LECTURING.

Fairpoint, N. Y., Aug. 10.—Joseph Cook's lectures constitute the chief feature of the Chautauqua assembly at present. They are to be continued during the week. At 11 o'clock this morning he addressed a very large audience on the subject of God in nature's law.

AN APPEAL FOR READ.

Washington, Aug. 10.—The central council and committee of safety of the Labor League for this district presented resolutions to the commissioners of the District of Columbia to-day setting forth the utter destitution prevalent among the white and colored workmen of the district, the lawful and orderly manner in which they conducted themselves during the recent strike and earnestly requesting the commissioners to raise a loan of \$250,000 instantaneously and set two thousand men to work at once on public improvements. The league further pledge themselves to use their influence with congress when it assembles to pay the loan and deficiency with interest. The commissioners say they will give the subject prompt attention.

POLITICAL.

THE VIRGINIA CONSERVATIVES.

Richmond, Va., Aug. 10.—The convention met promptly at 9 30 o'clock this morning. After a little skirmishing a call of counties was made for the third ballot. Genl. Fitz Hugh Lee and Wm. Terry having been dropped last night the candidates were Mahone, Daniel, Holliday and Taliferro.

The ballot resulted as follows: Mahone, 472; Daniel, 438; Holliday, 338; Taliferro, 172. The proceedings were suspended for a half an hour while the friends of the candidates held a conference. Intense excitement prevailed.

Gen. Terry was placed in nomination again.

Fourth Ballot—Daniel, 489; Mahone, 469; Holliday, 355; Terry, 103.

Terry has been dropped. A resolution was adopted requiring all nominations be now made; the lowest candidate to be dropped on each succeeding ballot and not to be renominated.

FOREIGN.

The Freedom of the Press Interfered with in France.

And a General Season of Bulldozing is Indulged in.

An Undefined Rumor that the Russians Have Again Been Defeated at Plevna.

Necessity Compels Grand Duke Nicholas to Leave His Dinner to the Hungry Turks at Kagalik.

WILL SUBMIT TO ARBITRATION.
London, Aug. 10.—The Clyde shipwrights have agreed to refer their disputes with masters to arbitration. A speedy end of the great strike is anticipated.

IT IS TOO BAD.

A dispatch from Bucharest says the Grand Duke Nicholas was nearly captured at the late defeat of the Russians at Eski Saghra. A dinner had been prepared for him at Kagalik, but he departed without partaking of it.

UNCONFIRMED RUMOR.

Constantinople, Aug. 10.—Afternoon—No confirmation has been received here of the rumors that the Russians have been defeated at Plevna, as reported in official circles here last night, and it is reported that the fight is still going on. The Russians number 80,000, but the strength of the Turkish entrenched positions is considered compensatory for their numerical inferiority.

KILLED HIMSELF.

London, Aug. 10.—A dispatch from Vienna says that Achmet Pasha, who surrendered Nikopolis to the Russians, has committed suicide.

MORE OPPRESSION.

London, Aug. 10.—The electoral campaign on the part of the French government daily becomes more active and oppressive.

BULLDOZING THE PRESS.

Yesterday's news includes the following items: Hawkers of newspapers at Compiegne were recently required to furnish a list of the newspapers they served to customers in Arrondissement. Officials there suppressed the delivery of Siecle, Nineteenth Century Press, Republique Francais, National Bien, Public Petit, Republique Francais and Petit Journal, all republican journals, and the Union, for publishing a colored map of France, showing the political complexion of the departments, the offense declared against them being an unauthorized publication of a drawing. The court convicted them, but passed nominal sentences of fifty francs each.

Two clubs at Arles have been charged with being political assemblies.

The Despatch newspaper at Toulouse has been fined one hundred francs for refusing to print the speech of President McMahon.

The minister of agriculture has asked the prefects in a circular letter to remind employees of the department of agriculture that it is their duty not to attempt to thwart the action of the cabinet or place at the service of hostile parties the influence they derive from their offices.

Paris police have forbidden street sale of photographs of Thiers.

The papers announce that 80,000 copies of the equestrian portraits of President McMahon are to be distributed in the provinces.

The office of speaking insultingly of President McMahon in the streets is now becoming the subject of daily action before the courts. Lefevre Durle who may be said to have originated this offense was condemned to two months imprisonment, but succeeded, on appeal, in reducing the term to thirteen days. He is a son of the former Bonapartist senator.

The court of Bordeaux has reversed the decision of an inferior tribunal and fined booksellers who sold newspapers without special authorization. On the other hand the tribunals of Nevers and Carcassone have declared themselves competent to try actions by newspapers against the prefects for preventing the street sale thereof.

