A BRAVE AMERICAN

Mr. Scott Rescued a Spaniard from a Mob of Armed Tagal Insurgents.

AGUINALDO HIDES IN HILLS

Madi, a Bitter Opponent to the Foolish Rebel Chief, Empowered with the Task of Forming a New Filipino Cabinet.

Manila, Dec. 27.—A steamer from Samar reports that the Tagal insurgents have been in possession of Kalbaon since December 11. Business is entirely suspended and all Spaniards have refuge in the house of an American named Scott. One Spaniard was shot and another was pluckily rescued by Scott, who rode 15 miles and demanded the man's release in the face of an armed mob of Tagals, who had been looting the Visayas stores and houses, the leaders of the insurgents being unable to control them. All efforts to induce the Visayas to join the revolution had been fruitless. The situation here is serious. The formation of a new cabinet has been entrusted to a Filipino named Madi, who is a bitter opponent of Aguinaldo, especially on the question of Spanish prisoners.

FEARS ASSASSINATION.
It is reported that Aguinaldo has refused to release the Spanish prisoners held by him without the Philippine cabinet decides to accede to the request of General Otis for their release. It is rumored that Aguinaldo fled to an inaccessible region back of Cavite with a few followers, fearing assassination. This report was denied, but his sudden change of base is not explained. An expedition, commanded by General Miller, left for Iloilo, the capital of the island of Panay. It consisted of the 18th infantry, Iowa battalion, 6th artillery, and a detachment of the signal corps. The troops were shipped on the transports Arizona, Newport and Pennsylvania and conveyed by the United States cruisers Baltimore and Callao.

BIG DEAL CLOSED.

Eastern Capitalists Will Open the Extension to the United Verde and Treat the Product at the Mine.

New York, Dec. 27.—Fourteen claims adjacent to the great copper mine of W. A. Clark in Arizona have passed into the hands of eastern capitalists. Franklin Farrell, of Ansonia, Conn., L. J. Geulich and W. H. Cos. of this city, are the principal members of the syndicate of purchasers. G. W. Hull, of Arizona, was the principal owner of the property sold. He was represented by James Shirley, a mining engineer of Prescott, A. T. The property is located in Jerome, Yavapai county, Arizona, and is known as the United Verde extension. Clark's property, the United Verde, is regarded as one of the greatest copper mines in the world, as it pays its owners about \$200,000 monthly. The new property transferred here is about of the same extent as the United Verde, and is said to carry copper ore of equal value. It is the intention of the purchasers to convert the ore into crude copper at the mine and ship the product to copper refining establishments in Bridgeport and Ansonia, Conn.

ARMY NOT IN IT.

Does Not Favor the Coup d'Etat Plan of the Revolutionary Socialists.

London, Dec. 27.—Special dispatches from Paris say: In view of the daily preparations for a coup d'etat, the revolutionary socialists have organized a vigilance committee for each district, charged with the detection of any anti-republican movement. Counter preparations are also being made. Officers of the higher ranks in the army are said to have been sounded on the subject of a coup d'etat, but the results were disheartening.

To Establish Headquarters.

Savannah, Ga., Dec. 27.—Major General Warren Keefer and headquarters officers of the 1st division 7th army corps departed on the United States transport Panama for Havana, where Keefer will establish headquarters. A large crowd at the dock cheered the departing general.

NEW YORK IN LINE.

A Holiday Fire Occurs in the Historic Pacific Bank Building.

New York, Dec. 27.—Fire broke out in the third floor of the historic Pacific Bank building on Broadway today. The upper floors are occupied by P. Goldman, manufacturer of spring top uniform caps. The first floor and basement are occupied by the Pacific bank. The fire spread with great rapidity and cut off all means of exit. Two men were taken out by the hook and ladder company. A water tower somewhat checked the flames, but the third and fourth floors are gutted. All the occupants of the building escaped in safety. The employees of the Pacific bank placed the valuables in the safe and closed it, then carried all loose papers to an adjoining building. The damage to the building is placed at \$500,000, but the loss on the stock on the upper floors is heavy.

