No. 293

GENERAL NEWS.

It is Probable that the Spofford-Kellogg Case Will go Over.

In the Whittaker Affair All the Cadets Disclaim Knowledge of Anybody's Participation.

The New York Supreme Court Declines to Displace Wm. H. Vanderbilt as Trustee of the Commodore's Estate.

WASHINGTON.

The Distillery Laws.

Washington, April 8.—The ways and means committee ordered a favorable report on the Carlisle bill, amending the distillery laws.

Mutations.

Washington, April 8.—The house committee on military affairs selected the superintendent of the national soldiers' home, Gen. J. M. Palmer, of Illinois, to succeed Thos. O. Byrne, and Gen. M. B. Franklin, of Connecticut, to succeed Frederick Smythe.

The Spofford-Kellogg Case.

Washington, April 8.—The democratic senators in caucus to-day seemed decidedly in favor of letting the Spofford-Kellogg case go over till the next session, unless the necessary public business shall be expedited as to admit its consideration without prolonging the present session far into the summer.

The Whittaker Affair.

Washington, April 8.—The adjutant general has received the following dispatch from Gen. Schofield:

All cadets disclaim any knowledge whatever of the attack on Cadet Whittaker. A thorough examination has shown that he received no injuries, except slight cuts from which he bled somewhat freely. A court of inquiry will be appointed to ascertain the whole truth, if possible.

CONGRESSIONAL.

SENATE.

Washington, April 8.—The resolution to lead flags to the Good Templars at the Chicago encampment, August next, was passed 87 to 20, although Messrs. Edmunds, Hoar and Ingalls opposed lending government property to private organizations.

Mr. Hampton then called up the joint house resolution to lend artillery, tents, etc., to the soldiers' reunion at Central City Nebraska. Passed.

Mr. Saulsbury said that he allowed the Kellogg-Spofford case to go over.

HOUSE.

Washington, April 8.—A large number of bills were reported adversely by the ways and means committee, and the house went into committee of the whole on the army appropriation bill, the question being upon the point of order raised against and prohibiting the expenditure of money appropriated, so that the army might be used as a police force at the polls.

The meeting committee appointed Messrs. Sparks, Johnson and Brown to investigate the West Point outrage.

FIRES.

The Waterbury Watch works.

Waterbury, April 8.—The Waterbury watch works were partially burned to day. Loss, \$75,000; insurance, \$45,000.

At Alta.

Chicago, April 8.—A fire at Alta, Iowa, yesterday morning, destroyed one-half of the business portion of the town. Fifteen buildings were burned. Loss, \$25,000; insurance \$5,000. Incendiary origin.

Loss of Lives.

Dixon, Ill., April 8.—A disastrous fire occurred here last night, breaking out in Thompson & Co.'s mill, about one o'clock A. M. and before arrested, burned Becker & Underwood's mill, S. C. Eck & Co.'s mill, and some minor buildings. Loss \$300,000; one third insured, \$7,000 in the East; \$4,000 each in the Franklin and Phoenix; North British and Mercantile; \$4,500 each in the German American, Hartford, Liverpool, London & Globe and Underwriters; \$6,500 in the Home; \$2,500 in the London & Lancashire; \$1,000 in the Liconia; \$3,000 each in the Manhattan & Springfield fire and marine; \$5,000 in the North America; \$3,000 each in the Royal and Rhode Island association; \$3,500 in the Traders; \$2,500 in the National Millers.

The saddest part of the story is the loss of life. Ears Becker, son of H. H. Becker, and Wm. Shum, clerk in a drug store, were killed. William Rink, both arms broken, and C. P. Lint, Patrick Duffy, Orville Anderson, W. W. Vaut and French Gelchberg, all badly injured.

CRIMES AND CASUALTIES.

Refused to Appear.

Harrisburg, April 8.—Kemble refuses to appear to enter a new bail or receive sentence.

Grave Robbers.

Ottawa, Ont., April 8.—Eight bodies have been stolen in the past week from the cemetery at Pepinville.

