NO 56

YELLOW FEVER PERIL.

COMBINATION TO PREVENT THE SPREAD OF THE DISEASE.

United States, State and City Health Authorities at New Orleans Acting in Concert to Handle the Plague—Developments.

New Orleans, July 24.—A thorough system of investigation is being put into effect here by the state, city, and federal authorities with a view to promptly handling new cases of fever in the event there is a spread from the French market, where the fever had its origin.

Meanwhile there is widespread confidence in the ability of United States Marine Hospital Surgeon White and the state and city authorities to successfully apply the mosquito theory, and there has been no exodus from this city.

Large numbers of New Orleans people are returning here from the surrounding resorts in order to avoid being separated from their families owing to the rigidity of the quarantines that have been put into effect.

United States Army Surgeon Moss, of San Antonio, arrived to-day with a view of examining into conditions. He comes in connection with the recommendation for the removal of the men now at the United States barracks to Quantico. There is no sickness reported at the barracks, but as many of the soldiers are unacquainted it has been considered advisable to ask their removal from New Orleans.

The health authorities insist that there is no occasion for alarm and that if people will follow the directions that are being published the fever can be restricted, successfully treated and stamped out.

WINS \$5,000 STAKE.

Walter Direct Lowers a Record for Paces at Detroit.

Detroit, Mich., July 24.—Walter Direct, entered and driven by Ed. F. Green, of Memphis, Tenn., this afternoon won the \$5,000 Chamber of Commerce stake for 2-21 class pacers and lowered the record for the stake from 2:06 1/4 to 2:05 3/4. The stake was the feature event of the opening day of the twenty-second blue ribbon meeting of the Detroit Driving Club which inaugurates the grade circuit of 1905.

Walter Direct was a heavy favorite, bringing \$50 in the pools with the field at \$15. The stake, like all events of the present meeting, was run on the three heat plan, the money being separated into three parts and divided according to the result of each heat, with a bonus for the race winner.

Chamber of Commerce stakes—purple \$5,000—Walter Direct won three heats and race; Banana, second; F. J. Park third. Best time, 1:05 3/4.

BOBBERS AT APLX.

Enter the Cape Fear and Northern Railway Depot, But Get no "Booty."

Apex, N. C., July 24.—The Cape Fear and Northern railway depot was visited by an amateur robber at three o'clock this morning. The building was entered by means of cutting out a blind on one of the ground windows.

The iron safe, which is an extra large one, was left unopened which fact leads us to believe that it was not the work of a "professional."

Mr. Phillips, freight receipt auditor, who occupies a room in the depot at night, was away with a sick friend until about three o'clock, when he returned to the depot finding the burglar inside, with a light, whereupon he hurried for a constable, but the burglar made good his escape before the assistance arrived.

This is not the first attempt at pillage by petty robbers.

Great Is Greensboro.

Greensboro Record.

On account of the breaking of a shaft by the ice company at Wilmington there is an ice famine on. It became necessary to have a new shaft sent by express, the charges on which were \$110. What kind of a shaft was it or what kind of machine shops has Wilmington that it could not be made there? Half a dozen shops in Greensboro could have supplied it and saved sending so far for it.

STORY OF CATASTROPHE.

Every Seaman on Board the Vessel Was Either Killed or Wounded.

San Diego, Cal., July 21.—Thirty-nine members of the crew of the United States gunboat Bennington were killed, and four score injured, twenty-four seriously, at ten o'clock this forenoon by a boiler explosion that disabled the vessel in San Diego harbor. Fifteen sailors are missing. There were more than 250 men aboard the warship when the accident occurred and many men were hurled or forced to jump into the sea by the terrific explosion which lifted part of the deck and compelled the beaching of the ship.

The Bennington at the time of the accident was lying in the stream just off the commercial wharf at IL street. The warship had received orders from the Navy Department at Washington to sail this morning for Port Harford to meet the monitor Wyoming and convey the monitor to Mare Island navy yard, San Francisco.

Steam was up and everything was in readiness for the departure of the Bennington when the starboard forward boiler exploded with a deafening roar. The explosion was terrific. People standing on shore saw a huge cloud of steam rise above the Bennington. Columns of water were forced high into the air. A dozen or fifteen men were blown overboard by the force of the terrific explosion. Captain Westworth, who was looking at the Bennington when the disaster occurred, says he saw human bodies hurled over a hundred feet upward. The air was clouded with smoke which enveloped the ship. When the haze cleared away only a few men could be seen on the decks, while a number were floundering in the water. A boat was lowered from the vessel's side and most of them in the water were picked up and taken on board.

