COLLEGE GIRLS TO PLAY BLUE RIBBONS

The Boston College Girls Basketball team will play the Blue Ribbons of Bridgeport tonight at the Park City Skating Rink. These girls are the only one who play men and they can put it all over some of the strongest teams in the State. That Famous Gouvernille team only beat them by one goal and they are supposed to be the best team in this part of the country. They will make the Blue Ribbons hustle if they want to win the game.

SPORTING GOSSIP

Boston, Feb. 3.—Bill McKinnon, the Roxbury middleweight who recently fought and won a decision over Jack (Twin) Sullivan, is to-day dangling the scalp of clever Harry Lewis at his belt as well. The pair met before the Academy A. A., here, for 12 rounds and all before the fight Lewis was considered a sure winner, but opinion changed after the first round. To-day McKinnon is considered a quick comer to the pugilistic line-light for from the start of the bout he was the aggressor and constant rushing of the shifty Lewis won him the decision.

New Haven, Feb. 3.—That Ed Walsh, the baseball wonder thinks he is not being treated just right in the way by the manager of the White Sox and that the big fellow does not intend to do any more pitching for the Chicago team unless a higher salary is forthcoming. Walsh made plain in a statement made by Walsh who is here to-day getting the Yale twirlers in line for the coming season. "Make it as strong as you please and put it as stiff as you like. I don't sign with the White Sox again unless I get \$7,500. I think the Chicago fans feel that I am worth all that I ask and I shall not sign unless I receive it."

Los Angeles, Feb. 3.—Jim Jeffries is to-day resting and considering an offer of a purse of \$125,000 by a Seattle Bank to fight between the retired champion and Jack Johnson. Jeffries will remain here for a week or ten days attending to some personal affairs and then go on a long theatrical tour. Jeffries said that the work in San Francisco had been beneficial to him and that he had taken off some flesh.

Los Angeles, Feb. 3.—Freddie Welsh, the English fighter, had an easy task last night in outboxing George Memsic in their ten round go. It was Welsh's fight from the top of the song in the first round.

San Francisco, Feb. 3.—Packy McFarland, the Chicago lad now on the cards, has signed with Jim Coffroth, the promoter, to fight a man to be selected by Coffroth, on February 22. The mill will be pulled off in the Mission street ring and it is understood Packy will meet either Johnny Murphy or Lew Powell.

New Haven, Feb. 3.—That Yale's track team shows a prospect of retrieving some of the athletic laurels of the Blue of which she has lost so many by late, is indicated to-day in an official comparison of the present track team timber of the Yale universities of the east in the Yale News.

Yale has lost heavily by the graduation of Captain Dray and Gilbert, both pole vaulters. Among other event winners are: Kirjaskoff, half-miler; Spitzer, miler; Captain Howe and Robbins, hurdlers; Cary Butler in both in the dashes; besides Conroy, Goebel and Andrews in the heavy events; Coy in the high jump and others. The forecast says that her 83 points in last year's meet, is still in the hands of who accounted for 15. Pennsylvania has lost more heavily by graduation retaining only the men who won 2-1-2 points of the 23-1-2 last year. The card has lost through graduation men who gained 4-1-3 points of their 17-1-2 in the inter-collegiate. Princeton's outlook is good, their greatest and only serious loss being given as Captain At-

Luther (Dummy) Taylor, the once great star of the Giant pitching staff, was yesterday sold to the White Sox. "Iron Man" Joe McGinnis, he had outlived his usefulness in major league company. "It's not what you used to do, but what you are able to deliver today," is exemplified by the lopping off of the heads of Luther and Joe.

No censure is due the New York Club or management. McGraw has to produce a winner to hold his job. The club wants a team that can finish well up in the race. The fans demand such an aggregation. Taylor and McGinnis were no longer able to deliver major goods. In 1908 they were far below the standard of their palmy days. And the fans clamored as loudly against the veterans as they had applauded in the old pennant winning days of the Giants in 1904-05.

Louis Sockalexis, who was given up by the medicine man of the tribe at Oldtown, Me., is in Holyoke and wants to be tried out for the Papermakers.

STRAIN TOO GREAT

Hundreds of Bridgeport Readers Find Daily Toil a Burden.

The hustle and worry of business men, The hard work and stooping of workmen, The woman's household cares, Are too great a strain on the kidneys. Backache, headache, sideache, Kidney troubles, urinary troubles follow.

