

SANTA FE DAILY NEW MEXICAN.

VOL. 30. SANTA FE, N. M., WEDNESDAY, OCTOBER 18, 1893. NO. 206.

IF!—BENJAMIN FRANKLIN

Was on deck now and could see those Franklin Stoves at Goebel's which are named after him, he would indeed be surprised, but the low price at which they are sold would cause him to drop his loaf of bread from under his arm and take a stove for this winter, instead of trying to depend on a fire-place.

W. H. COEBEL.

BRIEF WIRINGS.

Cotton Deliveries.
Little Rock, Ark., Oct. 18.—Thus far the season's delivery of cotton exceeds last year by 5 per cent.

Pays the Penalty.
Philadelphia, Pa., Oct. 18.—Richard Peniston, the actor who won half a million dollars in the Havana lottery twenty years ago and lost it in speculation, died in poverty at the Actors' Home this morning.

Business is Better.
Toledo, Oct. 18.—The city of Toledo, Ohio, has just contracted with the banking house of N. W. Harris & Co., of Chicago, and an eastern house for a ten year loan of \$450,000 at 5 per cent.

Pleasant and Profitable.
Madrid, Oct. 18.—The Duke De Veragua, with his family, has returned here from his visit to the United States. The duke is eloquent in praise of the reception given him by the great American people. He says his ancestor, Columbus, could never have imagined that such a great nation as the North Americans could ever have flourished in the land he had discovered across the Atlantic; that the highest state of civilization should exist in the world, where Columbus found only savages.

SILVER IN INDIA.

A Change in Conditions Which Promises an Advance in Value.

Calcutta, Oct. 18.—A dispatch from Simla says that the closure of the mints is now becoming operative, and exchange having gradually risen from three-eighths pence during the last ten days, to 15 1/4 pence, it is believed that the council bills will be applied for this week at or over the secretary of state's minimum. These are indications that the import of silver is declining, and dealers who were lately filled up with money are now distinctly short. The Bank of Bombay raised its rate last week, and the Bank of Bengal is expected to follow its example to-morrow.

Indicted.
Chicago, Oct. 18.—Indictments have been returned by the federal grand jury against the officers of the Guarantee Investment company, of Nevada, Mo. The company, which has been in existence about two years, is believed by the government officials to be a violation of the lottery laws. It was incorporated under the laws of Missouri about two years ago and its principal office is located in St. Louis. Two indictments have been found embracing the officers of the company for the past and present year.

A Master Hand Controls.
Denver, Oct. 17.—The eyes of many are turned toward the A., T. & S. F. company, and while some railway men are of the opinion that the road must of necessity pass into the hands of receivers sooner or later, others have confidence in President Reinhardt and claim that he will pull the company through. In 1889 he was general auditor for the company and effected a great coup by massing into the consolidated system eight separate and distinct lines of road. At that time Jay Gould was preparing to wreck the Missouri Pacific, and had all of his arrangements made to gobble the Santa Fe system to carry out his plans, but Reinhardt saved the Santa Fe and broke up Gould's plans.

IS IT INFECTIOUS?

The East and North Excited Over Consumption's Ravages—The Amick Cure.

Philadelphia, Pa., Oct. 17.—The county medical society's petition to the board of health to isolate consumptives has increased the fears occasioned by startling headlines in a local paper declaring the disease infectious. The state legislature of Michigan lately endorsed this view as did the medical congress in Washington, and deaths from consumption, have decreased everywhere recently. Dr. Fleck with a few others ascribe this to isolation. The majority of medical experts, however, credit it to the free broadcast distribution through physicians of test outfits of the Amick treatment by which authentic cures are reported daily in the medical and secular press.

Minneapolis, Minn.—Recent local editorials condemning the Medical code, while commending Amick, the Cincinnati scientist, for withholding his consumption cure formulas, are exciting much discussion in medical circles. The Times said "his discovery greatly assists the fight against this enemy of human life," and thirty or more local physicians say the medicine accomplishes more than his claim. The Journal said "It is one of the most valuable and wonderful discoveries ever hoped for in medical sciences, and the formula is not given to every Tom, Dick and Harry to monkey with and is preserved from the tampering of fool empiricists."

Arkansas Whites and Blacks.
Little Rock, Oct. 18.—A race war is imminent between whites and negroes in Perry county. Late last night it was learned that all the negroes were armed at Perryville. Serious trouble is feared. Whites are leaving for the scene of the conflict.

WASHINGTON GRIST.

Cleveland Prefers Defeat to Compromise—One Democrat Sizes Up Another in the Senate.

The Debate Growing Bitter—Carlisle as a Law Breaker—The Miners and Bell.