On board the Bennington were presented terrible scenes. The force of the explosion had torn a great hole in the starboard side of the ship and the vessel was already commencing to list. A section of the upper deck was carried away from stem to stern. Blood and wreckage was distributed over the entire ship, the after cabin and that part of the ship adjacent to the exploded boiler resembling a charnel house.

The shock of the explosion penetrated every section of the ship, blood and ashes being found as far as the stern of the captain's cabin. Great damage was done in all parts of the vessel.

The boiler which exploded, it is said, was regarded as unsafe. Commander Young stated that during a recent return from Honolulu the steam pressure was kept reduced in that particular one.

At the time of the accident Commander Ducien Young and Surgeon Peck were on shore. The two officers as soon as they learned of the disaster, hurried to the water front. Commander Young, as soon as he reached the ship, gave orders that the air tight compartments be closed to prevent the listing ship from sinking and that the magazines be flooded to prevent further explosions.

MR. HIDDEN AGAIN.

He Will Mine For Hiddenite on a Large Scale.

Elkin Times.

The hiddenite mines in Alexander county, which were formerly operated quite successfully for a number of years, but which were abandoned about six or seven years ago, are to be operated again in the near future. Prof. Hidden, who first discovered the stone, and who operated it for a number of years, has recently been investigating the prospects for further successful mining. Satisfying himself that the stone can still be mined in paying quantities, the Professor has purchased adjoining tracts of land installed heavier and more modern machinery with a view to prosecuting his mining operation on a much larger scale than he has done before.

The hiddenite is a stone of great value and we believe was first discovered in Alexander county.

Trinity Park School

A first class preparatory school. Certificates of graduation accepted for entrance to leading southern colleges.

Best Equipped Preparatory School in the South.

Faculty of ten officers and teachers. Campus of seventy-five acres. Library containing thirty thousand volumes. Well equipped gymnasium. High standards and modern methods of instruction. Frequent lectures by prominent lecturers. Expenses exceedingly moderate. Seven years of phenomenal success. For catalogue and other information, address:

J. A. BIVINS, Headmaster, DUREAN, N. C.

INSANE PATIENT KILLS ROOM MATE

Traverse City, Mich., July 22.—Mrs. Mary Larkin, a patient at the state insane asylum here, was murdered to-day by Mrs. Ernestine Berge, another patient, while the attendant was absent from the room a few moments attending another patient. When Miss Fenton, the nurse, returned to the room the two women were in, she found Mrs. Larkin with her head crushed from blows with a granite iron vessel. She died in two hours. Mrs. Berge, after the killing, walked quietly to her bedroom. Both women were victims of suicidal mania.

Patients afflicted with suicidal mania room together to keep watch over each other. Mrs. Berge, who had never shown any homicidal tendencies, was Mrs. Larkin's room mate. When the nurse attempted to enter the room after hearing Mrs. Larkin's screams, Mrs. Berge met her at the door and tried to brain her with the same dish that killed Mrs. Larkin.

The help of two other nurses was required to overcome the homicidal murderer. Mrs. Berge seemed dazed, one moment knowing nothing of the murder, and the next moment saying she had a nightmare, and thought a man was trying to smother her, and that she had a right to defend herself.

BRITTS FINE CHAMPION.

Gives Marvellous Exhibition of Scientific Boxing at San Francisco.

Woodward's P. M. J. Britts, San Francisco July 21.—Jimmy Britts is said to be the greatest scientific boxer of the world. He was awarded the decision over "Kid" Sullivan tonight in a two-round contest, in which Britts was the brighter and shiner star. He out-pointed Sullivan in every round and although he did not knock out the husky youngster from Washington, he demonstrated beyond all doubt his superiority.

Britts gave a marvellous exhibition of scientific boxing. His generalship was perfect, and during the whole time Sullivan never landed an effective blow.

- M—Alice Morgan.
- P—Lucy Parks.
- W—Martha Williams, Edith Wilson, Dicye Wilson.

Persons calling for above letters will please say advertised. Rules and regulations require that one cent be paid on advertised letters.

J. F. DOBSON, Postmaster.

HERE YOU ARE.

Bustur Brown Size's Up Life's Real Inwardness.

