FOR A GREATER NAVY

Naval Board of Experts Recommends Construction of 15 War Vessels—Plans in Preparation.

SIX ENORMOUS BATTLESHIPS

Greatest Navy Construction Project Ever Undertaken by the United States at One Time—Speed One of the Principal Features.

New York, Aug. 31.—A special to the Tribune from Washington says: The naval board of experts, under the direction of Secretary Long, has unanimously affirmed their action in recommending a comprehensive program involving the speedy construction of 15 warships as outlined two weeks ago, and directed the various bureaus of the Navy department to proceed forthwith with the preparation of actual plans for the greatest naval construction project ever undertaken in a single period by the United States.

The general program provides 15 vessels of which six are to be heavily armored line of battle, lighting ships, six small protected cruisers and three mid-way between these extremes. Three battleships to exceed 12,000 tons displacement with a minimum speed with stores and coal about 18½ knots; three first-class armored cruisers of 12,000 tons displacement and 23 knots speed, and a coal endurance of 10,000 knots; three semi-armored and protected second-class cruisers and six 16 knot protected cruisers of 2,500 tons. All the ships are to be sheathed with oak and copper, making them comparatively independent of dry docks.

Iowa Republican State Convention
Dubuque, Ia., Aug. 31.—The Republican state convention will meet at 11 a. m. tomorrow. Congressman Lacey will be the temporary chairman, and his speech is expected to sound the key note of the state campaign. The general opinion is that Senator Gear will be the chairman of the platform committee, and he and Senator Allison will frame that portion of the resolutions referring to national affairs stating the administration's ideas with considerable degree of authority, especially the matters concerning the conduct of the war and the disposition of the conquered territory.

Now Her Own Boss.
Amsterdam, Aug. 31.—Solemn thanksgiving services were held today in all the churches throughout Holland, upon the occasion of Queen Wilhelmina attaining her majority.

HOSPITAL SHIP WENT DOWN.
While at Anchor the Olivette Mysteriously Sank—Hospital Corps and Crew Escaped in Boatsy Attire.
Fernandina, Fla., Aug. 31.—The hospital ship Olivette, which has been lying near the quarantine station, through some mysterious agency sank this morning about 7:30 o'clock. Aboard the ship was the hospital corps of 35 and a crew of 45 persons, all of whom escaped without injury, but in scanty attire. No one apparently knows how the calamity occurred.

Sick Soldiers Accumulating.
New York, Aug. 31.—The transport Allegheny arrived at Montauk Point today, having on board 500 men of the 9th Massachusetts regiment and the remainder of the 1st Illinois regiment that sailed from Santiago on August 25. Hospital accommodations are still unequal to the demands, and last night 150 sick soldiers were obliged to lie upon the bare floor.

GARCIA BOUNCED.
Gomez Don't Like the Way He Acted Before Santiago; and Won't Have Any Such Goings On.
New York, August 31.—A dispatch to the Herald from Santiago says: General Garcia has been relieved of his command by General Gomez, acting under instructions from the provisional government. This is owing to the disapproval of his action during the Shafter incident, and because Garcia is a persona non grata to the American government. At the commencement of the war Cuban officers were ordered to put themselves under the orders of the American commander, and the letter of General Garcia to General Shafter is looked upon as a breach of discipline. General Rodriguez will succeed him.

War Vessels Left Ponce.
Washington, Aug. 31.—The Navy department has received a cablegram from Ponce, Puerto Rico, announcing that the Puritan, Amphitrite, Hannibal, Terror and Montgomery sailed from Ponce this morning to go to Newport, R. I.

Dynamite Cruiser at Boston.
Boston, Aug. 31.—The dynamite cruiser Vesuvius arrived here today.

Not as Bad as Painted.
Ottawa, Ont., Aug. 31.—A report was published in many United States newspapers recently that some 3,000 Americans were starving on the Denon trail between Telegraph Creek and Teslin Lake. The United States government asked the Canadian government to investigate the matter, and a report received says only 1,600 people altogether were on the trail, and they had plenty of provisions.

