Carter, Rawls and others will be on hand to look after the interests of their dummy line, while Capt. Atkinson will urge the adoption of a general system. The meeting promises to be an interesting one.

The Half is Greater Than the Whole.
We are informed that Mr. Richmond Pearson has ordered a survey of the southern part of Richmond Park with a view of cutting it into lots of thirty acres each, and putting the same on the market. Mr. Pearson had the singular experience last spring of selling one half of his land around the old depot and of finding that the one-half reserved is now worth more than the entire boundary was worth 12 months ago. He may have a similar experience with the Richmond Hill property.

It is certainly very valuable property, and we are sure Mr. Pearson will not hold this property long before it will be taken by parties who can appreciate a really fine situation for an elegant home. We hope to see soon every lot he will sell occupied by a handsome residence. The property is worthy of it, in all respects.

Haywood Republicans Appoint Delegates.
The Haywood county Republicans held a convention at Waynesville yesterday to appoint delegates to the State and Congressional conventions.

Solicitor J. M. Moody was chairman, Henry Clay Shook, Esq., was secretary, J. Wiley Shook and J. Pink Herron chosen delegates to the State convention with instructions to vote for Charlie Price for Governor, J. Gillespie Blaine for President, H. Clay Shook and A. Haywood Moore chosen delegates to the Congressional convention. They were not instructed to vote for Mr. Prutchedar, Mr. Ewart, Mr. W. Henry Malone, Mr. Tobie Axles, Col. Lusk, or Hon. A. H. Jones, or Gen. James Bowman, or any other of the shining lights of the "old brigade."

The "wisdom of this thunders will soon appear, possibly in the presence of "another Richmond" in the field before whom the old guard will bow down and worship. Fool who wither your painted mule?

The Station House on Fire.
Late Monday night, Capt. Waddell and Mr. John Penland, while talking on north court square, discovered that a fire was burning in one of the cells of the station house, in which were confined at the time three prisoners, W. R. Earwood, Pink Earwood and a man named Prater. The parties had been locked up early in the night for being drunk and disorderly, and as it happened they were not searched before being locked up. The chief and his assistant ran with all speed to the place, and upon opening the cell door discovered a fire built up on the floor in the middle of the room, and burning finely. Penland rushed down stairs and brought water with which to extinguish the fire, while the chief held guard over the prisoners. Finally the fire was put out, and the prisoners were searched. A bundle of matches and three pocket knives were taken from their persons, and they were then put in the cage. It seems that he had started a fire before, but policeman Rowan had put it out. Yesterday morning, when tried in the Mayor's court, Prater stated that he had only made up the fire to keep one of the Earwoods from freezing, and had no idea of setting the station house on fire. His Honor fined him \$7.25, and the case will be sent to the grand jury of the inferior court for investigation. Had the fire burned a little longer, there is no doubt but that serious damage would have been done, for there was no water in the cell with which to have put out the fire, and the three prisoners would have been badly scorched, to say the least, before assistance could have reached them.

NEWTON HEARD FROM
In Connection with the Graham Robbery—More Goods Recovered.

Detective Deaver, of this city, yesterday received a letter from the chief of police of Newton, conveying the information that he had recovered a considerable quantity of the stolen goods of C. E. Graham & Co., of this city. The goods recovered consist of handkerchiefs, hosiery, jewelry, etc. These goods had been peddled out among people in the county, who voluntarily brought them in to the Newton officer.

The missing box of china is about to prove too much for the sagacious chief of the Pinion agency. He hasn't given up all hope of recovery, however, and maintains that it "will turn up." He told us that, if it was returned voluntarily the party so returning it would not be prosecuted. All he wants is the china. If it was not returned, then every effort would be made to ferret out the thief and his conviction would be certain.

The Newton officer also stated in his letter that the county was flooded with the stolen goods, and just so soon as he had gathered in what he knew to be out, a shipment would be made. Handkerchiefs and hosiery seem to have been the chief articles peddled by the parties, and this cannot be accounted for, except that they were lighter and more convenient to carry.

