The seven taken to the Boston hospital are as follows: Edgar S. Bristol, aged 53, Wintthrop, left leg crushed, amputation probably necessary; James A. Fitzpatrick, aged 42, Charlton, right leg crushed, amputation probably necessary; Charles H. Frye, aged 37, Ryevers (probably reported dead through an error) back and spine injured, probably fatally; Della Vernon, aged 29, South Boston, lacerated scalp and serious internal injuries; B. J. Trujillo is in jail pending the arranging of the bond.

The City Council. The city council met in special session, on Saturday evening, with Mayor Hudson in the chair and Aldermen Alarid, Baca, Gonzales, McPherson, Sena and Solignac present.

A resolution was adopted ordering the immediate survey of the open sewer on Water street with a view to having the same thoroughly cleaned out and transformed into a stone-lined gutter so that the natural flow of water will be rapidly carried off.

As it is understood several of the property owners along the sewer offered to assist the city, if it started at once, it was decided to rush the matter as much as possible.

The property owners in Alderman Gonzales' ward wanted a new wagon bridge over the Rio Santa Fe built in place of the foot bridge that was washed away and agreed to contribute toward its cost, but the council failed to take any action on the matter, because Mr. Gonzales could not make a statement as to what it would cost.

The city marshal was directed to notify the property owners about town that they must immediately make needed repairs in the sidewalks in front of their premises.

The council thereupon adjourned.

Territorial Supreme Court. Court convened this morning at 10 o'clock, after the Sunday vacation with Chief Justice Mills and Associate Justices McFie, Parker, Crumpacker, and Leland present.

Case No. 796, Territory of New Mexico, appellants, Manuel Maldonado et al. appellants, appeal from San Miguel county, was submitted to the court upon the briefs filed. This action was taken by Colonel Twitchell and Solicitor General Bartlett, the attorneys in the case in order to have the appeal decided at an early day, and for the reason that the court will hear no more arguments after next Friday.

The court appointed W. B. Childers and A. B. McMillen to act with Solicitor General Bartlett in examining Colin Noblett, of Silver City; S. B. Davis, Jr., Las Vegas, and John Stringle, of Albuquerque, applicants for admission to the Supreme court bar. The applicants past very creditable examinations, both written and orally, and were admitted to practice before the Supreme court bar.

GOVERNOR OTERO IN WASHINGTON.

Attending to the Interests of New Mexico—Visit Paid to "Rough Riders" in the Hospital—The Territorial Land Grant Law.

Special Correspondence. Washington, Aug. 15, 1898.—Governor Otero arrived here two days ago from New Mexico and immediately got to work for New Mexico and the territory's interests. He called at the different departments, saw the secretaries and pushed several New Mexico matters that were lagging.

Today he and your correspondent went to the hospital at the arsenal to see about 14 of the wounded and sick "Rough Riders." They were delighted to see us. First Sergeant Wm. G. Greenwood, Troop A, of Arizona, is able to get around. He gives a graphic account of the killing of Captain Wm. O. O'Neil, and says he died like a hero, fighting for his country. Captain O'Neil's mother is here and is almost heartbroken over the loss of her brave son.

James Lewis, of Silver City, enlisted in Troop E, but was transferred to Troop H. He has the left leg off, a little above the ankle. Is doing well and is one of the most cheerful of the crowd.

Henry Gibbs, enlisted in Troop F, Captain Max Lina's company. He has a bad wound in the right foot but is able to move about by limping and says that he will soon be ready for another fight. He gives his officers the highest praise.

Wm. Jones, of Troop I, being transferred from Troop E, is from Baton, and has two fingers and part of the third of the right hand off. He says he just wanted to kill a Spaniard for each finger that is injured.

John Tate, of Troop I, was transferred from Troop G, is from Baton, and is suffering from malarial fever. He says that he has learned a trade. That he can stand on his head and carry the worst bronco in America.

Robert E. Lee, of Troop I, was transferred from Troop E, is a son of Adolph Lee, of Leesburg, Iowa, and enlisted in Troop E, at San Antonio, Tex. He had the malarial fever, but is now able to go around town.

Cred J. Schornhorst, of Troop I, enlisted in Troop E, and was transferred. He is of San Juan county, New Mexico; formerly of Durango, Colo., where he has relatives. He had malarial fever, and has asked for a 30 days' leave to go home.

Louis Larson, of Troop I; James E. Wilson, of Troop L; Frank W. Eaton, of Troop H, and Joseph Debl, the latter a former soldier of the regular army, enlisted in Troop E, at San Antonio, Tex., have all been suffering from malarial fever, but are all out. Tate is the only one unable to leave his bed. All were delighted at leaving the fever hospital, flies and mosquitoes at Tampa, and have improved rapidly since reaching here.

Governor Otero and your correspondent today took the boys a basket of oranges, a basket of lemons, limes, pears, peaches and 25 pounds of tobacco. They were all delighted beyond measure upon being remembered.

Governor Otero has been given a pleasant visit with the president and congratulated him upon his successful conduct of the war, and informed him that he was accorded the highest praise from all persons, irrespective of party, for the glorious results attained.

Governor Otero has been given earnest attention at the Interior department to the selection of the lands for the public schools. He was informed at the department that the law was so loosely and imperfectly drawn that further legislation by congress or the territorial legislature must be had before much can be done toward securing the lands. As it is the territory would have to pay about \$17,000 fees to the register and receiver, when had the bill been submitted to the department before its passage, a simple amendment might have been inserted relieving the territory from paying that large sum.

Your correspondent took occasion to show the "Rough Riders" through the White house and some of the departments.

Governor Otero will go over to Montauk, N. Y., to see the other "Rough Riders" for a few days, and return home next week.

Fresh vaccine points and tubes just received at Fischer's.

Capitol Rebuilding Commission. The capitol rebuilding commission held an executive session, on Saturday afternoon, with Commissioners Manzanares, Palen and Pope present. Besides the allowance of sundry accounts, a contract was awarded to the Willis Manufacturing company, of Galesburg, Ill., for the corrugated iron and tin needed in the construction of the cornices and gutters of the new capitol building, in the sum of \$3,100.

From Mrs. MELISSA PHILLIPS, Lexington, Ind., to Mrs. Pinkham: "Before I began taking your medicine I had suffered for two years with that tired feeling, headache, backache, no appetite, and a run-down condition of the system. I could not walk across the room. I have taken four bottles of the Vegetable Compound, one box of Liver Pills and used one package of Sanative Wash, and now feel like a new woman, and am able to do my work."

From Mrs. MOLLIE E. HENDEL, Powell Station, Tenn.: "For three years I suffered with such a weakness of the back, I could not perform my household duties. I also had falling of the womb, terrible bearing-down pains and headache. I have taken two bottles of Lydia E. Pinkham's Vegetable Compound and feel like a new woman. I recommend your medicine to every woman I know."

From Mrs. A. W. SMITH, 59 Summer St., Biddford, Me.: "For several years I suffered with various diseases peculiar to my sex. Was troubled with a burning sensation across the small of my back, that all-gone feeling, was despondent, fretful and discouraged; the least exertion tired me. I tried several doctors but received little benefit. At last I decided to give you Lydia E. Pinkham's Vegetable Compound a trial. The effect of the first bottle was magical. Those symptoms of weakness that I was afflicted with, vanished like vapor before the sun. I cannot speak too highly of your valuable remedy. It is truly a boon to woman."
