SIGNALLY FAILED

Bandits Tried to Hold Up the D. & R. G. Westbound Express Near Husted, Colo.

VERY NERVY TRAIN HANDS

Engineer Turned Steam Loose on the Robbers, and Train Men, Messenger and Passengers Open Up a Fusillade—Robbers Escaped.

Denver, Colo., Sept. 29.—Officials of the Denver & Rio Grande railroad and Denver & Rio Grande Express company are receiving congratulations today over the successful resistance of an attempted robbery of the west-bound express near Husted, Colo., last night.

Engineer Henry Shimm made an emergency stop by bringing the entire train crew to the front as soon as possible. Fireman Frank H. Bennett kicked one robber over, and scrambled to the pilot, with the other robber emptying his revolver after him.

In the mean time, Conductor O. B. Croft, Train Porter Harry Hart, fireman Bennett and the brakemen procured firearms and opened fire. Engineer Himm, of the second engine, eluded the robbers, who had marched him to the express car, ran back to his engine and turned the steam on underneath the cars, driving the robbers from their hiding place.

D. D. Mayo, general manager of the express company, offered a reward of \$500 for each man captured.

In Bad Shape.

Santa Monica Calif., Sept. 29.—Governor A. J. Smith of the soldiers home, who was shot yesterday by an inmate, passed a restless night, and is weaker this morning.

Bound to Kill Royalty.

Buda Pest, Sept. 29.—A man has been arrested at Orsova charged with complicity in the plot to assassinate the King of Roumania. A phial of poison, a dagger, and several other weapons, were found in the man's possession.

THE McINTYRE COURT MARTIAL.

Government Closes, and the Defense Opens—Testimony in Favor of the Accused.

Denver, Colo., Sept. 29.—In the McIntyre court martial today the government rested and the defense opened. State Senator J. B. Schermerhorn testified that the chaplain did not charge dishonesty in the construction of battlements, but said that eastern contractors had an influence with the government and were not as careful in their work as the builders of the Oregon. He testified that the chaplain said, when the Oregon was going into the fight he met the Iowa, with "Fighting Bob" Evans, going the other way. There was nothing contemptuous in the allusion. The witness said the chaplain stated when the fight began, but came up during the fight within signaling distance, explained as four miles, at the surrender of the Colon, and was so reported. Schermerhorn said he had been a personal friend of McIntyre for five years. He believed the chaplain was sick the night of the lecture. Joshua Wilson corroborated Schermerhorn's testimony, except that he stated McIntyre had said Admiral Sampson's flagship was reported within signaling distance at the surrender of the Colon, but he could not see her.

Forest Fires in Wisconsin.

Chippewa Falls, Wis., Sept. 29.—Forest fires are raging to an alarming extent in this section. Only a heavy rain will prevent serious loss. A Wisconsin Central passenger train passed through almost a sea of fire between Bays and Cadott, and passengers say the flames are raging fiercely on both sides of the track, threatening every building within sight.

EUROPE'S MOTHER-IN-LAW.

Queen Louise, of Denmark, Mother of Princesses of Wales, and Royal Matchmaker Extraordinary, is Dead.

Copenhagen, Sept. 29.—Queen Louise, of Denmark, died this morning. She was born Sept. 7, 1817, was daughter of the Landgrave Wilhelm of Hesse-Cassel, and was married May 26, 1844, to Christian, fourth son of the late Duke Wilhelm of Schleswig-Holstein-Sonderburg-Glücksburg, who succeeded to the throne in 1863.

For the last 30 years of her life the queen has exercised such influence on the politics of Europe that she was sometimes called the mother-in-law of the continent. Another title sometimes given her was "Royal matchmaker." The queen has been dangerously ill for several months, but an effort has been made to keep her condition from the public. Her daughter, the Princess of Wales, was summoned to Denmark in haste a few weeks ago.

London's New Lord Mayor.

London, Sept. 29.—Sir John Moore, alderman, has been elected lord mayor of London to succeed Horatio David Davies.

Clothes Line Saved Lives.

Chicago, Sept. 29.—A clothes line attached to a window saved a number of lives today in the four-story apartment building, 201 West Erie street, the fire having cut off other means of egress. A dozen persons, including women and children, slid down the line. Seventeen other people were rescued by firemen with ladders. Five persons were injured by flames or by jumping from windows. The fire broke out in the basement of a drug store, where the burning chemicals made a quick fire, precipitating a panic among the inmates of the building.

ROBBERY AT WAGON MOUND.

Postoffice Broken Into by Masked Men—Booty Amounting to \$500 Taken—No Clue to Robbers.

Special to the New Mexican. Wagon Mound, N. M., Sept. 29.—The postoffice at this place was broken into last night by five masked men and robbed. The amount taken is about \$500. Postmaster Trinidad Romero has advice to the robbers. United States officers are expected on the first train to take up the case.

