OJO CALIENTE (HOT SPRINGS)

THESE Celebrated Hot Springs are located in the midst of the Ancient Cliff Dwellers, twenty-five miles west of Alamo, and fifty miles north of Santa Fe, and about twelve miles from Barranca Station on the Denver & Rio Grande Railway, from which point a daily line of stages runs to the Springs. The temperature of these waters is from 90° to 125°. The gases are carbonic. Altitude 6,000 feet. Climate very dry and delightful the year round. There is now a commodious hotel for the convenience of invalids and tourists. These waters contain 108.24 grains of alkaline salts to the gallon; being the richest alkaline hot springs in the world. The efficacy of these waters has been thoroughly tested by the numerous cures effected in the following diseases: Paralysis, Rheumatism, Neuralgia, Consumption, Malaria, Bright's Disease of the Kidneys, Syphilis and Mercerial Affections, Scrofula, Catarrh, La Grippe, all Female Complaints, etc. Board, Lodging and Bathing, \$2.50 per day. Reduced rates given by the month. This resort is attractive at all seasons and is open all winter. Passengers for Ojo Caliente can leave Santa Fe at 10:35 a. m. and reach Ojo Caliente at 5 p. m. the same day. Fare for the round trip from Santa Fe to Ojo Caliente, 75¢. AT HOME AGAIN

The 1st Illinois Infantry Return to Chicago Weak and Sick, But Full of Grit.

AN ENTHUSIASTIC WELCOME

The Boys Have to Rest Thrice in a Two Mile March to Their Armory—Homeless Soldiers Properly Cared For.

Chicago, Sept. 10.—The 1st Illinois infantry arrived home today. There were 924 officers and men on four sections of the train. Of that number, 216 men on the first section needed ambulance attention and hospital care. The regiment was met at the station by the 1st infantry, veteran reserves, 1,000 strong and escorted to the armory. All along the line of march the returning soldiers were greeted by thousands of enthusiastic citizens. The distance from the depot to the armory is only two miles, but the marching column was in such condition that they required three rests. Hospitals and private homes cared for those who have no relatives in the city. There were no deaths since the regiment left Montauk Point. It is said that among the sick only one is in a dangerous condition.

A \$200,000 FIRE.

Livermore Falls, Maine, Sept. 10.—A fire here today burned over 30 buildings, and one life was lost. The loss will reach nearly \$200,000.

CRAFTY AGUINALDO.

He Knows How to Mend His Fences As Well As Any American Politician. New York, Sept. 10.—A dispatch to the Herald from Manila, says that General Aguinaldo, in his capacity as president or dictator, in calling a meeting of the "Filipino congress," disclosed the fact that he had planned to have complete control of that body from the start. He will obtain control by appointing a majority of the representatives of the various districts. This so-called congress is to meet in Malolos, October 15, so that Aguinaldo may have ample time to choose men who will uphold him in the dictatorship.

Last Stronghold Gone.

Santa Cruz, Sept. 10.—The last position held by the Spaniards, on the bay has been taken by the insurgents who followed up their success by wreaking vengeance on some Catholic priests. An American officer of high rank has said that a crisis in affairs here can not now be delayed many days, a fact which, he says, should be fully conceded by the government at Washington.

FIGHT OR QUIT.

Warships of the Powers Lay Down the Law and Gospel to the Turks.

Vienna, Sept. 10.—According to a dispatch from Cana, island of Crete, the troops of the various powers looted their flags over the town walls of Cana, and the admirals sent an ultimatum to the deputy governor and Turkish commander demanding that all arms be laid down by 5 o'clock this evening. The warships are ready to resume the bombardment. One foreign warship has gone to Helms, where disturbances have broken out.

COULDN'T VERY WELL HELP IT.

With One Opponent a Starving Fugitive, and Another a Refugee, Cabrera Rather Got There.

