A Fake Mining Scheme.

B. Y. McKee, E. Pennington and W. C. Willis, of Deming, have written Territorial Secretary Wallace that they are not directors and have no connection with the Spenazuma Mining Company, which about a week ago filed an amendment to its incorporation papers at the secretary's office increasing its capital to \$10,000,000, and gave the names of the directors of the company when it was organized, but resigned when it proved to be a fake. This is the company which Governor Murphy, of Arizona, officially exposed, after it had sold much stock in the east, although its property in Arizona was valueless. It incorporated both in Arizona and New Mexico. The eastern directors made a plunge by going to Arizona in a special car. It is alleged that one of their claims was salted for the visit.

THE DREYFUS CASE

One Expert Discredited and Another
Changed His Mind.

COL. CLAM WILL TESTIFY

The Defense Cannot Get Him Into Court,
So His Deposition Will Be Taken By
a Commission—Labori Wanted to
Have a Chance at Him.

Rennes, August 28.—When the trial of Dreyfus was opened this morning General Mercier, minister of war when Dreyfus was first tried in 1894, was present as usual, thus definitely setting at rest reports that he had fled to the island of Jersey.

M. Paray Javal was called by the defense to refute the system by which Bertillon, chief of the anthropometric department of the Paris prefecture of police, attempted to prove that the prisoner wrote the famous bordereau in a disguised hand, and by means of a key of the word "interest," and that it could not have been written by Esterhazy, although the document was in a handwriting resembling Esterhazy's. With the aid of a blackboard M. Paray Javal demonstrated the fallacy of Bertillon's calculations, and criticized the latter's unfairness in not subjecting Esterhazy's handwriting to the same tests as the prisoner's writing. At the same time the draughtsman declared even if Bertillon had done so, results would not have proved anything.

M. Bernard, inspector of mines, who took high honor at the polytechnic school, appeared to refute a portion of Bertillon's evidence, which was based on false calculations. Bertillon wished to reply, but the president of the court, Colonel Jouaust, declined to allow the specialist to go over his evidence again, taking the ground that the evidence would never end if every expert did the same.

M. Charavay, an expert who previously declared Dreyfus the author of the bordereau, was called. He confessed he made an error, and was now convinced that Esterhazy and not Dreyfus wrote the bordereau.

M. Pellier also testified favorably to the prisoner.

M. Cordier, another expert witness, then deposed that as a result of his examination he has become convinced the bordereau was not written by Esterhazy, but could not say it was written by Dreyfus, because he had not seen the prisoner's writing.

M. Varinaud maintained the declaration that he made before the court of cassation that the bordereau was not written by Esterhazy.

Colonel Jouaust announced that M. De Freycinet, who resigned the ministry of war May 6 of this year, would be among the witnesses to-morrow.

The session was closed with a request that a commission be sent to Colonel Du Paty de Clam, whose illness prevents attendance in court, to which Col. Jouaust agreed. This step does not satisfy the defense, but they acquiesced to the commission taking Du Paty de Clam's testimony on the principle that half a loaf is better than no bread.

Paris, August 28.—The cabinet has almost decided to summon the senate to sit as a high court for the trial of M. Paul de Roubede, a member of the chamber of deputies and president of the league of patriots, and other prisoners, arrested recently on a charge of conspiring against the government.

McLean Leads in Ohio Contest.

Zanesville, O., August 28.—While only a few delegates to the Democratic state convention, which meets here to-morrow, have arrived yet, most of the candidates and workers are on hand. A full state ticket is to be nominated, including governor.

For months there has been an animated contest for the nomination for governor between John R. McLean, Col. James Kilbourne, Congressman John J. Lentz, General Isaac R. Sherwood, Jas. A. Rice, Hon. Charles L. Haskell, Col. James P. Steward, Horace Chapman and others.

The closing of the county conventions Saturday gave McLean such a lead that he has since been considered master of the situation. There are no differences over the platform.

Hunger in Porto Rico.

Washington, Aug. 28.—The war department has received from General Davis a dispatch outlining the situation at Porto Rico. The advice says: "I hope the relief supplies will be confined to food, medicines and clothing heretofore specified. The most pressing need is food. The aggregate cost of all that will be required to bridge over the period until new supply of fruit and vegetables are grown will be an enormous sum, perhaps reaching one and half million dollars."

THE LION AND THE BEAR.

Almost a Conflict in a Dispute Between
Two Powers.

Shanghai, August 28.—As the outcome of a dispute regarding the ownership of some lands at Hanow, on the Yang Tse Kiang river, about 700 miles from the sea, which were purchased in 1883 by Jardine, Matheson & Co., but were subsequently included in new concessions to Russian owners, under the advice and protection of Mr. Hurst, the British consul sent for workmen to fence in the tract. Cossacks from the Russian consulate ejected the workmen. The captain of the British gunboat Woodlark, after consulting with Hurst, landed a party of blue jackets and moved the Woodlark within firing distance of the Russian consulate. For a time a fight seemed imminent, but nothing further occurred. The blue jackets are now guarding property.