Puerto Rico Commission Sailed.
New York, Aug. 31.—Admiral W. S. Schley and General William W. Gordon, United States commissioners to settle the conditions for the Spanish evacuation of Puerto Rico, sailed today for San Juan on board the steamer Seneca. The third member of the commission, Major General John M. Brooke U. S. A. is in Puerto Rico.

McKinley Going to Montauk.
Washington, Aug. 31.—The following dispatch was sent to General Wheeler this morning: Washington, Aug. 31.—Commandant, Camp Wikoff, N. Y.: The president will pay your command an informal visit on Saturday, accompanied by the secretary of war. (Signed) Corbin.

DESTRUCTIVE BLASTS.

South Atlantic Coast Line in a Bad State of Demoralization—Roofs of Houses Blown About Like Chips.

Atlanta, Ga., Aug. 31.—A storm which swept up the Atlantic coast last night, has interrupted telegraph service near the ocean, but the extent of the damage is not yet known. The only places reached by wire are Charleston, S. C., and Jacksonville, Fla. No news as to the extent of the storm has yet reached this city from any point.

Savannah Devastated.
Atlanta, Ga., Aug. 31.—The New York Journal has the following special from Savannah, Ga., sent from that city at 8:30 this morning and put on the wires at Milton: It says: From 11 o'clock last night, until 8 o'clock this morning, Savannah was in the teeth of a seething gale. The wind blew from 50 to 75 miles an hour, and there have been gusts when the maximum speed was exceeded. So far as was learned no lives were lost in the city. The adjoining islands are yet to be heard from.

Communication with Tybee, a Georgia seaside resort, can not be had at this hour. There are about 500 people at Tybee many of whom are United States troops, volunteers and regulars.

Savannah presents a terrible appearance. Roofs of houses are scattered through the streets, and wires of the telephone, telegraphic, electric light and street car systems made the streets impassable for vehicles. The loss to property amounts to \$100,000. The rice crop will suffer especially.

Steamship Line Resumes.
Savannah, Ga., Aug. 31.—The Plant steamship line will resume their Havana service next week, and the first boat to make the trip since war was declared, will be the steamship Mascotte, which leaves Port Tampa on Monday next.

Governor Bradley's Prompt Action.
Frankfort, Ky., Aug. 31.—Governor Bradley has wired Secretary Alger asking leave to bring Kentucky's sick soldiers at Chickamauga back to their homes, the state to equip a special train for that purpose. The state has no money available for this purpose, but Governor Bradley declared his intention of borrowing sufficient money on behalf of the state to accomplish it.

SPANISH SHIPS RELEASED.
The Two First Vessels Taken As Spanish Prizes Cleared from Onstody and Leave for Oadiz.
New York, Aug. 31.—Two steamships flying the Spanish flag, sailed from this port today. They were the former United States prizes Miguel Jover and Catalina. The latter was captured by the gunboat Detroit and the Jover was taken by the Helona. Washington authorities decided the steamers should not have been seized.

Starvation Charges Denied.
Wooster, O., Aug. 31.—Colonel C. V. Hart, of the 8th Ohio volunteer infantry, wires from Montauk Point denying the charge that he starved the 8th while on his way home from Cuba. He says the published stories of starvation on the transport ship are false. He calls attention to the fact that three days of unused rations are left on board the ship, and the percentage of sickness and death is less than that of any regiment that went to Cuba. The 8th Ohio had 294 sick upon its arrival at Montauk Point.

ADIOS, MIS AMIGOS.
Admiral Cervera with His Officers and Men Ordered Home by the Spanish Government.
Annapolis, Md., Aug. 31.—Orders have been received here from the president directing Admiral Cervera to make arrangements to proceed with his brother officers and men to Spain immediately, in accordance with instructions issued by the Spanish minister of marine.

Fifteen Good Men Gone.
New York, Aug. 31.—There were 14 deaths on board the transport Allegheny, conveying the 9th Massachusetts volunteers from Santiago to Montauk Point. On the Panther there was one death.

Yellow Fever in Ole Missip.
Birmingham, Ala., Aug. 31.—Officials of the Postal Telegraph Company at this point have received a message from their office at Holly Springs, Miss., stating that four cases of yellow fever had been declared at Taylor, Miss., 40 miles south of Holly Springs. Taylor is 200 miles from the coast.

