## WIND AND WATER.

A Violent Wind and Rain Storm Sweeps through the Middle and New England States—Damage on Land and Water.

New York, Aug. 19.—The storm which yesterday morning was central near Cape Hatteras, moved in a northwest path, developing greatly in energy, and is now central near Eastport, Maine. Heavy rain has fallen in the New England and Middle Atlantic states. Newburyport experienced the storm this morning, and it was the severest in ten years.

The wind blew a hurricane, wrecking four yachts, badly wrenching steamers and schooners in the harbor, and scattering about 20 small boats. Fruit trees were stripped, and tents on the beach were leveled or blown into the sea. Coast vessels were beached, but thus far no loss of life is reported.

At Newport between twenty and thirty boats were sunk or damaged. The Vanderer and Murvill of the New York squadron parted their chains and went ashore. Three yachts sunk at the wharf, while others dragged the crew of a schooner ashore at Cape May deserted the vessel in the evening. Their boat was capsized and the men washed ashore in an exhausted condition. The captain remained on board and the life saving crew got a line out and remained on duty all night.

The velocity of the wind at Cape May was 64 miles an hour, and the total rainfall was EIGHT AND FORTY-SIX ONE HUNDRED INCHES.

The crew of a schooner ashore at Atlantic City was taken from the rigging at 3 o'clock this morning by a life saving crew. The vessel is a total loss.

Norfolk had the severest rain storm and tornado ever experienced. Many buildings were unroofed and flooded, trees uprooted and shipping damaged, many vessels being dragged ashore.

The Boston steamship company's warehouses have been severely damaged. The wharves all along the river front have been flooded and many of the warehouses flooded. The tide was higher than ever known. The vicinity of Water street was only accessible by boats, the

SIGHT BEING UNEXAMPLED, even to the oldest inhabitant. The handsome spire of Freeman street Baptist church was blown down. The spire of Christ's Episcopal church and the cornice and steeple ornaments of St. Mary's Catholic church were torn off, whilst the beautiful grounds of St. Paul's are badly wrecked.

GREAT ANXIETY PREVAILED during the prevalence of the storm, and the mayor ordered out the entire police force and fire department. The loss is estimated at from \$200,000 to \$300,000.

The damage to crops in the counties adjacent to Petersburg is very great. In Surrey county the damage to corn alone is estimated 50 per cent. Ocean Grove camp grounds below Long Branch suffered severely.

At Gloucester, Mass., several vessels were dragged ashore last night.

The storm at Morehead City was the most violent which ever visited that place. At six a. m. it blew a hurricane from the southeast, and at midday hauled to southwest, a change which swept Beaufort and Morehead from entire destruction. The Atlantic house, the largest hotel in that part of the country is entirely demolished, not a vestige being left. There were one hundred and fifty guests in it and there was not a particle of anything saved by any of them. The people did not begin to leave until the waves were literally breaking the hotel to pieces; then there was a stampede. Young men saved all the ladies and children at the danger of their own lives. All baggage, furniture, etc., went to destruction. John Hughes, son of Major Hughes of Newbern, lost his life in the wreck of the Atlantic house. Front street, Beaufort, is strewn with lumber, trunks and goods, and crowds of people, barefooted, are trying to identify their property. The Ocean View house, the other hotel at Beaufort, is damaged badly, and many private houses are ruined. There is not a wharf left in Beaufort, and only two or three of her hundreds of sail boats are fit to sail in. Morehead City also suffered terribly.

IN NEW ENGLAND.

Boston, Aug. 19.—Considerable damage was done by the storm last night along the New England coast. The yachting fleet at South Boston was badly used. At Portland several yachts and schooners were sunk. Other towns along the coast report a long list of maritime disasters.

## FIRES.

A DAMAGING BLAZE AT HILLSDALE. Detroit, Aug. 19.—The loss by the fire which destroyed Waldron's block at Hillsdale last night will reach about \$50,000 on the building and contents, stores and offices. The total insurance is \$30,000. The building was the largest in the city.

## YELLOW FEVER.

Eleven New Cases and Four Deaths at Memphis—Rigid Measures to Prevent the Spread of the Disease.