The Canadian Question.

Chicago, August 28.—A special to the Tribune from Washington says: In spite of abandonment of negotiations with Canada, it is learned on the authority of an official whose connection with the boundary question has been constant and confidential that a secret agreement has been reached as a result of which a temporary arrangement will be accomplished before congress meets in December.

AN ASYLUM FIRE.

Two Children are Dead and Several Others Hurt.

New York, August 28.—Two children, inmates of an orphanage convent of the Dominican sisters, at Sparta Hill, Rockland county, perished in a fire which broke out early to-day in the asylum building. Two persons are missing and twenty injured. The asylum contained 350 children. The dead are Helen Brown and Emma Mackay, 6 and 7 years old respectively. Teresa Murphy is missing; also a domestic, whose name is unknown. Among the number seriously injured are: Sister Maria and Sister Agatheus. They may not recover. The property loss was about \$100,000. Neighbors were prompt in rendering assistance. George Blair, superintendent of the poor, New York City, directed that all the children be sent to Blauvelt convent for temporary shelter.

The missing child was found this afternoon safe, but the aged nurse, known as Jane, is supposed to have perished. The sisters displayed great heroism. Several were badly injured.

Theresa Murphy, 16 years old, monitor, is dead. She escaped with the rest of the inmates, but went back to save a baby and perished. It is believed the fire was of incendiary origin.

To Fight at Coney Island.

Lawyers Meet in New York.

Buffalo, N. Y., Aug. 28.—Judges, statesmen and men of national prominence composing the American Bar Association met today and were welcomed to the city by Walter S. Logan, of the State Bar Association. Logan said: "I welcome you to the state of Governor Roosevelt, Roosevelt the rough rider and Roosevelt the president of the civil service commission, to a state which delights to honor its best and foremost citizens."

In the absence of President Choate, ambassador to the court of St. James, Senator Charles F. Manderson, of Nebraska, as acting president delivered an annual address.

Deadwood, S. D., August 28.—The fire which started in the coal bins entirely consumed the chlorination plant of the Golden Reward Company. The fire spread with great rapidity, and was beyond control before the firemen arrived. In an hour from the time it started nothing but smoldering ruins remained of the immense plant, which was the largest of the kind in the Black Hills. The fire has thrown 225 men out of employment. The loss is \$150,000; insurance, \$75,000.

Kansas Coal Miners.

Leavenworth, Kan., August 28.—Three hundred miners declined to go to work in the Leavenworth Coal Company's shaft this morning, refusing the advance of 10 cents a ton for mining screened lump coal. The men want the advance to be on unscreened coal. A committee of strikers will wait on the 500 men and request them to quit working.

Another Kentucky Feud.

Louisville, August 28.—A special to the Times from London, Ky., says: News has been received here confirming the report that a pitched battle took place Saturday between James Hayes and three sons on one side and Senator William Clark and Sherman Leadford on the other on a street of McKee, Jackson county. Clark received three pistol wounds, and his condition is critical. Young Hayes was shot in the breast, and will die. A bitter feeling of long standing between the two families, the most wealthy in Jackson county, caused the shooting.

The Georgia Riot.

MORE MUTILATION

General Otis Reports the Killing of
Four American Soldiers.

QUIET IN NEGROS ISLAND

The Withdrawal of Volunteers Has Suspended Campaigning in Cebu and Panay Islands—Negros Robbers Go to Work—Tagalos Well Punished.

Washington, August 28.—The following dispatch has been received from General Otis, dated yesterday:

"Hughes, Iloilo, reports four soldiers ambushed, killed and mutilated, a few miles south of the city of Cebu; names not given. Robber bands of Negros are scattered, and most of the same are returning to work on sugar plantations. Armed Tagalos who had entered that island were severely punished, and conditions are favorable for formation of a civil government under military supervision, as has been directed. Little change in Panay and Cebu islands. Withdrawal of volunteers and regulars discharged under order 40 last year has prevented active campaign in those islands, which meditated re-enforcements will cure."

Washington, August 28.—A dispatch has been received by the war department from General Otis, under date of August 26, stating that Dato Mundi, Zamboanga, had been attacked and defeated, the insurgents killing thirty of them.

The dispatch as given out at the war department is much confused, and the officials have been unable to ascertain who Dato Mundi is. It is thought, however, that he is one of the smaller chiefs. The dispatch adds that Dato Mundi is an able man, educated abroad, and thoroughly loyal to American interests.

Waiting to Welcome Troops.

San Francisco, August 28.—Governor Richards, of Wyoming, and staff are here, awaiting the arrival of the Wyoming volunteers from the Philippines, who are expected early this week.

William J. Bryan, United States Senator Thurston and several other prominent citizens of Nebraska are here to greet the soldiers.

AT THE GATES.

The Revolutionists March Successfully on Santo Domingo.