A Bridgeport citizen tells you how to cure them all. Mrs. Lawrence Wieler, 1365 Kossuth St., Bridgeport, Conn., says: "I cannot say enough in favor of Doan's Kidney Pills as they have been of such great benefit to both my husband and myself. For backache and other disorders of the kidneys, this remedy has proven most effective. Often my husband came home from work in the evening, feeling tired and worn out and with a disagreeable aching in his back. When he used Doan's Kidney Pills, he found prompt relief from his trouble and he has resorted to the remedy on many occasions since, always with the same good results."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

BASKETBALL NOTES

Socketalexis played in Waterloo, Me., last season and he is now making that city his home. The redskin is said to be taking the John L. Sullivan cure for the red eye habit and is leaving it alone. While his batting eye is not as clear as it was when he was in his prime his throwing arm is said to be good and he is still a fine fielder. Sox might be able to bolster up the Holyoke outfield and he would prove a good drawing card, as there would be a general desire to see the reformed Indian.

Boston Feb. 3.—Accepting the suggestion of the Manchester Yacht club, the Royal St. Lawrence Yacht club will not press its challenge this year for the Seawanhaka Cup, but will challenge for the trophy in 1910, according to an announcement made here yesterday. The Canadians wished to race for the Seawanhaka Cup during the coming summer, but it was pointed out to them that nearly all yachtsmen engaged in small boat sailing in local waters would be interested in the coming Sonder races with the Germans. The Canadians gracefully accepted the situation and in return the Manchester yachtsmen readily agreed to accept the challenge next year.

Yale's hockey team snowed under the seven of Columbia University by a score of 11 to 4 last night at the St. Nicholas rink, New York. The Ell aggregation outplayed their rivals from Morningside Heights from the start. They waded through the latter's defense with the greatest ease and stopped many dangerous shots.

Heron, Yale's center, was the hero of the contest, scoring seven of the winning goals. His dazzling speed in carrying the puck down the ice was too much for the Columbia boys and his straight shooting was too good to be stopped. In the first half Yale scored up the game by tallying five goals to two for their opponents.

BASKETBALL NOTES

If the Blue Ribbons want to win tonight they will have to put a little ginger into Burdick and a rubber tube over his mouth and keep him from stalling they would have a better chance to win.

They say Leavy is rotten. Take it from me. He is one of the best players on the team outside of Langhammer.

Wonder if Herbert Reddy is going to play basketball any longer.

"Musey" Moran is coming up in his playing if he keeps away from Francis Dunnigan.

Maybe "Tam" Gallagher wouldn't be the candy "kidd" if he had a basketball suit.

"Casey" and his friend "Leather" McMullen will be in their little coop to-night under the grandstand of the Park City skating rink looking in at the game.

The High School girls are still out to win. Yesterday they held practice at local waters would be interested in the coming Sonder races with the Germans. The Canadians gracefully accepted the situation and in return the Manchester yachtsmen readily agreed to accept the challenge next year.

The game at the rink to-night starts at 9:30 o'clock. The seating capacity is limited. Come early and avoid the rush.

BOYS BASKETBALL LEAGUE IN Y.M.C.A.

Members of the Employed Boys classes in four of the Y. M. C. A.'s of the state have banded together and formed a State League. The four associations who have thus far entered are Meriden, Middletown, New Britain and Bridgeport.

The Tammany team in the Employed Boys class of the local association will start the season as the representative team of that class. If at any time another member of the class shows better playing ability than a member of the Tammany team he will replace that member.

The team will be known as the Employed Boys team. On Friday night of this week they will play a game with the representative team of the Senior department. The Seniors will give the Employed Boys a handicap of 20 p. s. This game is in preparation for the double header with New Britain on Friday evening, Feb. 12th.

The game this week will commence at 8 o'clock sharp. Friday evening some of the members of the Senior class will make an attempt to win a "B" by running the 1/4 mile potato race in 1 1/2 minutes and 45 seconds, or faster.

From the showing Bachelor and McClellan made in their attempt in the mid-winter exhibition one of the two should make a record for that event in the local gymnasium.

LITCHFIELD COUNTY AUDITORS.

Hartford, Feb. 3.—Litchfield county members yesterday heard the report of the County Commissioners, and were informed that a tax would be necessary, although none had been laid for the last two years. The chairman recommended 1-8 of a mill this year and 1-8 next year, raising about \$4,000 each year.

