

Sports of A Day

Told By The Farmer's Experts

MANY RUNNERS FILE ENTRIES FOR BIG RACE

There are already ten entries for 15 mile event Wednesday night.

Norton and Handy will probably be opponents of Dorando in Championship event.

The way that the out of town entries are coming in for the 15 mile amateur running race at the Park City rink makes it appear that the event will come near deciding who is the indoor fifteen mile champion of the state.

John Solomon of the Alpha Club of Stamford, winner of the Fort Chester to Stamford marathon of April 3; Terry Murphy of North Stamford; William Allen of Darien; Archie Calamagna of the Pastime A. C. of Stamford; Steve Eddy of Stamford; Walter M. Merrill of Stamford; Clifford H. Benedict of South Norwalk; George Shrimpton of South Norwalk; Tony Basco of Mianus; Joseph Milford of the Pastime A. C. of Stamford; and Walter Dennis of East Norwalk. A large delegation from Stamford to the Norwalks will come to see Dorando.

It is expected that the opponent of the Italian champion will be Bill Norton, the five mile champion of Connecticut, and his running mate, "Young" Handy. Arrangements have been made for these runners to sign articles today.

Dr. Giovanni Formichelli has been engaged by the management to examine the runners before they enter the events. Fred Bullen will be the starter and Richard Howell, sporting editor of the Sunday Herald, will act as referee.

GIRLS BASKET BALL OF LOCAL PUBLIC SCHOOLS

The regular games of the girls' basketball league of the A. B. P. S. will begin on Wednesday, April 14, at the Boys' Club, and will continue every school day except Tuesday until May 7. The play will commence at 4:15. The schedule follows:

- April 14—Prospect 2nd and Lincoln 2nd; Maplewood 2nd and Nichols; Barnum 2nd and Lincoln 1st.
- April 15—Oak and Black Rock; Barnum 2nd and Lincoln 3rd; Prospect 1st and Maplewood 1st.
- April 16—Lincoln 2nd and Nichols; Prospect 2nd and Black Rock; City Normal and Lincoln 1st.
- April 19—Maplewood 2nd and Barnum 2nd; Oak and Lincoln 3rd; Washington and Maplewood 1st.
- April 21—Lincoln 2nd and Barnum 2nd; Prospect 2nd and Oak; Prospect 1st and Lincoln 1st.
- April 22—Maplewood 2nd and Lincoln 3rd; Black Rock and Barnum 2nd; Maplewood 1st and City Normal.
- April 23—Nichols and Lincoln 2nd; Prospect 1st and Lincoln 1st.
- April 24—Lincoln 2nd and Prospect 1st; Oak and Prospect 1st; Prospect 1st and Barnum 1st.
- April 25—Barnum 2nd and Prospect 2nd; Black Rock and Lincoln 2nd; City Normal and Washington.
- May 3—Nichols and Lincoln 3rd; Maplewood 2nd and Prospect 2nd; Barnum 1st and City Normal.
- May 5—Barnum 2nd and Nichols; Oak and Lincoln 2nd; Washington and Prospect 1st.
- May 6—Black Rock and Lincoln 3rd; Barnum 1st and Washington.
- May 7—Nichols and Black Rock; City Normal and Prospect 1st.

TENNIS CLUB OF THE Y. M. C. A.

Tonight at 8 o'clock there will be a meeting of the members and those interested in the Association Tennis club. The meeting will have to do with the plans for the improvements of the grounds, the permanent organization of the club and the plans for the summer sport throughout the season. The meeting is open not only to members of the association, who are not yet members of the club, but also to any who are interested in tennis and are not yet members of the association or club. Meeting will be called to order at 8 o'clock.

People past middle life usually have some kidney or bladder disorder that saps the vitality, which is naturally lower in old age. Foley's Kidney Remedy corrects urinary troubles, stimulates the kidneys and restores strength and vigor. It cures uric acid troubles by strengthening the kidneys so they will strain out the uric acid that settles in the muscles and joints causing rheumatism. F. B. Brill, local agent.

Attention: Amateurs!

Although the baseball season is a trifle young the amateur baseball managers, like the managers in the big leagues, are getting busy arranging their nines. The Farmer will publish news and scores, challenges and all matter relating to amateur baseball players. Let the managers and captains get busy and send along their challenges and notes. All communications must be addressed to the Sporting Editor of The Farmer, plainly written on one side of the paper.

