THE NEWS.

Ex-Secretary Deleno Is Dangerously Ill at Mount Vernon.

Preliminary Proceedings of the Wisconsin and Indiana Legislatures.

An Explosion in a Pennsylvania Coal Causes Loss of Life Not Yet Ascertained.

CONGRESSIONAL.

HOUSE.
Washington, Jan. 9.—The desk of the late Julian Hartridge was draped and upon it was a handsome basket of flowers. A resolution was adopted that the funeral services be held in the hall at 3 p. m. to day, and inviting senators to be present.
The house then took a recess.

WASHINGTON.

NOT CONSIDERED.
Washington, Jan. 9.—For the want of a quorum, the New York customhouse provisions were not considered by the committee on commerce. Senator Conkling was present.

STATE LEGISLATURES.

INDIANA.

Indianapolis, Jan. 9.—The general assembly convened today at ten o'clock in the new court house of Marion county. The senate organized by resolution declaring the following as the senate's choice for officers: Daniel D. Dale, democrat, secretary; Chas. W. Ward, national, assistant secretary; and Richard Hutcheson, democrat, doorkeeper. The lieutenant governor's vote was required to pass the resolution. Of three national senators, Majors voted with the democrats, and Polndexter and Dawes with the republicans. The house organized by electing Henry S. Cantor, democrat, as speaker; Webster Dixon, democrat, doorkeeper.

WISCONSIN.

Madison Wis. Jan. 9.—Gov. Smith's message was delivered to the legislature today. The contents are chiefly on state matters. The governor devotes considerable space to the tramp nuisance, and says, the assessments these criminal parasites levy on individuals and communities nearly equals the whole state taxation, and recommends vigorous measures of relief. In conclusions the governor says: "I can not forbear to congratulate you that the United States has resumed its normal relations to its own citizens and the world at large by paying on demand all its matured obligations in money current wherever civilization extends that this has been accomplished without any unnatural contraction of the currency, or violent shock to the business interests of the people, that under the healthy stimulus of the assured stability in this respect, trade and commerce are reviving, with exports largely in excess of imports, and that we may reasonably anticipate from this time forward a substantial, healthy and remunerating development of all branches of business."

CRIMES AND CASUALTIES.

A CRIMINAL PARTNER.

Boston, Jan. 9.—Stetson, book keeper and quondam partner of Paige, the bankrupt boot and shoe dealer now in jail, is secreted by detectives to keep him away from Paige's friends. Stetson acknowledges that he and Paige burned the firm's books and that he otherwise assisted Paige in his rascality, but did so without criminal intent.

EXPLOSION IN A COAL MINE.

Pittston, Pa. Jan. 9.—A terrible explosion occurred early this morning at the Pennsylvania Coal Company's shaft No. 4, near this place, a terrible gas explosion occurred near the carriage way, by which several men are supposed to have been killed. There has been for a few days a great change going on in a few of the mines adjoining No. 4, making itself visible upon the surface, by immense crevices, toppling over of a school house, dwellings, etc. The gas forced itself into No. 4,

and when Peter Daily, mining boss, opened the door leading to the old workings, an explosion took place that shook the earth in the vicinity with terrific force. The mining boss is burned terribly and Patrick Loftus severely injured. The remainder of the miners were in another chamber and escaped. The head house was totally dismantled, consequently several hours elapsed before the scene of the explosion could be reached. It will take probably two weeks to get the shaft into working order.

TELEGRAPHIC BREVITIES.

MADAME ANDERSON.

at noon was completing her 2,274th quarter mile.

FOREIGN.

AN EDITOR FINED.

Paris, Jan. 9.—The editor of the La France Nouvelle, who started the story extensively copied that a well known senator the left had been expelled from a club in Fabourg, St. Germain, for cheating at cards, has to pay therefor a fine of \$400, and \$2,000 damages. Senator La Cour, editor of the Republique Francaise, believed the story referred to him, brought the suit, and Gambetta prosecuted.

THE CORNISH BANK.

London, Jan. 9.—The liabilities of the Cornish bank are 638,000 pounds, being much less than supposed. The unbusiness in Cornwall is allayed and the drain upon other banks considerably decreased. The market for bar silver is at a complete stand still.

FIRES.

AT CLEVELAND.

Cleveland, Jan. 9.—The building occupied by the Cleveland non-explosive lamp company, and as a storehouse of the Ohio wooden ware manufacturing company was partly destroyed by fire last night. Total loss on building and contents is \$2,500 to \$3,000, fully covered by insurance.

AT EMLENTON, PA.

Oil City, Pa. Jan. 9.—Fire at Emlenton, Pa. this morning destroyed property, including the postoffice and entire contents, to the amount of ten thousand dollars; nearly all covered by insurance.

TRIUMPH OF SCIENCE.

Chemistry never achieved a more decided triumph than in the production of SOZO DONT, which is a botanical preparation of wondrous efficacy in preserving and beautifying the teeth, rescuing them from decay, and rendering them as white as alabaster. It is a toilet luxury of which all should avail themselves. The unpleasant odor communicated to the breath by catarrh, bad teeth, etc. is entirely obliterated by this fragrant and salutary preparation, of which one bottle lasts a long time. Druggists and perfumers sell it.

An elegant assortment of fine GOLD PENS and holders, pencils, etc., of the celebrated Morton manufacture, just received at Mills & Purdy's.