Abandoned at Sea.

New York, April 8.—The steamer Gellert reports the steamer Syria, Captain Johnson, from New Orleans for Liverpool, abandoned by the crew, who refused to work her. She parted all tow lines and could not float much longer. The cargo consisted of 5,000 bales of cotton and one hundred tons of oil cakes. The crew and officers came in on the Gellert.

The Price of Gas.

New York, April 8.—The gas companies of this city have made an agreement to advance the price of gas after the 15th of the present month. The new rates will be two dollars and twenty five cents in small and two dollars and seventy-five to large consumers.

The Walking Match.

New York, April 8.—Hart and Dobler resumed their extraordinary tramp about two o'clock this morning. At eight o'clock A. M., the score stood, Dobler 341 miles, Hart 439, Pezram 325, Howard 310, Allen 305, Merritt 204, Krohn 291, Williams 282, Hansmaker 236, Jaybee 130.

Noon—Hart and Dobler each 350 miles. Dobler and Hart continue to struggle for the lead, with Pezram sixteen miles behind them.

Two o'clock—The score stands, Dobler 385½, Hart 385, Pezram 349, Howard 336, Allen 329, Krohn 316, Williams 308, Hansmaker 282, Jaybee 140.

A Severe Rebuke.

New York, April 8.—The supreme court of general terms has affirmed the order of Justice Donahue, refusing to grant the application of Cornelius J. Vanderbilt, to have a person appointed in the place of Wm. H. Vanderbilt, as trustee of a fund of about \$400,000, which was created by Wm. H. Vanderbilt soon after the withdrawal of the control of Commodore Vanderbilt's will. The judges add: "It seems almost incredible that the counsel could be found capable of advising such application, having neither the law nor facts to justify it." The application deserves nothing but a severe rebuke.

The Weather.

Washington, April 8.—The weather indications for the upper Mississippi and lower Missouri valleys are: Warmer, clear or partly cloudy weather, light variable winds, falling barometer.

Liberal Gains.

London, April 8.—Two more liberal gains. The latest returns show more liberal gains. Three hundred liberals have been elected, 181 conservatives, 39 house rulers.

Reducing the Card Rate.

Pittsburg, April 8.—The western iron association has unanimously reduced the card rate from four dollars to three dollars and twenty cents per ton.

A BATTLE WITH INDIANS.

Deadwood, D. T., April 6.—A Times special from Ferry Point, under date of the 3d, says: Capt. Higgins, with three companies of the second cavalry, who started out after the hostile Sioux on the 25th, overtook them yesterday, Friday, thirty-five miles south of here. The troops charged the camp and captured forty-six ponies, but the Indians got into a ravine and could not be led out. Sergt. Johnson of company C, second cavalry, was killed during the charge. Gen. Miles, who was on his way east, hearing of the fight, stopped at Fallon creek, where he now awaits the arrival of reinforcements, which left Fort Keogh Friday night under Lieut. Clarke.

A later dispatch says two Indians were captured. The remainder got away on foot.

CONVERTED TO BENNETT.

Vermillion Standard.

In an interview with Judge Brookings, of Sioux Falls, he stated that he was in favor of Judge Bennett for our next delegate in congress. That is, he was his choice of all the candidates now in the field. It will be remembered that Judge Brookings was a leading opponent to Judge Bennett's election a year and a half ago, but this is the way the voters are changing, and Bennett will, if he gets the nomination, go to congress by a large majority of votes than before. We can't see anything in the road to prevent him getting the nomination except Marshal Raymond, and though a good man, hasn't sufficiently large territorial proportions to run a good race all over the territory at one time, we are afraid. He is growing though in influence and will in a few more years get there—yes, go to congress from Dakota.

WHO LAUGHS FIRST.

Kansas City Times.