"RESOLVED,"

"That I do love my aunt and uncle for being so kind and patient with me. Kindness is all there is to it. You may sit in the front pew with your best clothes on from early Sunday morning till late Sunday night, but if you lose your patience and say cross things because your breakfast is not ready on Monday morning, or at any other little annoyance, you may just bid the church goodbye, you are no Christian. The first step in reform is forgetfulness—forget the past of others, and forget your own past. Piety is forgiveness, and forgiveness is divine. Kindness does it."

"BUSTER BROWN."

A Guaranteed Cure For Piles.

Itching, Blind, Bleeding or Protruding Piles. Druggists refund money if PAXO OINTMENT fails to cure any case, no matter how long standing, in 6 to 14 days. First application gives ease and rest. 50c. If your druggist hasn't it send 50c in stamps and it will be forwarded post-paid by Paris Medicine Co., St. Louis, Mo.

JAPS ARE IN THE FIELD.

ONE HUNDRED SIEGE GUNS ARE READY IN POSITION.

Japanese Occupy an Immense Position in the Shape of a Circle. Cruisers Menace Coast.

Uridaiappuzze, Manchuria, July 22.—The Japanese forces at present occupy the position of immense circle with the handle reaching from a few miles south of Liao Yang and passing through Chantafa, the blade circling northward of Kirin with the tip on the Korean coast, south of Fossat bay.

It is estimated that General Nogai has 80 battalions, General Oku, 69; General Nodza, 36; General Kuroki, 160; General Hazogawa, 120, battalions averaging a thousand men, which makes the numerical strength of the Japanese 550,000 bayonets, with 2,000 4-in and mounted guns, and about 100 siege guns.

The Japanese extreme left is guarded by General Tamura's cavalry division. The Chinese in the Japanese service are in the center, screened by cavalry and the cavalry of General Okshira.

The rains this year have been less heavy than usual, and it will be possible to begin operations soon that expected.

Japanese cruisers are making a dash along the coast in the rear of the Russian forces. A Russian report indicates that the Japanese are advancing on the coast. It is reported that the Russian fleet is now in the Gulf of Korea. The Japanese fleet is now in the Gulf of Korea. The Japanese fleet is now in the Gulf of Korea.

After arranging for financial support of the congress by taxing delegations, a proposal to invite peasants to the congress was adopted.

The congress unfavorably received the suggestion that workmen's organizations be invited and referred the matter to the bureau.

On motion of Prince Shakofskoy it was decided to organize assemblies throughout the country and submit to them the conclusions of the congress respecting the changes of Minister of the Interior Boulougnin.

A proposal to protest against the repressive measures against the press and the frequency of the death sentence was referred to the bureau. The question of woman's suffrage was left open.

St. Petersburg, July 22.—The government has instructed its representative at Morocco to communicate to the sultan Russia's consent to participate in the international conference concerning Moroccan reforms as soon as the date of the conference and the place where it will be held are known.

INSURANCE IN ARKANSAS.

The Arkansas supreme court has declared the Arkansas anti-trust insurance law valid. Only two judges dissented from the opinion of the court. The law was passed at the last session of the legislature, and it is very sweeping. It not only forbids rate agreements made inside the State, but it bars, under heavy penalties, any fire insurance company that makes any rate agreement anywhere. The latter feature was contested in Arkansas' court, but the supreme court held that the legislature had power to name the terms upon which outside insurance companies could do business in Arkansas.

The insurance companies do not fancy an appeal to the federal courts, because if they should reverse the decision of the State supreme court they would have to hold that the insurance business is interstate commerce, and that would bring them under the operation of the Sherman anti-trust act—a leap out of the frying pan into the fire.

It therefore seems probable that the outside companies will abandon Arkansas, trusting that the next legislature will repeal the King act, which bears the endorsement of Governor Davis, of the Democratic party and of the people in three successive campaigns.

Relief in Six Hours.

Distressing Kidney and Bladder Diseases relieved in six hours by "NEW GREAT SOUTH AMERICAN KIDNEY CURE." It is a great surprise on account of the exceeding promptness in relieving pain in bladder, kidneys and back, in male or female. Believes retention of water almost immediately. If you want quick relief and cure this is the remedy. Sold by M. E. Robinson & Bro. Druggists, Goldsboro, N. C.

THE EAST WINS ALL.

Elizabeth City for Quick Steaming, Newbern Second in Firemen's Contest.

Winston-Salem, N. C., July 19.—The State Firemen's parade this morning, which was witnessed by thousands, was a magnificent display of the fire fighting force of the Old North State.