Cape Haytien, Hayti, August 28.—News from the republic of Santo Domingo shows General Pepin, returning from succoring Santiago, was defeated by Dominican revolutionists and obliged to retreat on Monte Christo. Mao and a section of Guayaganas have declared in favor of the revolution. The revolutionists are passing those places, cutting off communication with Monte Christo. It is reported that General Patino, the minister sent by the Dominican government in Cibao territory, seeing the success of his mission was impossible, joined the partisans of Jimenez, the leader of the revolution.

Puerto Plata, via Martinique, August 28.—Although the city of Santiago de los Caballeros has not surrendered to the revolutionists, the spirit of the townspeople is in opposition to the government.

New York, August 28.—Andriano Grullon, the representative of the Santo Domingo revolutionists to this country, has received the following cablegram:

"Santiago de Cuba—Revolutionists in the capital. Government surrendered. (Signed) 'LA MARCHE.'"

La Marche is the representative of the Jimenez revolutionists at Santo Domingo. Santo Domingo, Aug. 28.—Some of the revolutionists are headed by Ramon Caceres and Horacio Vasquez. The towns of San Francisco de Macoris, La Vega, Real and Cotuy are in the possession of revolutionists who are marching on this city. The government has sent a commission composed of C. N. Moya, Leonte, Vasquez, Espillat, Pena and Reynoso, to meet and ascertain from the revolutionists what they want.

From Mrs. Vaughn to Mrs. Pinkham.

(LETTER TO MRS. PINKHAM NO. 64587)

"DEAR FRIEND—Two years ago I had child-bed fever and womb trouble in its worst form. For eight months after birth of babe I was not able to sit up. Doctors treated me, but with no help. I had bearing-down pains, burning in stomach, kidney and bladder trouble and my back was so stiff and sore, the right ovary was badly affected and everything I ate distressed me, and there was a bad discharge.

I was confined to my bed when I wrote to you for advice and followed your directions faithfully, taking Lydia E. Pinkham's Vegetable Compound, Liver Pills and using the Wash, and am now able to do most of my household work. I believe I should have died if it had not been for your Compound. I hope this letter may be the result of benefitting some other suffering woman. I recommend your Compound to every one."—MRS. MARY VAUGHN, TRUMBULL, PULASKI CO., KY.

Many of these sick women whose letters we print were utterly discouraged and life was a burden to them when they wrote to Lynn, Mass., to Mrs. Pinkham, and without charge of a kind received advice that made them strong, useful women again.

Nothing can be done before the commission returns. Up till now not a single shot has been fired. Should no agreement be made it is said the government will take energetic steps and serious trouble may follow.

The United States cruiser New Orleans and the French cruiser Cecille are in port. Puerto Plata, Santiago, Mora and Monte Christo are said to be quiet. The Dominican warships are all at this port, but may leave at any moment. The revolutionists it is asserted, have not proclaimed any special candidate. Telegraph communication is generally interrupted.

THE LAND COURT.

The Dona Ana County Colony Cases Submitted and Other Cases Considered.

The court of private land claims this morning devoted its time to the consideration of the Mesilla colony grant and four other Dona Ana county colony grant cases. As attorneys for the plaintiffs appeared Hon. Frank Springer, Judge S. B. Newcomb and Hon. J. P. Victory.

The court confirmed the survey of San Clemente grant in Valencia county. The area approved is 37,099.29 acres. The area claimed was 95,000 acres. The grant was made July 13, 1716. Hon. J. Francisco Chavez was the plaintiff.

In the Villa de Albuquerque grant case, a mandate of the United States supreme court was presented, and an order of court entered setting aside the decree of confirmation heretofore entered, and reinstating the case for further proceedings. The claimant was given to October 1 to file his amended pleadings. Case No. 74, the Canon de Carnue grant, was continued until tomorrow morning.

The Mesilla colony grant case and other colony grant cases of Dona Ana county were finally submitted to the court.

Case No. 178, Felipe Delgado et al. vs. the United States, for the Lo de Basquez grant in Santa Fe county, made before 1890, was dismissed, and the grant rejected, plaintiffs offering no proof when the case came up for hearing. The court gave the claimants leave to reinstate the case until January 1, 1900.

TOM KETCHUM BETTER.

He is Visited by Several Relatives From Texas.

Tom Ketchum, the train robber, is in somewhat better condition today and the penitentiary officials think he will recover. His wounded arm will not be amputated as he objects to having it removed. His brother G. B. Ketchum was accompanied by J. D. Minnit, of San Angelo, Texas, Saturday evening to identify the prisoner. He came a few weeks ago upon a similar errand to see Sam Ketchum, who died in the prison from a wound in the arm. The San Angelo man is wealthy and has several times aided his outlawed brothers with funds upon their promise to reform. While here he offered to pay any debts incurred by the prisoner and to provide for burial in case of death, as he did when Sam Ketchum died. Mr. Ketchum returned to Texas last night, but Sheriff Shield, of San Angelo, and Sheriff Duncanson, brother-in-law of the prisoner, are here today to see Ketchum. When the latter was being brought to Santa Fe he asked that if he died his body should not be given to G. B. Ketchum, but should be buried beside that of Sam Ketchum, whom the prisoner declared was "the best of all the family."