HIS SWELLED HEAD.

Aginaldo to Inaugurate the Philippine Republic with "An Hurrah Boys" and Heap Big Time.

New York, Sept. 29.—A dispatch to the Herald from Manila says: At Mololos tomorrow, Aginaldo will formally inaugurate the republic of the Philippines by a great celebration. Invitations have been extended to the principal army officers and newspaper correspondents here. Thousands of natives will attend. The "Dictator" will review the army, and probably issue proclamations to the nations of the world setting forth the intentions of his government.

TERRIBLE FIRES

Are Burning Up the Forests of Western Colorado—Settlers Say the Utes Started the Fires.

Denver, Sept. 29.—Forest fires west of the divide are beyond control, and settlers are fleeing for their lives. Thousands of cattle will probably perish. Gore range is on fire for more than 100 miles. It is the belief of settlers that the Indians started the fires in revenge for not being allowed to hunt in Colorado.

There are serious fires also in the southwestern part of the state. One is threatening the mining town of the Holy Cross near Red Cliff.

NEW YORK DEMOCRATS NOMINATE

Augustus Van Wyck, of Brooklyn, for Governor—Mention of Bryan's Name Raises Great Excitement and Enthusiasm.

Syracuse, N. Y., Sept. 29.—It was announced this morning from Croker's headquarters that the New York and Kings county delegations had united on Augustus Van Wyck, of Brooklyn, brother of Mayor Van Wyck, of New York, for governor, and the mayor would be withdrawn.

When the convention assembled M. Z. Haven nominated Mayor James K. McGuire, of Syracuse, for governor, and Judge S. S. Taylor, of Chemung, presented John B. Stanchfield, William F. Mackie, of Erie, nominated Judge Robert C. T. Hays, Andrew McLain, of Kings, presented Augustus Van Wyck. The mention of William Jennings Bryan by Thomas Carmody, in seconding the nomination of Stanchfield, produced a great demonstration. Delegates stood on their chairs waving their hats and coats. One man grabbed a Cuban flag from the decorations and waved it amid the wildest excitement.

The vote for governor as announced was: Van Wyck, 350; Titus, 41; McGuire, 21; Stanchfield, 39. Elliott Danforth was unanimously nominated for lieutenant governor; George W. Batten, secretary of state; Edward S. Atwater, comptroller; Thos. F. Conway, attorney general; Martin Schenck, state engineer.

The platform declared: "The scandalous abuse by the president of his power of appointment in scattering army commissions among inexperienced, incompetent civilians as rewards to personal favorites, and that to the exclusion of experienced officers in the service, is largely accountable for the suffering and appalling loss of life among the gallant soldiers, and has brought disgrace upon the administration and a sense of shame to this nation."

COAL MINERS INTENSELY EXCITED

Streets of Pana, Ill., Filled with Armed Men; Only a Spark Necessary to Explode the Magazines.

Pana, Ill., Sept. 29.—Intense excitement prevailed here today as the result of a street riot last night between imported negro miners and union miners. The principal streets are filled with miners and citizens armed to the teeth. A negro arrested last night after attempting to take Policeman "Pat" Sullivan with a knife failed to appear in court today for trial. Mine Operator George V. Penwell, who gave bail for the negro, also failed to appear. Warrants were issued today for all negroes concerned in the riot. How many negroes were wounded cannot be learned as no one is permitted to enter the negro stockades, and the operators refuse to give information. H. E. Bishop, a by-stander, is the only white citizen wounded.

Investigating Committee at Work.

Washington, Sept. 29.—The war investigating committee confined itself largely today to the examination and classification of complaints by letter to the president, mostly from the relatives of enlisted men. The letters relate especially to food served the soldiers and hospital accommodations. Circular letters have been sent to writers of all the letters asking them to make their charges specific. General Wheeler is expected to be among the first witnesses called.

THE OBSTRUCTIONS

That Spanish-American Commission Will Have to Meet Set Forth by the Paris Press.

WHAT UNCLE SAM DEMANDS

Not Much Show for Spain, Which May Throw Up the Whole Philippine Question in Diagnos and Quit!

Paris, Sept. 29.—The United States peace commission held another session this morning, after which, accompanied by United States Ambassador General Horace Porter, they drove to the foreign office, where the commissioners breakfasted with the Spanish commissioners.

The French newspapers continue to comment upon the difficulties the commission will have to face by reason of their divergent instructions, beyond which, it is said, they cannot go. Gil Blas says: "The Spanish government has given its commissioners very precise instructions. They are to do their utmost to have it admitted that there can be no question disputing the rights of the Spanish sovereignty over Manila, the Island of Luzon and the rest of the archipelago, outside of the naval stations which Spain will cede at the Marianna Islands."