W. L. Crockett, of Puerto de Luna, has just received 10,000 mixed sheep to Kansas City commission men.

Gross, Blackwell & Co., are shipping 5,000 lambs to Iowa handlers.

SERIOUS SITUATION

Striking Coal Miners Growing Desperate—Thousands Gathering at Pana to Use Force.

ARMED ATTACK EXPECTED

Sheriff is Increasing Force of Armed Deputies—Operators Are Bringing More Negro Workmen from the South to Work the Mines.

Pana, Ill., Aug. 31.—More outside reinforcements for the lock-out white miners here have been arriving today. By tonight fully 3,000 extra miners are expected to be on the scene. On the other hand the operators say they will have 300 more negroes here before the close of the week. Sheriff Coburn has been hourly increasing his forces in anticipation of trouble, bringing deputies from Taylorville, the county seat, 16 miles distant.

A serious encounter was narrowly averted between the lock-out miners and 100 deputies who were guarding the Alabama negroes, at the Springside mine. The clash could not have been prevented had not the state and national officers of the United Mine Workers of America interfered by wiring the district president, Wm. Topham, to postpone action until after this morning, pending an investigation of the condition of the Springside mine, which is alleged to be dangerous, being operated without a pit boss and a registered engineer.

At the time the message was received the miners were in secret session in a large gulch between the Illinois Central railroad and Pana Coal Company's reservoir near the north end of the city, laying plans to march on the deputies and negroes at the Springside mine, and forcibly compelling the negroes to leave. The meeting was presided over by a negro mine named Deane, of Danville. It was only by the most persistent pleading and reasoning by President Topham and other leaders that the mine was prevented from marching on the shaft.

The meeting was attended by fully 1,000 miners, the only light being that of the moon, and with guards and pickets doing duty to keep out all save United Mine Workers. It was pointed out that the deputies at the Springside mine were armed with Springfield and Winchester rifles, while there were only two Winchester and few shotguns in the mine's crowd. All the men, however, were armed with revolvers.

Fatal Indian Scrap.
A fight Saturday night between two Navajo braves at Manuelito, Bernalillo county, resulted in the death of one of them, the murderer escaping. The Indian police are on the latter's trail and he will be taken when captured to the Fort Defiance agency.

Court Note.
In the District court for Santa Fe county the following suit was filed this morning: George W. Knebel, administrator of the estate of Jennie Koen, deceased, vs James Garland et al., foreclosure of mortgage to recover the sum of \$901.30, with interest and costs. Judge Laughlin attorney for plaintiff.

Assessment Returns.
Up to the present time Territorial Auditor Garcia has received but four returns from county assessors, of the assessments made for 1898. The law provides that each assessor in the territory must send a copy of the assessment rolls of his county to the territorial auditor by the second Monday in September.

As it is absolutely necessary for the auditor to have the rolls before making the apportionment of funds, the collectors will do well to make the returns promptly.

BAD FOR NEW MEXICO.

Latest Information States That the English Stockholders Have Abandoned Elephant Butte and Selden Dams.

Civil Engineer P. E. Harroun, of Albuquerque, left over the D. & R. G. yesterday en route to the irrigation convention to be held this week at Cheyenne, to return next Monday.

On being questioned relative to the outlook for the construction of the Elephant Butte and Selden dams, by the Rio Grande Dam & Irrigation Company, Mr. Harroun said he regretted very much to state that from information given him by Contractor Taylor, who is working under D. D. Seerie, of Denver, as well as from other sources, he learned, the English stockholders of the Rio Grande Dam & Irrigation Company had practically sold out and thrown the whole enterprise overboard. This will deprive New Mexico of the use of 250,000 acres of land which with the irrigation promised would have added immensely to the agricultural wealth of the territory. Whether other capitalists will step in and take up the fight will carry out the original scheme is what people in this territory are awaiting to see. "The milk in the coconut" is the opinion of the projectors of the El Paso dam, headed by General Mills, C. R. Morehead, Mayor Magoffin and other prominent El Paso citizens backed in a most substantial way by the Mexican government which wants water the worst way for irrigation on the south bank of the river. Mr. Harroun says there is plenty of water in the Rio Grande for all the dams, and he has been told that the light is made from El Paso by more than one man "for what there is in it."