DIS-JOINTED.

Ablene, Kan., Dec. 27.—Citizens of Woodbine blew up with dynamite the building in which a "joint" started a week ago. Everything was destroyed, the timbers of the building being thrown for rods. Eight Shoe Factories in Massachusetts Resumed Operations Today—Strikers Deserted the Unions and Returned to Work.

Marlboro, Mass., Dec. 27.—Eight shoe factories that were involved in the general strike of the shoe workers were opened today to such as chose to accept work independent of the unions. At the factory of J. A. Frye & Co., which employs 400 hands, all the cutters returned and there were 100 hands working in the various departments. The cutters in the Scouting avenue factory went to work, but there were but few hands in the other departments. At the four factories of the S. H. Howe Shoe Company no effort was made to resume operations.

SWIFT COMPANY "BEEPS"

About Miles' Testimony Before the Investigation Commission Regarding Character of Meat Furnished.

Washington, Dec. 27.—The Swift Beef Company, of Chicago, has forwarded to the war investigation commission a communication, taking exception to the reflections made by General Miles regarding the character of the beef furnished the expeditionary forces during the war. Exceptions are also taken to this feature of Miles' testimony by Commissioner General Egan. The matter will be taken up by the commission at the next full session. This question of the character of the beef supplied may possibly open up rather a prolonged inquiry unless something unexpected should develop. However, the commission expects to close the regular session before the middle of January and will probably finish up the work entirely by February 1.

BIG KANSAS FAILURE.

Bankers Plunge in the Cattle Business and Lose Heavily.

Ablene, Kan., Dec. 27.—Word has reached Ablene that Catlin Brothers, bankers and extensive stock feeders, of Miltonvale, failed with liabilities amounting to \$300,000 to \$500,000. Their bank closed Saturday. Catlin Brothers have been feeding 25,000 head of cattle and are said to have lost heavily. The impossibility of securing extension on matured cattle paper is said to be responsible for the failure. It is said that the failure will cause a heavy loss to several commission houses of Kansas City, through whom Catlin Brothers floated much paper.

NEW ORDER CABLED.

Will Not Send the Oregon and Iowa to the Philippines.

Washington, Dec. 27.—Orders have been cabled the Navy department to Captain Barker, commanding officer of the little fleet of battleships and supply vessels now at Callao to remain there until January 10 next. It is probable that the original intention of sending the Oregon and Iowa to Manila will be abandoned.

The only buildings excepted in the order are the government offices. WANTS A BURRO.

Frank Dettelbach Writes of Camp Life and Work with the 1st Territorial Regiment—Practice Marching.

Concerning the work the boys in the 1st territorial regiment are doing at Camp Churchman, Frank Dettelbach has written home as follows: "Camp Churchman, Albany, Ga., Dec. 18.—We had a practice march last Thursday to a place called Blue Springs, and back, a distance of about 14 miles. We left camp at 8 o'clock in the morning. Our battalion was in the center and company G carried the colors. We passed in review through the town and the Albany Herald, in speaking of us, says: 'The 1st territorial regiment, whenever it appears, always makes a splendid showing, and is considered one of the best regiments in the volunteer service.'"

When Blue Springs was reached, camp was pitched and dinner cooked. Besides the blanket and poncho, each one of us carried half a stuffer tent. The weight of our whole equipment, including gun, was probably about 25 pounds. I wish you would send me a burro to pack it all. At 2 o'clock in the afternoon camp was broken and we started for Camp Churchman, arriving there at 4:07, making the seven miles in two hours, just one hour less than the 2d Missouri. The boys were pretty well tired out when camp was reached, although the march was enjoyed. We were all to bed early that night. It is rumored about camp that we are to make a march to Ginton next Thursday, 12 miles from Albany.

We are all very much in hopes, judging from rumors about that, that it will not be very long before we will be mustered out of the service.
