### DESTRUCTIVE FIRE IN NEW YORK.

New York, Sept. 3.—J. P. Hale's piano factory, on West 35th street, was entirely destroyed by fire this morning. It is rumored that ten persons perished. The flames extended to the south side of the street, destroying the entire block between Tenth and Eleventh avenues; also M. Connolly's barrel factory, J. G. Graham & Co.'s silk factory, and several houses adjoining on the south; also J. Watters charcoal factory north of 35th street, and a block of frame houses on Tenth avenue, between 35th and 30th streets. A steam fire engine was burned, the firemen being unable to save it. The Post says the factories and other buildings named in 35th street were reduced to ruins in three-fourths of an hour. The firemen made every exertion possible, but a lack of water constantly hindered their efforts. They succeeded before noon however in getting the fire under control, although it was then still burning fiercely in some of the buildings. The walls of the brick buildings fell from time to time with heavy crashes. In the confusion prevailing it was impossible to obtain any details of losses and very difficult to make even an approximate estimate of their total amount. The lowest estimate of the latter is a million and many persons place the amount much higher. It is reported that many lives were lost, but rumors on this point are very conflicting. It is probable that some workmen in the piano factory were unable to escape, but the number is not yet known by anyone.

The fire is believed to have broken out in the fifth story of the building, and it is known that some workmen in the upper stories had great difficulty in escaping. One workman named Edward Packmaster jumped from the upper window and died in a few moments. A few other workmen whose names were not ascertained, were seriously injured.

### THE LATEST.

New York, Sept. 3.—It is reported that one hundred lives have been lost in the fire to-day at 10th avenue and 36th streets.

### CHINAMEN SCORCHED.

San Francisco, Sept. 3.—An Auburn dispatch says a fire yesterday morning destroyed the Chinese quarters and a number of business houses and residences on Sacramento street. The loss is upwards of seventy-five thousand dollars. Insurance light. The citizens are considering the expediency of preventing the rebuilding of Chinatown in its old location.

### RAILROAD PROPERTY BURNED.

A Salinas City dispatch says: The round-house of the Monterey & Salinas Valley railroad burned last night. Loss twenty-five thousand dollars. It is supposed to be incendiary.

### A TEST CASE.

St. Louis, September 3.—The English and German sections of the workmen's party this city contemplate the prosecution of a policeman who arrested members of their order at Schuleys hall during the recent strike. They intend to make a test case and see, as they say, whether anybody can be arrested for simply holding a meeting for a free expression of thought. They will also attempt the release of those now in dures by habeas corpus. A committee has been appointed to confer with the grangers who meet here shortly on the subject of political coalition with the granger party.

### OBITUARY.

Chicago, Aug. 3.—State Senator John Early, of Rockford, Ill., widely known through his libel suit against the Times died at Highwood yesterday.

## A DEAD PUNGER.

Chicago, September 3.—It is learned that Edward S. Piper, who has figured largely in public prints as a skillful and extensive forger, especially in New York, died yesterday at Joliet under an assumed name.

## RECENTLY DISCOVERED.

Chicago, Sept. 3.—It was recently discovered that the American Exchange bank, New York, held \$120,000 of South Park bonds in trust for the defunct State Savings. The agreement by which these were held arrived this morning, and it appeared that the State Savings, wishing to raise money some months since, deposited as collateral two hundred thousand in Chicago and Pacific bonds, but, as they depreciated, put in addition thereto the South Park bonds.

## CRIME.

### MURDERED HIS WIFE.

Cincinnati, Aug. 3.—Henry Sterry, about 24 years old, a moulder by occupation, shot and probably fatally injured his wife in a fit of jealousy in Eden Park last night.

## WASHINGTON.

### REMOVED RESIGNATION.

Washington, Aug. 3.—Assistant Secretary of the Treasury McCormick left this morning for the north. A report is in circulation that, owing to the onerous duties of his office he contemplates resigning the present month. Neither the president nor secretary of the treasury have been advised of such intention.

### A SNOW STORM.

Washington, September 3.—A heavy snow storm is now prevailing here. The thermometer stands 31 at the hotels at the base of the mountain, where it is raining hard.

### Official Report of Russian Losses on the 31st of August.

## WAR ITEMS.

London, September 3.—The Russians are reported to have evacuated Selvi.

The porte has ordered that the fortifications of Adrianople be completed before winter and it is decided that they shall consist of 24 detached forts.