New York, Sept. 10.—The Herald correspondent at Guatemala cables that Manuel Estrada Cabrera has been elected constitutional president by an overwhelming majority. According to the returns he received 315,936 votes. His two opponents were Prospero Morales and Jose Leon Castillo. The former was reported in the Herald to have died after being captured in a recent revolt. Castillo took refuge six weeks ago in the Mexican legation where he is still supposed to be. The election was a foregone conclusion.

Denver Unfortunate Still Alive.

Denver, Colo., Sept. 10.—W. H. Lawrence, who was shot yesterday by Florence Richardson at the Oxford hotel, where he registered with the woman as W. H. Rockwell and wife, is still alive, but his condition is critical. Lawrence died after being captured in a revolt at Cleveland, O., and was formerly connected with the Ohio Farmer, now published by his brother, M. J. Lawrence.

Looking After the Sick Now.

Montauk Point, L. I., Sept. 10.—The Missouri arrived this morning from Santiago. She had 261 sick men when she left Santiago, and during the voyage 13 died. The transport Vigilance also arrived from Santiago today, bringing several hundred men of various regiments. In accordance with the instructions of Surgeon General Sternberg, Colonel Forwood is hurrying the sick soldiers from camp to city hospitals before the cold rains of the fall season set in.

IS FRANCE MIXED UP IN IT?

An Incident in the Anglo-Egyptian War That Suggests That They Are Taking a Hand.

Omdurman, Sept. 7, (delayed in transmission).—An important incident occurred this morning. It appears that Khalifa Abdullah, a few days before the arrival here of the Anglo-Egyptian army, heard that a force of white men had occupied Fashoda, on the west bank of the Nile, about 400 miles south of Khartoum and the capital of a fertile and densely populated district. The Khalifa immediately sent two steamers to investigate. One returned here this morning, he surrendered to General Sir Herbert Kitchener. The commander of the steamer reported that on his arrival at Fashoda he found the place occupied by a force of whites. The latter opened a heavy fire on the steamer, which narrowly escaped annihilation. The crew losing many killed and wounded. From the bullets found in the hull of the steamer it seems to be certain that the whites at Fashoda are French troops. The British commander will send a flotilla of gunboats up the White Nile as soon as possible, to investigate the situation at Fashoda. The Anglo-Egyptian cavalry captured the principal wife of the Khalifa, mother of Osman Digna and Sheikh Eddin. They were found in extreme destitution on the left bank of the Nile.

NEWSPAPER MEN DROWNED.

Carl Smith and Louis Sass, of the Chicago Record; Lost in Canadian Rapids. Quebec, Sept. 10.—Carl Smith, who wrote the "Fired at Random" column in the Chicago Record, and Louis Sass, sporting editor of the same paper, have been drowned in the heavy rapids of the river Grand Discharge, by upsetting their birch bark canoes. They were on a holiday tour. Mr. Smith was one time managing editor of the Omaha World Herald.

THE RAZZLE DAZZLE ENDED.

Silver Republicans, Democrats and Pops Fuse in Colorado, and the Democrats Get the Governor.

Colorado Springs, Colo., Sept. 10.—After a fruitless, all night session, the conference committee of the Teller Silver Republicans, Democrats and Populists, finally agreed to give the Democrats the governor, one regent of the state university, while the Silver Republicans get the auditor, treasurer, superintendent of public instruction, and one regent. The Populists get the remainder of the offices; the patronage to be divided equally. The Democratic convention adopted the report amid great enthusiasm. Governor Adams named Charles S. Thomas as his successor, and every county recorded the nomination, which was made by acclamation. E. J. Morath, of Boulder, was nominated regent. The Silver Republicans also adopted the report on the advice of Senator Teller, although many delegates were dissatisfied over the failure to get the governor.

A strong opposition to the report was developed in the Populist convention, which took a recess until 2:30 without acting. Editor T. M. Patterson, of the News, spoke in favor of adopting the report, while ex-Congressman Lafe Pence, spoke against it.

President Going to Omaha.