THE BEST!

The Best Local Paper.

The Best Farmer's Paper.

The Best News and Political Paper

And a Magnificent Picture

All For \$3.75.

The American Agriculturist—Marshall's Magnificent Steel Plate, "The Farmer's Pride"—The Weekly Inter-Ocean, and the Weekly Press and Dakotian.

All for one year for \$3.75.

WHAT \$3.00 WILL BUY.

A SPLENDID OFFER! READ IT!

The weekly edition of the Press & Dakotian will be greatly improved during the ensuing year. It will furnish all the local news, notices of meetings, assessments, tax and other sales, markets, etc., etc., giving information that every resident of this county and territory ought to have, and cannot deprive himself of, without being likely to lose many times the cost of the paper. All this can be had at scarcely 4 cents a week, or only \$2 for the entire year.

AND BETTER STILL.

Almost every body knows the high value of the American Agriculturist, a journal that has just completed its 37th successful year. It is a large, beautiful, journal, full of plain, practical, reliable, most useful information, for every man, woman and child. It prints every year 700 to 800 original Engravings of labor-saving, labor helping contrivances, many of them home made; also of animals, plants, construction of buildings, etc., etc. The American Agriculturist also constantly publishes exposures of the various humbugs and swindlers that prey upon the people with their artful schemes. These exposures save tens of thousands of dollars to its readers every year.

With all its splendid features, and an outlay of over \$25,000 a year in collecting and preparing information, engravings, etc., its circulation is so large that it is supplied to subscribers, post-paid, for only \$1.50 each year.

BUT

we are happy to announce that we have made arrangements to furnish to cash subscribers, BOTH the Weekly Press and Dakotian and the American Agriculturist, for the small sum of only \$3.00 a year, both post-paid, which is but a trifle over five cents a week. Who will not smoke one cigar less a week, or save five cents from some other needless expenditure, if necessary, to constantly supply himself and family with both of these journals? Remember, only \$3.00 pays for the Weekly Press and Dakotian and the American Agriculturist, both sent post-paid for a WHOLE YEAR. Please tell your neighbors of this. Send in your subscription at once. The American Agriculturist is just entering its 38th Annual Volume, and now is the time to subscribe.

AND STILL BETTER.

The publishers of the American Agriculturist have secured Marshall's new, large, magnificent STEEL PLATE, "THE FARMER'S PRIDE," one of the finest works of this great artist, whose pictures of Washington and Lincoln are of world wide reputation. So fine is this new work that Mr. Marshall received \$3,000 for engraving the steel plate alone. It was so highly valued that thirty good judges subscribed \$25 each for 30 copies of the first or artist proofs, and no copy of the picture can be bought for less than \$5.00.

But the publishers of the American Agriculturist, have just secured the Plate, and having the large facilities for multiplying it, they propose to present this Splendid Engraving, on fine plate paper (22 x 28), delivered post-paid, to every subscriber for volume 38 of that Journal, who sends 20 cents extra to cover cost of packing, mailing, and postage on the engraving.

THEREFORE

Subscribers can secure, through this office, the Weekly Press & Dakotian and the American Agriculturist both post-paid for one year; and also (delivered free) a copy of the above named Steel Plate Engraving, that will be a great adornment to every home—ALL THREE for the small sum of only \$3.00.

The three would be CHEAP at \$8 or \$10.

The Weekly Press and Dakotian and the Weekly Inter-Ocean, the best political and news journal in the west, both one year for \$3. All the above, via: American Agriculturist and Engraving, Weekly Inter-Ocean, and Weekly Press and Dakotian, post-paid, one year, for \$3.75.

ROYAL BAKING POWDER

Absolutely Pure.

CONSUMERS should bear in mind that the incomparable "Royal" is now the only Baking Powder in the market made from pure Grape Cream Tartar, imported exclusively for this powder from the wine-growing district of France. An old experienced housekeeper writes that, although she has to pay a few pennies more for the "Royal," finds that it goes so much farther and works so much better, that it's economy to use it. Another says she uses the powder in puddings, cakes, and all sorts of pastry, wholly without eggs. An old lady from Ohio writes that it is the only biscuit her dyspeptic husband can eat. This is because the best and most wholesome materials are used. Approved by the New York Board of Health, and by such eminent chemists as Dr. MOTT, New York; Dr. HAYE, Boston; Prof. GENTH, Philadelphia, etc. Sold in tin cans only, by grocers.

A HOME INDUSTRY!

The undersigned takes this occasion to return his thanks to the people of Yankton particularly, and to his many friends throughout Dakota and Nebraska, for the generous patronage which has been bestowed upon the late firm of DUDLEY & HAWLEY through the many years in which that firm has carried on business in this city, and he now desires to call the attention of these friends and that of the people generally to the enlarged facilities, more extensive assortment and more commodious rooms, which the late firm had provided and which he, as the successor of Dudley & Hawley, now possesses.

In the line of the Hardware trade, and in the manufacture of Tin, Copper and Sheet Iron Ware, he claims to have an establishment equal in all respects to anything in the northwest, occupying three grand rooms, each 25x100 feet in extent.

In the future, by constant application to business, he hopes to see the Hardware trade of the region which is naturally tributary to this point, centered here, and shall spare no effort to make it for the interest of the people within this region, to purchase their Hardware, Tinware, Copper and Sheet Iron ware, Stoves, and all other articles in this line from
