Jack Livingston is doing labor on mining property near the House camp.

Sam'l Stewart has concluded to get in with the push, so has taken residence in Payson.

Mrs. Maggie Armer accompanied by Miss Narron of Salt river are visiting friends at Payson.

David Fuller and wife of Pine paid Payson a visit last Sunday. Dave wears quite a smile now-a-days.

J. D. McFarland, an old timer, dropped into Payson, for a few days the past week. J. D. has quit the violin and gone to mining in the Mazatzals.

C. F. Booth, the Rye creek farmer, came in after supplies Tuesday last.

Mr. Booth drives the finest matched team in northern Gila county.

J. F. Holder has the necessary lumber on the ground for a large store building to be put up at the crossing of the East Verde.

Work is progressing rapidly on the race track under B. G. Abbott who is in charge. It will be a full one half a mile straight away track.

Billie Beard, the leading cow-puncher of Pleasant valley, came in during the week after supplies for J. W. Ellison. From the quantity of tools, powder, etc., we should judge that the colonel is about to engage extensively in the mining business.

The Four Hundred of Payson gathered at Mrs. Platt's residence in lower Payson Saturday evening. Dancing and games were in order until a late hour. All had a regular good time.

Large quantities of merchandise were received during the week by our merchants.

W. A. Wyllie, who during the past month, has thoroughly examined the Mazatzal and Green Valley mining districts, left the early part of the present week for Idaho, where he has extensive mining interests which he will close out and return to Payson within the next ninety days. Mr. Wyllie is well pleased with this section of Arizona as a mining country and will upon his return engage in mining.

Harry W. Nash has consummated a sale of his interest in mining property on Mineral creek, receiving a good payment down, balance to be paid within one year.

During the past week an option for sixty days was granted on the White Iron group of mines, situate in the Mazatzal district.

Ed Bowen came in from Gun creek the past week, secured a quantity of grub, and with his partner, struck out for the Four Peak range. If perseverance counts for anything, Ed should yet strike it rich.

James Moore came in after supplies during the week. He states that an option has been taken on a one-half interest of the Star mine belonging to himself. The parties taking such option are from Jerome and agree to sink 100 feet. The Star is an extension of the Excursion which is considered to be a valuable property.

The owners of the Gold King had a cash offer made them a few days ago by local parties, which will probably be accepted.

Notwithstanding that there are properties in this district that have been patented for years, as may be shown by inquiry at the Prescott land office, yet notices of relocation are continually kept plastered upon such.

FATHER J. O. BARRIETTE.

**PEACE IN TONTO BASIN.**

Report of War between Stockmen a Fake.

The monumental liars are not all engaged in reporting the progress of the Yaqui war. There are others and one of them at least is located at Phoenix, judging from the sensational report of an alleged conflict between the cattle owners of Tonto basin and owners of predatory herds of sheep. The Associated Press has been used to give wide publicity to the story of impending bloodshed, in which there is not a scintilla of truth.

The facts are that J. D. Houck, who is holding several thousand head of sheep on Tonto, denouncing the range, was approached by some twenty cattlemen who requested him to confine his sheep to the west side of Tonto creek, and Mr. Houck agreed to comply with their wishes. Some cattlemen riding after their stock scattered a few of the sheep, but no material damage resulted therefrom.

Mr. Houck, having refused to pay taxes on the sheep, Deputy Sheriff Voris last week levied on 216 head and drove them to Globe. They will be sold to satisfy the taxes next Saturday afternoon at 4 o'clock. And that is all there is in it.

**Important to Stock Raisers.**

We have been advised by Hon. J. F. Wilson, delegate to congress, that he has secured an order from the secretary of agriculture, directing that all applications by stockmen in the territory of Arizona for blackleg vaccine, such as has been heretofore distributed, shall be sent to each individual applying therefor or through his veterinary surgeon who shall certify that it is for his or her individual use.

Mr. Wilson effected this arrangement by making official requisition upon the department for all applications for the above named purpose to be filled as heretofore, before those seeking a monopoly of the sale of the vaccine made war on the agricultural department for distributing it, guaranteeing also that these applications will be in good faith.

The secretary of agriculture has given assurance that Arizona shall be supplied hereafter by virtue of this endorsement for them, notwithstanding the war made by the manufacturers of the vaccine.

**On the Diamond.**

Two games of base ball were played here last Sunday and Monday, between the San Carlos and Globe nines. San Carlos winning the first game by a score of 22 to 7. Globe winning the second game by a score of 15 to 14. The line up of the teams were as follows:

- |                         |                       |

The last game was closely contested and was rather exciting, when in the eighth inning San Carlos tied the score. The boys of San Carlos spoke very highly of the manner in which they were treated by the boys of Globe, and went home vowing that they could not have been treated better. A return game will be played soon.

The Globe boys say if Vic had not got rattled in the first game, and thrown the ball away when three men were on bases the locals would have won.

The San Carlos boys made quite a hit with the Globe people, and on all sides were praised as being the most gentlemanly lot of ball tossers that ever played on the local diamond.

Come again boys, you are always welcome.

A game will be played next Sunday between the Pioneer Hose company's nine and a picked nine from the town, and a good game is expected. The following is the line up of the teams:

**Spitting Blood**

"I used to cough a great deal and spit blood, and my neighbors in Dayton, Ohio, where I live, said among themselves that I had consumption, although they did not tell me so to my face, for fear of making me despondent. I kept on coughing and trying different sorts of medicines, but nothing seemed to reach my trouble until I got hold of a bottle of Acker's English Remedy. I prayed for health all the time, and my prayers were answered as soon as I began taking this celebrated English expectorant and tonic. Since my recovery I have told hundreds of sufferers from coughs, colds and weak lungs that Acker's English Remedy would cure them. Some of them won't try it, and it does seem to me terrible when anyone deliberately refuses to be cured. There ought to be a law compelling consumptives to take it. Even if they don't care for their own lives, the public's welfare should be considered. Don't you think so too? I hope such a law will soon be enforced."