W. J. Wilcox of Cornwall was elected county auditor (Republican) and H. J. Williams of Easthamsted, 24 to 5; and James T. Sedgwick of Litchfield was elected the Democratic auditor.

IN NEW YORK SOCIETY Beautiful Women of the '400' Who Have Luxuriant Hair.

In gay New York, where women get their ideas from their sisters abroad, the hair called Parisian Sage is in great demand.

A great scientist, undoubtedly one of the most eminent hair specialists in the world, is the discoverer of Parisian Sage. He is the most eminent, most em, hat-ically that it is the only hair prepar-

tion that will kill the persistent dandruff germs. At any rate, the Giroux Mfg. Co., of Buffalo, N. Y., sole manufacturers of Parisian Sage in the United States, give through their agent, Levery & Bro., this money back guarantee, which is no doubt strong enough and plain enough to please the most exacting:

"We guarantee Parisian Sage to cure dandruff in two weeks; to stop falling hair to make dull, lifeless and colorless hair beautiful and luxuriant; to cure all itching diseases of the scalp, or money back."

The price is only 50 cents a large bottle at Levery & Bro.'s, or by express, all charges prepaid, from Giroux Mfg. Co., Buffalo, N. Y.

MI-O-NA Cures Dyspepsia.

Your money back if it don't. Gives immediate relief from heartburn, sour stomach, stomach distress and sick headache. 50 cents a large box at all leading druggists.

Warning!

It is important for you to know that nearly all cough syrups contain dangerous and deadly drugs like morphine, chloroform and opiate in some form or other. We warn you against these dangerous preparations under the title of "balsams of this" and "balsams of that," or "syrups of this," etc.

Without these drugs, Father John's Medicine cures throat and lung troubles.

By building up the body and keeping up the warmth, the system is given the fighting power to throw off disease.

This medicine is all pure nourishment, and the best protection against dangers from exposure and a run-down condition of the body.

TWO KINDS OF FALSE TEETH

Take Your Pick—One Kind Everyone Can Detect

THE OTHER KIND NO ONE KNOWS

These Are Porcelain Plates and Even an Expert Won't Know They're False.

There are two kinds of false teeth—good and bad. A plate must fit snugly to make the teeth useful, and the wearer comfortable and the gums must not be of some horrid unnatural color to make everyone know you have false teeth the minute you open your mouth. If artificial teeth are this kind they're good, but if they're not they're bad—awfully bad. To wear false teeth with flaring red or white rubber gums, or any kind of rubber gums, in fact, is just like painting a sign, "I have false teeth," and hanging it somewhere on your person. Of course it's no crime to have false teeth, and never will be, but one would be imprudent to call everyone's attention to the fact by wearing a sign to this effect. Still, many parallel this action by going to the dentist who is famous for his \$5 or \$8 sets of teeth that make hideous the wearer look like a disguise at a masquerade. Nothing will contort or disfigure the face of an otherwise attractive man or woman like plainly detectable false teeth with hideous red rubber gums. As long as one is obliged to wear artificial teeth, why not have the kind one can tell from the ones bestowed by nature. These are the Porcelain continuous gum plates that are mineral, not hideous rubber, and which resemble nature's teeth and nature's gums so closely that an expert cannot detect them. These are the kind that Dr. Weidlich has provided for hundreds of pleased patients since he introduced the remarkable Porcelain dentistry in this city. Dr. Weidlich's artificial teeth practice has gained marvelous proportions, and if everyone knew the extremely great advantages of Porcelain continuous gum plates there would be no other kind worn in Bridgeport. These teeth are at first by high fusing power given the exact tint your natural teeth were—thus eliminating that same tell tale color of the usual false teeth. Secondary, the mineral gum is a continuation of the tooth, and is rendered the exact color of your own gums. These precautions preserve naturalness, and the substance of which the teeth, gums and plate are made possess healing and cooling properties which is in sharp contrast to the drawing, if not irritating, qualities of rubber. Keeping the parts in which the plate comes in contact in the most healthful condition causes a snug and perfect fitting set of teeth which you never are afraid to masticate properly with for fear of pressure and pain in parts of the mouth that come in contact with the plate. It will cost you nothing to have Dr. Weidlich explain in detail to you the efficiency of his methods. Call and see him—No. 5 Citizens' building, over Kline Bros.
