THE SPANISH REPLY

Took American Translators All Night to Put It in an English Dress.

STILL CLAIMS PHILIPPINES

No Telling When Negotiations Will End, But the Administration Appears to Be in a Highly Hopeful Mood.

Paris, November 17.—The clerical force of the peace commission was busy nearly all night translating the Spanish memorandum presented at yesterday's joint session. While the translators and typewriters were rendering the Spanish argument into printed English, the counsel of the American commission studied it sheet by sheet, making notes of records to be examined in points bearing on the matter in hand. So, when the Americans gathered for the daily session today, the Spanish presentation lay before them in English, accompanied by data bearing upon it.

No unofficial person knows the contents of the document presented by the Spanish commissioners yesterday, but it is safe to assume that, added to her insistence on reserving Philippine sovereignty and a proposition to arbitrate the construction of the third article of the protocol, Spain made two other important statements:

First, that on the high ground of financial probity she cannot allow any discussion here on the validity of her action pledging the resources of the Philippines for payment of the Philippine debt.

Second, that in connection with the American proposal to reimburse Spain for her expenditures in the Philippines, she cannot admit of any inquiry as to how she spent the proceeds of the loans based on the Philippine pledge.

If Spain assumed this attitude, she practically compels the American commissioners to consider at least the entire Philippine debt and its assumption by the United States or the Philippine islands as condition to Spain's amiable surrender of her sovereignty over the islands. It is difficult to understand how the Americans can reply to this in any other manner than by strictly outlining their position and giving the Spaniards time limit in which to accept the propositions of the United States. But the American commissioners may patiently continue their endeavors to arrive at an amicable understanding of the subject.

M'KINLEY HOPEFUL.
Washington, Nov. 17.—The administration feels encouraged over the outlook for a successful termination of the labors of the peace commissioners at Paris. Whether renewed confidence is based upon an abstract of the Spanish reply submitted at yesterday's meeting, or is founded upon private advice indicating a weakening of the Spanish position, is not known. No doubt both of these had an influence in brightening the prospects.

CAUGHT AFTER TWO YEARS.
An Alleged Iowa Murderer is Trained and Finally Located and Captured in Nebraska.
Ottumwa, Ia., Nov. 17.—Jo Wolverton, after successfully eluding for two years the officers who wanted him for the mysterious murder of Mary Gillilan, was lodged in Osceola jail today by Sheriff Linkinbills who captured him at Maynard, Neb., living under the assumed name of Great Wolferton, was seen with the murdered woman late on the night of the crime. He says he knew he was suspected, but had no way to prove his innocence, and so ran away.

Indian School Teacher Transferred.
Washington, Nov. 17.—J. W. Travis, teacher in Koenig's Canon, Arizona, Indian school, has been transferred to the Albuquerque N. M. school to be principal teacher.

"They're Still Talking."
Washington, Nov. 17.—Dr. Forwood testified before the war investigation commission today; concerning the conditions at Montauk Point where he was chief army surgeon. During the first 30 days in the camp's history 9,000 patients were treated. There were always 50 to 500 vacant beds. Speaking of shortage in nurses, he said there was a considerable number of hospital corps men trained in the post hospitals before the women nurses arrived. This was a limited training, but it rendered the men much more efficient than they otherwise would have been.

THIS IS UNPLEASANT.

Reports from Manila Say American Soldiers Are Dying Off at 100 a Month—Nearly 200 Lepers at Large.
Vancouver, Nov. 17.—Chinese advices by the steamer empress of China say that disquieting news has been received as to the health of American troops at Manila. In addition to the great amount of fever prevailing, malignant small pox has appeared. Deaths in the hospitals average about 100 soldiers each month.

Through neglect of the Spanish officials, nearly 200 lepers have escaped confinement. For the time this was unknown to the American authorities and the outcasts were allowed to wander at large. However orders have been issued to arrest all lepers and send them to the small uninhabited islands southeast of Luzon.

READY TO EXPLODE.

Havana a Hot Bed of Intrigue, Conspiracy and Revolution; and American Troops Needed There Daily.

Havana, Nov. 17.—The prompt removal of most of the Cuban Public leaders in last week's revolt has restored quiet, temporarily at least. Still there is a very bitter feeling among the soldiers against the government. They will kill General Armas at the first opportunity, and another outbreak is entirely probable. Should one occur, Cuban insurgents under General Menocal will march into the city to protect the Americans, who are indignant at the delay of American occupation of the city with troops.

GETTING READY TO MOVE.
Washington, Nov. 17.—The movement of United States troops to Havana province will begin within 10 days. The occupation of Cienfuegos is also receiving attention. General Snyder will command the 1st brigade, which lands in that province to be followed soon afterwards by General Wilson and the 1st corps.

