### A New Way to Defraud.

NEW YORK, Nov. 19.—A London letter says that a singular variety of fraud in commercial life has been discovered there by the failure of Mr. Augusta Ahlborn, a London dry goods dealer. This enterprising tradesman kept two sets of books, one genuine and one fictitious. In the latter set appears book debts due him to the amount of one million three hundred and forty thousand dollars, not one of which is real. They represent goods which never existed at all, or were not sold to persons to whom they are charged. They seem to have been parted, with in the most questionable way, and then entered in the books to persons of credit and positions in the highest classes of society, who never bought them. On the strength of these debts and of business they were supposed to represent, it is conjectured that Ahlborn built up his credit, and bought largely, and none of the wholesale people with whom he dealt had any suspicion of fraud.

### GREAT BRITAIN.

THE PRINCE OF WALES SENT FOR.  
NEW YORK, Nov. 19.—A London special says that after a cabinet council Sunday, a telegram was sent advising the Prince of Wales to return. The real reason assigned by the correspondent for this action of the cabinet is the unsatisfactory attitude of native princes. Not a single reception has been proffered by any one of these in Madras and Bengal presidencies. All entertainments thus far given have been given by the English. There is no concealing the fact that native princes view the visit unfavorably.

### CHRISTIANIZING AFRICA.

Another London special states that the Telegraph says ten thousand pounds sterling have been placed by gentlemen at the disposal of the church missionary society in answer to the Metzel appeal through M. M. Stanley, for christianization in Africa.

### FRIGHTFUL RAILROAD DISASTER.

Still another London special announces a disaster on a railway between Stockholm and Malars, where by sixteen cars were completely smashed, and sixty passengers killed or severely injured. This last however may relate to the previously reported railroad accident in Sweden.

### ROYAL INDISPOSITION.

A Copenhagen special announces the serious illness of the crown prince of Denmark, caused by a fall of his horse.

### 37 Miles Behind.

CHICAGO, Nov. 19.—At one forty p. m., Weston had walked 355 miles; O'Leary 392.

### Civilizing the Indians.

WASHINGTON, Nov. 19.—A party of Warm Spring Indians arrived here a few days ago, and went to the Washington House and then called upon the commissioner of Indian affairs for aid. The commissioner told them if they would go to the Tremont House their board while there would be paid by the government. The Indians chose to remain where they were, and the result is an unpaid bill for which the proprietors threatened to retain the baggage of the Indians. Yesterday Dr. McKay, manager of the board, called upon the commissioner to make another effort to secure payment of this bill, and the release of their baggage, trinkets, etc., but was peremptorily refused, and the commissioner reprimanded the doctor for the intoxicated exhibition by the Indians on the street, declaring it a disgrace to the Indian service. Dr. McKay finally consented to leave this afternoon, and the commissioner agreed to furnish tickets and blankets to each Indian at the depot when ready for departure.

### Government Revenues.

WASHINGTON, Nov. 19.—From July 1st to Oct. 31st, there was a falling off in the custom receipts probably to the extent of three million dollars, as compared with the corresponding months of last year. This month thus far, the receipts are much larger. The internal revenue receipts show an increase for July, August, September and October, of two millions, and it is expected an increase for the present month will be a million and a half dollars. Increase from whisky tax has not been so large as expected.

### Uncle Sam and Cuba.

WASHINGTON, Nov. 19.—It is said in naval circles that the repair and preparations of vessels have no more reference to Spanish affairs than to those of any other country. There is no excitement here concerning Spain or Cuba. The president some time since when conversing on Cuban affairs, merely referred to what he heretofore said in his annual message, but gave no intimation as to what he should say on the same subject in the next message to congress.

### Reported Death of General Butler.

NEW YORK, Nov. 19.—Glocester, Mass., advices state that nothing has been heard there concerning the reported death of Gen'l Butler, and the report is not credited. The report came from Boston this morning.

### Guibord Securely Buried.

MONTREAL, Nov. 19.—The guard has been removed from Guibord's grave as the cement is sufficiently hardened to defy removal.

### Blew His own Head Off.

St. Louis, Nov. 19.—W. R. Davis, ex-mayor of Carrollton, Ill., a prominent and wealthy citizen of that town, literally blew his head off with a shot gun yesterday, during the funeral ceremonies of Paul Wright, who shot himself in this city three days ago, and whose remains were taken to Carrollton his former home for burial.

### A Wicked Editor.

N. Y., Nov. 19.—Moody this morning preached on the text, "I am the vine; ye are the branches;" he said this God-work would be just begun when he left. The usual requests for prayers for infidels, drunkards, &c., were varied this morning by requests for an "editor."

### Hanged.

ROCHESTER, N. Y., Nov. 19.—John Clark, who shot officer John Tresor, was hanged in the jail-yard this morning. He slept little last night, ate a hearty breakfast, and appeared unconcerned as he walked to the scaffold smoking a cigar. Throwing away the cigar, he listened to the reading of the death warrant and the prayer of the clergyman. He spoke smilingly to the officers, and in answer to a question, if he had anything to say, answered, he had not had a fair trial.

### Des Moines and Fort Dodge R. R.

NEW YORK, Nov. 19.—The first mortgage land grant bond holders of

the Des Moines Valley Railroad Company, representing the western division, now known as the Des Moines and Fort Dodge Railroad, not the Keokuk and Des Moines railroads recently reported, resolved that the earnings of the road should go to place it in good repair, and do all other things attributed erroneously to the Keokuk and Des Moines railroad bond holders.

### Woman's Fights.

RICHMOND, Va., Nov. 19.—Dacia Pantress shot and killed Polly Jaynes in a quarrel about a hog at Franklin, Southampton county. Both white.

### Obituary.

AUGUSTA, Nov. 19.—Stephen D. Heard, a cotton-factor and a prominent citizen, died last night.

### More Trouble in the Spirit World.

NEW YORK, Nov. 10.—Stephen Simmons, and a man named Coombs, have been convicted in Brooklyn of manufacturing illicit whisky, by a deputy marshal. Simmons offered him \$5,000 to abandon the prosecution.

### Counterfeiters Arrested.

CINCINNATI, Nov. 19.—Abraham Culver, Colvin Stephens, and William Shepard were arrested and held in \$500 bail, at Ironton, Ohio, yesterday, charged with counterfeiting. Their business consisted in manufacturing nickels. About half a bushel of the coin was molded Wednesday morning.

### A Card Exonerating Washington Officials.

St. Louis, Nov. 19.—The following card was published this morning: "As the names of many Washington officials and other parties have been mentioned as being connected with the whisky ring through or with me in St. Louis, I desire to say that neither General Babcock, Orville Grant, Col. Casey, Commissioner Douglas, Col. Holt, Col. Luckey, or any other official or citizen of Washington, have to my knowledge, either directly or indirectly, with the exception of Wm. O. Avery. I make the statement in simple justice to any of the parties named." (Signed) C. G. McGRUE.

### Elevators Burned.

BUFFALO, Nov. 19.—The Hazard elevator burned this morning, also the Excelsior Transfer elevators. There were only thirteen thousand bushels of wheat in the Excelsior.

### GENERAL NEWS.

Guibord is planted at last. Louisville, Ky., has lost its two million dollar city hall, by fire.

Germany is active and well disposed toward our centennial show.

The official majority for Pillsburg, republican candidate for governor of Minnesota, is 11,839.

Italy's king has granted a large subsidy for the purpose of aiding that power in properly presenting itself to our centennial.

The crooked whisky investigation in St. Louis is unearthing some of the most villainous transactions on the part of the revenue officers in collusion with the distillers.
