

SANGER BROTHER'S

THE ARRIVALS OF FALL GOODS.

New Shoe Department.

We Have Just Opened and Put on our Counters New Lines of SEASONABLE GOODS!

FOR EARLY FALL USE. IN DRESS GOODS, we have a New Line of Plaid and Plain Fabric, light weight, and new Patterns in GINGHAMS. WE have the NEWEST IN INDIGO and BROWN PLAID and STRIPE. UNQUALIFIED IN THE STATE; both in price and quality. The prices are 65 and 65 cents each. A Complete line of MENS' and BOYS' WHITE and COLORED DRESS SHIRTS. OUR STOCK in all Departments will be complete by the 15th of SEPTEMBER.

We have now the Largest Shoe Department in the State of Texas, which is loaded down with the Largest and best assorted stock of Mens', Youths' and Boy's Boots and Shoes, and Ladies', Misses' and Childrens' Shoes ever shown in this Market. Our Stock for retail has all been made up to order to suit the demands of the trade, and as our prices for the entire season will be very low, it will pay you to look through our Stock. We are anxious to demonstrate these facts to the people of Waco. We can therefore only ask you to pay a visit to this Department and to assume one and all that our employes never find it any trouble to show GOODS.

THE STORM KING

Is Now Waging a Watery and Windy War Upon Texas.

The City and Island of Galveston Deluged by Rain and Swept by Wind.

A Cyclone Predicted for Texas by the Signal Service Department.

A Vessel Wrecked and the Crew Lost--A Gale at Indianola.

THE PITILESS SEA.

It Wrecks a Barge and Imperils Life at Galveston.

Galveston, Tex., September 18.—The tug Ranger, having in tow the barge Orient laden with 900 tons of coal from New Orleans, arrived outside the bar this morning and in rounding to, parted her tow line. The barge cast anchor while the Ranger came in for a new cable. A heavy sea was on and the anchor chain parted, leaving the barge at the mercy of a terrible sea and it was driven eastward, about five miles from the end of the island, when the Ranger returned with a new tow line, she was unable to reach the barge or to rescue her crew of five men.

A life-boat was immediately manned with five experienced seamen, and started for the Orient, but when they reached the barge a heavy sea was east wrecking her and as the life-boat drew close to the barge one of the imperiled seamen jumped into the life-boat, capsizing it.

Three of the heroic seamen who went out in the life-boat have just come ashore near the Beach Hotel, floating on their life-preservers, and a fourth one is seen struggling in the surf. The fate of the fifth man, who is left on the Orient is unknown as is that of the remaining two who occupied the life-boat.

Five men have come ashore, the life-boat was capsized, is undoubtedly lost as are his four companions on the barge. Quantities of drift are floating ashore, indicating that the Orient has gone to pieces.

The Ranger has returned, as it is impossible for any boat to reach the scene of the wreck in the heavy sea now running, and there is scarcely a shadow of a doubt but that the firemen on the Orient have found better graves. They were all residents of New Orleans, and their names are unknown here. Captain Griswold, of the Orient, is among the lost.

The beach for several miles is being patrolled to-night by the government life-saving crew, and it is expected the bodies will wash ashore when the tide turns at midnight.

The large, Orient, was valued at \$100,000, and her cargo at \$3,500. Both are owned by the Grand Lake Coal company, of New Orleans, and the insurance, if any, was placed at New Orleans.

A heavy gale is blowing to-night and the waves are rolling far inland over the east end of the island. The shipwreck crew of the life-boat are a thrilling story of their attempt to rescue the men on the Orient. They were in the water from five to seven hours with nothing but small life-preservers strapped about their waists, and they were rescued from an angry sea where it seemed no human life could exist for five minutes.