Omaha, Neb., Sept. 10.—A Washington special to the Bee says: In an interview with the president, General Manderson has learned it is his desire to leave about noon October 10, for Omaha, arriving there if possible, the night of Tuesday the 11th. It is the president's purpose to remain in Omaha over Thursday, possibly Friday, leaving for Chicago Saturday, and spending Sunday with Mrs. McKinley's cousin, Mr. Williams.

Will Parade After All.

Washington, Sept. 10.—General Miles, on leaving the White house today, said that the president had consented to the parade of the Puerto Rican troops in New York next Saturday. It is expected that 2,000 of these troops will participate.

Weekly Bank Statement.

New York, Sept. 10.—The weekly bank statement shows the following changes: Surplus reserve, decrease, \$7,914,275; Loans, decrease, \$6,773,700; specie, decrease, \$10,661,800; legal tenders, decrease, \$2,434,400; deposits, decrease, \$29,478,700; circulation increase, \$27,700. The bank now holds \$7,076,773 in excess of requirements.

NOT WORRYING HIM.

Secretary Alger Says There is Nothing to the Charges But Somebody's Desire to Make Political Capital.

Detroit, Sept. 10.—On being asked today to make a statement for publication relative to the charges against his administration of the War department, Secretary Alger said: "Now what do you want me to do? Get down in the sewer with these sensational people? They are not worrying me. There is nothing to the charges excepting somebody's desire to make political capital." "The work the department had to do in so short a time has been a very great task. The commissary's and quartermaster's departments had the distribution of more than 900 tons of provisions, rations and forage, daily, part of which has involved transportation of more than half around the world. It is not surprising that some few slips have been made." "I asked the president to appoint the strongest commission possible to secure, to conduct an inquiry into the conduct of the war. It will be made up of some of the ablest army officers and its work be of the greatest importance, as applied to the past and as affecting the future. Its greatest value will be in perfecting the entire organization of the army and applying in its provision the lessons of the past."

Card of Thanks.

The undersigned and family wish to avail themselves of the opportunity to sincerely express their gratitude for the many kindly acts and sympathy of friends in their recent anxiety over the news of our son's illness in Cuba and not being able to receive any information concerning him.

We especially mention Governor Otero and Captain Otero to whom we feel grateful for the kindness shown.

ASSASSINATED!

The Empress of Austria Fatally Stabbed by a Red-Handed Anarchist at Geneva.

WAS A MOST FOUL MURDER

Stilleted by a Mongrel While En Route from Her Hotel to a Lake Steamer, She Lived But a Short Time.

Geneva, Switzerland, Sept. 10.—The Empress of Austria was assassinated at Hotel Beauvillage this evening, by an anarchist who was arrested. He stabbed her majesty with a stiletto. It appears that her majesty was walking from her hotel to the landing place of the steamer about 6 o'clock, when an Italian anarchist suddenly approached and stabbed her to the heart. The empress fell, got up again and was carried to the steamer unconscious. She was not recovered consciousness, the captain returned and the empress was carried to the Hotel Beauvillage where she expired.

The murderer is a man named Luchoni. He was born in Paris of Italian parents. The Empress of Austria was born December 24, 1837. She was the daughter of Duke Maximilian of Bavaria, and was married to Francis Joseph, the present emperor of Austria and king of Hungary, April 24, 1854. They had three children, Archduchess Gisela, who is married to Prince Leopold, of Bavaria; Archduke Rudolph, who married Princess Stephanie of Belgium, and was (seemingly) assassinated in 1889, and Archduchess Maria Valeria, who married the Archduke Franz Salator, of Austria-Tuscany. The late empress was an enthusiastic horsewoman.

Another Account.

Berne, Switzerland, Sept. 10.—Another account of the assassination of the empress of Austria says: "After having been stabbed from behind, the empress walked on board the steamer, where she fell fainting. The captain did not wish to put off from the quay, but did so at the request of the empress and suite, there being no apprehension that she was seriously hurt. However, the steamer was turned back before reaching the open lake and the empress, unconscious, was carried to the hotel on a stretcher."

