The President and Ben Butler Visit Senator Morton.

No Change in the Senator's Condition To-day.

Opening of the International Rifle Match at Creedmore.

A Receiver Appointed for the State Savings Institution.

MISCELLANEOUS.

THE PRESIDENT.

Cincinnati, Sept. 13.—President Hayes arrived at Richmond, Indiana, at 10 o'clock this morning, and was driven directly to Gov. Burbank's residence, and immediately repaired to Morton's chamber.

No change is reported in Senator Morton's condition to-day.

THE RIFLE MATCH.

Creedmore, L. I., Sept. 13.—At the appointed time, eleven o'clock, firing was begun in the international rifle match. The Americans won the toss for choice of target. About two thousand persons, including many ladies are present at the opening match.

In 800 yards range the Americans scored 568, Brad and Weber, Americans were three each. The British team are firing slowly. The Americans are also, but the contest is close.

Bulletin—Creedmore Sept. 13—800 yards range: Americans scored 558; British 569.

After the warning gun, firing was begun at 800 yards range, Genl. Dakin, captain of the American team, leading off, with four, followed by Rigby of the British team with five. Jackson, American, five Hyde, American, four.

Some members of the British team did excellent work at 800-yard range. The following is the score:

Rigby, 73; Milner, 72; Ferguson, 72; Halford, 71; Lieut. Fenton, 71; Evans, 71; Lieut. Col. Fenton, 65; Humphry, 63.

RECEIVER APPOINTED.

Chicago, Sept. 13.—In the circuit court this morning Judge Williams appointed David O. Strong, a retired banker, as receiver of the State savings institution, with bonds at \$2,000,000.

THE PRESIDENT VISITS MORTON.

Dayton, Sept. 13.—The president left here at 8 o'clock and arrived at Richmond at 9:30, and was driven to the house of ex-Gov. Burbank, where Senator Morton is lying ill. His interview with the senator was very brief, and nobody else was present. The president was deeply affected at seeing the senator's condition, but found him better than he anticipated. Dr. Thompson says the senator has made marked improvement for two days.

GEN. BUTLER

also made a brief call on Morton. There was no demonstration beyond a vast crowd of people who gathered to see him off, and at noon the president was again in Dayton, whence he went to Fremont.

POLITICAL.

MASACHUSETTS DEMOCRATS.

Worcester, Mass., September 13.—Mechanics hall was filled this morning with delegates to the democratic state convention and a large number of spectators in the gallery. The convention was called to order by Edward Avery, chairman of the state central committee, and that gentlemen acted as temporary chairman the temporary secretary being W. F. Clapp.

After the appointment of committees on organization the state central committee was increased from 40 to 52 and Charles Theodore Russell was made permanent chairman and a recess taken.

Worcester, Sept. 13.—Wm. Gaston, ex-mayor of Boston, will doubtless be the democratic candidate for governor of Massachusetts.

NEW YORK.

THE YELLOW FEVER.

New York, September 13.—The whaling schooner Charles Thompson, of Provincetown, Mass., arrived yesterday from Havana, via Fernandina, Fla., in charge of the mate of the bark Cacique, which vessel found the Thompson drifting about without a navigator, Capt. Leach having died of the yellow fever and the mate down with the same disease.

OBITUARY.

New York, Sept. 13.—Rev. John M. Kirby, of the "Society of Jesus," died in the solitude of Fredrick, Mo., yesterday morning. Father M. Kirby was ordained priest at Georgetown, in 1817, and at the time of his death was one of the oldest Catholic clergymen in the United States. He was one of the two captives that accompanied the American army to Mexico.

BANKERS IN COUNCIL.

New York, Sept. 13.—The bankers convention was continued to-day with full attendance. E. A. Van Buren offered a resolution setting forth that the convention pledge itself to aid the government in resuming payments, but that it was inadvisable for their body to put forth any plan for resumption, as the secretary must have already matured his plan for action; that a committee be appointed to confer with the secretary of the treasury and use every influence to bring about resumption in 1878, and that the tax now levied on banks should be repealed.

A WEDDING IN HIGH LIFE.

New York, Sept. 13.—Geo. E. Spencer, United States Senator, from Alabama, and Miss May Nance, actress, were privately married early yesterday morning at the parochial residence of St. Bernard Catholic church, West 14th street. The marriage was known to only a few friends of the groom and bride.

STABBED HER AND THEN STABBED HIMSELF.

New York, Sept. 13.—At 44 Governor street, shortly before 11 o'clock last night, Catherine Kay, a handsome young woman, 22 years old, was stabbed and killed by Ed. Newman, her lover, who immediately plunged a knife into his own breast inflicting a fatal wound. Jealousy was the cause of the deed.

CRIME.

HEAVY ROBBERY.

Cincinnati, O., Sept. 13.—James Morgan, traveling salesman of Waterman & Jones, diamond setters and jewelers in this city, was robbed Tuesday night of over eight thousand dollars worth of jewelry at the Phillips house, Dayton.

OBSCENE SKETCHES.

Chicago, Sept. 13.—Father Gagan, who was arrested for throwing a bible from a window of the Illinois Central R. R. train yesterday, explained to police authorities that he did so on account of obscene sketches which he found on the fly leaves, and he was released without bail. The case will not therefore come into court.

Further Particulars Concerning the Collision.

Gambetta's Sentence Will Deprive Him of Civil Rights for Five Years.

Osman Pasha's Strongest Position Captured by the Russians.

FOREIGN.

THE BOSNIAN SURRENDER.

Paris, September 13.—It is reported from Tagasa that the majority of the Bosnian insurgents have submitted to the Turkish government.