Galveston Flooded--A Great Storm. GALVESTON, September 18.—Galveston, both city and island, is experiencing a veritable deluge. For five days past leaden clouds have obscured the sunlight and the rainfall has been almost incessant. The streets are perfect canals, and in many places the water stands knee-deep. Up to 9 o'clock to-night, since the first day of September, the signal service rain-gauge shows 17.90 inches of rainfall in Galveston. This record is without a parallel. The total rainfall at this place is 52.37 per year, and will therefore be seen that in eight or ten days over one-third of the annual rainfall has fallen. Heavy seas have prevailed ever since the deluge set in and serious encroachments are reported along the eastern end of the island. The velocity of the wind this afternoon roared thirty miles an hour. At 12 o'clock to night the down-pour of water still prevails.

At Indianola to-day the wind blew at the rate of fifty miles an hour and reports of serious damage are anticipated from down the coast.

NABLER MATTERS.

Too Much Rain--But Business Good. Special to the Examiner.

MAHES, Tex., September 18.—It has been raining all the week and continues to rain at this writing. The damage to cotton will be serious, and farmers will be set back a full week in picking. The receipts of cotton are much larger than at this time last year.

New Shoe Department.

Shafting, Pulleys, Boxes and Couplings, EIKEL & BREUSTEDT,

Austin St. Between Fifth and Sixth.

CAMERON, CASTLES & STOREY,

Grocers and Druggists WACO TEXAS.

The method of handling our Customers' Cotton without commission having proved so entirely satisfactory last year, has influenced us in adopting the same plan for the coming season. We will receive and promptly dispose of, for account, all consignments from our customers--free of all commissions--guaranteeing them the very best possible classifications and highest market prices. Waco's immense Cotton receipts last year and her advance of 1-2c to 3-4c over other markets in the State, established her, beyond all doubt, as THE Cotton market of Texas.

There are several reasons to be assigned for the belief that the receipts for the season beginning September 1, 1885, will be equally as large if not larger--than the shipments of the previous year. We have now located with us resident spinners' Agents, who have direct connections with the East and Europe, which virtually throws the Cotton immediately into first hands, thus obviating the heavy expenses, low classifications, delays and increase of freight rates resulting from shipments made through commission merchants of other markets. Our three competitive Railroads afford the finest transportation facilities, and insure as lower through and local rates to and from Waco than any other point in the State.

In conclusion, we would especially call the attention of our friends to our increased and carefully selected stock, which has received our closest attention in readiness for the large FALL trade, which is now fairly upon us, our facilities for handling our goods with promptness and safety, and our guarantee to make every transaction mutually satisfactory as well as profitable. Thanking our customers for their past patronage and soliciting a liberal continuance of same, we remain, Yours faithfully, CAMERON, CASTLES & STOREY.

WYOMING'S WAR.

The Recent Riots at the Union Pacific Mines Being Investigated

By Three Chinese Consuls and Three Government Directors of the Company.

The Consuls Will Demand Trial of the Rioters in the Federal Courts.

The Celestial Miners Have Packed their Grips and are Now Marching Westward.

WYOMING'S CHINESE.

They Hustle Westward--Their Consul Investigating.

CHEYENNE, Wyo., September 18.—The Chinese fast leaving Rock Springs, being afraid to resume work, and it is confidently expected will soon be enabled to commence operations. The road west from Rock Springs is lined with Chinese, with their faces turned toward the setting sun. White miners are greatly encouraged over the present prospects. An amicable adjustment is expected, but the Knights of Labor is expected immediately. Governor Warren and the government directors are now in camp and attorney General Campbell left Cheyenne for Rock Springs last evening, to prosecute the participants in the recent massacre. Rumors are rife that further trouble at Rock Springs is expected, but no part-cars can be ascertained.

Directors and Chinese Consul. ROCK SPRINGS, Wyo., September 18.—The Chinese government directors of the Union Pacific on a tour of inspection, arrived from the east yesterday, and they were met by a committee of citizens who presented a petition written in Chinese characters, showing the anti-Chinese demonstration to have been the outgrowth of an accumulation of grievances under which the miners had suffered for several years. The directors will continue their tour to inquire into the cause and effects of the great riot, in behalf of the Chinese government. They are General Bey, of San Francisco, H. Yung Tung, of Washington and General Tsing, of New York, and are accompanied by an interpreter, the undersigned, and miners with their own people most of the day, and it is impossible to learn just now what they have accomplished. They will remain here several days.