The parade formed on Trade street and when it began moving about 10 o'clock the streets in that section were blocked with humanity. First came three mounted policemen, followed by Chief Marshal A. S. Hanes, with his aides; Winston cornet band, Forsyth Riflemen, automobiles, in which were officers of the association; mayors and other visitors; delegates in carriages; Danville band. Then came the companies in alphabetical order, headed by Asheville, and Winston-Salem bringing up the rear. All the visiting companies showed up well, as did the local departments which brought up the rear. The parade was a mile or more in length and was one of the best ever seen in the city.

The engine contests were held at the Salem square in the presence of several thousand people. A long delay occurred before the contests began, and it was nearly 1 o'clock when the first engine went to work.

The following were the judges: J. C. Gallagher, J. M. Madry, L. H. Lunsford, J. T. Yates, Timers, J. C. Micek, J. L. Miller, H. T. Day.

The Rocky Mt. engine was the first winner. Steam was gotten in 4 minutes and 55 3/4 seconds. Water was thrown a distance of 221 feet.

Charlotte came next with steam in 5 minutes and 35 3/4 seconds. Distance 208 feet and 9 inches.

Newbern got steam in 3 minutes, 17 3/4 seconds. The distance was 230 feet, 11 inches.

Elizabeth City got steam in 3 minutes, 4 1/2. The distance was 230 feet and one-half inches.

Elizabeth City was declared winner of first prize in quick steaming contest and Newbern second.

Newbern won first prize in long distance contest, and Elizabeth City was second.

The next State Firemen's convention and tournament will be held at Asheville.

The horse hose wagon contests this afternoon were witnessed by an immense crowd.

Durham Company No. 2 won first prize, \$125.

Goldsboro No. 1 won second money, \$75.

And Eclipse, of Goldsboro, carried off third prize, \$50.

There were twelve entries, the teams and times of each being as follows: Durham No. 2, 32 2 1/2 seconds; Goldsboro No. 1, 32 4 1/2; Eclipse, Goldsboro, 33 4 1/2; Rescue, Raleigh, 34; Fayetteville, 41 1 1/2; Rocky Mount, 41 3 1/2; Elizabeth City, 36 4 1/2; Kinston, 42; Newbern, 42 1 1/2; Henderson, 40 1 1/2.

The Capital Hose Company, of Raleigh, made a magnificent run, but the man in charge of the hose fell, allowing it to get away from him.

Concord also met with an accident. The hose blew off from the hydrant.

FOR WOMEN AND WOMEN ONLY

What That Every Woman Desires to Know About Sanative, Antiseptic Cleansing and the Care of the Skin, Scalp, Hair, and Hands.

WHAT CUTICURA DOES FOR WOMEN

Too much stress cannot be placed on the great value of Cuticura, as a cleanser of the skin, and as a restorer of the hair, and of the blood and circulation. It is a great economic local and constitutional treatment for washing, itching, eruptions, inflammations, hemorrhages, irritations, eruptions, displacements, pains, and irregularities peculiar to women. Hence the Cuticura remedies have a wonderful influence on the absolute safety, health, strength, and beauty of every woman, who has been particularly aged and invigorated by these distressing ailments, as well as such eruptions, thetic affections as eczema, chlorosis, hysteria, and nervousness.

Women from the very first have fully appreciated the purity and sweetness, the power to afford immediate relief, the certainty of speedy and permanent cures, the absolute safety, and great economy which have made Cuticura the standard household remedy of the civilized world.

TORTURING HUMOR

Cured by Cuticura.

"I suffered five years with a terrible itching eczema, my body and face being covered with sores. Never in my life did I experience such awful suffering, and I longed for death, which I felt was near. I had tried doctors and medicines without success, but my mother insisted that I try Cuticura. I felt better after the first application of Cuticura Ointment, and was soon entirely well. Mrs. A. Eason, Bellevue, Mich.

Cuticura Soap, Ointment, and Pills are sold throughout the world. Fuller Bros. & Co., Inc., Boston, Sole Importers for U. S. and Canada. Beware of cheap imitations.

FIVE MINERS MEET A TERRIBLE DEATH.

Heads, Bodies, Arms and Legs Scattered by an Explosion of Dynamite in a Storage Powder House.

Des Moines, Ia., July 19.—Five miners were literally blown to pieces by the explosion of 25 pounds of dynamite in a storage powder house at the West Riverside coal mine, two miles west of the city, at six o'clock this morning.

