### INTERVIEW CORRECT

General Miles Admits the Accuracy of the Kansas City Star Interview with Him.

### COULD NOT VISIT GOTHAM

Wisconsin Troops Not Allowed by the War Department to Lay Over Two Days to See New York—From Ship to Cars.

New York, Sept. 7.—The United States transport Obdam having on board Major General Miles and staff, General Greenleaf, Captain Whitney, the 2nd regiment of Wisconsin volunteers and hospital corps from Puerto Rico, arrived today. Mrs. Miles, son and daughter were also on board. All were well and no sickness or deaths occurred during the voyage.

General Miles admitted to an Associated Press reporter, who interviewed him while the Obdam was lying off Liberty Island, the substantial accuracy of the statements attributed to him by the Kansas City Star's correspondent at Ponce, Puerto Rico.

"There are," General Miles said, "a few minor inaccuracies in the published report such as usually occurs in such interviews. I do not care to point out inaccuracies at this time, they are unimportant."

"It is true I requested that my troops in Puerto Rico, on their return home, should be allowed to camp somewhere near New York, preferably Brooklyn heights, Fort Wadsworth or Governor's Island. I also requested that the War Department that the troops be allowed to march through New York City. I never intended to parade myself, as I shall go to Washington in a few days and would not be here at the time of the contemplated parade. I asked that the Wisconsin men, aboard the Obdam, be permitted to stay in this vicinity a day or two, to give them a chance to see the city, and surely they merit it."

"To my first request, namely, that my troops be permitted to camp hereabouts in the neighborhood of Brooklyn heights and be allowed to parade, I received no reply. To my second request, I received a reply at quarantine this morning, ordering the Wisconsin boys home forthwith. They will go from the transports directly to the cars."

"I shall stay in the city a day or two to transact business and will then proceed to Washington. General Wilson's division will reach New York in a day or two; I think they will come on the transports Mississippi, Manitoba, Alamo and Concho. The last will carry General Wilson and headquarters."

General Miles said he did not desire to criticize the conduct of any officer engaged in the late war. He expressed the opinion that there had been too much criticism, complaint and condemnation published already, and the public had lost sight of the glories of the war.

**Dreyfus Comes Up Smiling.**  
Paris, Sept. 7.—The Figaro today says the cabinet council just held unanimously agreed upon a revision of the Dreyfus case, and directed the minister of justice to take the necessary steps.

**UNPRECEDENTED PERCENTAGE.**  
The Unusual Number of United States Army Officers Killed in the War with Spain.

Washington, Sept. 7.—The official records of the War department as completed show there were 33 officers and 231 enlisted men, 264 in all, killed in battle during the war with Spain. These casualties include all the lives lost by the army in the battles in the Philippines, as well as those in Cuba and Puerto Rico.

The percentage of officers killed is said to be unprecedented in the battles of the world. The contrast is especially striking in the case of the battle of Omdurman, where although the loss of life was heavy, the list of killed included only one officer of the British army.

**Clubs are Triumps.**  
Pana, Ill., Sept. 7.—Chief Deputy Sheriff Edmunds with a large force armed with revolvers and clubs, continues in charge of the city. Additional deputies are being sworn in as rapidly as they can be secured.

**G. A. R. ENCAMPMENT.**  
No Trouble with the Quartermaster or Commissary There—General Curtis Hurt by a Fall.

Cincinnati, Sept. 12.—The national encampment of the Grand Army of the Republic, had a red letter day today, the feature being the G. A. R. parade. The attendance reached fabulous figures according to the estimates of the railroads that have been taxed beyond their capacity; but arrangements were such that none wanted for food, or shelter, or suffered from heat or wanted anything. There were numerous meetings, but none attracted more attention than the meeting of the blue and gray, arranged by resident confederate and federal veterans with the view of bringing about the most cordial hand-shaking over the bloody chasm, and it was eminently successful. Denver, Kansas City and Philadelphia are making a hot contest for the next encampment. During the G. A. R. parade General Curtis, police commissioner of Buffalo, was dangerously hurt by his horse falling. The general's spine is believed to be seriously injured.

