THE BATTLE OF BENNINGTON.
Bennington, Vt., Aug. 16.—President and Mrs. Hayes, Miss Fouts, Secretaries Everts and McCrary, Attorney Devens, P. M. General Key and Birchard Hayes were driven to Bennington this morning, and escorted by the 1st regiment National Guards of Vermont, and took their places in the procession. The crowd is variously estimated at from 30,000 to 45,000. There was a slight delay on Main street, of which several persons availed themselves to rush up to the president's carriage and shake hands. One of these, a prominent local politician, remarked: "I like you personally, Mr. President, but darn your policy;" to which he good humoredly replied, "Come now, no politics to-day."

INDIAN NEWS.
Helena, Montana, Aug. 16.—The following has been received:

Helena, Montana, Aug. 15.
News from Bannock just received says that the scouting party has just returned, bringing with them the bodies of Montague, James Smith, Flynn and Farnsworth, and there are more expected to come. The Indians, thirty-five miles south of Bannock, yesterday morning, had taken all the horses on upper Horse prairie, and were moving slowly.

Dear Lodge, Mont., Aug. 15.—Gen. Gibbon arrived at 10 a. m., accompanied by Mr. Jacobs. He was met at the hotel by all the citizens who did not go to front. Also by a number of ladies, who desired to see the hero of the Hot Springs a hearty reception. The general is feeling excellent, but a little stiff from his wound.
The latest from Virginia, Montana, to Gov. Potts says Gen. Howard's command arrived at Bannock on the night of the 14th and would leave for Horse prairie the next morning. All the Chisamen of Horse prairie are missing and are supposed to have been killed. The rear guard of the Indians were still on Horse prairie.

NEW YORK.

ABOUT THE STRIKERS.
New York, Aug. 16.—A Wilkes-Barre special reports that the workmen who were driven from the Delaware and Hudson mines by strikers yesterday, are anxious to continue their work, but the strikers compelled them to swear they would not work until the trouble ended. It is reported that some of the Delaware and Hudson company's mines are on fire.

THE LONG ISLAND BANK.
Excitement over the suspension of payments by the Long Island savings bank continues. Secretary Fowler declared today that the bank is solvent, and has a surplus of \$280,000, but it is necessary to take advantage of the 90 day rule in order to avoid necessary liquidation on some of the loans. John G. Barry, counsel for the bank, issued a card this morning, declaring the solvency of the institution.

WASHINGTON.

WASHINGTON ITEMS.
Washington, Aug. 16.—E. K. Smith, surveyor general of Montana, has been suspended. The charges preferred are made manifest in office.
A dispatch from the U. S. minister to Great Britain says that the United States can now send American troops to a large extent the grain market of Europe. He says Russia has been our only competitor

in the trade. Under the most favorable circumstances for Russia the United States has had the advantage of the great cereal producing countries. Anticipating the future course of the war, British capitalists are now building six of the largest steamships from our yards on English account.

HAS BEEN REFUSED.

Paris, Aug. 16.—Emile Oliver has solicited the government patronage as a candidate in the department of Var, but has been refused. Lomestier, formerly a Bonapartist, is a candidate.

Alexandria, Aug. 16.—The Greek volunteer movement is increasing. A further detachment of one hundred and twenty started yesterday. The authorities have detained sixty volunteers intending to leave on the ground of their being subjects of the porte.

FOREIGN FAILURES.

London, Aug. 16.—The Financier says that according to private advices from Lyon several failures have occurred in the silk trade, including one for a million dollars.

RUSSIAN MOVEMENTS.
Erzerum, Aug. 16.—The reports that the Russians are advancing from Ardahan or Olti are unfounded. There are only six battalions, two batteries and one regiment of cavalry at Ardahan. Four battalions detached from that direction are now encamped at Gaim.

UPPER JIM RIVER.

August 11th, 1877.
Grain is all sold in the stacks, and will average 20 bushels per acre.
Burdick & Corlies has sold their valuable stock farm (stock included) to a party of Russians, that numbers fifty-four heads of families.

C. B. Ingham is proprietor of the New England house, Milltown. Travelers can rest assured they will be well cared for, and well fed by the old gentleman and his excellent lady. Success attend you.

Samuel Bloom has struck it rich in the Black Hills. His youngest son arrived last Sunday. Weight, ten pounds.
Lela Lowell went below to assist in rigging up a threshing machine to thresh the fine crop of grain in the valley.

The whooping cough is troubling the children in the different sections of the Jim, proving fatal in one instance.

Prairie chickens are about "ripe." Fun will soon commence. They are numerous on the prairie.

Reports are in circulation that Burdick & Corlies will start another in the stock business. This time on the upper Jim. Excellent locations can be had in Hanson or Davidson county. Come and see before purchasing.

The people of the valley will all contribute to a territorial fair and would recommend that there be one held.

Woolley & Shearer are running their mill at Milltown to accommodate the settlers in Armstrong and adjoining counties.

"Opportunity is the flower of time." Time is taken down just now with flowers in the shape of Gen's summer clothing and underwear, to be sold at actual cost at Harry Kane's. "Gather roses while ye may."

Visiting cards on damask board, white and colored-bridles, at Press and Dakotian job rooms.

ROASTED COFFEE.

If there is any luxury more generally appreciated than another, it is GOOD COFFEE. Few persons can roast coffee well, and to meet this want Messrs. Bell, Conrad & Co., Chicago, have imported and roasted a coffee called

ANKORIA,

which is the nearest approach to Java of any heretofore offered to consumers. It is not glassed, is brittle and will grind easily. Your grocer has the goods for sale, as also the famous

PERLES BAKING POWDER,

made by the same firm. Ask him for them and obtain the best goods in the world.

CHAS. E. HEDGES

Further Particulars of the Discovery of the Body.

[Received by telegraph at 5:50 P. M.]

[Special to Press and Dakotian.]

Crow Creek, D. T., Aug. 16.

The circumstances attending the death of C. E. Hedges, as far as known, are these:

On Wednesday evening, the 8th inst., they encamped twenty miles southeast of Brule agency. Thursday morning he left the herd for Brule agency alone, traveling in a light wagon, with two horses, leaving word with the herders that he would return or send provisions during the day, and not returning, a herder was dispatched Friday afternoon to ascertain the cause of his absence. Arriving at Brule in the evening and finding he had not been there or heard from, suspicion was first entertained of foul play.

Saturday morning, Mr. Bert with two Indians went in search. Arriving at the Wednesday night's camp, they took Mr. Hedges' trail, and following about a mile, found his hat with a bullet hole in the top; a few rods further on, the body in an advanced stage of decomposition, and in a ravine near by the team entangled in the harness and still fast to the wagon; his rifle and revolver in the wagon, the former unloaded and the latter with two exploded shells, one of which he was known to have fired before leaving camp.

A ball hole in the top of his head was the only wound found. Near the body lay a handkerchief saturated with blood.

It is evident he did not die suddenly, but could not have survived the wound many minutes.

Two Indians, Brules, camped with them Wednesday night and left camp simultaneously with Mr. Hedges, but in an opposite direction.

The body was buried Sunday morning, where it was found. A silver watch and twenty-one dollars in currency was found on the body.
