## HAVE EXPUNGED WILLET'S SPEECH FROM THE RECORD

(Special from United Press.)  
Washington, Jan. 27.—The House this afternoon adopted unanimously and without dissent the resolution submitted by the special committee of which Representative Mann was chairman and expunged Representative Willet's speech from the record.

Appended to the report was a letter from Representative Willet to the committee in which he said: "It is my serious and earnest contention that I was entirely within my right to make the speech. To strike my speech from the record in this instance would be a precedent, extremely dangerous because it will mean that the House has at last surrendered to the proposition that no member can discuss any subject the discussion of which happens to displease the majority."

## Time grows short for Mill End shopping.

There should be no failure to profit by the chances that are so plenty in the Mill End sale. No person should let the opportunity slip by without improving it. Economies are as plenty in the sale as plums in a Christmas pudding. You, personally, should get your share of them.

No matter how many times you have been to this 22nd sale, there are some things you have missed seeing. In every corner of the store, there is a Mill End lot. You may have seen, for example, the cut glass and the costumes and the hats and yet have failed to see the handsome rugs. Or you may have seen the beautiful silks and the excellent shoes and overlooked the books and the stationery.

But there is still time. You may yet make a careful tour and pick from the many Mill End lots that are available. Every time you pick, there is money saved. The Mill End prices all are less than regular prices. The Mill End tickets always tell a story of savings. And everything that the Mill End sale brings is dependable; we could not afford to have it otherwise.

Yes, time is growing short. If you would share in the chance, do it with no delay.

## "DON'T TOUCH ME, I'M DONE FOR!"

Hartford, Jan. 27.—Michael McDonough, 40 years old, conductor on the local freight works, leaves at 9:50 this morning and is due in Bridgeport at 5:30 p. m., was probably fatally injured in the yards here to-day when he missed his footing and slipped under the wheels of a box car. McDonough tried to jump aboard the moving car but slipped. Falling under the wheels his left leg and arm were almost completely severed from his body. When trainmen started to pick him up he said, "Don't touch me boys, I'm done for."  
He has a wife and family. Physicians say his recovery is doubtful. McDonough has traveled up and down this division for fifteen years. He lives in Waterbury.

## LEE OPPOSED TO MUNICIPAL OWNERSHIP

Mayor Lee announced today his personal attitude toward public ownership of the water works. He is opposed to it. The question is one that will not come up while the Mayor is in office. His official action will be confined to the proposition that he has already made, to-wit, whether they want municipal ownership.  
He thought the water works might cost \$3,000,000 and believed the people would not care to pay interest at four per cent, on that amount of bonds, even if the sums were derived from water revenues.  
Asked if he thought the people would prefer to continue to pay eight per cent to private persons, as at present, the Mayor replied that he did not care to discuss the matter further.

## BEAUTIFUL WOMEN Paris Is Full of Them, and Nearly All Use Parisian Sage

In the beauty show three years ago gold medals were awarded to five different women. The most beautiful woman between 20 and 25; between 25 and 30; between 30 and 35; between 35 and 40; and between 40 and 45.  
A society reporter who interviewed all five women in the interest of his paper, reported that all of them had beautiful hair, and that each of the five enthusiastically attributed her luxuriant hair to Parisian Sage.  
Parisian Sage is a discovery of a celebrated scientist, who spent the best part of his life in perfecting this great hair tonic.  
In giving his recipe to the people he said: "Parisian Sage is the most delightful hair dressing in the world, but it is more than a hair dressing. It cures dandruff by killing the germs that infest the roots of the hair; it restores the hair roots; it prevents the hair from turning gray."  
Levery & Bro. sell Parisian Sage at 50 cents a large bottle, and guarantee to do all that is claimed for it or money refunded. If you do not reside near a druggist who sells Parisian Sage, send 50 cents to J. W. Mig. Co., Buffalo, N. Y., and a bottle will be sent you by express, all charges prepaid.

## FREE OF ALL CHARGE

Today, Tomorrow and Friday and Saturday in Warner Hall—Doors Open at 2 O'clock—Demonstrations 2:30 Sharp—Admission Free—Don't Miss the Chance to See These Wonder Workers.

If you have not done so you should witness for yourself these present-day marvels. Go to the hall any afternoon this week and see with your own eyes this system of healing not only astonishes the multitudes, but has convinced scientists that in this new science lies a power which, if properly applied, is capable of effecting almost unlimited results in all chronic diseases, even those that have heretofore been considered incurable.  
During the last three days hundreds have witnessed the most remarkable demonstrations of healing ever given in this city. Each descriptive lecture, deeply interesting, outlining the work, preceded the demonstrations. The audience was then asked to supply the patients, about fifty persons, representing almost every kind of disease, rushed to the platform. As they formed a circle on the platform it seemed as though no human being could ever benefit most of them. Your mind was soon satisfied that there was ready help for even the worst of them. Case after case was quickly disposed of apparently to the entire satisfaction of the sufferers. Space will not permit of a detailed report.

The fact undisputed. The gift of healing is a power which but few men possess, and like the gift of oratory and music, it must remain in the possession of a few. A lady who had been suffering from inflammatory rheumatism for some time was helped onto the platform. In less than five minutes she was relieved of all pain and left rejoicing. Another lady, suffering from spinal disease, was assisted to the platform. In a few minutes she was so relieved that she fairly cried with joy. A man reduced to a state of complete helplessness from paralysis, was then given a few minutes' treatment and surprised the audience by walking off the platform unassisted. A man 77 years old had all the stiffness of age, as well as all his rheumatic pains, relieved in a few minutes.

A gentleman who had been deaf for ten years had his hearing restored in five minutes.  
A man who had suffered four years from neuralgia, was relieved of all pain in a moment of time.  
A young lady relieved from a severe backache about 20 feet away from the stage. Dr. Blumer standing on the stage and the young lady standing near her seat in the audience was in five minutes relieved to the greatest astonishment of all and discovered all her pain is gone.

Many who witnessed these marvelous demonstrations were convinced by what they saw that the results obtained by this wonderful system of healing diseases without the use of dangerous, poisonous medicines, were truly astonishing.  
Now is your opportunity of testing to your entire satisfaction the most thorough and successful system of healing disease without dangerous medicines known to the world. It matters not what your disease is or your condition, you are cordially invited to be in Warner Hall, 833 Main street, every afternoon this week at 2:30 sharp. "What your eyes see your heart will believe." The Psychopathic Doctors have private offices at the Stratford Hotel.