**Naval Veterans.**  
The national convention of naval veterans elected today the following officers: Rear admiral, J. F. R. Foss, Minneapolis; commodore, E. D. Bliss, Brooklyn; national captain, Wm. Laureler, Zanesville, O.; commander, Benjamin D. Blanchard, New York; lieutenant commander, James A. Miller, Athens, O.; judge advocate, Judge Fred C. Harvey, Minneapolis; secretary, Frederick E. Harkins, Brooklyn.

**Accepts the Decision.**  
Chicago, Sept. 7.—A special to the Tribune from Montreal, Quebec, says: "The Canadian Pacific Railway Company has issued an official circular in which it announces the intention of accepting the adverse decision of the United States Interstate Commerce commission regarding its claim to a differential in Pacific coast traffic."

**Seventeen Deaths at Montauk Point.**  
Montauk Point, Sept. 7.—The deaths in the camp at the general hospital up to noon today, since yesterday, number 17.

**WON'T HAVE STRIKES.**  
Billy Hohenzollern Would Imprison Agitators Who Interfere with Non-Union Men and Incite Workingmen to Strike.

Berlin, Sept. 7.—The Emperor William, it is announced in a dispatch from Cohnhausen, while speaking at a banquet there last evening, touched significantly upon the labor bill to be submitted to the Reichstag the present year. He said it would provide for imprisonment at hard labor of any one seeking to prevent workmen who were willing to work from pursuing their vocation, and also provide for the punishment of those who even incited them to strike.

**Cyclone Visited Pennsylvania.**  
Towanda, Pa., Sept. 7.—A storm of almost cyclonic proportions passed over this section of the state during the night, doing great damage. Three men are reported killed.

**BRITISH VICE CONSUL KILLED.**  
Rioting on Island of Crete—German and British Consulates Burned—Warships Arriving.

Candia Island of Crete, Sept. 7.—The British battleship Camperdown, having on board Sir A. Biliotti, the British consul at Candia, has arrived here. Several other warships have also reached this port. Reinforcements for the British garrison have been landed, and an early restoration of quiet is expected.

The British vice consul, Mr. Carlochino, was killed during yesterday's fighting. The fires have been extinguished but during the riot the English and German consulates were burned. The custom house, barracks and court houses were saved. Quiet is being rapidly restored.

**Cause of the Trouble.**  
London, Sept. 7.—Sir A. Biliotti, British consul at Candia, who went to Candia on the British battleship Camperdown, cables the foreign office that the rioting at Candia happened as follows:

A British soldier on guard at the tax office was suddenly stabbed in the back and dropped his rifle, which exploded, killing a Mussulman. The firing then became general, and 20 British blue jackets from the British torpedo gunboat Hazard were almost annihilated before the sailors could reach their ship.

In addition, a detachment of 45 British soldiers were driven from their quarters near the telegraph station and many were wounded. The total casualties, as far as is known, were 20 killed and 50 wounded. The fate of Christians in other towns was uncertain. It is feared that only those who succeeded in escaping for refuge to the court house have been saved. The British vice consul, Calocherino, was burned to death in his house.

**Admiral Burned in Washington.**  
Washington, Sept. 7.—Admiral Corvera, his son, Lieutenant Angelo Corvera, and Lieutenant F. Gomez arrived today from Norfolk and called at the Navy department. In the absence of Secretary Lockyer, the admiral and his companions paid their respects to Assistant Secretary Allen and expressed gratitude for the kindly treatment accorded to Spanish prisoners by the United States.

**POLITICAL POINTERS.**  
H. B. Holt, of Las Cruces, is being mentioned for the Republican nomination for the council from the Dona Ana and Grant county district.