London, September 13.—Further details concerning the collision of the ships Avalanche and Forest show that it took place at 9:15 Tuesday night, a dozen miles southwest from Portland. The ships were beating down the channel on opposite tacks. The Forest struck the Avalanche amid ships, rebounded and struck her twice further aft, causing her to founder in about three minutes from the first striking. There was no time to launch boats. The night was so dark it was most impossible to discern the mass of human beings struggling in water below, but the survivors say they shall never forget the scene. The sea must have been literally alive with human beings, to whose cries for help there could not be any response. There was a steady drizzle, with occasional driving gusts of rain. The wind was strong and the sea very high. Cries were heard by the crew of the Forest, but they were unable to give any assistance. The Forest was very leaky. The water was gaining so fast that her crew had to abandon her. Three boats were launched and in these the whole crew of the Forest, as Capt. Lockhart supposed, with three men belonging to the Avalanche, took their places. It appears, however, that in the hurry and excitement of the moment some of the crew were left, for the captain in his boat observed signal lights burning at that time. However rescue was hopeless and the poor fellows had to be left to their fate, the wind and sea being so rough that men thought their boat would be swamped every minute. Unfortunately, in case of two of the three boats, there was too much reason for believing these fears have been realized.

THE STRONGEST POSITION CAPTURED.

Vienna, Sept. 13.—Political correspondence to-day announces that the united Russian and Roumanian armies have carried by assault the heights of Grevice, Osman Pasha's strongest position.

THE EFFECT OF IT.

Paris, Sept. 13.—The Gaulois says the judicial decision concerning Gambetta to three months imprisonment for outrage, deprives him of civil rights for five years. Should, therefore, the judgment be confirmed he will be disqualified to a practical extent which will be a mortal blow to his ambition. The same paper adds: "Thus the republican party loses at once its old counsel and its young tribune. Will honest Gleyre be strong enough to replace them both?"

THE FIGARO ALSO INSISTS ON THE SAME INTERPRETATION OF THE LAW IN ITS EFFECT UPON GAMBETTA'S STATUS.

LATEST BY MAIL.

The New York democratic state convention will be held at Albany, October 3d.

About 1,000 people attended the celebration of the centennial anniversary of the battle of Brandywine at Chadd's Ford, Pa., Tuesday. Speeches were made by Senator Bayard and others.

A passenger train on the Lehigh Valley road ran over a cow Tuesday morning near Hazleton, Pa., and the baggage and passenger cars were thrown from the track and four persons seriously hurt.

The republicans of Minnesota will hold a state convention in St. Paul on Thursday, 27th instant, for the nomination of candidates for governor, lieutenant governor, secretary of state, treasury, attorney general and railroad commissioner.

Estimates for the support of the army for the present fiscal year have been prepared by the war department and sent to the treasury department which will transmit them to congress at the next session. These are the only estimates to be sent in.

The police of Paris have seized five of the principal republican papers, including Le Temps, La France and Le Belin Public. It is believed the seizures were made in consequence of the publication of a report of the trial of Gambetta or for violent articles.

Assistant Secretary Seward says there is no truth in the statement's published Monday to the effect that the state department had received dispatches from Mexico representing that a belligerent feeling exists in the Mexican capital among government officials toward the United States.

Tuesday the Buffalo and Jamestown railroad was sold by Refere Geo. S. Wardwell for \$1,000,000 to J. M. Richmond, W. H. H. Newman, A. Altman, Jno. F. Moulton and W. S. Bissell, a committee for the bondholders. The city of Buffalo, N. Y., owned \$1,000,000 of stock which it will probably lose.

Some time during the campaign in New York, probably before the meeting of congress, Secretary Everts will deliver a political address at Cooper institute, New York on the administration and its policy, similar to that delivered by Secretary Sherman in Ohio last fall. Mr. Everts will express himself fully on the president's order concerning officeholders in politics.

The officers of the army stationed at Atlanta have raised a fund sufficient to purchase the plot of ground upon which Gen. McPherson was killed. The spot has been marked with a Parrott gun firmly set in the ground, and the lot has been inclosed with a substantial iron fence. The trees which grow in the plot still bear marks of shot. The officers who have been thus thoughtful are Generals Roger, McKeever and Bell; Colonels Chandler, Rochester and Vedder, and Major McGinnia.

NORTHERN DAKOTA.

Fargo Times, Sept. 8th.

The United States court met here on Tuesday and adjourned to Tuesday, the 16th day of October.

Sheriff Haggart, on Monday, received the appointment of deputy U. S. marshal for this district. A most excellent selection.

The best yield of wheat we have heard of yet, is reported by W. H. Fuller. From two acres sown to "Fuller's Imported" wheat, he threshed out 92 bushels, or 46 bushels to the acre of the finest wheat for flour we have seen raised in this section.

Wm. Craswell, of Casselton, raised 131 bushels of wheat from four acres, 32 1/2 bushels per acre. As Mr. Craswell only sowed three bushels of seed on the four acres, it is certainly a remarkable yield. His field of 16 acres of oats yielded 1,024 bushels, or 64 bushels per acre.

A. N. Bentley and son left Fargo on Monday morning for their home in Greene county, N. Y., after having spent three weeks very pleasantly among us. During his stay here, Mr. Bentley showed his faith in the country by purchasing nearly four thousand acres of land for improvement.

From 140 acres of wheat, Jas. Holes threshed 3,845 bushels, and average of 27 1/2 bushels per acre. From 17 acres of the same piece, which had formerly been cultivated as a market garden, he obtained 508 bushels—within a small fraction of 30 bushels per acre; which goes to show that thorough working of the ground pays as well for wheat as anything else.

the name of Wm. Bradford, charged with desertion from the Seventh cavalry. The other prisoner who was confined here on the same charge, changed his plea from desertion to larceny—the crime he was arrested for in the first place.
