

Just because we Need the Money

is no reason why you should trade here. If we cannot give you as good merchandise for your cash as anybody else, you have a perfect right to go elsewhere. But the fact that so many keen judges come here always makes it look as if we do give at least equal and possibly better values than others.

The Toggery

EXCLUSIVE GENTS' FURNISHINGS

Colonel Woodworth and Party

Colonel F. H. Woodworth of New York and Carlos Mayer of Philadelphia have arrived here for another stay of whatever time may be necessary in connection with their business interests.

The gentlemen are concerned in the exploiting of the Southern Arizona Irrigation Company, a storage and irrigation enterprise on the lower Gila, over near the boundary between Maricopa and Yuma counties. The story of this property has been so oft repeated to make its recital timely now, as the visit of the gentlemen is merely in furtherance of perfecting title and does not at this time indicate great activity.

Colonel Woodworth has been connected with the enterprise in one way and another since the early '80s, during which time the ownership has changed more or less and approximately a half million dollars has been spent in development and exploitation. Everything is now successfully financed and the only question is the clearing of titles, which the Colonel hopes may be affected soon.

Colonel Woodworth came direct from France, where several of his associates live, having left that country just sixteen days before his arrival in Phoenix, stopping in New York only long enough to shake hands with a few friends. Though in late years he has spent most of his time in the East and in Europe he is an Arizonan of early vintage, having been in charge of the big north and south and east and west stage lines across the Territory in the early '70s, when travelers had very good justification in going well armed. He knows Arizona thoroughly and says he hopes some day to see the project of the south Gila one of the largest successful irrigation undertakings in the West, not alone because of his connection with it, but for the good of Arizona itself.

Kills A Murderer.

A merciless murderer's Appendicitis with many victims, but Dr. King's New Life Pills kill it by prevention. They gently stimulate stomach, liver and bowels, preventing that clogging that invites appendicitis, curing Constipation, Headache, Biliousness and Chills, 25c at all druggists.

Rush to Old La Paz

The recent gold strike made in the La Paz district, Yuma county, Ariz., has caused an un-

usual rush to the scene of the discovery. News has reached here from Yuma that in the last few days more than 100 miners and prospectors have passed through there en route to the old city of La Paz, where it is estimated that at this time there are about 300 miners camped.

Every available foot of ground in the district has been taken up, and once more the old town of La Paz has assumed the aspect of civilization. The old timers along the Colorado river predict a promising future for that part of Yuma county. At present a number of miners have small forces of men at work, among them being the Seattle Placer Mining Company, Arizona Mining Company, the New La Paz Mining Company and others. A report reached Los Angeles last evening of another rich strike, said to have been made on the Amazon claim. This property is owned by O. L. Grimsley and others of this city. Mr. Grimsley is president of the New La Paz Gold Mining Company. It was on their property that the recent strike was made.

Do you know that of all minor ailments colds are by far the most dangerous? It is not the cold itself that you need to fear, but the serious diseases that it often leads to. Most of these are known as germ diseases Pneumonia and Consumption are a mong them. Why not take Chamberlain's Cough Remedy and cure your cold while you can? For sale by all dealers.

Dog Is Master's Savior

Carter (S.D.), March 8.—Accompanied by his shepherd dog, a homesteader living some miles from here came to Carter and without delay filled up on "fire-water." He managed to keep on his feet until quite late at night, when he became sleepy and sought a lumber yard as a place of repose.

The shepherd dog being unable to arouse him, went to a nearby saloon, and by his queer actions soon attracted the attention of some of the inmates, who, out of curiosity, followed the dog when it left the saloon and hastened toward the lumber yard, meantime looking back from time to time to see that the men yet followed.

In the lumber yard the men found the homesteader still sound asleep and nearly frozen to death.

When you have rheumatism in your foot or instep apply Chamberlain's Liniment and you will get quick relief. It costs but a quarter. Why suffer? For sale by all dealers.

Boston Red Sox Defeat Yuma

A splendid game of the national sport was pulled off in Yuma Monday of this week when the Boston Red Sox of the American League crossed bats with the Yuma boys. It was a very fine exhibition of this popular sport and the Red Sox carried off the honors with a score of 8 to 3.

The Hub boys were given a good time while in Yuma and they expressed themselves as being highly pleased with our city, surrounding country and our hospitable people. If they have their training on the coast another year they expressed themselves as being desirous of playing in Yuma at that time.