LATEST BY MAIL.

John F. Winter, of Illinois, has been appointed consul at Rotterdam.

The Russian troops around Plevna have been reinforced and now number 70,000.

The Roumanian army, numbering 25,000, is now passing continually to Nickopolis and will form the extreme right of this force.

Two regiments of Russian cavalry and a battalion of infantry have been repulsed in two attacks on Jozlar, south of Rasgrad. The battle was bloody on both sides.

The two monitors taken at Nikopolis are now ready for action. It is believed they will be directed against the Turkish monitor at Rutchuk which is damaged and short of coal.

The porte has informed Minister Layard that it is about to complete the fortifications and increase the garrison of Gallipoli. The porte adds that it will be able to defend Gallipoli against any attack.

It is stated that large numbers of Russian troops are crossing the Danube on pontoons to the neighborhood of Turtukai. High winds and heavy rains have swollen the river and made the attempt to throw a bridge across hazardous. Russian bridge material, moreover, is altogether incomplete.

The Austrian minister of finance on being questioned by a correspondent as to the attitude of Austria in the event of Serbian declaration of war said: Some weeks ago I would have emphatically replied that we should occupy Serbia, but now Austria may allow that principally her freedom of action.

Osman Pasha telegraphs from Plevna that eight battalions of Russian infantry and eight squadrons of cavalry attacked Lavatz Tuesday. The garrison at Lavatz having been reinforced by five battalions of infantry and some cavalry from Plevna repulsed the Russians, who lost 300 killed and 600 wounded.

There was a review of sailors and marines at the navy yard Wednesday afternoon, which was attended by the president and cabinet, and many persons of prominence in military and naval circles. The president was greeted with a salute by the Swatras.

Train No. 3, on the Missouri Pacific, which left Sedalia, Mo., going west at 5 o'clock Wednesday morning, was thrown from the track a mile west of Centerville, by a broken rail. Two coaches and two sleepers were thrown off and turned on their sides. Twelve persons were injured, not seriously, however.

A letter from the United States consul at Winnepeg, says: Near Sitting Bull's encampment a war party of 25 Sioux robbed the trader of three kegs of powder and one bag of bullets. Besides Sitting Bull's band there is an equal number of Sioux refugees from the Minnesota massacre of 1862-3, over whom Sitting Bull seems to exercise much influence.

Various special state that Aug. 6th, 5,000 Turkish cavalry attacked the Russians between Loscar, a village near Plevna, and the river. The Russians, who occupied a fortified line, and who now outnumber the Turks, repulsed them without difficulty, but made no attempt to follow, as Grand Duke Nicholas does not wish to waste the energy of the troops in a partial engagement.

NEIGHBORHOOD NEWS.

Vernation Republican, August 9.

We were shown this week some mammoth blackberries from the garden of E. B. Dawson. They measured one and one-fourth inches in length and one inch in diameter.

The house of S. N. Palmer, in this city, was struck by lightning Sunday night during a sharp shower. The fluid struck the chimney, partly demolishing it, passing down it divided, entering every room in the house, excepting the one occupied by Mr. and Mrs. Palmer. Plastering was torn off, and things generally demoralized, but no great damage done.

The wheat crop in this county is harvested, and is "safe and sound." There is no question but the average yield per acre of wheat, oats and barley, is greater than was ever known here before. It is believed that wheat will reach 20 bushels to the acre. Corn is coming forward rapidly and bids fair to make a good crop. So we can say, and say it with immense satisfaction, that we have raised a crop, and that we will get good prices for it.

(Springfield Times, Aug. 7th.)

A territorial road is being surveyed from Choteau creek to the Yankton county line. Dr. T. B. Eagle is contemplating the erection of a brick dwelling in town this fall.

D. W. Currier and M. H. Day arrived home from the Hills this morning on the steamer Fanchon.

H. E. Bonesteel has purchased the goods and tradership of J. C. Cowgill, Santes agency, and placed the same in charge of J. H. Barker.

A number of threshing machines have commenced operations in this section, and a large amount of grain will soon be in the farmers' granaries.

Daniel Currier, Esq., had the misfortune to fall from a step ladder while working in his shop last week, and received quite serious injuries, one of his ribs being fractured by the fall. He is getting along comfortably under the care of Dr. Eagle.

Notices are posted in this town inviting bids for the erection of a span bridge across Choteau creek, at George Trumbo's ranch, in this county. The bridge is to be about sixty feet span, and bids will be received until 12 o'clock, August 21st, at Fort Randall. Plans and specifications of the bridge can be seen at the store of H. E. Bonesteel, in this town.