Memphis, Aug. 19.—Eleven cases were reported to the board of health this forenoon, three of whom were colored. Four deaths have occurred since last night. Con. Sheehan, Pat Cavanaugh, James Dolan and Anne Weiss. The authorities and board of health officials are in consultation arranging plans for the complete isolation of the infected districts. Major W. W. Gay continues to grow worse, and his condition is extremely critical. Hon. John Johnson, superintendent of quarantine, acting under the direction of J. D. Plunket, president of the state board of health, will send an inspecting officer to Whitehaven, Tenn., to aid in effecting the absolute isolation of the Goff family, sick with fever at that point. If necessary the immediate neighborhood will be depopulated. The greatest enemy will be used.

New York, Aug. 18.—Letter boxes have been placed in the post office elevators and at other prominent places in that building bearing the following inscription: "Contributions received in this box for orphans of yellow fever sufferers at Memphis, Tenn."

## BRUISERS.

A California Prize Fight of Ninety-Four Rounds Declared a Draw.

San Francisco, Aug. 19.—The McClellan-Donovan hard glove fight for one thousand dollars came off at Platt's hall last night, a large crowd being in attendance. Both men were in excellent condition, weighing about 147 each. McClellan's seconds were Billy Edwards and Arthur Chambers, and Donovan's were Jas. Cogle and Selly Riley; Wm. Barnes, referee. The men were brought to the scratch at 9:25. Up to the 30th round McClellan had decidedly the best of the fight, which was very lively, the men closing and fighting each other, Donovan being thrown almost every round. Donovan punished McClellan severely in the body, and the latter breaking away fell wounded. Donovan forced the fighting up to the fiftieth round, having much the best of it. McClellan then began to get his second wind, and the rounds became long and uninteresting, both manœuvring and sparing for wind. In the 73rd round Donovan got the first blood by a blow on McClellan's left eye. From that point on cautious tactics prevailed, McClellan apparently improving over Donovan, but at the close of the 94th round at ten minutes past 1, the referee declared the match a draw, neither having any decided advantage. The decision gave great dissatisfaction, and Donovan after going off the stage returned and took position again, but was led off by his seconds. Fouls were claimed several times against Donovan, but disallowed.

Council Bluffs, Aug. 18.—The cattle receipts at Council Bluffs to-day were 1,000 head; shipments, 2,000. During the past three days the total receipts were 7,735, and cattle are being rushed to market at a rapid rate since the reduction of freight west of Council Bluffs.

Omaha, Aug. 18.—The supreme court in session in Lincoln this forenoon granted Henry A. Schaecker, the murderer of Florence Booth, his mistress, in Lincoln in September last, a new trial. His case was

heard last February and the judgment of the lower court affirmed. The day of execution has been twice postponed and this morning he was granted a new trial.

Council Bluffs, Aug. 18.—Ben. Marks and Dan McGinnis, whose arrest in this city a few days ago on suspicion of having robbed a bank at Galesburg, Ill., the telegraph gave full particulars, have returned to this place. They were immediately dismissed on reaching Galesburg as they could in no way be identified with the robbery.

San Francisco, Aug. 18.—At Los Angeles to-day E. D. Lynch and Wm. A. Spaulding, editors respectively of the Herald and Express, engaged in a shooting affray on the street. Wheeling, W. Va., Aug. 18.—The single scull 3-mile race over the lower course at this city to-day between F. W. Weisgarber of the Brown boat club and Lewis Falsing of the Nail City club for \$1,000 was won by the former by one length. Time, 21:15. The race was witnessed by 5,000 people. Seven coaches of excursionists arrived from Pittsburg.

Milwaukee, Aug. 18.—Late this afternoon detectives arrested C. Earl and Mary Henderson, who had been caught passing counterfeit money. They belong to a regular gang and hail from Chicago. The arrests are considered very important, as the one and half dollar silver pieces are so perfect as to deceive experts by cutting in two one of the pieces. After they were arrested Earl and Mary Henderson telegraphed to parties in Chicago stating that they were in trouble and asking that assistance be sent.

Titusville, Pa., Aug. 18.—The fire which occurred Thursday morning at Parker's landing by lightning has proved to be more destructive than was anticipated. The efforts to extinguish the burning oil have up to this evening been ineffectual. 85,000 barrels of oil have been burned. The Birk tank caught this morning and exploded with terrific force. The concussion shattered every pane of glass on River avenue and knocked several people senseless. The burning oil rushed into the river and the river became a sheet of flames. The greatest consternation prevailed. Every one is fleeing to the hills for safety. The wind suddenly changed however, and the town was saved. The flames are now confined to the tank.