Duffy Lewis, a former Yuma ball player, who is now one of the stars of the Red Sox, played with the local team and his long hit and near home run was one of the features of the game. Danny Maddox's strike at the umpire was another popular feature of the game.

This has been a great advertisement for Yuma, as the team made no other stop in the Territory, which is another proof that Yuma is the best city in Arizona.

A Fierce Night Alarm

is the hoarse, startling cough of a child, suddenly attacked by croup. Often it aroused Lewis Chamberlain of Manchester, O., (R R No. 2) for their four children were greatly subject to croup. "Sometimes in severe attacks," he wrote, "we were afraid they would die, but since we proved what a certain remedy Dr. King's New Discovery is, we have no fear. We rely on it for croup and for coughs, colds or any throat or lung trouble." So do thousands of others. So may you. Asthma, Hay Fever, La Grippe, Whooping Cough, Hemorrhages fly before it. 50c and \$1.00. Trial bottle free. Sold by all druggists.

Grand and Trial Jury

April Term

Grand Jury—J. I. Noriega, W. W. Woodman, Ike Probstel, S. P. Huss, A. E. McBeath, L. W. Alexander, K. S. Yowell, W. J. Trevarrow, John Noble, T. A. Jordan, F. R. Spaulding, M. M. Mendenhall, A. Y. Greer, F. R. Ingle, Althee Modest, Don J. Snow, J. H. Fuquay, J. W. Westover, W. W. Low, John Wadin, T. L. DeSpain.

Trial Jury—W. H. Lyon, R. G. Still, S. D. Cunningham, L. M. Ethridge, William H. Irby, E. J. Pearson, George S. Peterkin, O. C. Patterson, J. W. Alexander, Charles P. Yantis, R. H. Stanton, William Boyle, J. L. Clark, J. M. Simon, Albert Pike, George F. Crowley, Cap C. Todd, Carl Moser, J. C. Denton, W. E. Faulkner, T. A. White, J. E. Hightower, C. H. Archibald, C. W. Thomas, S. D. Athey, Sam Nesbit, L. W. Schooler, J. W. Edwards, A. E. Johnson, C. Allison, W. S. Clayton, Thomas Ariola, George Rockwood, J. V. Hanna, Charles Wilwebber, A. Vandemark, W. P. Cooper, A. T. Paucuzzi, G. P. Jagger, Robert D'Luca, H. B. Winchester, Walter Winsor, John O'Malley, E. F. De Corse, C. M. George, D. Morton.

John W. Sicksel Smith, Greensboro, Pa., has had three children, and like most children they frequently take cold. "We have tried several kinds of cough medicine," he said, "but have never found any yet that did them as much good as Chamberlain's Cough Remedy." For sale by all dealers.

Popular Educator Here

Professor A. J. Matthews, president of the Tempe Normal School of Arizona, spent Tuesday in the city inspecting the local schools. Professor Matthews is a very popular educator and has been at the head of the Normal School so long that he is considered as a kind of permanent fixture. He has made many improvements in the Normal since assuming the head of that institution and today the Tempe Normal is one of the most noted State Normals in the West.

President Matthews was prominently mentioned for heading the University of Arizona recently when the board of regents was looking for an up-to-date president for that institution. Had Mr. Matthews been selected it is needless to say that the institution would have advanced rapidly.

President Matthews is an old friend of Professor A. H. McClure, the two having been together in attendance at many of the meetings of the National Educational Association.

The most common cause of insomnia is disorder of the stomach. Chamberlain's Stomach and Liver Tablets correct these disorders and enable you to sleep. For sale by all dealers.

Insurgents on American Soil

A quintette of American citizens, including two United States officials, have had the delightful experience of shooting their hands skyward at the command of "Hands up!" coming from the Mexican insurgents. This little play came off on American soil when Judge J. L. Redondo Miles O. Archibald, Jack Mulligan, Fernando Vallasenor and R. P. Marable saw six rifles pointed at their heads and insurgents' fingers on the triggers. The occurrence was about two hundred feet this side of the International boundary line, where the stock from the Mulligan & Marable camp on the lower Colorado was being transferred to this side of the line, after the completion of the levee contract below the International boundary. The insurgents queried the startled American citizens if there were any Mexican officials in the party, and when informed that there were none, and that they were all American citizens and on American soil, with great apologies for their little rudeness the insurgents crossed to Mexican soil and the American band once more came into their own.

Attacks School Principal.

