### THE NEWS.

#### Tweeds Victims Denying Their Master.

#### An Armed Mexican Mob Seizes a Texas County.

#### They Have Imprisoned Prominent Citizens and Threaten a General Massacre.

#### Snow and Rain Have Placed an Embargo Upon Russian War Operations.

### NEW YORK.

#### TWEED'S REVELATIONS.

New York, October 8.—Assistant Secretary of State Apgar, writes about the Tweed revelations: "It was entirely proper for me to write a letter to Tweed who was at the head of the department, stating my circumstances and asking his aid and obtaining for me my salary. I never performed services of any kind for Tweed, nor did he ever ask me to do so. I have never had any connection of any kind with him since 1868, nor in that year when he was in good repute did I have any other relations with him than were legitimate and proper ones." Other persons whose names were mentioned by Tweed in his disclosures Saturday, emphatically deny there was any corrupt arrangement with him, and that the letters read were written at the time he was a good citizen and reputable public officer.

### WASHINGTON.

#### APPROPRIATION.

Washington, Oct. 7.—Attorney General Devens will ask congress to appropriate \$255,000 to cover the deficiency for the department during the last past fiscal year.

#### VISITING PRESIDENT HAYES.

Washington, October 8.—The judge of the supreme court, Attorney General Devens and Solicitor General Phillips to day paid their respects to the president. They were received in the red parlor.

### MISCELLANEOUS.

#### FAILURE.

San Francisco, Oct. 8.—J. C. Duncan, manager of the Pioneer Land & Loan bank, announces this morning that heavy payments were required to day, and withholding of aid depended upon, forces the bank into liquidation. The assets consist of real estate at a cost price of \$1,254,000; liabilities, \$1,213,000. The manager states that everything possible has been done to sustain the bank, including the sacrifice of his own means to the last dollar. He recommends the appointment of a receiver restraining by law of all holders of securities from sacrificing the same.

The failure of the Pioneer bank has no significance as regards the status of other savings and loan banks of the city. The business of the bank was conducted on a basis peculiar to itself. The assets instead of being loaned out on usual securities, were in the main directly invested in real estate, the rents and increase in value of which were looked for for the profits of the institution. It is rumored on the street that the present complications arise in part from the bank backing up parties engaged in sporting stocks. The recent rise in the market is exercising a disastrous effect on that speculation.

### MEXICAN RAIDS.

San Francisco, Oct. 8.—The Union has the following dispatch:

MESSILLA, New Mexico, Oct. 6.

An armed mob of four hundred Mexicans, one hundred from the Mexican side of the river, have possession of the county of El Paso, in Texas, fifty miles below this place. The mob threaten to massacre all Americans. They have arrested and imprisoned the county officers. Several prominent citizens have fled from the county. A small detachment of the Ninth U. S. cavalry started for the scene of trouble to-day, to protect the United States custom house and government property. The Mexicans claim that El Paso county belongs to Mexico.

A. J. FOUNTAIN, Messilla Independent.

### EPISCOPAL CONVENTION.

Boston Oct. 8.—In the Episcopal general convention to-day, contributions were made for the sufferers from the yellow fever in Florida. The commission on canons reported as not expedient the exchange period of probation, from 3 years to six months. The commission reported against the proposed shortening of the morning and evening prayer.

### FOREIGN.

#### HAD WEATHER.

Constantinople, Oct. 8.—Snow and rain are continually falling, and it is thought it will suspend all operations in Bulgaria and the Balkans.

## WAR ITEMS.

It is probable that Mehemet Ali will be appointed chief commander in Thessaly. The Servian diplomatic agent has formally renewed to the portie assurances of the pacific intentions of Servia. Moukhtar Pasha says the Russian losses during the recent fighting was 15,000, loss of the Turks 2,500.

London, Oct. 8.—Correspondents hereafter will only be admitted in the lines of active operations on the days of engagements. At other times they must remain at the corps headquarters, information sent out by them having thwarted Russian plans. Within ten days, 25,000 sick, chiefly suffering from fever, have reached the Odesa hospitals.

## LATEST BY MAIL.

A Memphis dispatch states that a light frost was visible there Friday morning. The Wisconsin republican association at Washington, has ceased to exist under the present civil service rules. The president has recognized Oscar Jasig as consul general of Turkey, at Boston, and Heinrich Bohner consul of the German empire, at Richmond, Virginia. The damage by water to land records at the Washington fire will not be so great as at first anticipated, and in all probability there will be none totally destroyed. Hon. O. H. P. Roselle, mayor of Independence, Iowa, died almost instantly of hemorrhage of the lungs at the postoffice in Independence, where he called Friday afternoon.