FLASHES FROM THE FIELD

Handy Diamond Doings

Another cold day greeted the Orators Saturday although two games took place. The first one with the U. M. C. Industrial league team ended with the score 3-3. The shop team had the game sewed up in the ninth with the score 10-0, when with three men on base and two down, one of the fielders dropped an easy fly allowing the Bridgeports to score. Coffey and Gaffel were the battery for the U. M. C. while Manager O'Rourke used Folland and Gibbs in the box and McAlor on the receiving end. The second game was a very close one, the score over the E. C. & B. No. 1 Industrial league team by the score of 13-6 in seven innings. Bridgeport tried out two pitchers, Roemer and McCarthy, and two catchers, Jamieson and Ackerman. No 1 used Stricks, McCarthy and Mosher.

"Red" Waller joined the regular Giants at Jersey City yesterday pitching the ninth and tenth innings of the game, losing to the Jersey City Eastern leaguers. The big leaguers won 8-4, capturing four runs in the tenth inning. Not a man scored on the red man.

Koch from the Philadelphia Americans is a catcher and not a pitcher as he has been catching most of the games for the Athletics during the season.

AMATEUR BASEBALL

Bridgeport High school played its first game of the season Saturday winning from the West Haven High school by the score of 3-0. The game was played in West Haven. Malcolm and Whipple were in the points for the local side.

About 500 shivering spectators stood the intense cold yesterday afternoon at West End park but were well repaid for the game, especially in the fourth inning ever played by amateurs was presented. The Orioles, a team of fast youngsters from East Bridgeport, defeated their elder brethren, the West Ends a few kinks in baseball, the former winning 9-6. The winners furnished both the fielding and batting features for the game, especially in the fourth inning when the West Ends were retired on what looked like hits. The first ball batted went bounding over second but Al Laubacher nailed it down and nailed his man at first. The next was a one handed stop of a line drive by Baker at third; while the last was a fly to center by Mohrby running in from left field.

The first extra inning game of the season was played yesterday, the West End Boys' club defeating the West End Stars 11-10 in a fifteen inning contest. The batteries for the winner were Col. Steve Kelly, catcher, and the losers Herffern, Kuhl and Cronan.

The baseball team of the Western A. C. held a meeting yesterday at their club rooms and elected the following board for the ensuing year: Tom Bray, manager; Steve Kelly, assistant manager; Jim Wargo, captain. This team will consolidate with the Edgewood team this year and are open for games with the following clubs: West End, woods or any other semi-professional team in the city or state. Address communications either through the manager or to Manager Bray, 238 Pine street.

The Stratfords were defeated in a winter game yesterday afternoon at Avon Park by the Lincolns, by the score of 12-6. Batteries: Lincolns, Muldoon, Murphy and Tichey; Stratfords Parks and Biddington.

The Lafayette will play any team in the city at their grounds next Sunday, averaging 12 years of age. The lineup of the Lafayette will be: Hill, c.; Keating, p.; Broad 1st b.; Northley, 2nd b.; R. Anthony, 3rd b.; W. Doty, 3rd b.; Weldon, 4th b.; George, 5th b.; and Daragan, r.f. J. Keating will captain the outfit with R. Hill as manager.

The Big Four league started yesterday, the Yanigans defeating Dave Broley's Pets 10 to 9 in a 13 inning game.

Tommy Coughlin was on the firing line for Dave's Pets. He was there with his cork while Dave was in the field looking for the lost balls.

Guess Christy McGuire isn't there with the cork screw drive.

The Bengal, Jr.s, are out for a challenge to any 15 or 16 year old team in the city for next Saturday at the flats, at 2:30. Answer through the Farmer.

It will look like a big time this year. The Brooklands will have to play good tennis if they are to show with the other teams.

AMERICAN DIXIE BADLY DEFEATED IN MONACO RACES

(Special from United Press.) London, April 12.—A celebration in England to-day was running races on seventeen race tracks throughout the island. The biggest meet is at Kempton Park where the Eaton blue and brown cap of Harry Payne Whitney was first past the post in the race for the South-western prize. The other winners were: Belle of Troy, with Martin up, broke in front and was never heard pressed, running easily. Belle of Troy was five to one in the betting. Whitney's Dinna Ken was an entrant for the Queen's Prize, a five thousand dollar race at a mile and a half but the handicapper retained his exalted opinion of the worth of the Americans and the entry was scratched because of too much weight. The race was won by A. Bendon's Wuffy, with the crack lightweight, Griggs in the saddle. Cocksure, ridden by Danby Mahor, was second. There were ten starters but no American owned horses were among them.