General E. P. Alexander, W. P. Hanna and Mr. Savage are at Rock Springs investigating the circumstances attending the late outbreak. They gave the undersigned a list of names of citizens who had previously presented their case to Bromley, the representative of the company. The case was presented in such a manner as to prevent their grievances from being known to the Chinese, and against the employees of the mines. The same rule was observed with regard to the circumstances immediately connected with the outbreak, and the undersigned was called upon to say anything whatever concerning the attack upon the Chinese and the burning of their quarters. The examination was conducted by Judge Adams, who was assisted by the undersigned, and the miners to prevent their grievances from being known to the Chinese, and against the employees of the mines. The same rule was observed with regard to the circumstances immediately connected with the outbreak, and the undersigned was called upon to say anything whatever concerning the attack upon the Chinese and the burning of their quarters.

The examination was conducted by Judge Adams, who was assisted by the undersigned, and the miners to prevent their grievances from being known to the Chinese, and against the employees of the mines. The same rule was observed with regard to the circumstances immediately connected with the outbreak, and the undersigned was called upon to say anything whatever concerning the attack upon the Chinese and the burning of their quarters.

RUSSIA'S SNEER.

The Protocol was Only an Illustration of Amiable Russian Diplomacy

Remark Was Only an Illustration of Amiable Russian Diplomacy

France is Advancing Toward Morocco.

Gladstone Shows His Hand in English Politics, and It's Still Cunning.

RUSSIA.

A Sarcastic Thrust at England.

ST. PETERSBURG, September 18.—M. Lessar, the special Russian envoy to England, has arrived in this city from London. The Novy Remya in a satirical article commenting on the settlement of Russo-Afghan frontier question says: "The protocol is only a conditional agreement, English statesmen would do well to regard it simply as a token of the amiability of the Russian diplomacy for Russia will continue to be guided by what she thinks is best for her own interest."

REMARKS HAS AN EYE ON FRANCE. BERLIN, September 18.—The German newspapers are to-day largely occupied in discussing the affairs of Morocco and the alleged French intrigues now going on in that country. The Cologne Gazette says: M. Lessar, the minister from Morocco, has been summoned to Paris for a conference with Prince Bismarck as to the meaning of the incessant advance of French troops on the north-east frontier of Algeria, indicating a movement on Morocco. This news of the German chancellor in taking cognizance of the schemes of France respecting Morocco, which, if carried out, would cause serious damage to Spanish interests, assures Spain of Germany's eternal friendship.

ENGLISH NEWS.

Gladstone Issues his Manifesto. LONDON, September 18.—Mr. Gladstone to-day issued a four-column manifesto to his constituents in Midlothian. He invites comparison of the work of the recent parliament with that of the parliament which preceded it, and confidently appeals to the electors for a verdict. He refers to the costly struggle to survive the natives of the marquis of Ripon's conciliatory policy in India, and the settlement of the Russo-Afghan dispute the credit of which he claims for the liberal party. He admits that the liberal government committed an error in undertaking the occupation of Egypt, but says it was due to the Marquis of Salisbury's intervention. He now favors the entire withdrawal of British troops from Egypt and says he believes the people approve of the liberal government's refusal to stifle the Transvaal cry for freedom.

"England," he says, "once free of the Egyptian tangle will regain her former position in Europe and will be able to guard the reform of both the house of lords and the house of commons, free land and the abolition of the law of primogeniture. He believes the church sufficiently strong to survive the disestablishment, and states that he is anxious to give Ireland the fullest justice, while at the same time preserving the unity of the empire."