Assistant Secretary McCormick has received an impression in plaster of the hand of President Hayes, for the usual presidential medal to be struck at the Philadelphia mint at an early day. The remains of the late Arch-Bishop Barley reached Baltimore Friday afternoon. The obsequies will take place Tuesday next, after which the remains will be taken to Emmetsberg for interment. Mehemet Ali resigned chief command of the Turkish army on account of lack of co-operation of other generals, and because the government failed to furnish reinforcements demanded. The American board of missions brought the annual meeting at Providence to a close Friday, after prayer and addresses, and recommending special prayer in churches Sunday next for a revival of missions.

The state central committee of the greenback and united labor parties of Pennsylvania, have agreed to unite for the purpose of conducting the present state campaign and be known as the united greenback and labor state central committee. Friday noon Alderman Asa A. Breed, of Linn, Massachusetts, passing a bridge, a small alleyway opposite the Boston, Revere and Lynn railroad station, this city, was set upon by two men who knocked him down and robbed him of \$8,000 in bank bills. The robbers drove off hastily towards South Boston.

The Montenegrins' abandonment of further offensive movements in Herzegovina is due to political considerations. The territory they now hold on that side exactly corresponds with the line of demarcation fixed last autumn by the international commission and likewise proposed and accepted by the preliminary conference at Constantinople as a rectification of the frontier which might eventually be given to Montenegro.

## NEIGHBORHOOD NEWS.

Springfield Times, Oct. 4th.

Wheat is selling from 68 to 70 cents in this market. Corn promises to be an abundant crop all over the territory. Rev. Kirk is building a new house on his claim west of town. B. E. and B. H. Wood are expected home daily from the Hills. Land office business has been unusually brisk during the past week. A. F. McAuley has moved his family in town and is again a permanent resident among us. The county commissioners met at Bon Homme on Monday last and adjourned one week on account of the territorial fair. The greater part of the small grain has been threshed, and the majority of our farmers are holding their wheat for a better price. The republican county central committee was to meet last Saturday. There was no business transacted because there was not a quorum present. Mr. George Lindley, of the firm of Lindley, Maxwell & Co., proprietors of the Maxwell mills, brought in 3,000 pounds of flour Monday for H. E. Bonesteel. Artemus Williams had a field of oats that averaged 60 bushels to the acre. He thinks they will go 75 bushels to the acre by weight. A petition is being circulated for a bridge across Emmanuel creek, about eight miles north of this place—a thing very much needed. Joe Barker, the Santee trader, is purchasing large quantities of wheat from the Santee Indians, paying 80 cents per bushel therefor. He says they are making commendable improvement in the art of agriculture. A man by the name of McCormick, a resident of Maxwell City, came all the way from Fort Benton in a skiff to look after his claim on the Jim river. He was twenty-one days making the trip. The Rev. Josef Krizek, will hold regular service at the Catholic church in Taber, every Sunday and Catholic holy day. High mass at 10 o'clock a. m. Catholics of all nationalities are cordially invited to attend. Last Monday, as the carpenters were at work in H. E. Bonesteel's store, a part of the shelving in the drug department containing stationery and patent medicines, fell with a crash. The loss in medicines alone is about \$30.00, besides the injury to stationery, etc.

## Bon Homme Citizen, Oct. 4th.

A convention of the citizens of Bon Homme county, without regard to politics, is to be held at the court house, at Bon Homme, on the 18th of October to nominate what is called a tax payers' ticket. The Taber brewery is now about ready for operation, as it has received its license for manufacturing, and we may soon see some good beer from that place. Rev. Father Lihver, of Yankton, has been visiting this place several days this week; he is anxious that a church shall be built in this place now that we have had a bountiful harvest. He will celebrate mass in this place on the 21st of this month at 10 a. m. The shelving in the north side of Curry & Trepanier's store fell to the floor Tuesday night, scattering and breaking many of the articles that were piled upon them. The building has been racking considerably of late during some of the gentle zephyrs, and it is thought that the shelving was out of plump.

## A WARRIOR TRUE AND BOLD.

The man who has been in the Black Hills and returned in a big gun at the village drug store and feels called upon to tell the truth when narrating his adventures. Such a man, named Curt, was telling, the other night, how many Indians he had killed during his three months' residence in the hills. After he had talked half an hour, one of the listeners, who had kept track of the number killed, exhibited the figures. "I find," he exclaimed, "that you killed fifteen hundred savages in three months! 'Is that all?' exclaimed the unbanished Black Hillier; 'why, I believe you have left out a week's work there somewhere.' 'If you had such good luck killing Indians, why didn't you stay there?' demanded another suspicious listener. 'Well the truth is, gentlemen, I was afraid of ruining my left eye. I'd squinted along my gun-barrel so much that my face was being drawn all out of shape, and the sight was so far gone that I had to be led about by a dog.' 'And you killed Indians while in that condition?' 'I did; though I've always felt a little mean about it. I couldn't see to shoot and so I ran 'em down and kicked 'em to death. It wasn't manly in me, and I want to ask the forgiveness of you, gentlemen, right here and now!'
