

THE RUTLAND HERALD.

Poetry.

AN EDITOR'S DUTY—WHAT IS IT?

Is it to crush to wealth or power,
To land the favorite of the hour,
To bow and stoop for favor?
Is it to quail in virtue's cause,
And shrink when vice contemns the laws
Of God and man, when few will pass
To extend the hand to save her?

Is it to spread o'er beauty's face,
(Adorned with every beaming grace.)
The crimson tinge unconcern'd?
Is it to rend the yet profane,
To use the Eternal's name in vain,
To give to mock religion pain,
Which conscience never confronted?

Is it to withhold from art the need
Of praise; or science to impede
In her career of glory?
Is it to shield the traitor's self,
(Who ev'n of honor, wrapt in self,
Would sell his natal soil for profit)?
And fear to tell the story?

No! 'tis to wield the honest pen,
To seek the applause of virtuous men,
To light the smile of beauty,
To encourage science, foster art,
To search the treach'rous villain's heart;
To do the faithful watchman's part;
Tis this, "to do my duty."

Cotton Batts and Yarn.

500 POUNDS clean Cotton Batts, and 200 pounds
superfine Cotton Yarn, from No. 4 to 14. 6
by S. and T. by G. Winslow & Sons; Cast and

Oil; 100 Gallons first quality Fall purified
Lamp Oil, just received and for sale by

BURT & MASON.
Rutland, March 19, 1838. 14

Invalid Reads.

Matchless Sanative!
IT appears by the following information given to the
public by Dr Rowland, of Boston, that the much talk-
ed-of MATCHLESS SANATIVE is indeed what it profess-
es to be—an efficient and valuable medicine, worthy the
serious attention of every consumptive person.

MATCHLESS SANATIVE.

David S. Rowland, the General American agent for
this mighty medicine (invented by the immortal Goettsche, of Germany) has great pleasure in publishing the
following highly important letter from a respectable
gentleman in New York, which he has recently received
with many others of similar character—also very interesting
intelligence from several of his agents, especially
from Salem, as will be seen below—which, together
with the annexed certificate from three eminent German
physicians, must forever establish the character of the
Sanative, as being without a parallel in the history
of medicine.

[The unequalled reception with which it is met speaks
more than volumes in its favor. Already has its list of
agents in America, in the short period of three months,
swelled to the goodly number of

SEVEN HUNDRED AND TWENTY-ONE (1/2)

(mostly Postmasters) who have voluntarily applied for
agents from different sections of the country, or else
kindly forwarded responsible names, as agents, in cases
where it was inconvenient for them to act in that capacity,
and new applications are daily pouring in from every
quarter.

The General Agent has just received another importation of **FIFTY THOUSAND PHIALS OF THE SANATIVE**, yet he is apprehensive, that even this large quantity will be swept away by the flood of orders
from abroad, before he shall receive another supply.

Many of the gentlemen who write for agencies, having
expressed a wish that the sale of the medicine might be
given exclusively to one individual in every town, there
will hereafter be but one agent appointed in each un-
supplied town and city—viz: the Postmaster or some
person recommended by the Postmaster. And as letters
are constantly being received from invalids in those
unsupplied places, for a single phial each, the Postmas-
ters of such towns would both benefit themselves, and
greatly accommodate their fellow citizens, by having
their names immediately added to the list of agents.

In case where it is not perfectly convenient to remit
the small contingent bill, all orders will meet with the
same prompt attention as if that sum were forwarded; though it is very desirable that agents should comply
with the terms of the prospectus as far as practicable,
for the General Agent is responsible for any deviation
from the established rules.

The General Agent at Boston, will gratefully thank
any Postmaster who cannot act as an agent, if he will
have the goodness to forward him the name of some
responsible Stoerer, in order that so invaluable a med-
icine as the Sanative proves to be, may have an agent
in every town throughout the country.]

TESTIMONY NO. 1.

A Letter from H. F. SHERWOOD, Esq., of N. Y.