This is a childish but most laughable game and is thus played: The players, on whom absolute silence and gravity is strictly enjoined, range themselves in a close circle. The leader gives her right hand neighbor a little tap on the knee; she does the same to the person seated beside her, who follows her example, and thus it goes the round of the circle. The leader then taps her neighbor on both knees, the other players doing the same. The third round adds to this a tap on the cheek; the fourth on both cheeks; at the fifth, the leader, after giving her neighbor taps on both knees and both cheeks, seizes her gently by the ear, which she continues to hold while the other players go through the same evolutions, which end by producing so odd looking a human chain that it becomes almost impossible to refrain by laughing or exclamation, which, of course, incurs a forfeit. The leader is allowed to prolong the game by adding to it any gestures she pleases.

THE RIVER.

The Rose Bud did not get away last evening as anticipated, owing to the non-arrival of the government inspectors, but will doubtless steam up and get away this evening.

J. Schaffer and P. Vandervort, of St. Louis, inspector of steamboats on the Missouri river, arrived last night, and were engaged to-day in inspecting the steamboats of the Coulson line. The Nellie Peck, having left Sioux City before the arrival of the inspectors, was examined by them here.

Sioux City Journal, 7th: C. W. Blum, jr., and Dan Comfort have gone to Bismarck to pilot the Butte.....Among the city freight sent on the Pezrah are 25,000 pounds hams and bacon for the Black Hills. More would have been sent but some of the other boys wanted to get freight on the boat, and so some hog products will wait and go on the Terry and the Benton.....Capt. Wm. Sims came down from Yankton yesterday and will begin leading the Terry for Pierre sometime to day. After returning from this trip the ferry will load for the Yellowstone and run in the upper river until the low water closes navigation there for the season.

The steamer Nellie Peck, from Sioux City for Fort Bennett, arrived at our levee last evening, with a fair amount of freight and a considerable number of passengers. This morning steamboat inspector Schaffer and Vandervort subjected her to the usual overhauling and scrutiny and pronounced her all O. K. She took on here about eighty tons of freight and at noon resumed her journey for up river. The Nellie Peck has always been a favorite boat, and under the management of her present efficient list of officers will maintain her position. Capt. William Baker is master, William Gilham clerk, and Erastus Wright and John Belk pilots.

Bismarck Tribune 2d: To look at the seething, restless Missouri at the landing one could scarcely believe that last Sunday trains were crossing on Nature's bridge, yet, such was the case. Thursday night it became evident that crossing was perilous; in fact, a portion of the west end of the bridge had sank down out of sight, and the whole institution looked weak and dilapidated. Ned Gilboy with a few flat-cars and a dozen men went down about 8 o'clock p. m. to take up the rails, which task was completed about daybreak. The next morning their tracks were covered with the muddy waters of the Missouri. The grand "bus" took place about 5 o'clock a. m. This annual occurrence is a grand sight. The river had already broken above, and the Yellowstone and Tongue rivers had been pouring their torrents into the Big Muddy for nearly a week. It became too full for utterance, and the only alternative was the breaking of the strings of its winter gown. This was done with a vengeance. Acres of ice suddenly upheaved and fell in a thousand pieces. Now the struggle began. Every piece became an angry sea. At the landing but little damage was done other than the wrecking of the Macleod, which was a foregone conclusion. A large portion of her cabin and all the loose ornaments about the boat had been taken off; the ice finished the wreck. Opposite and northwest of the landing on the Mandan side lay the government steamer, Gen. Sherman, and the transfer, Northern Pacific. Fears of their safety were entertained at first, but after the first rush the danger was over. They hugged the Mandan bank, to which familiarity may be attributed their rescue. At Fort Lincoln, five miles below, the transfer boat Denver was meeting in the lap of Point Pleasant. She struggled hard to resist the cold-hearted enemy, but it was no use; like "Frattily," she fell a victim; a 200-ton piece of ice struck her and she vanished. Not a stick remains to tell the story, but it is thought probable that when the rise disappears and the dusky western maiden shall have ceased her flirtation that the Denver will be found at the bottom of the river, slightly disfigured but still worth raising. It was the property of the Northwestern stage company and Messrs. McLean & Macnider, who lose about \$5,000.