On the other side, the American commission, before leaving, President McKinley, received from him very precise instructions, from which the commissioners cannot depart. Following is the text of their instructions: "First, Spain cedes absolute sovereignty over the whole of the Island of Luzon; second, the other islands of the archipelago are to be placed under the dominion of Spain on condition that a liberal government is accorded to their inhabitants; third, a complete separation of church and state in the Philippines; fourth, Spain cannot cede any of the other islands in the group to any foreign power without America's consent; fifth, the United States shall enjoy, for all time, the same commercial privileges as the most favored nations, not excepting Spain herself." Gil Blas continues: "It is therefore to be feared that for unhappy Spain the negotiations will give the first of October which no satisfaction."

Keep Coughing. We know of nothing better to treat the lining of your throat and lungs. It is better than wet feet to cause bronchitis and pneumonia. Only keep it up long enough and you will succeed in reducing your weight, losing your appetite, bringing on a slow fever and making everything exactly right for the germs of consumption. Stop coughing and you will get well.

Ayer's Cherry Pectoral. It will aid the action of the Cherry Pectoral. If you have any complaint whatever and desire the best medical advice, send for a copy of our little book, "The Coughs of Bronchitis are soon completely mastered. And, if not too far along, the coughs of consumption are completely cured. Ask your druggist for one of Dr. Ayer's Cherry Pectoral Plaster.

LINCOLN COUNTY REPUBLICANS.

Strong County Ticket Nominated—The Right Kind of Resolutions—Delegates to Albuquerque.

The Lincoln county Republicans held their convention at Lincoln, September 29. Colonel G. W. Pritchard was elected as permanent chairman and William M. Clute permanent secretary. Geo. D. Sena was chosen as chairman of the county central committee.

The convention adopted the following resolutions: We, the Republicans of the county of Lincoln, in convention assembled, reaffirm our faith in the declaration of principles set forth in the national Republican platform of 1896, and of the Republican platform of this territory in the same year; and it is with pride that we can again point to the fact that under a Republican administration, industries of all kinds have been revived, and protection has been given by Republican legislation to the people's interests in this territory.

We cordially approve of the administration of President McKinley, as being just and wise, and for the policy he has adopted in both domestic and foreign affairs. We most heartily endorse the Dingley tariff law, enacted by a Republican congress, under which the sheep, wool and live stock interests of this territory have been given the fullest protection, and the wealth of the territory has been increased many millions of dollars. It is with much satisfaction that we contrast a Republican administration with a Democratic one in regard to these interests.

The money question has been virtually settled by the good times given us by a Republican administration, and we call on all good citizens who believe in these principles to join us in the election of a delegate to congress, and of our county officers at the coming election.

The following ticket was nominated: Sheriff, Demetrio Perea; probate clerk, Ysidro Analla; assessor, Benj. F. Gimuz; superintendent of schools, William M. Clute; probate judge, W. F. Blanchard; collector and treasurer, R. Michaelis; county surveyor, J. H. Lucas; commissioners, Alfredo Gonzales, Bernard Cleves, Estolano Sanchez. The following delegates to the territorial convention were chosen: G. W. Pritchard, Timoteo Analla, Agustin Chavez, Manuel Ortega and Emilio Rocco. Monument to Lafayette.

Governor Otero has received a letter from Ferdinand W. Peck, commissioner general for the United States to the Paris exposition, outlining a plan for the securing of funds for the purpose of erecting a monument to the memory of General Lafayette, assessor, Benj. F. Gimuz, superintendent of schools, William M. Clute; probate judge, W. F. Blanchard; collector and treasurer, R. Michaelis; county surveyor, J. H. Lucas; commissioners, Alfredo Gonzales, Bernard Cleves, Estolano Sanchez. The object of the commission has in view one that will appeal to the patriotism of every American, and so soon as further particulars are received by Governor Otero concerning the collection of subscriptions, the general public will be informed.

For this purpose a special commission has been formed to secure the necessary funds through the agency of the schools of America, and it is proposed to build and complete the monument in time for unveiling and dedication July 4, 1899, at the Paris exposition. The letter is also an appointment of Governor Otero as an honorary vice president of the special commission to take charge of the work of the commission in New Mexico.

The executive committee, in whose charge the work of raising the necessary funds and erecting the monument will be placed, is composed of some of the most prominent men in the United States, among others being Secretary of State Day, Archbishop Ireland, Rev. Edward Everett Hale and Dr. W. T. Harris, United States commissioner of education. The output of the Hillsborough gold mines for the week ending Thurs day, September 22, 1898, was: Wicks, 25 tons; K. K., 20 tons; Richmond, 35 tons; Snake group, 85 tons; Opportunity, 25 tons; Sherman, 5 tons; Cincinnati, 29 tons; Trippe, 75 tons; Rex (silver-lead), 10 tons; total, 280 tons. Total output since January 1, 1898, 6,690 tons. The Kingston smelter will resume work in the near future. C. T. Barr, a "Rough Rider," is reported as having made a rich strike in his Ranger lead-zinc mine in the Carpenter district. A rich strike is reported at the Brush-heep mine near Kingston.

