### No Untanglement of the Maine Wrangle Has Yet Been Reached.

### The Majority of the Senate Finance Committee Report Adverse to Senator Bayard's Finance Resolution.

### A Congressional Committee Commence an Investigation Into the Causes of the Late Ute Outbreak

#### FROM MAINE.

Augusta, Jan. 15.—Some fifty men came from Bath last night, under command of Capt. Whittem, having become alarmed by the report that the safety of the capital was endangered. Good order this morning in every department.

The Daily Standard, democratic, calls Gen. Chamberlain a usurper. In reference to the expected opinion of the court it says: We have no concern about the questions and answers. The state authorities are quite indifferent to both. Sure we are they have no influence on the action of the properly constituted authorities of the state. Neither the governor nor legislature will retract or surrender the fort till it is bombarded by more effectual missiles than paper bullets. The republicans will find out, what it is difficult for them to understand, that they have got to obey the laws and submit to lawfully ordained authority of this state, as well as other persons, and the sooner some of them learn this fact the better it will be for them.

The senate met at 10 and took recess till 3 o'clock.

In the house the committee on election reported giving the seat of Dennell, republican, to Siles, democrat. The report was carried without opposition, and Siles qualified and took his seat.

Notice was given that a hearing would take place this afternoon on the Vasselboro and Eudenberg contested cases.

A recess was then taken till 4:30 p. m.

There will be a fusion caucus this evening.

Attorney General McClellan denies preparing a warrant for the arrest of Chamberlain.

The rumor that Chamberlain had recognized Lawson as governor proved false upon inquiry at headquarters. Chamberlain will reduce the police force at the state house.

Boston, Jan. 15.—A Journal's Augusta special says the prevailing opinion is that the fusionist branches will proceed to the election of a governor to-day. If they do, it will not have the significance of yesterday, and will probably be unaccompanied by any idea of the employment of force to break down the power of Gen. Chamberlain as they intended to do then. If they do this it will be in order to make all progress possible before the decision of the court is reached. The fusionists claim to have never thought of using force against Gen. Chamberlain.

#### IOWA LEGISLATURE.

Des Moines, Jan. 15.—In the senate, after preliminary business was transacted, the special order was taken up amending rule 26 relating to printing bills by order of committee, and of rule 27 empowering a majority of a committee to appoint clerks. The first portion was referred to the committee on rules, and that relating to clerks to the committee on clerks. Adopted.

Bills were introduced as follows:

By Mr. Hartshorne, reducing the rate of interest allowed by law from 10 to 8 per cent.

By Mr. Traverser, amending the law relating to taxes, facilitating their collection and lessening the penalty on delinquents.

By Mr. Hanna, a bill empowering supervisors to allow 50 per cent of the costs in such criminal cases as cannot be collected from persons liable, to be paid out of the county treasury, the same to be a full claim against the county.

The special committee on mileage reported the amount due each senator, which report was adopted without delay.

A resolution was offered by Senator Howe of Dubuque making the title of a bill explain the object thereof, which was referred to the committee on rules.

A large number of senators asked leave of absence till Monday, whereupon a resolution to adjourn till 2 o'clock of that day was passed by a vote of 27 to 21, not, however, without a long debate and considerable opposition.

In the house the following bills were introduced:

By Mr. Knight, regulating practice in courts of record in certain cases.

By Mr. Nichols, providing for semi-annual payment of taxes.

By Mr. Patterson, making eight per cent the legal limit of interest.

By Mr. Techey, lowering the rate of school fund interest.

By Mr. Parker, regulating the sale of patent right territory; also making the levy of writ of attachment a lien on personal property in certain cases; also, giving women the right to be county recorders; also, requiring parties in suits to file a copy of pleadings for the use of the opposite parties; also, prohibiting traffic in hog disease, or of died of cholera, to prevent the spread thereof.

By Mr. Lake, empowering the judge in the case of convicted criminals to decide whether the sentences shall be imprisonment or death.

By Williams, reducing school fund interest to 6 per cent.

The house passed a concurrent resolution for recess till Tuesday next.

Mr. King introduced a woman suffrage amendment, which was referred.

A memorial asking for a joint resolution touching the regulation of inter-state commerce by congress was introduced by Nichols.

The house and senate then met in joint

convention for the inauguration of governor and lieutenant governor, and immediately adjourned till 2 o'clock this afternoon, when the ceremonies will be held at Moore's opera house.