CLEVELAND'S PREFERENCE.
Washington, Oct. 18.—The Washington correspondent of the Chicago Herald, a gold standard advocate, wires his paper as follows:

President Cleveland prefers that the Sherman law stand instead of any sort of compromise, leaving the whole silver question to the country and the next congress. This idea will probably prevail.

THE SILVER QUESTION.
Senators Gorman, Voorhees and Sherman had a conference with Secretary Carlisle at the treasury department and an effort was made to agree upon some form of compromise which will satisfy the repealers and which might be passed by the senate. From the best information obtainable it is understood that they failed to reach an agreement and will meet again to consider the matter.

The opinion is gaining ground that the administration will soon throw up the sponge and force the whole matter over to the next session. The situation is decidedly mixed, and an adjournment until the regular session in December is about the only step left for the repealers to take.

This course means that the silver forces in the senate have been so skillfully handled that, without a vote, the repealers have been routed and admit their overwhelming defeat by parliamentary strategy alone. As a matter of course the present law will stand and silver purchases will continue limited only by the peculiar "lot" style of Mr. Preston in forcing the price below that of the world's markets.

GROWING BITTER.
Mr. Cleveland announced to-day that he will not go to Trenton to-morrow nor leave Washington until congress settles the important public questions now pending. The senate met at 10 o'clock this morning and the acrimonious debate of yesterday was continued. Senator Morgan, Democrat, of Alabama, referred to Senator Hill, Democrat, of New York, as "an astute politician with conscience so easy that he could change his opinion as his political necessities might require." The feeling in the senate between the silver and anti-silver senators is growing bitter.

THE MINERS' BILL.
The western senators say the bill to relieve miners will undoubtedly pass the senate. As it passed the house the bill amends the act, requiring that no less than \$100 worth of work should be done on every mining claim under penalty of forfeiture, so as to suspend all such work for three years providing that the person desiring the benefit of this act shall file notice of his intention to hold and work said claim.

CARLISLE EVASDES THE LAW.
Sec. Carlisle is endeavoring to settle the silver question himself. The silver purchases this month are the smallest since the suspension of free coinage in India. The total purchase to date is less than 1,000,000 ounces. The charge is strong to-day that the secretary is violating the constitution.

Stewart & Co. Assign.
Denver, Oct. 18.—Stewart & Co., planning mill owners, assigned this morning. Assets \$80,000; liabilities \$40,000.

Dead.
Utica, N. Y., Oct. 18.—Mrs. Roscoe Conkling, widow of the late Senator Conkling and sister of Horatio Seymour, died this afternoon.

A Terrible Death.
Denver, Oct. 18.—Mathew Daley fell into a kettle of boiling soap this morning at the Geysersite soap works. The flesh fell off. He will die.

Masons Expelled.
Chicago, Oct. 18.—The southern and western Masonic conclave met at Apollo hall this morning. Milton Fields, O. F. Wood, Thos. Lebonch and Logan Webb, of Chicago, were expelled. Important business will be transacted before the conclave ends.

FORTY-ONE LIVES.

The Fearful Loss on the Lakes That Came from Friday's Storm.

Chicago, Oct. 18.—In Friday's storm on the lakes ten vessels and forty-one lives were lost. Millions of dollars of damage was done the ships and cargoes.

CONGRESSIONAL.

TO-DAY'S SENATE.

Washington, Oct. 18.—The senate occupied the entire session to-day debating amendments to the senate rules offered by Lodge, of Massachusetts, and Gallinger, of New Hampshire, the object of which is to limit debate on the silver question and practically bring about closure.

Senator Teller made an elaborate speech protesting against any attempt to break down the senatorial customs and courtesies that have prevailed since the founding of the government.

TO-DAY'S HOUSE.
No important bills were reported to-day; routine business only was transacted. The bill passed amending the U. S. marshals' and commissioners' fee act. The New York bridge bill also passed. Consideration of the printing bill occupied the rest of the session.

SILVER JUBILEE.

Magnificent Ceremonies in Honor of Cardinal Gibbons at Baltimore.

Baltimore, Oct. 18.—Cardinal Gibbons' silver jubilee as a bishop occurred at the cathedral to-day; and the occasion was emphasized by a magnificent religious spectacle. A large number of bishops, monsignors and priests participated in all the splendor of their rich vestments. The cardinal celebrated a solemn pontifical mass with an elaborate musical program. The papal legate, Satoli, Archbishops Cerriga and Williams and many hundred Catholic notables were present.

Out of the Jaws of Death.
Chicago, Oct. 18.—Capt. Adams, commander-in-chief of the Grand Army of the Republic, who yesterday was thought near death's door, is to-day rapidly recovering as the result is a successful surgical operation.