Sierra County. The output of the Hillsborough gold mines for the week ending Thurs day, September 22, 1898, was: Wicks, 25 tons; K. K., 20 tons; Richmond, 35 tons; Snake group, 85 tons; Opportunity, 25 tons; Sherman, 5 tons; Cincinnati, 29 tons; Trippe, 75 tons; Rex (silver-lead), 10 tons; total, 280 tons. Barr, a "Rough Rider," is reported as having made a rich strike in his Ranger lead-zinc mine in the Carpenter district. A rich strike is reported at the Brush-heep mine near Kingston.

NEW MEXICO MINES. The Santa Rita copper mines are sending 20 tons a day to the Silver City reduction works. The shaft of the Texas mine near Silver City has been sunk 415 feet, and the new mill is about ready for operation. The Confidence mine in Grant county is producing 80 tons of ore per day, which is milled at the company's mill at Whitewater. The Copper Queen mine at Cooney has suspended operations owing to the ore being too hard to mine, and of too low a grade to pay for working. Four copper claims on the western slope of the Santa Rita mountain, viz: The Aida, Nelly, Mary Ann and Magdalena, are yielding ore assaying 27 to 39 per cent copper and 17 ounces silver. A. B. Laird and the Nelson brothers have just shipped 23 tons of lead ore from the old Willis mine near Silver City. The ore runs 47 per cent lead and 20 ounces silver. They have also uncovered a large body of copper ore assaying 13 per cent copper and 8 ounces silver.

NEW MEXICO DAY at Trans-Mississippi Congress Oct. 10th. For above occasion the D. & R. G. railroad will sell tickets to Omaha and return at the low rate of \$30.15 for the round trip. Selling date Oct. 7th good to return until Oct. 17th. For further information address the undersigned. T. J. HELM, General Agent.

Royal makes the food pure, wholesome and delicious. ROYAL BAKING POWDER Absolutely Pure. FOR SALE BY H. B. CARTWRIGHT & BRO. QUAPAW INDIAN SCHOOL.

Professor Lamar, Formerly Resident of Santa Fe, in Charge—Has Won Confidence of the Indians.

The Cherokee County Republican, published at Baxter, Kan., in speaking of the opening of the Quapaw Indian school at that place has some very pleasant words to say concerning Professor and Mrs. C. H. Lamar, formerly connected with the government Indian school in this city. Prof. Lamar is in charge of the school and Mrs. Lamar occupies the position of principal and instructor of music. The school opened this year with the largest enrollment it ever had on the first day, and in less than two weeks the attendance was 94, which was within four of the total capacity of the buildings. Continuing the Republican says: "When we stop to think of the magic like way in which this school has filled up, and the business like manner in which every department took up the work for the year, our mind is naturally directed to the cause. Prof. Lamar, by his gentlemanly and business like methods, has won the confidence of the Indians, and by their quick intuition they recognize that their interests are in the hands of a man who will spare no trouble or pains to advance them."

The Confidence mine in Grant county is producing 80 tons of ore per day, which is milled at the company's mill at Whitewater. The Copper Queen mine at Cooney has suspended operations owing to the ore being too hard to mine, and of too low a grade to pay for working. Four copper claims on the western slope of the Santa Rita mountain, viz: The Aida, Nelly, Mary Ann and Magdalena, are yielding ore assaying 27 to 39 per cent copper and 17 ounces silver. A. B. Laird and the Nelson brothers have just shipped 23 tons of lead ore from the old Willis mine near Silver City. The ore runs 47 per cent lead and 20 ounces silver. They have also uncovered a large body of copper ore assaying 13 per cent copper and 8 ounces silver.

NEW MEXICO MINES. The Santa Rita copper mines are sending 20 tons a day to the Silver City reduction works. The shaft of the Texas mine near Silver City has been sunk 415 feet, and the new mill is about ready for operation. The Confidence mine in Grant county is producing 80 tons of ore per day, which is milled at the company's mill at Whitewater. The Copper Queen mine at Cooney has suspended operations owing to the ore being too hard to mine, and of too low a grade to pay for working. Four copper claims on the western slope of the Santa Rita mountain, viz: The Aida, Nelly, Mary Ann and Magdalena, are yielding ore assaying 27 to 39 per cent copper and 17 ounces silver. A. B. Laird and the Nelson brothers have just shipped 23 tons of lead ore from the old Willis mine near Silver City. The ore runs 47 per cent lead and 20 ounces silver.