If you have backache and urinary troubles you should take Foley's Kidney Remedy to strengthen and build up the kidneys so they will act properly, as a serious kidney trouble may develop. F. B. Brill, local agent.

The Italian army will have 18 steerable airships to assist it in its summer manoeuvres, while a year from now it will have 40.

The recent earthquake in Mexico made the harbor of Vera Cruz so shallow that vessels drawing 24 feet touch bottom in places.

Once profitable zinc mines in New Jersey, idle for years, are about to be reopened and developed by the use of modern methods.

The University of Helmsingfors has rejected the proposal for the interchange of professors between the United States and Finland.

Artificial eyelashes, made from vegetable fibres upon a strip of fish skin, lace and blucher style, high and low heels. The regular \$1.50 grade on sale at \$1.29.

The crater of the extinct volcano of Diamond Head will be utilized as a powder magazine for the army in its defenses of Honolulu.

For handling heavy rails, an eastern railroad has equipped a flat car with a power hoist, operated from the air brake system.

A stethoscope, with tubes of extra length, is valuable to the user of an X-ray machine, as it is used to locate the cause of unusual noises.

Swedish electricians are experimenting with a transmission cable in which the current is made to take up the strain more uniformly.

A German law forbids the habitation of any house within six months after it has been subjected to the effects of the unhealthfulness of damp walls.

An English woman has patented a jeweled sunburst in which one set of rays is removable and is changed by clockwork inserted in the setting.

The slipping of carbons in arc lamps which are subjected to the jarring of the road is prevented by suspending the lamps from coil springs.

A device that turns the lamps of automobiles with the wheels, so as to illuminate the curves, has been patented by an Ohio man.

Every building in Kobe, Japan, is thoroughly cleaned both inside and out, twice a year, under the supervision of the city's sanitary authorities.

Wireless telegraphy has driven the carrier pigeons out of business, and the Government having decided to cease supplying the birds to war vessels.

A ferry land, in the southern part of the Bering Sea, which was born at the time for the San Francisco earthquake in 1906, has sunk beneath the sea.

If Yellowstone Park be left out of consideration, California ranks as the first State in the Union in respect to the number of bridges.

It is estimated that in the Kulebet waterfall, in British Guiana, which is five times as high as Niagara, nearly 2,500 horsepower is lost.

There recently was discovered at Buenos Ayres a species of spider which catches small fish for food by spinning a web between stones in shallow water.

The electrification of a substantial section of the Swedish railroads will cost \$10,000,000 and will be the most economical method of operation.

One of the highest bridges of the world is to cross the Snake River Canyon, near Idaho, and will be 1,140 feet long and will be 550 feet above the water.

By the electro-chemical production of fertilizers, Germany expects soon to largely decrease its importations of Chilean saltpetre.

The largest lump of pure copper ever found, a 6,000-pound nugget, recently was found in the Chittina district of the Copper River valley.

Under Turkey's new regime the restrictions upon all classes of electrical apparatus have been removed, and the Government is planning to establish a telephone service.

A patent has been granted upon a device to strengthen the hand muscles by collecting the fingers and connected with the fingers, to offer resistance when the fingers are moved.

The oldest tree in the world, it is said, is a plane tree on the Island of Cos, off the Aegean Minor coast, under which Hippocrates taught his pupils over twenty centuries ago.

Recently patented an improving device consists of a soft rubber ball to be fastened to the sleeper's shoulders in such a position as to wake him if he turns over on his back.

The new gas light brought out in England uses a cluster of rods which glow when the gas is lighted instead of a mantle. Greater brilliancy and longer life are claimed.

Records for ship-building recently were broken when a company at Camden, N. J., launched a 100-foot steamboat in less than ten weeks after the keel was laid.

The Vienna Academy of Sciences has decided to collect three series of photographic archives for the benefit of future generations, to record present-day European languages, music and art.

A handle may be fastened upon a steel umbrella rod by filling the hole with powdered sulphur and inserting a wire into the hole. The sulphur readily fuses and in cooling makes a tight joint.

The Tariff Smashing SHOE SALE

This is the last week of this great sale. Do not delay or you'll miss some great bargains in shoes.