The loss to Messrs. Graham & Co. will be considerably more than was at first imagined. How long the stealing had been going on cannot be definitely ascertained, and the fact that a key has been missing for some time, indicates that parties outside of host are connected with the affair.

Cross and White Reach Raleigh.
As stated in yesterday's Citizen's Cross and White reached Raleigh Monday morning. Both appeared to be quite broken up. White that morning cried a good deal. He told friends who visited him that he had not lost his religion. He was told that "his Sunday-school class had prayed for him last Sunday. He seems to be very nearly overcome by his position.

Cross spoke rather boldly. He appears to have suffered from great mental trouble. He intimated that when he was put on the stand in the regular trial of this case he would make some startling revelations. He said further that some people here were by no means pleased to see White and himself back in Raleigh. He declared that the bank was broken all to pieces when he went in as its president, and that the people knew it was broken. He said that at the proper time all this would be shown to a great deal more. He declares that every day he is manufacturing and White said they would prove by the bank's books.

Efforts were made this morning to secure bail bonds for both prisoners. Judge Shipps last Saturday night, before the Wake Superior Court adjourned, fixed their bonds at \$15,000 each. They were remanded to jail for trial at the July term of the Criminal Court. Bail was not secured for them—only \$4,000 could be raised for White and none for Cross, and the plan of securing bail was abandoned for the present at least.

For their families there in great sympathy, but for them very little appears. The prisoners say that while at Greensboro, they debated the question of returning to Raleigh. They also stated that they would have returned to Raleigh even if not arrested. The statement that they were drunk while in Canada is denied, as the officers who made the arrest say that they did not look like men who had been drinking heavily. Chief Police Heart and Special Officer Rogers say that they had no trouble in bringing Cross and White from Canada. They were not hand-cuffed and gave no more trouble than two children would have done.

The prisoners made the compromise themselves by agreeing to come here and save the trouble of delay of going through the forms of extradition. It is precisely as if they were extradited, however, as of course they could have been for the forgery. Monday afternoon both men were in worse mental condition than they were in the morning, and both cried. No reporters were admitted to the jail. It was stated that the prisoners would not say anything until the trial in July.

Tobacco breaks yesterday were had at all the warehouses. The Farmer's sold forty-five hundred pounds at fair prices, while the Boncombe and Banner did not fall far behind in the number of pounds. The market was firm and demand good. The season will close between the first and fifteenth of May.

A Just Bill.
Mr. Cox, of New York, has introduced into Congress a bill to divide into six classes the employees in the railway mail service, and fix the salary of each class, which is a just bill and ought to pass. The work done by the mail agents referred to is most laborious, and this bill is but a just recognition of their labors. We hope it will pass.

The Goldenbore "Argus."
This excellent democratic paper has entered upon its fourth volume. The anniversary edition was handsomely gotten up and replete with interesting descriptive reading matter relative to the live town in which it is published. He arrived in the city yesterday evening, and will officiate at the marriage ceremony to-night at the Presbyterian church.

A Lively Hunt—A What-Is-It Killed.
Yesterday Messrs. Holby and Slagle went up French Broad river gunning for wild duck, numbers of which are said to have made their appearance on our waters recently. About the mouth of the Swannanoa a large, fine-looking bird, about the size of a goose, attracted attention and a shot, whereupon it suddenly sought comfort and protection beneath the silvery waves. Pearson's boat was on the opposite shore, and was soon followed by the party and other shots. Dives on the part of the gunners followed the course of the stream and each until a quick succession, until a point just above Pearson's bridge was reached, when a well directed or more effective shot brought down the gallant bird, and ended his life. He was brought into the city and attracted much attention. Some said it was a Loon; others a Brant, and others, they didn't know what it was, but all agreed it was a very beautiful bird. It had a large black head, finely speckled back, white breast, small dark wings, and legs on its back. It is evidently a stranger in a strange land, and "they took him in."