The dead are: Charles Brown, Luke Miller, Harry Balknap, Del Vance, George Arrawood. Heads, arms and legs were scattered around for a distance of 500 feet. No one knew of the explosion until the day shift came to work. The men killed were engaged in sinking a new shaft, and during the early morning hour a severe rain storm came up which compelled them to stop work. They sought shelter from the storm in the powder house. While they were in the house lightning struck a tree near the building and glanced into the house itself igniting the dynamite as well as two kegs of powder.

Not a piece of wood larger than a foot long remains of the building.

IS RUSSIA SINCERE?

Japan Hears of Encouraging Messages to Livnevich From The Czar.

Tokyo, July 19.—It is believed that Emperor Nicholas recently sent an encouraging message to General Livnevich promising him provisions and other necessities for attaining an ultimate victory. It is also reported that the Russian Emperor recently ordered the mobilization of four army corps. This fact taken in connection with the reported limitation of M. Wit's power as chief peace plenipotentiary is deemed to be a sign that Russia is not sincere in her expressed desires for the conclusion of peace.

Heavy seas are still raging off the coast of the Island of Sakhalin, and further reports of the Japanese operations there are not expected in the future.

Don't stop until you get to Farmers' Warehouse by the side of Court House, Goldsboro, N. C. Reeve & Bernard will see that you get the worth of every pile.

BUCK SWAMP ITEMS.

Chronicling of a Week's Events in That Thriving Neighborhood.

ANGUS BURKAL, Buck Swamp, N. C., July 25, 1905.

Mrs. O. V. Epler, of Smithfield, is visiting relatives in this neighborhood.

Mrs. Sam Eason, of your city, spent Saturday with her sister Mrs. Ben Deans.

The farmers of our section are busy currying tobacco and eating water-melons.

Miss Annie Overman of your city was the guest of Miss Mabel Deans Saturday.

Mrs. Gray Aycock spent several days with her mother last week Mrs. Laura Smith.

Mr. and Mrs. Haywood Lynch attended the quarterly meeting at Woodland Sunday.

Mr. and Mrs. C. L. Gurley visited their son Mr. Charlie Gurley at Princeton Saturday.

Miss Lula Perkins, of Fremont, is spending this week with her sister Mrs. George Perkins.

Mr. Pearson and brother have erected a new saw mill near here. They are now doing good work.

Several of the young people and old attended the picnic and debating exercises at Pleasant Grove Thursday.

Mr. Jim Pike died at his home near here Thursday morning at four o'clock. He leaves a wife and several children to mourn his loss.

The "Donkey Party" given by Miss Lizzie Deans Saturday night was very much enjoyed by all who were present, every one seeming to have a good time. The prizes were awarded Mr. Tom Deans, and Miss Viola Gurley.

Administrator's Notice.

The Oxford Savings Bank and Trust Company, having been duly appointed by the Clerk of the Superior Court of Wayne county, as administrator of the estate of J. B. Rogers, deceased, late of Wayne county, hereby notifies all persons holding claims against said deceased to present the same for payment to J. G. Hurt, Vice-President and General Manager of said Oxford Savings Bank and Trust Company at Oxford, N. C., before the 22nd day of July 1905, or this notice will be pleaded in bar of their recovery. All parties indebted to said estate are requested to make immediate settlement.

This July 22nd, 1905.

Oxford Savings Bank & Trust Co. Adm. of J. F. Rogers, deceased.

ANARCHIST REFORMED.

Wants to be Good After Getting Out of Prison.

Pittsburg, July 19.—Alexander Berkman, the alleged anarchist, who attempted to kill H. C. Frick, the milliron steel manufacturer, during the great Homestead strike of 1892, was released from the western penitentiary today, and was immediately arrested again on a commitment to the Allegheny county workhouse to serve one year for carrying concealed weapon.

Berkman was sentenced to 22 years in the penitentiary, but good behavior earned for him a commutation of nine years, so that he served but 13 years. During his long imprisonment Berkman devoted his leisure time to study and writing. As he left for the workhouse he said to Deputy Sheriff Hagerly: "I hope there won't be any notable bit and then be a good man and live at peace with the world."

Just received forty-one rolls China and Japanese Matting. Give us a call. Andrews & Waddell Furn. Co.

Conviction Follows Trial

When buying loose coffee or anything your grocer happens to have in his bin, how do you know what you are getting? Some queer stories about coffee that is sold in bulk, could be told, if