HOISERY DEPARTMENT

Men's fancy Hosiery, 25c kind, 150 Men's black cotton Hosiery, 10c Women's black lace Hosiery, 10c Children's black ribbed Hosiery, 10c

S. B. THING & CO., 1153 MAIN ST.

The Force of Habit. "Do I snore?" said the fat commercial drummer. "I should say so. That's why I can't use an alarm clock. I can't hear 'em. My snore drowns the best of 'em. And, speaking of the force of habit—I put up once at a crowded country hotel where I had to doze up for an acquaintance. I told him I snored a few, but he didn't mind, he said, because his wife was a star in that line, and he had a 'system' to beat it.

"I'll just tap you on the shoulder every time you begin to snore," he explained. "That'll stop you without waking you, and after a little I'll drop off myself."

"It worked like a charm. I felt his taps for a time, but finally off I went on a dream of \$10,000 salary and 10 per cent commission. Well, sir, when I awoke in the morning there was that chap tapping away at my shoulder ring as clockwork, and he sound asleep. Been at it all night, don't you see? Force of habit."

And he beamed indulgently on the silent party.—New York Globe.

The Bachelor Maid's Keys. "Do I enjoy the freedom of a bachelor?" exclaimed the bachelor maid lately. "Look at that bunch—holding aloft a ring full of keys. 'Fifteen and I have to carry all them all the time. This one is the key to the studio building, this to my own studio, this to my club, this to my hamper at the club, this to my desk, this to the secret drawer of the desk, this to a trunk, this to another, this to my letter box, this to my sewing machine—oh, yes, the woman who comes to clean my studio would do her annual sewing there if I didn't—this to my box in the safety deposit, this to the piano—to keep the woman from using it, of course—this—positively I forget what it is for, but I know I need it often. I'm simply worn out lugging around a wrist bag big enough to hold them all. I assure you, my dear, that if you ever hear I have committed matrimony you may tell all my friends I needed a man to carry my keys for me."—New York Sun.

Greater Than the Nation. There is a certain congressman who, whatever authority he may hold in the councils of state, is of comparatively minor importance in his own household. It has been humorously intimated that his wife is "the whole thing" in their establishment.

Representative and Mrs. Blank had been to Baltimore one afternoon. When they left the train at Washington on their return Mrs. Blank discovered that her umbrella, which had been entrusted to the care of her husband, was missing.

"Where's my umbrella?" she demanded. "I'm afraid I've forgotten it, my dear," meekly answered the congressman. "It must still be in the train."

"In the train?" snorted the lady. "And to think that the affairs of the nation are entrusted to a man who doesn't know enough to take care of a woman's umbrella!"—Success.

The Mystery of Death. Oh, death, how bitter is the thought of thee! How speedy thy approach! How stealthy thy steps! How uncertain thy hour! How universal thy sway! The powerful cannot escape thee; the wise know not how to avoid thee; the strong have no strength to oppose thee; the rich cannot bribe thee with their treasure. Thou art a hammer that always strikes, a sword that is never dull, a net into which all fall, a prison into which all must enter, a sea on which all must venture, a penalty which all must suffer, a tribute which all must pay. Oh, death, death! Implacable enemy to the human race! Why didst thou enter into the world?—Luis de Granada.

Made Sure It Was Used. An old farmer and his wife, noted for their biggishness, had a custom of allowing the servant only one match to light the fire with each morning.

One morning the match failed to kindle, so the servant went to their bedroom door and asked for another one.

A whispered consultation was held between the two, then audibly the wife said: "Will you risk her wif' another one, John?"

"I doot we'll hae tae risk her, Janet," replied John, "but be sure an' seek a sight o' the ane she got last night."—Glasgow Times.

MANYPATENTS TRULY GRATEFUL

Marvelous Results Accomplished by Psychopathic Doctors at Windsor Hotel, 52 Fairfield Ave., Bridgeport.

Disease Curing Without Drugs a Startling Reality

All the popular magazines are lately full with records of cures that are made by drugless methods. This shows that curing disease without drugs proved at last a startling reality. However incredulous this statement may seem, the public is never so theless true, as the cheerful and grateful letters being daily received from numerous patients who were treated, cured and returned to health, and incurable by any other means, stand ready to testify today that their permanent health is nothing short of a modern miracle.

The doctor who drugs and the surgeon who performs useless operations will soon be memories of the past. The public is awakening to natural methods of healing.

