## GENERAL NEWS.

**The Election in San Francisco a Rebuke to Sand Lot Agitators.**

**The Russian Czarina is Sinking Rapidly.**

**Destructive Fire at Fort Wayne, Indiana.**

**Kansas Republican State Convention in Session.**

### San Francisco Election.

San Francisco, March 31.—At eleven p. m. the vote of the city was about two-thirds counted with the following results: Citizens ticket, 11,760; Workingmen's, 7,990; for joint senator, Brynes, republican, 11,612; Freund, workingman, 7,635. This may be considered fairly indicative of the result.

### LATER.

The latest returns from various precincts show a sweeping victory for the citizen's union, their ticket receiving 16,339 votes against 10,246 for the workingmen. About 4,500 votes are yet to be counted. The result may be accepted as evidence that a great number of workingmen are tired of agitation and Kearnsism, and are prepared to unite in the effort to restore confidence and forward business activity.

The vote far as counted shows that the republicans have cast nearly a full vote, as compared with the elections of last September; the falling off having manifested itself among the workingmen, and their democratic allies.

A small democratic element undoubtedly helped well the citizen's vote. The result causes the greatest satisfaction, and is expected to have worked a good effect upon the public interests.

## FOREIGN TELEGRAMS.

### Personal.

St Petersburg, March 31.—The Czarina is sinking rapidly.

### The Cleopatra Needle.

Alexandria, March 31.—A lighter to convey Cleopatra's needle to New York is being towed into this port.

### Left for Cabul.

Theran, March 31.—Abdurrahman Khan has left Kaudus and Nidshaid with his troops by way of Ghori and Nidshaid on Cabul.

### Married.

London, March 31.—Rev. Newman Hall, who August last obtained a divorce, has married the lady to whom he admitted that during the trial he had communicated his intention to marry in the event of a successful suit against his wife.

### Another Title Added to His List.

Copenhagen, March 31.—The criminal court sentenced Baron G. G. G. G., chief of the banking house of G. G. G. G. and company, diplomatic agent of the bay of Tunis, late consul general to Portugal, and possessor of a dozen grand crosses and other decorations, to one month's imprisonment, for repeatedly using cancelled stamps on stocks and bills.

### A Religious War Threatened.

London, March 31.—The religious associations of France will probably contest in the courts the equality of the decrees of the government against unauthorized religious societies on the ground that the laws they are based on are those of absolute monarchy.

The Count de Chambard's organ, *Le Monde*, is the origin of the Pan-Orthodox, and the *Univers* and ultra-orthodox papers, are equally exaggerated, and declare that the Catholic will vigorously resist the enforcement of the decrees.

The Pays, *Paris* and *Cassagne's* papers say that the decrees are only preliminary to the establishment of the guiding principle of political adversities, while the *Oire* and *Liber*, also *Bonaparte*, admit the legality of the decrees.

## FIRES.

### In Fort Wayne.

Fort Wayne, Ind., March 31.—A fire last night damaged Kane & Bros' block \$15,000, H. J. Wentman & Bros' wholesale crockery stock \$25,000, Noll Bros. & Co's. whole-sale millinery \$6,000. The insurance is as follows: The Queens of London, \$6,500; the Guardian Connecticut, of Hartford, Hamburg & Bremen, Liverpool, London & Globe, \$3,000 each; The Niagara of New York, \$25,000; the Commercial Union of New York, Home of New York, North American of Philadelphia, \$2,000 each; the Commercial Phoenix of Brooklyn, Merchants of New York, Commonwealth of Boston, Continental of Philadelphia, \$1,500 each; the Lancose General of Paris, Northwestern of Milwaukee, Newark of New Jersey, \$1,000 each. Other companies \$4,000.

### Kansas Republican State Convention.

Topeka, March 31.—The state convention does not meet till 4 o'clock p. m. The prospects are that it will be late to-night before anything definite can be forwarded. The Blaine men are in majority in the state, but the Grant men control two of the three congressional districts. The Blaine men in the caucus last night decided to elect all of the delegates in the convention, not allowing the districts to make selections, as has been the practice heretofore. The Grant men say they will insist and withdraw, and elect delegates from the two Grant districts. Whether this will be done cannot yet be said, but it is evident that there is to be a stormy time. Senator Plumb is here as delegate, and it is understood that he will join the Blaine force, and insist on a full Blaine delegation. It is possible that the Ingalls fight will enter largely into the proceedings.