Depositors Fully Protected.
Washington, Nov. 17.—A telegram has been received by Mr. Dawes, comptroller of the currency, from the receiver in charge of the First National bank at Emporia, Kans., saying so far the investigation has developed irregularities in the reverse accounts amounting to \$50,000. Fifteen thousand dollars, in cash accounts of the bank are invested in doubtful enterprises controlled by the President Cross, the total of these investments amounting to approximately \$150,000. It is thought by officials in the comptroller's office that although the capital and surplus of the bankers are entirely wiped out, the bank depositors will suffer little if any loss.

Seattle the Convention City.
St. Paul, Nov. 17.—The post executive committee of the W. C. F. U. today decided upon Seattle as the place for holding the convention on next October.

Will Fix the Responsibility.
Washington, Nov. 17.—The secretary of the navy has ordered a court of inquiry to meet the Norfolk navy on Tuesday to investigate the abandonment of the Spanish cruiser Maria Teresa, to determine the necessity and responsibility therefor.

Willie Won't Dally in Spain.
Berlin, Nov. 17.—An official telegram from Valetta, Island of Malta says that the emperor and empress of Germany sailed for Pola on the northern end of the Adriatic sea whence they will travel overland direct for home. The emperor decided upon this course because the temperature of the Mediterranean became considerably colder and dangerous to the health of the empress.

B. & O. Reorganization.
Baltimore, Nov. 17.—The last obstacle to the reorganization of the Baltimore & Ohio railroad has been removed by the sale of the first preferred stock, pooled with the Mercantile Trust & Deposit company of Baltimore, to Johns Hopkins University, State of Maryland and others. The purchasers are managers of the New York reorganization committee.

The Collapsed Kansas Bank.
Emporia, Kans., Nov. 17.—The streets were crowded today with depositors of the closed First National Bank, whose president Charles S. Cross, took his life soon after that institution was taken charge of by the receiver. There was little excitement however. The coroner's inquiry showed that the collapse of the bank was a surprise to President Cross, and the resolution to take his life was formed and carried out within an hour. Cross carried from \$60,000 to \$70,000 life insurance. The bank will not resume business. The assets left by President Cross are the Sunny Slope stock farm, and a cattle worth probably \$150,000 at a forced sale.

The Younger Tyng is Dead.

Memphis, Nov. 17.—The national quarantine convention assembled today with 150 delegates present, others arriving on each train. The majority are from the southern states more affected by yellow fever visitation. The subject with which the convention is to deal is, how to provide an efficient quarantine to protect the states from invasion from infested countries and contagious diseases. Chairman J. S. Menkin of the local committee called the convention to order. General Luke E. Wright, of Tennessee, was named as permanent president.

POLITICAL GOSSIP.

The official returns show that Mr. Ferguson's majority in Lincoln county is 74. This is quite a come down from 265 two years ago.

Hon. Pedro Sanchez, member-elect from Taos county, will be a candidate for speaker of the house of representatives of the assembly. He has served four terms in the legislative council, three terms as president thereof, and three terms in the house, twice as speaker of that body. He is a very experienced parliamentarian and legislator and a very bright man all around. The fight he will make for the speakership will be a good natured contest and upon the plea that northwestern New Mexico, having done so well for the Republicans in the last election, is entitled to recognition.

The Republican legislative delegation of Bernalillo county will present the name of W. T. McCright, the energetic business manager of the Daily Citizen, for territorial printer. It will be a friendly contest with our friends at Santa Fe for the position. If Mr. McCright is elected he will faithfully discharge the duties of the position. If he is defeated there will be the satisfaction that a deserving representative of the New Mexican will receive the office.—Albuquerque Citizen.

The Republicans have elected full boards of county commissioners in the recent elections in 13 out of the 18 counties in the territory. Right good results these.

Appointment by the Governor.

Governor Otero has appointed S. G. Cartwright a member of the capital rebuilding board to fill the vacancy caused by the resignation of A. Staab; Charles Wilson, of Roswell, a member of the board of regents of the New Mexico Military Institute, for the unexpired term of John W. Poe, who has resigned; A. W. Purcell, a game warden for Dona Ana county, as it has been reported to the governor that hunters are killing game in the Sacramento mountains and shipping it to El Paso.

Governor Otero has appointed Austin L. Kendall, of Cerrillos, Santa Fe county; Otto Dieckman, Albuquerque; Bernalillo county; John S. Rogers, Farmington, San Juan county; Cecilio Rosenswald, Las Vegas, San Miguel county, notaries public in and for their respective counties.

Does Your Head Ache?

Are your nerves weak? Can't you sleep well? Pain in your back? Lack energy? Appetite poor? Digestion bad? Boils or pimples? These are sure signs of poisoning.

From what poisons? From poisons that are always found in constipated bowels.

If the contents of the bowels are not removed from the body each day, as nature intended, these poisonous substances are sure to be absorbed into the blood, always causing suffering and frequently causing severe disease.

There is a common sense cure.

AYER'S PILLS

They daily insure an easy and natural movement of the bowels. You will find that the use of Ayer's Sarsaparilla with the pills will hasten recovery. It cleanses the blood from all impurities and is a great tonic to the nerves.