Real Estate Sales Yesterday.
Yesterday a number of people assembled in West Asheville, notwithstanding inclement weather to attend the sale of city lots offered by Messrs. Watson and Farinolt, and Jesse R. Starnes, respectively. Mr. J. J. Hill was on hand as auctioneer, which was enough of itself to have drawn a crowd.

Mr. Starnes' lots were on Haywood, Hill and Buttrick streets, and sold as follows:
No. 1—To M. B. Roberts, \$995
" 2—" " 997
" 3—" Natt Atkinson, 400
" 4—" " 365
" 5—" John Hart, 355

" 10—" Dr. Queen, 200
" 11—" John Hart, 305
" 12—" M. B. Roberts, 500
" 13—" Frank Sumner, 221

Messrs. Watson & Farinolt yesterday morning sold the valuable Hill and Buttrick property on Patton Avenue, to the following parties at the following prices:
Lot 1—To Dr. J. A. Watson, \$710
" 2—" W. W. Carroll, 650
" 3—" P. A. Lane, 540
House and lot to G. W. Justice, 1525
Lot 5—To G. W. Justice, 1310
" 6—" Squire Green, 280
" 7—" " 290
" 8—" " 290
" 9—" G. W. Justice, 250
" 10—" Rout Finley, 395
" 11—" " 395

There were twenty four lots in all sold by Mr. Hill, the largest number sold in one day in two years, and all brought very good prices. Asheville's real estate is still advancing.

The property was auctioneered by J. J. Hill & Son and brought full market value.

Sudden Changes.
The changes in the season from Winter to Spring admonish us to be guarded in our personal treatment. If you contract a cold don't wait until pneumonia develops. Prudence suggests a timely remedy. Pelham's Pectoral Syrup for 25 cents a bottle is a certain specific for Coughs, Colds, Hoarseness, Bronchitis, Whooping Cough, &c. Beware of counterfeits.

CONGRESSIONAL.
THE SENATE.

WASHINGTON, D. C., April 9.—Among the petitions and memorials presented was one from the publishers and others of New York for the passage of the bill for the issue of fractional currency, ten, fifteen and twenty five cents.

Mr. Payne, from the committee on foreign relations, reported a joint resolution accepting the invitation of the Belgian government to participate in the international exhibition at Brussels and appropriating \$30,000 for that purpose. Passed.

Mr. George from the judiciary committee reported back (adversely) a bill to extend the time for the claims for the French spoliation. Placed on the calendar.

A conference report on the house joint resolution for the purchase of lands necessary for locks and dams in the Cumberland river was presented and agreed to.

Mr. Morrill gave notice that he would on Wednesday next address the senate on the President's annual message; and Mr. Coke gave a like notice for Thursday.

Among the bills introduced and referred were the following:
By Mr. Allison, by request, for the establishment of a permanent court of arbitration, between the United States, Great Britain and France.

By Mr. Chandler, for the completion of the direct tax of 1861. The bill revises and re-enacts those sections of the act of 1861, imposing a direct tax of \$20,000,000 and provides for the collection of all unpaid balances with five per cent. interest thereon. The States to have the privilege of assuming their quotas, less 15 per cent. deduction; otherwise the tax is to be collected from land or individuals as provided in the original act.

The unfinished business was taken up, being the bill to provide for the admission of the State of Dakota into the Union and for the organization of the territory of Lincoln. The substitute reported from the committee on territories to the original bill establishes the boundaries of the proposed State and designates the remaining portions of the territory as the Territory of North Dakota, not Lincoln, with Bisbee as the capital.

After discussion by Senator Platt the bill went over.