Dr D. S. Rowland.—Sir: About the middle of July last, I accidentally noticed in a newspaper the adver-
tisement of the Matchless Sanative, for which I perceived
you were agent, and which promised to be a sovereign
remedy for Consumption.

As my wife was then fast wasting away with this
dreadful disease, and as our family physician was busy
and hourly anxious endeavoring to restore her to health
without success, I stepped over to his house and asked

Brandreth's Pills.

"The true riches of Life are Health."

WE know that health and ability to labor, is the wealth
of the great mass of the people in this, as in most other
countries. To preserve, therefore, that health by nat-
ural means, is a grand, moral and political scheme, is fulfil-
which requires our utmost attention.

The unprecedented success which has resulted from Brand-
reth's Pills, during a period of upwards of eighty-five years,

the numerous and extraordinary cures which they have
performed upon hundreds of individuals whom they have
rescued from almost inevitable death, after they had been

pronounced incurable by the most eminent of the faculty—
lastly Dr Brandreth, the proprietor of this universal medi-
cine, in warning and conscientiously recommending it to the

public, in writing and in conversation.

Dr Brandreth has long reckoned to consider this truth, that
health depends on the state of purity in which the blood is

kept, every part of the body being supplied daily with new
blood from the food consumed; consequently, according to
the porosity of that blood, so must the state of the body be
more or less healthy. To obtain, therefore, the most direct
purifier of the blood, is a question of no little importance to
every individual.

That Brandreth's Pills are the most direct purifiers of the
blood, there will be no doubt when it is known that they have
gained their present very extensive sale by their own
intrinsick merit, proved by the numerous cures which they have
accomplished in every variety of disease.

The peculiar action of these pills is most surprising; their
operations being more or less powerful, according to the
purity of the circulating fluid. On a person in a torpid state,
who is only costive or slightly bilious, they will be scarcely felt; on the contrary, if the complainant be chronic
and the constitution be much deranged, the effect generally
at first is most powerful, until the system is freed of some
of its most visitant and torpid humors. This excre-
ment, does much to clear the body of those excretions
daily, which remove the disease and the constitution will
soon be restored to a state of health and renewed vigor.

These pills are recommended by thousands of persons
who have been cured of consumption, influenza, colds,
digestion, dyspepsia, headache, asthma, gout, rheumatism,
nervous diseases, liver complaint, pleurisy, depression of
spirits, fits, palsies, dropsy, röpus, cough, whooping cough,
croup, cholera morbus, gravel, worms, dysentery,
dysuria, scrofula, croupulosis, or St. Anthony's fire, salt
rheum, white swellings, cancers, tumors, swelled feet and
legs, piles, contusions, all eruptions of the skin, female
complaints of every kind, especially obstructions, relaxations,
&c. &c.

Such is the reputation, and so great the demand for the
Genuine Brandreth's Vegetable Universal Pills," that a
counterfeit article is made, *advertised* and sold as genuine
—and some individuals who sell the counterfeit pills, have
advertised themselves as my agents, and I have found it ne-
cessary to preserve the reputation of my pills, and save the
public from imposition, to furnish every agent with a certi-
ficate, which is as follows:—

"BRANDRETH'S VEGETABLE UNIVERSAL PILLS."

Security against Counterfeits.

The within named Ferre & Parmalee, of Middletown,
Conn. are my appointed General Agents for the State of
Vermont, Connecticut, (except Fairfield county,) Hampden
and Franklin Counties, Mass.; Cheshire and
Sullivan Counties, N. Hampshire.

In the United States of America.

And this letter which is signed by me B. BRANDRETH,
in my own hand writing, must also be signed by the within
named General Agent, whose name will also appear in the
principal paper in the United States. This caution has
become absolutely necessary, to guard the public against the
numerous counterfeits which are out of the above popular
medicine.

B. BRANDRETH, M. D.

New York, February 22, 1837.

Geo. P. Walton is our General Agent for Vermont (ex-
cept Windham, Rutland and Bennington counties) and authorized to appoint and supply agents in the State,
except in the counties named above.

FERRE & PARMALEE.