### The Weather.

Washington, March 30.—The weather indications for the upper Mississippi and lower Missouri valleys are: Cloudy weather, frequent rain or snow, warm south-wind, full gale barometer, generally followed by wind.

## CRIMES AND CASUALTIES.

### Did It in Self-Defence.

Cincinnati, March 31.—A man calling himself Frank Howard, and who had operated in Charleston, West Virginia, on a confidence man, was shot and killed on Monday, at Peytona, on the coal river, West Virginia, by a man named Atkins, who claims that he did it in self-defence.

### Railroad Accident.

Cincinnati, March 31.—The west bound freight train on the Chesapeake & Ohio railroad had the front truck car in the middle train thrown from the track by a bad rail, when just entering the bridge over the Guyandotte river. A span of the bridge was knocked down, and eight cars fell to the river shore where they were burned. The engine had safely crossed the bridge. Loss \$20,000.

## CONGRESSIONAL.

### SENATE.

Washington, March 31.—Mr. Cameron stated as a question of privilege that the testimony of E. L. Webber taken by the subcommittee in New Orleans, and which subcommittee had decided to strike out, because of the failure of Webber to submit to a cross-examination, had notwithstanding been printed, and would perhaps prejudice the Kellogg case.

Mr. Hill defended the committee for printing the testimony, saying that nothing was published in the latter part of the record, stating that it was struck out, so that it was practically, if not physically, out. Considerable discussion ensued during which it appeared that the whole matter of printing had been left to the stenographer. Mr. Ingalls thought that the record should be made.

### HOUSE.

Washington, March 31.—The Bradley-Simmons Arkansas contest came up. Mr. Weaver's resolution declaring the seat vacant was defeated one hundred and fifty-two to thirty. The majority resolution declaring Simmons elected was adopted one hundred and ninety-nine to twenty-one.

Finally Mr. Logan's motion to recommit the evidence, with instructions to the committee to withdraw the copies of the record already distributed, and correct the whole election, was agreed to.

The bill for an international exhibition in New York in 1883 was passed twenty-six to twenty-one.

## WASHINGTON.

### Financial.

Washington, March 31.—The public debt statement will show a reduction of about ten million dollars for March. The receipts from the internal revenue, March, about nine million dollars; from customs, nineteen millions.

New York, March 31.—There is a local announcement that the treasury has accepted the five million bonds offered to-day.

### The Hayes Party.

New York, March 31.—The Hayes party left to-day for Washington.

### No Ingersollism in Brookville.

New York, March 31.—A dispatch from Ottawa says that Col. Robert Ingersoll was refused the public hall in Brookville, his lecture being in support of infidelity.

### The Spinners-Weavers Strike.

Troy, N. Y., March 31.—The strike in the Harmony mills of Cohoes continues, and the weavers resolved to not resume work till the demands of the spinners are granted. One week's idleness makes a loss of \$30,000. The weavers at work were stoned last night returning home. This morning three hundred weavers are in the mills and thirteen hundred looms in operation. The fitting on hand will keep that number of looms going for a week, when if the strikers have not returned, there will be a lock out, and the mills will only be reopened as the men present themselves for work.

## YANKTON STEAM BOTTLING WORKS.

As we are about commencing our second year in the above enterprise, we would respectfully inform the public that we have added several valuable and labor saving attachments to our machinery, which places us in a position to fully compete with Milwaukee and Chicago bottlers, both in quality and price. We will discount any eastern bottlers prices, freight added. As some of our beer is shipped at a distance of over 2,000 miles from here and has kept good for a year, it is evident that it must be good beer when it leaves here. This beer is today exported to all parts of the globe, including Europe, Australia, China and Japan. Its reputation is so good that the manufacturers are refusing to fill orders to new customers; it is all they possibly can do to supply their present trade. Their capacity for this year is 150,000 barrels, nearly 50,000 barrels more than last year. We bottled last year over 5,000 cases, and as we have reduced the price fifty cents per case or twenty five cents per dozen, we expect this year to double this amount.

Price per dozen quarts, \$1.50; per dozen pints, \$1.00. Cases and bottles to be returned.

Special prices given to the trade.