Naval Promotions.

Washington, Sept. 10.—Among the naval orders today were the following promotions: Captain Higginson, of the Massachusetts, to be commodore; Assistant Naval Constructor R. P. Hobson to be full naval constructor.

CUBAN COMMISSION CONVENING.

The United States Commissioners Enter Havana Harbor and Are Welcomed by the Spanish Officials.

Havana, Sept. 10.—The United States transport Resolute, having on board the American evacuation commission, was sighted at 7 o'clock this morning from Morro Castle, entered the port of Havana at 7:45, and anchored near the plaza called Tricentario, the most healthy part of the bay. At 8 o'clock General Solano, chief of staff, and Major Garcia Bonitor, of the general's staff, left the palace in a carriage. A little while afterward, General Prado, a member of the Spanish commission, and Dr. Congosto, secretary of the general government, drove in a carriage to La Machina wharf. Both parties there embarked in a steam launch, and went on board the Resolute to welcome the American commissioners.

The palace of the captain general has been prepared to do honor to the American commissioners.

Good Blood!

Your heart beats over one hundred thousand times each day. One hundred thousand supplies of good or bad blood to your brain.

Which is it?
If bad, impure blood, then your brain aches. You are troubled with drowsiness yet cannot sleep. You are as tired in the morning as at night. You have no nerve power. Your food does you but little good.

Stimulants, tonics, headache powders, cannot cure you; but

Ayer's Sarsaparilla

will. It makes the liver, kidneys, skin and bowels perform their proper work. It removes all impurities from the blood. And it makes the blood rich in its life-giving properties.

To Hasten Recovery.
You will be more rapidly cured if you will take a laxative dose of Ayer's pills each night. They arouse the sluggish liver and thus cure biliousness.

An address of welcome will be delivered, and there will be speeches from prominent citizens. The local Woodmen would be pleased to see the other fraternal lodges in attendance that the occasion may be made the most notable and interesting.

Ex-Lieutenant Ellinger, of the 10th cavalry, says agent the charges that General Shafter should not have sent his men so quickly to the front at Santiago, that had he allowed the men to remain two days inactive, they would have come down with malaria and been unfit for fighting. The trouble was there should have been as many men to forward provisions and supplies as there were men in the trenches fighting.

Professor Cockerell, of the Agricultural college at Las Cruces, and who attended the Horticultural fair in charge of the exhibits from the college, returned south yesterday to Las Cruces.

The professor says the college has begun the academic year successfully and with an excellent attendance, and with the various courses of studies developed in several branches. There is special work planned under Professors Tinsley and Wootton in bacteriology, examination of soils, botany, entomology and allied studies; and Professor Cockerell will be able this year to conduct his researches in entomology to a more profitable purpose than ever. Prof. Townsend, of the experiment station, will also do good work this year in biogeography and systematic entomology. So altogether the educational prospects in Las Cruces are promising. Professor Cockerell lectured ere departing to an appreciative audience on experiment station work.

Professor Perez' band will render the following musical program on the plaza tomorrow evening at 7 o'clock, weather permitting:

March—Hurray for Harrison..... Portello
March—Life is a Dream..... Warren
March—Knights of Columbus..... Zikoff
Hurdy Collection of Serenades..... Keller
The Yale-Oxford Minuet..... Warren Beebe
Gang-let Her-go..... Minkler

A bureau seat, promised by a young Indian girl was taken by mistake from the art exhibit at the fair on Friday afternoon. Please return to this office.

There will be a special meeting of the Woodmen of the World at 2 p. m. tomorrow in their hall, to arrange for the reception of the sovereign commander on Monday.

The fourth game of ball between the Albuquerque Browns and the Santa Fe team was played this afternoon in the presence of a large crowd of spectators. At the close of game the score stood 16 to 11 in favor of the home team.