The Silver City Enterprise suggests the name of J. A. Ancheta for the Republican nominee for member of the council for the district of Dona Ana and Grant.

From San Miguel county comes word that Mr. Eugenio Romero is being talked of as a candidate for the Republican nomination for the council from that and Guadalupe county.

Hon. Malaquias Martinez, of Taos county, who made a good record as a member of the house of the 32nd legislative assembly, is being spoken of for the Republican nomination for the council from Taos, Rio Arriba and San Juan counties.

Grant county Democrats claim that the nomination for councilman for the 9th district ought to go to Grant county this year. Ever since the organization of the district, either Eddy, Chavez or Lincoln has walked off with the political cake, and Grant county people think it is too monotonous for anything.

The Republicans of Grant county will nominate the county ticket and elect territorial convention delegates in one county convention.

Congressman J. W. Bailey, of Texas, the Democratic leader in the house, will address the terrified at Deming, October 8, in convention assembled. He will then proceed to do up the territory.

**Fatal Accident.**  
The son of Edward Webb, of western Valencia county, fatally shot himself in the breast the other day, while pulling a revolver to shoot a jack rabbit.

**Special Term of District Court.**  
There will be a special term of the district court in San Juan county, beginning the first Monday in October, with Judge McFie on the bench.

### POLITICS AND BLOOD!

Fatal Clash Between the Two Wings of the Colorado Silver Republicans Today.

### CHARLES J. HARRIS KILLED

The Broad Faction Tries Ineffectually to Capture the Colorado Springs Opera House from the Sprague Faction—The Police Hold the Fort.

Colorado Springs, Colo., Sept. 7.—The political war between the two factions of the Silver Republican party resulted this morning in the death of Charles J. Harris, of Denver.

It was the result of an attempt by the Broad faction to capture the opera house which was guarded by the Sprague faction. At 1 o'clock a rush was made by 75 or 100 Broad men from both the front and rear of the building. The Sprague men, who held possession, in repelling the attack, fired a volley into their assailants, and Harris fell with a bullet through his abdomen and soon died. Another man was wounded.

Today's clash between the factions was preceded by the action of National Chairman Towne in removing Richard Broad from the chairmanship of the state committee on the ground of "disloyalty to the Silver Republican party and the cause it stands for." It being alleged that he joined in a conspiracy with the friends of Senator Wolcott to defeat the proposed fusion with the Democrats and Populists. Charles S. Sprague, representing the Teller and Towne delegates, obtained possession of the opera house, in which the convention is to meet tomorrow, and refused to surrender it at the demand of ex-Chairman Broad.

Sheriff Boynton and Chief Gathright took control of the opera house and seized six Winchester rifles and ten revolvers. James A. Howze, Walter Russell, James J. Long and A. C. Smith, the party in the hall, were arrested.

At 1 o'clock the Wolcott-Broad faction applied to Judge Lunt for a writ of mandamus compelling Chairman Broad, who was appointed by National Chairman Towne to succeed Chairman Broad, removed, to turn the building over to ex-Chairman Broad. The writ was refused.

"At 4:10 this morning," said ex-Mayor Plumb, "we were inside the opera house, 22 of us. Suddenly a fusillade of shot was fired through both front and side doors. Then in a second the doors were burst open and in rushed 75 to 100 men. There was constant firing in all parts of the hall, we relying as best we could. We were forced out of the building. Sheriff Boynton and Chief Police Gathright were in the front ranks of the attacking party."

The police and sheriff's officers claim the attack was made entirely by men brought from Denver. They say they only rushed in after the attack began. Chairman Broad has issued a statement in which he says that National Chairman I. N. Stevens and Dewitt C. Webber, arranged with a gang of thugs to come from Denver and co-operate with Sheriff Boynton and the police of Colorado Springs in seizing convention hall and turning it over to the anti-Teller faction so they might organize and control the convention tomorrow. Ex-Chairman Broad, who denies the authority of Towne to remove him, justifies the taking forcible possession of the hall on the ground that the manager violated his lease in allowing others to take possession.

