Arrangements for the Funeral.

WASHINGTON, Nov. 23.—A committee representing the senate and house of representatives, state department and supreme court, met this morning at the department of state. A general wish was expressed that Wilson's funeral take place Saturday next at noon. The services all to be conducted in the senate chamber and the remains will be conveyed to Philadelphia to lie in state in Independence hall until Monday morning. In other respects the programme usual on such occasions will be followed. A subsequent committee was appointed consisting of Senator A. G. Thurman, of Ohio, and Representatives Warren, of Massachusetts, and Garfield, of Ohio, to mature arrangements after consultations with the delegation appointed by the Governor of Massachusetts who will arrive here this afternoon and to make such modification of the proposed programme as they may suggest.

Pursuant to the order of the President, the Navy Department has promulgated an order directing that upon the day following the receipt of orders, the ensigns of each naval station and vessel in commission be hoisted at half mast from sunrise to sunset; that 13 guns be fired at sunrise and nineteen minute guns in the mourning, and a national salute at sunset. The officers of the navy and marine corps will wear the usual badge of mourning for three months.

NEW YORK.

A MAMMOTH CENTENNIAL PURSE.
New York, Nov. 23.—The American Jockey Club is considering the feasibility of offering a grand centennial purse of from fifteen to thirty thousand dollars for a great race to be run at Jerome Park next season. If a large purse were offered it is thought that two or three English racers would be entered for the contest would be made open to all comers with weight for age. The size of purse will depend some on what aid they may derive from hotels and railways. The purse will not, at all events, be made up on the principle governing the California thirty thousand dollar purse, where entrance fee of ten per cent. of the purse go into the hands of the managers. As there are nine entries in the pending California race twenty-seven thousand of the purse is paid by owners of horses entered. The entrance money for the proposed centennial purse will be added to the stakes, even of the Jockey Club is obliged to make up the purse entirely.

NEW RAILROAD AND STEAMSHIP LINE.

The Baltimore and Ohio railroad company has completed arrangements with a new foreign line of steamers to ply between Baltimore and Liverpool. The first vessel will leave Glasgow in a few days. Each ship is to be of twenty-three hundred tons

capacity and built expressly for carrying heavy cargoes of grain. The regular trips will be begun the latter part of December.

FOX HUNT.

The long promised fox hunt came off yesterday in the vicinity of Hackensack. The riding was a success, but the run proved a failure. The dogs lost the fox; the hunters lost the dogs, and the wagon drivers lost the huntsman.

FOREIGN.

LASHKEND, Nov. 23.—After Gen'l Kaufman left Namangham for Khojend the Kiptockaks rebelled and invested the citadel and Russian camp. The Russians resisted successfully for three days, when General Scopteff returned and attacked the Kiptockaks who fled, leaving 3,800 dead on the field. Anarchy reigns throughout Khojend.

A 35 Centower.

Boston, Nov. 23.—The creditors of Chiller, Tower & Co., stationers, have found their liabilities to be \$175,000 and assets \$89,296, and have agreed to accept 35 per cent. in full for their claims.

National R. R. Convention.

St. Louis, Nov. 23.—The National Railroad Convention was called to order at 11 o'clock by Col Jas. Broadhead, chairman of the executive committee. Dr. W. G. Elliot offered prayer, after which Col. Broadhead read the call under which the convention assembled, and then stated somewhat in detail the object of the convention; he said delegates were here from 27 states and territories, composed of men of science, engineers, farmers, merchants, and others, thoroughly representatives of the various interests of their respective communities. He referred in glowing terms to the fact that men were here from every section of the country in the interest of peace, and to promote the welfare of the whole Union. He then read a bill granting a charter by congress to the Texas and Pacific railroad, gave some statistics of the working of that part of the road now finished, and of the country through which the proposed line is to run, and drew comparisons between that and the northern route, quite favorably to the former.

An Investigation.

WASHINGTON, Nov. 23.—The Fort Sugg and Witowski claims investigation committee has begun an examination of witnesses. Those examined were Third Auditor Gangwore, and Geo. Doolittle, chief of Miscellaneous Claims division, of the Third Auditor's office. The investigation is conducted with closed doors.

The Weather.

WASHINGTON, Nov. 23.—Probabilities for upper Mississippi and lower Missouri valleys: Higher barometer, northwest and north winds, decidedly cold and generally clear weather.

The Market street bridge, Philadelphia, burned Saturday evening. Its loss entails great inconvenience and loss to the city and to railroads. It was 70 years old, and was insured for \$70,000.