It is reported from Turnseverin that the Russian division which will cross the Danube and enter Servian territory is expected there.

It is believed a Russian division with two Roumanian divisions and the Servian Timok corps will operate against Widdin and Sofla.

The duke of Edinburgh arrived at Athens on the iron clad Sultan and visited the king and queen. The British government, fearing he would seem to countenance the war party, telegraphed that he must leave immediately. He left the same evening.

The Turks have begun to evacuate Sukum Kaleh.

Adrianople, September 3.—Intelligence received from Schipka pass states that Suljiman Pasha has gained a more advantageous position for his batteries on the heights surrounding Fort Nicholas. Russian reinforcements arrive during the night, the road to Gabrova being commanded by Russian batteries.

London, September 3.—Further accounts from Shumla do not confirm the report that Baker Pasha is missing. On the contrary a telegraphic Hassanlar special says he has been decorated with the order of Osmanli.

It is stated that Grand Duke Michael, commander-in-chief of the Russian army in Asia Minor, has assumed command of Gen. Melimoff's corps in person, that officer having been removed for exceeding his orders. Constantinople, September 3.—The Turks acknowledge the loss of 7,000 men at Schipka Pass. Two thousand wounded reached Adrianople yesterday.

Gornystuden, Aug. 3.—The following official statement has been issued:

The Russian loss on the 31st of August was: At Kahiditko, seven killed and 90 wounded; at Pelisset, 30 officers and 1,020 soldiers killed and wounded. The Turkish loss is enormous. Near the village of Pellisset alone 300 dead bodies were counted on the 31st ult.

The cannonade between Rastchuk and Gintzevo is continued. No loss or damage on our side expected.

London, Sept. 2.—The Therapsa correspondent of the Times communicates the following:

Hohart Pasha writes to the Levant Herald declaring as utterly fictitious the published details of an alleged fight between the Turk iron clad Philibud and the Russian merchant steamer Vania. The vessel, he says, were never within two miles of each other. The iron clad received only one

shot, doing no harm. The captain did not know he had injured the Russian steamer and he did not pursue her, as his vessel was over laden with a deck cargo of guns and ammunition for Sullena.

## LATEST BY MAIL.

The London Times' Vienna dispatch says the fight for Schipka pass is generally becoming developed in operations on a large scale.

The London Times' Belgrade dispatch says the reinforcements sent Gen. Stamenkovic in Dobruzcha have brought up his corps to effective strength—about 50,000 men.

McCurdy, whose name was undeservedly connected with the Ottoman robbery, has been reinstated to his employment in the treasury department, and his innocence is thus completely vindicated.

A storm of wind and rain at the St. Louis arsenal Friday afternoon did considerable damage to the public store-house fences and destroying a large portion of the beautiful ornamental trees upon the parade ground.

The most severe storm ever known there passed over Cleveland Friday forenoon, accompanied by lightning, wind and hail. Several roofs were blown off, trees broken and uprooted and other property damaged. Several steamers with large excursion parties were ready to leave the harbor, but before they got under way the storm burst.

Mehemet Ali Pasha telegraphs: On Thursday morning a strong column of our troops from Rasgrad and Surinassohler attacked the Russians near the village of Marahassouley, fighting desperately. The village was taken and retaken several times, but finally carried by the Turks. The enemy was defeated and retreated in disorder.

Brigham Young's funeral occurred yesterday afternoon. The government of the Mormon church has passed into the hands of the twelve apostles, ten of whom will be present at the funeral. Two of them, J. F. Smith and Orson Pratt, are in Europe. It is not likely there will be another president of the church appointed for some time.

Four additional indictments were found at Columbia, S. C., last Friday, three against I. Case Carpenter, late collector of internal revenue of that state for forgery, and one against Woodruff and Jones' clerk of the senate and house and the principals in the republican printing company, for fraudulently raising a bill for printing by which they obtained over \$20,000.

A St. Louis special from Paris, Texas, says: A fire broke out about 1 a. m. in the City saloon, and spread rapidly on the east, west and south sides of the public square until about ten blocks of business houses and dwellings were consumed, including three hotels, the postoffice, telegraph and express office. The loss is estimated at one to one and a half million dollars.

Senator Cockrell, of Missouri, writes to the treasury department urging the immediate appointment of some trustworthy, honest and competent person to investigate the claims of citizens of Missouri against the government for the use of horses, dwellings, &c., by the federal army during the war, in order that these claims might be adjudicated and paid without unnecessary delay.