Gladstone Ready for Battle. LONDON, September 18.—Sir William Vernon Harcourt, secretary of state in Gladstone's administration, in a speech at Plymouth yesterday, said that the late government were prepared to abolish coercion in Ireland, retaining only those provisions of the coercion act which were aimed against boycotting. He was made to give the programme of the liberals but said Mr. Gladstone had returned in first-rate health and was prepared for the fight. He speaks in a speech at Plymouth yesterday, said that the late government were prepared to abolish coercion in Ireland, retaining only those provisions of the coercion act which were aimed against boycotting. He was made to give the programme of the liberals but said Mr. Gladstone had returned in first-rate health and was prepared for the fight.

Spain Preparing for War. LONDON, September 18.—The Standard's Madrid dispatch reports that the government has decided to expend immediately a large sum in anti-aircraft balloons, which is to be asked for on account of coast and naval defenses. Cruisers and torpedo boats will also be purchased. The loan will be asked for immediately upon the assembling of the court and there is no doubt that in the present state of public feeling a loan ten times as large as that called for can be raised.

Effects of Gladstone's Manifesto. LONDON, September 18.—Mr. Gladstone's manifesto is somewhat disappointing to liberals while conservatives claim to be greatly pleased at the expression of the ex premier.

Panic-Stricken Palermo. LONDON, September 18.—The populace of Palermo, Sicily, have become panic-stricken owing to the prevalence of cholera there, and the people are fleeing from the town. There is great scarcity of food and the people of Naples are sending money and provisions for the relief of the sufferers.

An Earthquake at Naples. NAPLES, September 18.—An earthquake of eight seconds duration occurred to-day at Naples.

A Cadet Sent to England. WASHINGTON, September 18.—Naval Cadet Samuel Ormstead has been ordered to duty at the Royal Naval college at Greenwich, England, for the course of marine engineering.

The President's Brother-in-Law. WASHINGTON, September 18.—The secretary of the treasury has appointed a special agent in charge of the custom house at Toledo, O. Mr. Bacon is a brother-in-law of President Cleveland.

Reconvenes a Court-Marshal. WASHINGTON, September 18.—Wm. A. Roberts, of Wisconsin, has been appointed a special agent in charge of the office. The naval court-martial which recently tried postmaster-general Smith has been ordered to reconvene on Monday. The purpose has not yet been communicated to the court.

TALE OF A SHIRT.

Bursting a Balloon Souvenir. BURSTING A BALLOON SOUVENIR.—The empty balloon which descended at Monmouth, Ill., yesterday and created such a sensation was one in which an aeronaut named Williams was to make an ascent from the fair grounds here, accompanied by a newly married couple. A strong wind was blowing during the morning and shortly before the departure a rent was discovered in the bag, through which the gas was escaping. The bridal party objected to such a passage in an unsafe balloon and Prof. Williams then said to make the ascent alone, but it was found the escape of gas had been so great that when the basket was detached the balloon would not go up with the professor and descended twenty yards from the starting point. A man named George Fleming, who had named several assistants, came up and changed places with the professor. The balloon slowly rose and drifted off to the north, but came down about two miles above Monmouth and Fleming alighted. The balloon, freed from the weight, again rose and in doing so a portion of Fleming's shirt caught on the anchor and was torn off and this created the impression that he was killed.

MAJESTY. GAVESON, September 18.—Mr. John W. Squier, chief clerk of the Beach Hotel in this city, and son of J. J. Squier, of Chicago, died here this morning, aged 32 years. Mr. Squier came from Chicago last April to accept his late position at the Beach. He was a native of Columbus, Ohio, but resided in Chicago the greater part of his life. He entered the hotel business here for a number of years, traveling agent for the Illinois Central railway. About ten days ago he was stricken with dengue fever, a disease very prevalent on this coast but scarcely ever fatal. The fever went to his brain, finally ending in coma. He has under a host of warm friends during his life in Galveston and leaves a heart-broken widow who will accompany the remains to Chicago on to-morrow's train.

FOOD FOR FLAMES. FT. EDWARD, N.Y., September 18.—The Delaware and Hudson freight depot, two freight cars and the warehouse of the Great Falls Paper Mill company at Great Falls, were destroyed by fire this morning. Loss on freight depot and cars, \$10,000; fully insured. The fire was probably of incendiary origin.