THE HOUSE.
WASHINGTON, D. C., April 9.—The House devoted the day to filibustering over the direct tax bill. The following resolution was offered and objected to by Republicans:
Resolved, That it is alleged by persons of veracity that there are large numbers of attorneys, lobbyists, claim agents and state agents who are covertly using every means within their power to secure the passage of Senate bill 140, which is a law under consideration in this House; and

Resolved, That a committee, to consist of seven members of the House, be appointed by the speaker whose duties it shall be to investigate said allegations and ascertain and report to the House within thirty days what contracts or agreements may exist between any attorneys, lobbyists, claim agents or state agents and beneficiaries under the aforesaid bill, and that such committee have the power to send for persons and papers and administer oaths, and that further consideration of the bill with its existing status be postponed until such committee reports.

Subsequently Mr. Wheeler, of Alabama, asked consent to offer a resolution for the appointment of a committee to ascertain what amount of the sum proposed to be paid out will inure to the benefit of the people, and how much is to be paid to the claim agents. Objection was made.

The confusion kept up until 10 o'clock p. m., when recess was taken.

Bellevue Park.
On Sunset Drive will be sold at auction Saturday. This is a magnificent piece of property for a suburban residence, and we have no doubt will attract much attention. Messrs. Watson and Farinolt can give information. J. J. Hill, auctioneer.

Asheville Will Not Down.
In commenting upon the recent Florida episode concerning Asheville, and the CITIZEN'S comments thereon, the Charlotte Chronicle says:

"The object of the false report which had been started in Jacksonville is believed in Asheville to have originated in envy of her as a proud and commanding and growing health and pleasure resort. Asheville will not down, and all North Carolina is proud of her."

Want Statistics.
Mr. J. A. Wagner, of this city, has received a communication, directed to him as Building Inspector, from the U. S. Geological Department, at Washington, requesting information as to the kind and number of houses erected in Asheville during the years 1884-85-86-87; also whether labor strikes or troubles impeded building operations, and if so, to what extent. Capt. Wagner will supply the desired information as soon as possible, and we have no doubt but that our city will furnish a most flattering statistical review.

ITEMS FOR THE PEOPLE TO READ.
New Goods are coming in daily, and our stock is now almost complete in every line of goods we handle. We opened to-day a line of Men's Patent Leather Shoes in Congress and Bals, at \$2.98 per pair, worth \$4, stylish and well made. Our stock of Children's School Shoes is probably larger than that of any other store in the city not confined exclusively to Shoes, all grades and prices. Our 81 School Shoe is splendid value. Barred Muslin at 6c. worth 9c, a piece of cream and one of pink at 12c. cheap at 18c.; a beautiful line of Satines in short lengths, 2 to 10 yards in a piece at the astonishingly low price of 10c. per yard, worth 18c. We have our third supply of Standard Novels at 12c. per volume, regular 25c. books. The handsome lamp for \$1.68 we ever saw under \$2.50; a glass fruit stand, very large for \$1, only 4 left, but more ordered, extremely cheap. Beautiful Glass Pitchers for 72c. The same has been sold in Asheville for \$2. A large line of Glassware at less than auction prices. Our certain goods, Table Damask, Napkins and Doilies cannot be beaten in price or quality. To Housekeepers we say, do not fix up your homes for the Spring and Summer until you learn our prices on all kinds of using things, for dining room, kitchen, bed room and parlor. We guarantee prices to be lower than anywhere else in the city. Our goods are bought in immense quantities by a concern able to put 10,000 dollars in Straw Hats alone at one purchase. These are sent out to the different "Backet Stores" connected with No. 466 Broadway, AND TO NO OTHERS. We put them into the hands of the consumer in many cases (as we shall a part of these Straw Hats as soon as they come) at prices lower than other merchants pay for them. There is no mystery about it; it is perfectly simple—the power of ample capital to buy from the auctions established in large towns to distribute the goods among the people at a close profit. Nothing sold at cost no credit, spot cash, no bad accounts, goods bought for dollars down and sold the same way. Any other merchant in Asheville will tell you that this is the only correct way to buy and sell goods if he will lay aside his prejudice. Come and see the goods and learn the prices. Do you good and save you money.

Very respectfully, &c.,
GEO. T. JONES & CO.,