A severe attack on school principal, Chas. R. Allen, of Sylvania, Ga., is thus told by him. "For more than three years," he wrote, "I suffered indescribable torture from rheumatism liver and stomach trouble and diseased kidneys. All remedies failed till I used Electric Bitters, but four bottles of this wonderful remedy cured me completely." Such results are common. Thousands bless them for curing stomach trouble, female complaints, kidney disorders, biliousness, and for new health and vigor. Try them. Only 50c at all druggists.

Lost Boys

One of the most pathetic requests received recently is from Mrs. E. J. Wood of Helena, Mont., who wants to see her boy before she dies. When last heard from he was in Phoenix. His name is Alexander Wood. He is 35 years old; fair and has a scar upon his right cheek. If this comes to the eye of Wood or any one who knows him a mother's last days will be cheered if he is started for home.

Another inquiry comes from Mrs. F. S. Carlisle of Danville, Va. She seeks a brother on her own and her old parents' behalf, for the old folks, she writes, are "about crazy" over the long silence. G. B. Moore is this man's name, and he came to Phoenix last fall.

Has Millions Of Friends.

How would you like to count your friends by millions as Bucklen's Arnica Salve does? Its astounding cures in the past forty years made them. It is the best Salve in the world for sores, ulcers, eczema, burns, boils, scalds, cuts, corns, sore eyes, sprains, swellings, bruises, cold sores. It's no equal for piles. 25c at all druggists.

Visited His Sick Father

Fred W. Kerr came down from Phoenix Sunday morning to visit his father, W. L. Kerr of the Sentinel, who has been ill for some time with a severe attack of catarrh of the stomach. Fred is a machine operator in the employ of The Voice of the People, the labor paper which has been issued from Tucson but printed in Phoenix, and is prominent in union labor circles at the capital, being president of the Trades Council of that city. He goes from here to Tucson, as the plant is being moved there this week. His father accompanied him as far as Sentinel on his way to Agus Caliente, where he plans to remain for some weeks to test the curative properties of the water on his ailment.

Who Wants Date Seed?

Hard, Cal., March 20.—The Sentinel, Yuma, Arizona: Farmers desiring choice date seed for planting can secure same through the Yuma Experiment Farm near Hard, Cal., by making application in person or by letter. The seed will be furnished in ample time for planting, together with full instructions for planting and caring for a seedling date orchard. W. A. PETERSON, Farm Superintendent.

Storm Drain Sewer Contract

The Town Council met in adjourned session Monday night and opened bids for the construction of a storm drain sewer to run from the junction of Maiden lane and Second street, thence to the junction of Gila and Jones streets, thence to the junction of Jones and Main streets, thence north on Main street to near the railroad track and thence to a point just west of the railroad bridge.

Petich & Milton were the lowest bidders and were awarded the contract for the sum of \$3950. The other bidders were Martin Maciovitch of Los Angeles, \$5000; Joe Clutuck, Los Angeles, \$5500; W. N. Hendricks of Los Angeles, \$7000. It is pleasing to note the progressiveness of the local firm in being able to capture this contract and at 20 per cent below the next lowest bidder.

The actual construction of the sewer is to begin within the next ten days and eighty days is allowed for its completion. However, Petich & Milton expect to complete the work within thirty-five days.

If you have trouble in getting rid of your cold you may know that you are not treating it properly. There is no reason why a cold should hang on for weeks and it will not if you take Chamberlain's Cough Remedy. For sale by all dealers.

Welcome Man

There's a man in the world who is never turned down, wherever he chances to stray; he gets the glad hand in the populous town, or out where the farmers make hay; he's greeted with pleasure on deserts of sand, and deep in the aisles of the woods; wherever he goes there's the welcoming hand—he's the Man Who Delivers the Goods. The failures of life sit around and complain; the gods haven't treated them white; they've lost their umbrellas whenever there's rain, and they haven't their lanterns at night; men tire of the failures who fill with sighs the air of their own neighborhoods; there's a man who is greeted with love-lightened eyes—he's The Man Who Delivers the Goods. One fellow is lazy, and watches the clock, and waits for the whistle to blow; and one has a hammer, with which he will knock, and one tell a story of woe; and one, if requested to travel a mile, will measure the perches and rods; but one does his stunt with a whistle or smile—he's The Man Who Delivers the Goods. One man is afraid that he'll labor too hard—the world isn't yearning for such; and one man is ever alert, on his guard, lest he put in a minute too much; and one has a grouch or a temper that's bad, and one is a creature of moods; so it's they for the joyous and rollicking lad—for the One Who Delivers the Goods!—Walt Mason.