At first Psychopathic methods were treated with doubt and derision. They were compelled to publicly demonstrate the supreme capabilities of this science, until it is now acknowledged that their methods are head and shoulders above others.

Many patients truly grateful for results accomplished during the last three months, are bringing their friends and neighbors to the Psychopathic Doctors for treatment. A single treatment convinces the most skeptical of the real efficacy of this modern and rational method of treating all forms of curable diseases.

They number among their cured patrons many of our wealthy, educated and refined citizens, who came to them simply because they found no help elsewhere. Hundreds have received treatment from their hands, many of whom are forced to admit that the Psychopathic method of heading is simply marvelous in its results.

No longer is it necessary that an intelligent man or woman should suffer in body or mind; no longer need we be a race of invalids and dose ourselves to death with poisonous drugs in the effort to obtain relief from multiplying pains and ills that modern modes of life have thrust upon us. The Psychopathic Doctors do effectually make their hands to the body and the mind diseased, without the use of poisonous drugs.

They have studied and investigated all the modern methods of successful treating disease without poisonous medicine, such as Animal Magnetism (Manipulation), Hydrotherapy (water cure), Electrotherapy (electricity), Acupuncture (the light cure), Vibration and massage, Psychic force, Mechano-therapy, mental science, Echinocystic suggestive therapeutics, etc., etc., by discarding the useless and accepting the good from all, by skillful combination of judiciously selected and patient applications, they have evolved a system of healing which, together with their regulations and rules for diet, exercise and rest, applied to the requirements of the case, is rational in its practical application and positive in its results.

Their Bridgeport offices, in Windsor Hotel, 52 Fairfield avenue, are visited by throngs of people daily, and the genuineness of their cures are vouched for by many of Bridgeport's most reputable citizens of the most advanced of all methods for the speedy and permanent cure of all diseases that are curable at all.

Some people doubt, criticize, continue to suffer, allow themselves to be influenced by some who condemn things that they know nothing about, others who feel well and do not believe a person condemns this mode of practice, just ask them the reason of their condemnation and you will immediately see that they express a woeful ignorance on the subject.

It is always wise for people to look on a subject in the right light and not to take it for granted. The only way to get the truth, for a truth to-day is a truth tomorrow and forever.

By proclaiming the truth of natural methods they have advanced the cause of further suffering from the misery of disease. Their demonstration proved it.

Their Bridgeport office will be kept open for a limited time and they decided to give all who call a free consultation from 9 a. m. to 3 p. m. except Sunday.

The book, "The Revolution in Medical Practice," by Dr. L. Blumer, is sold at Hayes & Betts' Book Store. It is a book that sets you free from the Paper cover, 35c; bound, 50c.

Sealed proposals or bids to print in Journal form three hundred (300) copies of the official proceedings of the Common Council for one year from May 1, 1909, will be received at the City Clerk's office, City Hall, until Monday, April 19, 1909, at 12 o'clock noon.

Journal to be printed in "mignon or brevier" type; page of journal to be 7x10 1/2 inches in size; quality of paper to be used equal to that used at present time; proposals or bids for the printing of this journal to be so much per page and all bids to be addressed to

E. T. BUCKINGHAM, City Clerk.

WHO'S WHO?

The following parties won the presents in the "Who's Who" contest which was published in the Evening Farmer on Monday, April 12, 1909:

1. Joseph E. Farrah, 551 State St. \$15.00.
2. Miss Amanda Williams, 628 State St. on 1000 photos.
3. George N. Sears, 65 Bell St.
4. W. L. Alexander, 200 Fairfield Av.
5. Mrs. J. E. Stewart, 558 State St.
6. Mrs. Christine Seaton, 65 Bell St.
7. Mrs. W. L. Alexander.

The following won each a Turkish Bath:

- Miss Florence Hunt.
- Miss Anna Nelson.
- Miss Lillie Nelson.

The following won each one year's subscription to the National Home Journal:

- Heleen V. H. Plumley.
- Miss Pauline Soule.
- Miss Josephine Reichert.
- Miss Hubert & Wade Co.
- Miss Susie Smith.
- Mr. John Gallagher.
- Miss Harriet Stone.
- George Hunt.
- Miss Julia Regan.
- Miss Fannie Brown.
- Miss Nettie Hagers.
- Mr. Charles Johnson.
- Mr. Thomas Hearn.
- Mr. William Fisher.
- Miss Lettie Schmidt.