The men who participated in the fight say that fully 150 shots were fired, mostly in the air when the attacking party reached the center of the building the guards retreated to the street. The thugs from Denver took the first train to that city, being allowed to go unmolested.

**Dental Board.**  
The territorial board of dental examiners while in session at Deming licensed A. D. Smith of Albuquerque, University of Indianapolis; S. T. Peters of Roswell, Western Dental College of Kansas City; A. R. Strocher of Raton, Kansas City Dental College; M. V. Smith of Raton, Indiana Dental College; E. C. Kingsley of Silver City, Kansas City Dental College.

The board rejected the applications of J. A. Duff, of Durango, and Edward Gathright, of Deming. They also revoked the license of A. E. McKellar, who claimed Las Vegas as his habitat, charges of gross, immoral and unprofessional conduct having been preferred against him. He was required to appear

to answer to these charges, but failed to do so. McKellar bears a very bad reputation.

The members of the board present were Drs. Manley of this city, Olney of Las Vegas, White of Silver City, and Sanchez, of Eddy. Dr. Chamberlain being a first lieutenant with the territorial regiment at Whipple, was unable to be present.

**Death of Mrs. Jaramillo.**  
Mrs. Trinidad R. de Jaramillo died yesterday at her home at Los Lunas of pneumonia, aged 67 years. The funeral ceremonies took place there today. The deceased was a descendant of some of the most prominent families in the territory, having been a daughter of Antonio J. Luna, who in his life time was a leading citizen of New Mexico. She was the widow of Jose R. Jaramillo, who for many years was a prominent and wealthy citizen of Valencia county. She leaves several daughters, all married, and many grandchildren. Mrs. Jaramillo was a most estimable and good woman and her demise has cast sorrow on a large circle of relatives and friends in central New Mexico.

### BOUND OVER TO GRAND JURY.

R. L. Baca, Ricardo Alarid and Francisco Romero Placed Under Bonds—Nasario Alarid Held for Murder in First Degree.

The hearing of the habeas corpus proceedings in the R. L. Baca case, held before Judge McFie yesterday, was closed last night. The history of the case is as follows:

Late Saturday night, August 20, R. L. Baca and Francisco Romero met on lower San Francisco street, and some words were passed over a previous trouble, and a fight resulted, in which Baca was severely beaten and Policeman Apolonia Martinez, who was trying to quell the row, was shot through the leg. At the close of the fight Baca and Ricardo Alarid were found struggling for the possession of the pistol from which the shot was fired; who fired the shot has never been learned, and the gun is in the hands of the officers awaiting a claimant.

Subsequently R. L. Baca was arrested on the charge of carrying and firing a deadly weapon. He had a hearing before Justice Bruno Romero and was bound over to await the action of the grand jury in the sum of \$1,000. Baca at once obtained a writ of habeas corpus returnable before Judge McFie, praying for release from the bond on the ground that no criminal act had been committed by him.

At the close of the hearing last evening Judge McFie denied the writ, but reduced the amount of the bond to \$300, and directed that proceedings be brought against Francisco Romero and Ricardo Alarid, on their own testimony and held them to the action of the grand jury in bonds of \$300 each.

Judge McFie announced that so long as he was on the bench in the first judicial district, there would be no favoritism shown, and all persons guilty of infraction of the law will be held to answer for their acts.

**Held Without Bond.**  
Nasario Alarid, who shot Ramon Garcia early last Friday morning, appeared before Judge McFie, sitting as committing magistrate, this morning for a preliminary hearing under a charge of murder in the first degree. Alarid waived examination and was committed to jail without bond to await the action of the grand jury. Florencio Arehuelata and Teresa Casados, two witnesses to the killing, were placed under \$500 bonds each to appear before the grand jury.