#### CONGRESSIONAL.

##### SENATE.

Washington, Jan. 15.—Messrs. McPherson and Baldwin presented petitions of women, asking a constitutional amendment giving women the right of suffrage.

Mr. Allison, from the committee on finance, announced that he was directed by that committee to report back the joint resolution for the withdrawal of the compulsory legal tender power of United States treasury notes. The committee had made a verbal amendment to the resolution, unanimously agreeing to it with the amendment, and directed him to report the resolution adversely. He understood there was a minority report to be presented; otherwise he should ask the indefinite postponement of the resolution. He asked that it be placed on the calendar for the present. So ordered.

Mr. Bayard, from the same committee, presented the views of the minority accompanied by resolutions, as follows:

The undersigned, believing the financial prosperity of the country, in order to be enduring and secure, must be based on money of actual and intrinsic value, and that our government has no power and is incompetent to endow its paper obligations with such value and United States treasury notes now redeemable in gold and silver coin at the option of the holder, do recommend the withdrawal of the compulsory legal tender power of such notes and the passage of the subjoined resolution.

[Signed] FRANCIS KEMAN, THOS. F. BAYARD.

Here follows Bayard's resolution, heretofore published, that treasury notes shall be receivable for all dues to the United States on duties or imports and shall not be otherwise a legal tender. Admitting the principle of the resolution as to the power of the government to make paper a legal tender, I reserve my action on the resolution as to the time of the withdrawal of the power given heretofore. [Signed]

WM. A. WALLACE, JUSTIN S. MORRILL.

The majority merely amended the original Bayard resolution by changing United States treasury notes into United States notes.

Luke Prior took the modified oath as senator from Alabama.

The bill to relieve the United States treasurer from the amount charged against him and deposited with the several states, was taken up, and Mr. Tuomason opposed it.

After the morning hour Mr. Morrill called up his resolution instructing the finance committee to inquire into the practicability of a bond of less than 4 per cent, and spoke thereon.

On the conclusion of Morrill's speech, the bill for the removal of all obstructions in the Delaware breakwater harbor passed.

Adjourned till Monday.

##### HOUSE.

Washington, Jan. 15.—After some miscellaneous business, consideration was resumed of the bill requiring one-half of the reserves of national banks to be kept in gold and silver coins of the United States.

Mr. Price, of Iowa, supported the bill.

In advocating the bill relative to bank reserves, Price declared himself opposed to any tinkering with the currency, either as to quantity or quality of the paper which was circulating. He was also opposed to taking away the legal tender quality of greenbacks. All prudent men spoke in thunder tones and said, "Let well enough alone."

At the conclusion of a short speech by Mr. Lewis in favor of the bill the morning hour expired, and the bill went over with out action.

The house went into committee of the whole on the report of the committee on rules.

#### THE HOSTILES.

United States Troops Meet and Whip a Band of Hostiles in New Mexico.

Washington, Jan. 15.—The following was received to-day:

Chicago, Jan. 14.—Gen. W. T. Sherman—Major Morrow telegraphs from the head of Ribercha Sierra Nigrito, New Mexico, Jan. 13th, that he struck Victoria on the 12th at 2 p. m. and drove him till sundown. He made a strong stand and evidently thought he could check us, but finally gave it up and went off on a jump. The country is inexpressibly rough. Morrow expects to strike him again to-day or to-morrow on Adinay Cuchillo Nigro. Several hostiles were killed and wounded. Morrow's loss was Sergeant Gross, killed, and one Indian scout wounded. Col. Hatch thinks the Indians being hard pushed will go down the Gila river or back to Mexico, but hopes they will make another stand and give the troops an opportunity to punish them severely.

WM. D. WHIPPLE, A. A. G.

#### WASHINGTON.

Investigating the Utes.

Washington, Jan. 15.—The house committee on Indian affairs to-day began the investigation into the causes of the recent Ute outbreak. Gen. Adams was before the committee and gave a long statement of the grievances of the Indians. Miss Meeker was present, but did not testify. Reporters are excluded.