ADLER & OHLMAN,

Yankton, D. T.

Western agents for Jos. Schlitz Brewing Co., Milwaukee Wis.

## DAKOTA IN CONGRESS.

The Washington correspondent of the St. Paul Pioneer-Press gives us the following:

I feel compelled to say a friendly word in regard to the industry and value to his constituents of Judge Bennett, of our neighboring sister soon-to-be-state, Dakota. The delegates don't have much show in congress anyhow, and their presence, without a vote, and without the force of a full fledged congressman has always seemed to be a kind of anomaly in our form of government. But there is far more work to be done and far more work is done by many of them than by many of the congressmen. Judge Bennett stands well with his associates in the house and with the committees to which he is attached. His predecessor left bills pending in congress for the division of the territory, and for its admission as a state, and for a re-survey of the public lands. The division and re-survey bills have been re-introduced by Judge Bennett, with some important changes, in regard to the line of division and the setting apart of the Fort Rice and Lincoln reservations for the establishment of the Custer Memorial college. It is now in the hands of a sub-committee of the committee on territories, consisting of Gabe Bouck of Wisconsin, William Aldrich of Illinois, and Frost of Missouri. There has as yet been no hearing before the committee, but Mr. Bouck says there is no doubt about the bill, but it is not worth while to consider it now, as it could not get through this session if it was reported. Mr. Bennett is receiving numerous petitions from the upper section of the territory praying that the proposed name be changed from Pembina to Northern Dakota.

His re-survey bill is in the public lands committee, of which he is a member. The new land commission bill has a provision that so nearly covers the provisions of the bill that it will hardly be necessary to pass a separate bill on that subject.

(There is little prospect, however, that the land commission bill will be voted upon this session.)

Mr. Bennett's bill, appropriating \$40,000 for any assay office at Deadwood, has already been reported favorably by the committee on coinage, weights and measures, and is now on the calendar, and will probably pass this session.

The bill for the increase of the salary of the judges, and the one appropriating \$30,000 for a penitentiary, are both on the calendar, and will also probably pass this session.

The bill increasing the jurisdiction of the probate court of St. Lawrence county is in the judiciary committee, and will be reported favorably.

The bill abolishing all that portion of the Fort Randall reservation lying east and north of the Missouri river is given into Mr. Bennett's hands by the public land committee, to be presented to the house with a favorable report as soon as the committee is called.

He thinks he will certainly get an item of \$1,000 for a preliminary survey of the Missouri river at Yankton, with a view of the protection of that city from damage by the river.

The bill already passed the house, abolishing and throwing open to settlement the military reservations in northeastern Dakota, Fort Abercrombie, Ransom and Seward, will undoubtedly pass the senate.

That portion of country lying east of the Missouri river which was declared Indian reservation by an executive order, has through Judge Bennett's endeavors been thrown open to settlement.

### Much Sickness.

Undoubtedly with children, attributed to other causes, is occasioned by Worms. Brown's Vermifuge Comfits, or Worm Lozenges, although effectual in destroying worms, can do no possible injury to the most delicate child. This valuable combination has been successfully used by physicians, and found to be absolutely sure in eradicating worms, so hurtful to children. Twenty-five cents a box.

### Who is Mrs. Winslow?

As this question is frequently asked, we will simply say that she is a lady who for upwards of thirty years has untiringly devoted her time and talents as a female physician and nurse, principally among children. She has especially studied the constitution and wants of this numerous class, and, as a result of this effort, and practical knowledge, obtained in a lifetime spent as nurse and physician, she has compounded a soothing syrup for children's teething. It operates like magic—giving rest and health, and is moreover, sure to regulate the bowels. In consequence of this article, Mrs. Winslow is becoming world-renowned as a benefactor of her race; children certainly do rise up and bless her; especially is this the case in this city. Vast quantities of the Soothing Syrup are daily sold and used here. We think Mrs. Winslow has immortalized her name by this invaluable article, and we sincerely believe thousands of children have been saved from an early grave by its timely use, and that millions yet unborn will share its benefits, and unite in calling her blessed. No mother has discharged her duty to her suffering little one, in our opinion, until she has given it the benefit of Mrs. Winslow's Soothing Syrup. Try it mothers—TRY IT NOW—Ladies' Visitors, New York City. Sold by all druggists. 25 cents a bottle.