Mr. Parnell's Nomination. DUBLIN, September 18.—The nationalists have decided to nominate Mr. Parnell for member of parliament from the College Green division.

Send Sunday School Statistics. (Published by Request.) SPRINGFIELD, Tex., Sept. 18, 1885. Having been elected statistical secretary for the State Sunday School Association, I desire to get into correspondence with Sunday school workers in every county in Texas. I wish a copy of all minutes and reports of Sunday school conventions, whether denominational or otherwise, together with the year books of all conventions, associations, or societies, induce feelings of sorrow and grief on our part and compel us to tell them of Dr. Pierce's "Golden Medical Discovery," the sovereign remedy for consumption and other diseases of the respiratory system as well as dyspepsia and other digestive troubles. Sold every where.

Woman's Face. "What fortune can give such flush to a woman's face as a tender woman's face," asks George Elliott, New York, "is happy to answer, provided the glow of health tempers the tender expression. The pale, anxious, bloodless face of the consumptive, or the violent sufferings of the dyspeptic, induce feelings of sorrow and grief on our part and compel us to tell them of Dr. Pierce's "Golden Medical Discovery," the sovereign remedy for consumption and other diseases of the respiratory system as well as dyspepsia and other digestive troubles. Sold every where.

THE WEATHER. INDICATIONS FOR TO-DAY. WASHINGTON, September 18.—Indications for the week: Cloudy weather and rain, east to north with alternating periods of calm and stationary temperature.

Cotton Belt Weather Report. The cotton belt weather report of Texas showing the maximum and minimum temperature, also the rainfall for the past twenty-four hours, is as follows:

Table with columns: Station, Max, Min, Rain. Includes Galveston, Houston, Dallas, San Antonio, Austin, El Paso, Fort Worth, and others.

Opening of the Canadian Pacific. OTTAWA, Ont., September 18.—It is announced that the Canadian Pacific railway will be opened for the carriage of freight and passengers to British Columbia on the 5th proximo.

THE CHINESE CONSUL. The Chinese consul at San Francisco, Colonel Beck, and the Chinese consul at New York, are here with a Chinese interpreter to make a thorough investigation on behalf of the Chinese government, of all the circumstances connected with the outrage. They were ordered here by the Chinese legation at Washington. Colonel Beck has already had the remains of the company and the Chinese who were killed, exhumed. It was found in two instances that the skulls of the Chinese were fractured, indicating that they were killed in a struggle at close quarters. The consul has offered a reward for additional bodies found.

Lynch by Colored People. ELLIOTT CITY, Ind., September 18.—Nicholas Snowden, colored, confined in jail here on the charge of having outraged a little girl of 15 years, was taken from prison last night and hanged. The whole affair was done so quietly, that nothing was known of it until this morning. Snowden was lynched by colored men.

Quarantine Against Mexico. SAN FRANCISCO, September 18.—The city Board of Health yesterday ordered a strict enforcement of quarantine regulations on all vessels from Pacific Mexican ports, owing to the prevalence of yellow fever and typhoid fever along the Mexican coast.

A Cyclone for Texas. WASHINGTON, September 18.—For the west gulf states threatening weather and rain winds, generally northwesterly, with a cyclone on the Texas coast; nearly stationary temperature, lower barometer.

Lunatic Man's Case. MONTREAL, Can., September 18.—The court leave to-day for England. The Montreal committee will issue a manifesto to all French-speaking people asking for aid.

WYOMING'S CHINESE. They Hustle Westward--Their Consul Investigating. CHEYENNE, Wyo., September 18.—The Chinese fast leaving Rock Springs, being afraid to resume work, and it is confidently expected will soon be enabled to commence operations. The road west from Rock Springs is lined with Chinese, with their faces turned toward the setting sun. White miners are greatly encouraged over the present prospects. An amicable adjustment is expected, but the Knights of Labor is expected immediately.