#### TELEGRAPHIC BREVITIES.

##### SOUTHWESTERN INDIANS.

San Francisco, Jan. 14.—Tuscaro dispatch: General Carr reports from Fort Bowie January 12th, that Gen. Trevino with several hundred Mexican troops is pushing the victorious band of hostiles northward from Chihuahua. On the second inst. the prospectors in Florida mountains were surprised by thirty Indians, and one killed, two wounded and their stock captured. On the sixth inst. 55 Indians were near McEwen's ranch going towards the Black Range. Maj. Morrow is in pursuit. To-day the governor of Chihuahua telegraphs that about one hundred Indians with their families have gone north after committing great depredations.

OREGONIANS' CHOICE FOR PRESIDENT.

Portland, Jan. 15.—The Oregonian publishes interviews with 123 prominent republicans of the city, taken at random from all classes, relative to their preference for a presidential candidate. The result shows, Blaine, 62; Grant, 14; Sherman, 13; Washington, 5; Hayes, 3; no choice, 2; to scattering, 4. Interviews with 75 prominent democrats to their choice shows, Tilden, 26; Bayard, 15; Field, 4; Seymour, 4; Garcelon, 2; scattering, 8; no choice, but favoring the nominee of the convention, 3.

CRIMES AND CASUALTIES.

Troy, N. Y., Jan. 15.—A freight car of the Boston, Hoosac Tunnel Western railroad ran off the track at Blackington last night, compelling the Troy & Boston freight train behind to stop, when a wild freight from Williamston came into collision with the Troy and Boston train, wrecking a new locomotive and several freight cars. Damage, \$20,000.

##### GAMBETTA'S VOTE.

Paris, Jan. 15.—The decreased vote by which Gambetta was re-elected president of the chamber of deputies is attributed to the absence of many members from the house, therefore no reason why he should resign. Another correspondent on the contrary says the impression gains ground that Gambetta might resign. He adds that the semi-official prints are endeavoring to persuade Gambetta that the vote means nothing.

HEAVY DAMAGES AGAINST A RAILROAD.

Toronto, Jan. 15.—The Canada Central railway was condemned to pay Peter McCarnes, lumber merchant of Carlton place, \$100,000 damages for lumber and other property destroyed by fire caused by cinders from one of their locomotives.

##### A BIT OF UNPLEASANTNESS.

Berlin, Jan. 15.—A Hamburger correspondent of a newspaper publishes a story of a serious quarrel at Kalisch, Poland, between a Russian and German officers. The officers of a Russian regiment stationed at Kalisch invited the officers of the Prussian regiment stationed on the other side of the frontier to dinner and in course of a political argument the Russians used insulting language to Germany. Bloodshed was averted by the Russian colonel sending home the German officers under a heavy escort.

##### A HOT ABOUT A DUE.

Vienna, Jan. 15.—Special dispatches from Resth say serious disturbances occurred Tuesday and Wednesday in consequence of a duel between Baron Mathanyi and Herr Verhoray, member of parliament, in which the latter was fatally wounded, and that further trouble is feared. Herr Verhoray was editor of a Hungarian radical newspaper and attacked Count Festetics, a fellow member with Baron Mathanyi, of the aristocratic National Casino club and Baron Mathanyi interested himself in the matter. Partisans of Verhoray say that Mathanyi is a professional duelist, the best pistol shot in Hungary, and was put forward in the quarrel for the purpose of silencing Verhoray, who is very distasteful to the aristocrats, but popular with the mass. Last night a great crowd of students and workmen filled the streets in the neighborhood of Casino club uttering hostile cries, and they finally stoned the windows. The police were repeatedly repulsed by the rioters and finally two battalions of infantry charged with fixed bayonets. Many people were slightly hurt by stones, sticks and bayonets. About thirty rioters were arrested. Another dispatch from Resth says the rioting was renewed late last night and twenty one persons shot, whether by the military or rioters, is not known. At midnight some shots were fired at the rioters from behind some wagons in the street. The perpetrators escaped.

##### ENGLAND TAKING NOTICE OF IRELAND.

London, Jan. 15.—At the cabinet council to-day it is believed Irish affairs will come in for a large share of attention. All accounts agree that distress is becoming critical.

OVER THE HILL TO THE P. OR HOUSE.

Cork, Jan. 15.—Sixty able bodied men, with their families, were yesterday admitted to Killarney workhouse. A woman applied for admission Tuesday with three children, one of whom was dead in her arms from hunger and exposure, the woman having walked from Cahireveena a distance of forty miles. The mayors of Sheffield and Brighton and other towns have opened relief subscriptions, but the universal opinion is that private relief can't cope with the distress. The government's plan for meeting it will probably be determined to-day.
