### Railroad Suit in a Chicago Court Against the Chicago & Iowa Company.

## CONGRESSIONAL.

### SENATE.

Washington, March 1.—Mr. Allison from the committee on appropriations reported favorably the house bill making an appropriation for the support of certain Indian tribes, and stated that he would ask for its consideration to-morrow. Placed on the calendar.

Mr. Randolph then made a speech in support of his proposed substitute for the committee bill for the relief of Fox John Porter. The substitute authorizes the president to nominate Porter as colonel of infantry. His commission to date from January, and to retire him according to law.

### HOUSE.

Washington, March 1.—Bills were received and referred as follows: Mr. Chittenden, providing that after the 1st of July the next duties for exporting and import duties of every description shall be limited to 50 per cent ad valorem, in all cases where higher duties are now imposed; Mr. Aiken, to encourage the cultivation of tea plants; Mr. Waldron, repealing all acts granting lands in Indian territory to railroads, conditioned on extinguishment of Indian titles; by request extending for ten years the time for the completion of the Texas Pacific railroad; Mr. Converse, for survey and disposal of public lands; Mr. Atkins, placing wood and straw pulp, and chemicals used in the manufacture of paper on the free list; Mr. Springer, calling on the secretary of the treasury for the statements of salaries, amounts, enrollments and expenses of Geo. T. Seward and O. B. Bradford, from the date of the former's appointment as minister to China, up to the close of last quarter.

Mr. Beck submitted a resolution directing the secretary of the treasury to report to the Senate the amount paid out of the appropriations for the star postal service for the fiscal year ending June 30, 1880, from July 1, 1879, to March 1, 1880, stating the amount paid on each route, and what amount will be required to pay in full for all such star services at the rates under contract now existing, for the remainder of the present fiscal year, stating amount required for each route separately. Adopted.

### WASHINGTON.

#### The Debt Statement.

Washington, March 1.—The debt statement shows a decrease of the public debt during February to be \$5,672,019; cash in the treasury, \$196,351,653; gold certificates, \$10,082,800; silver certificates, \$9,369,920; certificates of deposit outstanding, \$11,485,000; refunding certificates, \$1,883,950; legal tenders outstanding, \$348,681,016; fractional currency outstanding, \$1,563,131,108.

### Railroad Matters.

Chicago, March 1.—Robert H. Tinker filed a bill in the superior court to-day against F. E. Hinkley and officers of the Chicago & Iowa R. R. company. The bill states that the Chicago, Rockford & Northern railroad company was organized with capital stock of one million dollars only, \$45,000 of which, however, was paid up, and this \$45,000 was paid by the complainant, who now holds \$20,000 worth. Subsequently to the issue of this stock, in March 1876 five hundred shares of the face value of \$100 each were issued to F. E. Hinkley, as trustee for Chicago and Iowa railroad company. This was a fraudulent issue, as the money obtained was not applied for the construction of or services of the Chicago, Rockford and Northern railroad. These shares are now voted by Hinkley or persons to whom he has assigned them in the interest of the Chicago and Iowa Railroad, so that the directors of the latter control the former road and operate it solely in their interest. The former has been put in the hands of a receiver, but the receiver has not taken or voted fraudulent shares. An injunction was asked for enjoining the transfer for voting as five hundred shares at the annual meeting to-day, and that upon a final hearing they may be declared void. A temporary injunction was issued.

### A Traffic Arrangement.

New York, March 1.—The facts respecting the arrangements between the Pacific Mail steamship company and Pacific railroads are as follows: A traffic arrangement, to run five years, has been agreed upon by the respective commissioners of the railroad and steamship companies. The roads are to pay to the steamers \$110,000 per month, in consideration of the right of the roads to fix the rates for California passengers, and the freight roads are to purchase steamers in the China line—the City of Peking and the City of Tokio—for \$1,200,000, paying for them in installments of \$100,000 per month. The purchase being subject to the inspection of the steamers within 90 days.

### FIRE

#### A Wagon Factory.

Memphis, March 1.—A fire this morning at 10 o'clock, burned the extensive wagon manufacturing establishment of James, Ross & Graham, on Jefferson St., adjoining the Lumber theatre. The manufactory was the largest in the south and will prove a serious loss to this section of country. The fire originated in the paint room and spread with lightning rapidity and soon enveloped the entire building, which was totally destroyed. Loss about \$35,000, including \$35,000 in stock, which had been purchased recently to make up insurance \$7,000.

That glory is short which is given and received from men.
