### MURDERED FOR HIS MONEY.

T. C. Morris, Seventh Day Adventist Preacher, Slain in Gold Blood—Suspected Assassin Arrested.

T. C. Morris, a Seventh Day Adventist preacher and thimble peddler, was foully murdered the other night on the Trinchera river, six miles south of the Colorado state line in Colfax county. Deputy Sheriff Coker and Deputy City Marshal O'Connor, of Eaton, have returned from investigating the affair. Report that Morris was shot in the back after which the murderer rifled the dead man's pockets, securing \$55 therefrom. The bullet entered under the right shoulder blade, came out at the left side and fell into the nearest vest pocket, showing that the murderer was lying in ambush at the side of the road and fired at the peddler as the latter was walking in the middle of the roadway. The officers arrested Ramon Chacon, who was found not far off from the scene of the deed, and they say they have evidence to convict him of the crime.

### Hallowe'en.

The boys around town did not forget last night that it was Hallowe'en, and got in their work accordingly. Gangs of them traversed the city between 8:00 p. m., and midnight, and by the light of the cold, pale moon lifted gangs, turned over fences, upset the settees in the plaza, pulled over barbers' poles, transferred signs in the most incongruous fashion, pulled up gutter crossings, fastened tick-tacks to front doors and did as much mischief as they could in a small way.

A real estate sign, "For sale, inquire of George Knaebel" was nailed up in front of slaughterer's barber shop, and his striped pole was pulled up by the boys. Dr. M. White's sign was wrenched off the wall and taken down onto Water street for ornamentation there. A crowd of boys on the south side, had regular scouts out, and wherever the road was clear they turned things topsy-turvy.

### MINOR CITY TOPICS.

Trade in the local stores has been very brisk today, and purchasers seemed to have plenty of money.

Yesterday, the thermometer at the local weather bureau registered as follows: Maximum temperature, 57 degrees, at 5:10 p. m.; minimum, 34, at 4:00 a. m. The mean temperature for the 24 hours was 46 degrees; mean daily relative humidity, 29 per cent.

This remarkably fine fall weather is winning for Santa Fe the deserved compliments of all who pass through this city.

A. C. Ireland has bought him one of the most complete ranges ever brought into the territory for a private house. It is on exhibition at Goebel's. Mr. Goebel has also imported a very nobby penant roaster that is really quite swell, and which is now in full action at Walker's store.

Isiah Ashford, aged 73, a well known colored citizen of this city, died this morning of pneumonia. He was for many years a resident here, and formerly worked at the Palace hotel and at the gas works. He leaves two sons, Alonzo, who was a packer in Cuba, and Augustus, who is now living in Denver. Arrangements for the funeral are in progress this afternoon. Gus Ashford wired Undertaker Wagner this morning that he would leave for this city from Denver on the first train, to attend his father's funeral.

## Scrofula to Consumption.

Any one predisposed to Scrofula can never be healthy and vigorous. This taint in the blood naturally drifts into Consumption. Being such a deep-seated blood disease, Swift's Specific is the only known cure for Scrofula, because it is the only remedy which can reach the disease.

Scrofula appeared on the head of my little grandchild when only 18 months old. Shortly after breaking out it spread rapidly all over her body. The sores on the sores would peel off on the slightest touch, and the odor that would arise made the atmosphere of the room sickening and unbearable.

The disease next attacked the eyes, and we feared she would lose her sight. Eminent physicians from the surrounding country were consulted, but could do nothing to relieve the little innocent, and gave it as their opinion that the case was hopeless and impossible to save the child's eyesight. It was then that we decided to try Swift's Specific. That medicine at once made a speedy and complete cure. She is now a young lady, and has never had a sign of the disease to return.

Scrofula is an obstinate blood disease, and is beyond the reach of the average blood medicine. Swift's Specific

S.S.S. For Blood

is the only remedy equal to such deep-seated diseases; it goes down to the very foundation and forces out every taint. It is purely vegetable, and is the only blood remedy guaranteed to contain no mercury, potash or other mineral substance whatever.

Mrs. Amelia Johnson, sister of Mrs. D. L. Miller, died this morning at 8 o'clock at the residence of her sister near the Guadalupe church, from quick consumption, in the 32nd year of her age. Mrs. Johnson came to this city four years ago from Mankato, Minn., to reside with her sister, and has been here since. She has not been for some time in the best of health, but until a week or 10 days ago was not thought to be really ill. Arrangements for the funeral are now in progress. The husband of the deceased was killed by accident in a Montana mine seven years ago. Mrs. Johnson leaves a little girl, Vera May, aged seven.

General Hobart has received returns from the agricultural college, where he sent for analysis a sample of sugar beets raised on his Espanola ranch. The saccharine matter amounted to 18.3 per cent, which is encouraging. A second lot will be forwarded this week for analysis, and Captain Day will also send another lot from his Santa Fe ranch for examination. The captain expects to find a larger percentage of saccharine matter in his beets this month on account of the advance in the season and consequent maturity of his crop. At Espanola the land is lower than around this city and therefore warmer, so that the beet crop is planted earlier and reaches maturity sooner.

### POLITICAL GOSSIP.

Thos. S. Hubbell and Thos. A. Finical, candidates for sheriff and territorial council respectively on the straight Republican county ticket, returned last Saturday night from a political trip to the Cochiti district. They state positively that the Republicans will get a big vote in that district.—Albuquerque Citizen.

The colored citizens of Albuquerque have organized a Republican club, with W. B. Johnson as president and Charles Lykes secretary. The membership of the club is increasing.

The reports received at Republican headquarters from the northwest and northeast counties in the territory are very encouraging indeed. It looks blue for the great straddler and free trade protectionist, Mr. Ferguson. If Colfax county gives him 300 majority, it will be doing grand things for him, and in Mora he will think that a cyclone was about and playing havoc with Democratic votes on election day.

The New Mexican is reliably informed, that Santiago P. Ascarate has withdrawn from the Democratic ticket as a candidate for representative from the counties of Dona Ana and Grant, and that the Democratic campaign bosses have substituted the name of John P. Casey, of Las Cruces, in his stead and that the tickets are printed accordingly. This deal was kept very quiet in order not to arouse any more antagonism to the Democratic tickets in those counties, as that is already very strong indeed. Here is a pointer to the Republican managers of those counties, that they should take advantage of it at once.

Reports from Union county are to the effect, the Republicans expect to carry that county by from 100 to 150 majority. Mr. Ferguson's visit through the county and the bundle left there for the securing of Democratic votes do not seem to have been of as much avail as the Democratic bosses calculated on.

Hon. H. B. Ferguson was in Bland Sunday, in Albuquerque yesterday, and today he is in Santa Fe county. He is writing many letters throughout the territory, saying that he is a strong protectionist and in favor of a protective tariff, but that will not save him, as it is well known that this plea is one of expediency only and simply made for the purpose of catching votes.

Hon. Pedro Perea has spent the past two days in Bernalillo county canvassing the county. It is believed that the embargo existing in that county concerning the creation of a new county out of the western part of Bernalillo and Valencia counties will be satisfactorily arranged. If this happens, and it is believed it will, Bernalillo county will give a very handsome majority for the entire Republican ticket.