BEWARE OF COUNTERFEITS!!!

All pills purporting to be Dr Brandreth's and sold by
persons without a certificate as above are Counterfeits.

The following are Ferre & Parmalee's Agents:

Geo. P. Walton, General Agent.

Jackson & Ketcham, Brandon,

Henry Simonds, Pittsford,

A. Allen, Fairhaven,

Boynton & Austin, Orwell,

Mr. Horton, Hubbardton,

E. Aiken, Benson,

H. T. White, Castleton,

A. Grover, Wells,

Stanley Leffingwell & Co. West Poultney,

A. Bliss, East Poultney,

Meritt Clark, Middletown,

H. Clark, Pauchet,

Thomas McDowell, Dashy,

N. W. Sawyer, Tinmouth,

D. H. Sabin, Wallingford,

C. B. Hall, Claremont,

Wm. Fay, General Agent for the counties of
Rutland and Bennington. 29:1

BENJAMIN BAILEY, Jr.

Conton, April 26, 1837.

Certificate of Luke Hitchcock.

HAVING received great benefit from the use of the
Rev. N. H. Downs' Vegetable ELIXIR, I take pleasure in
recommending it to others. Its effects were to relieve
me of a cough with which I had been troubled more
or less for several months; it promoted expectoration and
relieved me of an uneasy sensation about the chest, which I had felt nearly a year. As I could procure only one bottle at the time, I have not had an opportunity of testing its merits to the extent desirable in effecting a
perfect cure of a diseased state of the lungs; but, from
what relief I have experienced, I think it worthy of a trial
by all afflicted with lung complaints, if attended to
seasonably.

LUKE HITCHCOCK.

Cazenovia, June 17, 1837.

Certificate of B. G. Paddock.

FROM my personal knowledge of the good effects of
the above named medicine, and information from
various sources, I cheerfully concur with the above in
recommending the "ELIXIR" to those afflicted with
complaints of the chest and lungs. It is a safe and
pleasant medicine, and the numerous recommendations of its
value from civil officers, physicians, druggists, ministers
of the gospel and others, should seem, at least, to claim
for it a trial on the part of the afflicted.

B. G. PADDOCK.

Cazenovia, June 20, 1837.

Certificate of Robert Simpson.

THIS may certify that for a long time I have been
troubled with a violent pain in my stomach, which was
soothed by the application of heat, but which was
despaired of. Physicians could render me no essential
service, and I was giving up to despair, when I was
persuaded with much reluctance to try the effect of N. H.
Downs' Balsamic Elixir, and it is with pleasure, gratitude
and confidence that I state that it is my firm belief
that it saved my life; and since I have begun to
use it I have gradually improving, so that I can
labor, and believe that if I follow it up, it will eventually
restore me to my former health. I therefore esteem
it my duty to make this public acknowledgment
for the benefit of a suffering community.

ROBERT SIMPSON.

Fairfield, June 17, 1837. 42

THE subscriber having put in operation an Engine
Lathe for the purpose of turning Iron, cutting
Screws, making Screw Plates Taps & Tools for cutting
Wood Screws &c, will inform the public that
any work of the kind may be had on short notice, executed
in the best manner, at the shop opposite the Tan-
try, 3½ miles North of the Court House in Rut-
land. Forge work done at said shop if wished.

Journeymen are wanted at said shop, but none need
apply except those who can come well recommended for
sobriety and industry.

JAMES PORTER.

Rutland, Feb. 16, 1838. 94f

NOTICE!

THE subscriber would respectfully inform the
public that in addition to his usual very general
assortment of

GOODS,

he has received, and now offers for sale, a
quantity of

Hickok's Stoves.

It is only necessary for the subscriber to say
that these Stoves are universally approved
where they are used.

Also—NAILS of the first quality will be
kept constantly on hand, by the KEG, at
the Troy prices. Also, a quantity of ground

NOVA-SCOTIA PLASTER,

for sale cheap for ready pay.

ALANSON ALLEN.

Fairhaven, Dec. 3, 1836. 50f