Forty Millions in Diamonds

It is said that the United States imported more than \$40,000,000 worth of diamonds last year. This country, as might be expected, is the greatest diamond market in the world. It also furnishes the greatest harvest in the world for diamond thieves. It is said that most ladies of the "four hundred" wear paste diamonds in order to avoid the exposure of their real gems to the cupidty of the light fingered experts. Good scheme, but why pay for the real if the spurious will do as well?

Asks Damages

James J. Healy, late of the Parker Herald, has filed suit in the District Court against about thirty citizens of Parker for damages aggregating a sum of \$101,000. This is the aftermath of the proceedings instituted against Healy by the citizens of Parker about a year ago, when he was conducting the Parker Herald.

Colonel Jack Summerhayes Dead

Near relatives and acquaintances and our entire community were shocked, on Wednesday forenoon last, by the announcement of the sudden death of Lieutenant Colonel John W. Summerhayes. It seemed well-nigh incredible, as he was seen so recently on our public streets, where he was a familiar figure. He was a son of the late Lydia Wyer Summerhayes, born in Nantucket, January 6, 1835, and is survived by his widow, Mrs. Martha Summerhayes, whose graphic story, "Vanished Arizona," is an enduring testimonial to the bravery of her late husband.—Inquirer and Mirror, Nantucket, Mass.

Colonel Summerhayes was stationed in Arizona in 1874, and did gallant service during the terrible thirty-year Apache war. Mrs. S., who was with her husband during those troublous times, was a very popular young lady and was loved by all who had the honor of her acquaintance. All the old timers of Arizona send heartfelt sympathy to the bereaved widow.

A Wonderful Fountain

One of the natural marvels of France has but recently been made generally known. It is the fountain, or source, of the Colompe, a small river in the department of the Basses-Alpes. Out of a mighty limestone wall about 4000 feet high springs a fountain of water, yielding, even in the driest times, about 300 gallons per second, and forming a full born river, which begins its career with a series of leaps aggregating 100 feet of descent. It is thought that the water must pass under the mountain by subterranean channels at least a mile in length.

Spies may no longer pry about Uncle Sam's fortifications with impunity. Congress has provided for their punishment by a fine of not more than \$1000, or imprisonment for not more than a year. If the spy tries to sell to a foreign government anything that he learns, he may be imprisoned for ten years. These provisions are for times of peace. In time of war a spy may be shot.

The operation of the law of supply and demand was illustrated strikingly recently, when one of the two \$3 gold pieces minted at San Francisco in 1870 was sold for almost \$1500. The other coin is under the corner-stone of the San Francisco mint. Cer-

tainly the supply in this case was limited, but many persons wonder why the demand was so urgent.

Drop in and see your friends at the Old Plantation; you'll be sure to find 'em there.

Clarke Resigns

Chief Engineer C. K. Clarke, of the California Development Company, has tendered his resignation, to take effect April 1. Mr. Clarke has been with the C. D. Company for many years and has proven himself a capable and valuable engineer, and has become known as one of the leading engineers of the West. Mr. Clarke has several offers from leading railroads of the country, but has not decided which he will accept. While the board of directors has accepted Mr. Clarke's resignation, they have not decided upon his successor. It is understood that there are many applicants for the important position.

Tetley Goes to Benson

Yardmaster C. B. Tetley, who has been located in Yuma for the past two years, has been transferred to Benson, and will depart from Yuma for his new location within the next week or ten days. W. J. Hay, yardmaster at Benson, has been transferred to Yuma and has already arrived in this city and is ready to assume his duties.

District Court

Judge John H. Campbell will open the April term of the District Court on Monday April 3. There is a full docket, including several very important cases. This promises to be one of the most interesting sessions of the court held here for some years. There are a number of divorce cases to come up for hearing.

Will Try It Again

The people of Parker will make another effort to secure an election on the local option question. The late election on that question was thrown out by the Board of Supervisors upon an opinion of the District Attorney that it had not been held as required by law.

Dies From Injuries

J. J. Jones, a pioneer Yuma valley farmer, was kicked in the stomach by a horse Tuesday afternoon, and as a result of his injuries died yesterday afternoon. Mr. Jones was 64 years old, and a highly respected citizen.

CATARRH CANNOT BE CURED with LOCAL APPLICATIONS, as they cannot reach the seat of the disease. Catarrh is a blood or constitutional disease and in order to cure it you must take internal remedies. Hall's Catarrh Cure is taken internally, and acts directly on the blood and mucous surfaces. Hall's Catarrh Cure is not a quack medicine.