On a Coral Reef.
San Francisco, Oct. 18.—The steamer Australia arrived this morning, bringing news that the Canadian-Australian steamer Minowera was wrecked on a coral reef in Honolulu harbor Oct. 2. The passengers were saved.

ASSAILED BY ECKLES.

Cleveland's Comptroller Hows Against Silver While the Bankers Applaud.

Chicago, Oct. 18.—The nineteenth annual convention of American bankers met here this morning. The delegates were welcomed by Mayor Carter Harrison and addressed by Comptroller Eckles. He paid a tribute to the bankers on their mastery skill displayed in coping with the late financial crisis and said the silverites cry out against them as selfish. They are not more so than other men in other walks of life, said Mr. Eckles, nor so much so as the silver men who want the government to be a special patron of theirs in a special product.

TERRITORIAL TIPS.

EDDY SCUMS.
Ducks and quail are plenty. Work will be continued night and day on the repairs to the dam.

Mrs. Mamie Reed and W. A. Miller were married at Grace church on the 12th.

W. H. Slaughter, recent appointee as postmaster, has sent his bond to Washington.

Chas. W. Greene, Jr., came into Eddy on Thursday and is rustling things up on his properties.

Messrs. Hagerman and Bolles have made extensive purchases of fruit trees for fall planting on their places.

Probate Clerk Fennessey has been addressed by the news of the death of his sister, Mrs. Josephine Coward, at Mission Refugio, Texas.

A colored man, named Burks, was arrested Sunday charged with an attempt to shoot his wife. The couple claimed the shot was accidental. He is held in jail.

S. S. Mendenhall has returned from the strip and says business there from the start was over done. The trains were crowded coming in but there was not standing room on the out bound.

James B. Pinson, manager of Col. Youngs farm at Malaga, is in a very bad condition at the hospital. He cut his leg with a corn knife three months ago and is now suffering from blood poisoning.

Kitty Fox of Fairhaven, Vt.

"When my daughter Kitty was about three years old, Rheuma or Salt Rheum appeared on her face. It itched so badly she would scratch till it bled.

We had seven or eight doctors, without the least shadow of benefit. When Kitty had taken half a bottle of

HOOD'S Sarsaparilla
She was better; and when she had taken 1 1/2 bottles she was perfectly cured and has shown

No Sign of Salt Rheum
For almost four years. Her skin is now as fair and clear as any child's in town." Wm. Fox, Williams State Mantel Works, Fair Haven, Vt.

HOOD'S PILLS are the best after-dinner Pills, assist digestion, cure headache and biliousness.

DR. PRICE'S
Cream Baking Powder.

The only Pure Cream of Tartar Powder.—No Ammonia; No Alum.
Used in Millions of Homes—40 Years the Standard.

The penitentiary board of Texas is considering a plan to use convict labor in building dams and irrigation canals on the lower Pecos, along the line of the Southern Pacific road, 200 miles below Pecos. The state might accomplish more by sinking a large number of artesian wells about Pecos and establishing a canal system there.—Eddy Argus.

LAS VEGAS LOCALS.
The railroad company are plowing fire guards.
D. C. Winters, T. Crispell, R. C. Oldham, Dr. Williams, Joe Haefner and Dick Hesser composed a party of duck hunters for Cherry valley.

The fire department has reorganized with Tim O'Leary as assistant chief and J. K. Martin, secretary. The other officers remain as before. An excellent committee has been appointed to select grounds for the territorial fire tournament; and the general impression is that if they are successful in securing a good site, the ground will be purchased for a fair grounds. The movement should be successful.

ROSWELL BUSTLINGS.
The Woodlawn Ditch company are repairing their dam.
The beautiful alfalfa arch shown at the fair was shipped to Eddy.

Judge Rogers, without special care, raised fifty onions which weighed 104 pounds.
A conservative citizen estimates that the fair was worth over \$10,000 to the county.

It took the rise in the Pecos from Thursday morning until Saturday noon to run from Roswell to Eddy.

SILVER CITY SUGGESTS.
The "Silver City High School Herald" is the latest newspaper.
Crops along the Frisco are good. A large crop of hay will be cut for the Mogollon and Cooney camps.

The infantry camp on the Sapello has been broken up. The cavalry from Fort Bayard will take an outing next week.
Mr. and Mrs. Capt. Lewis, who left here three years ago to settle in Washington state, have returned to Silver City.

Two Mexicans in carelessly getting into the bucket at the Golden Giant, Pinos Altos, while the engineer's attention was otherwise engaged, loosened the clutch and precipitated themselves to the bottom of the shaft, 216 feet. They were Jose Osuro and Celso Garza. The former was killed and the latter badly bruised, but will recover.
