SPORTS OF A DAY

FLASHES FROM THE FIELD DANDY DIAMOND DOINGS

Game starts promptly at 3:35 p. m.

All indications point to a record breaking attendance at the opening league game here to-morrow with Waterbury.

Looks as if the Connecticut league opening would start under clear skies. All the rain that could be stored up in the clouds fell within the last few days.

Waterbury will be no cinch this year, while Bridgeport is coming right along in the practices.

Manager O'Rourke has taken the hint and bolstered up his out-field. Yesterday he bought the release of George Bannon from the Toronto Eastern league team. George will be played in left field. He was with New Haven a couple of seasons ago and was sent to the Easterns. He covers a great deal of territory and is a marvel with the bat. Without a doubt he is a valuable addition to the Orators' staff.

Manager O'Rourke in an interview with a Brockton sporter while on the down East trip said that the spit ball artist ought to either be arrested or legislated out of the game. He added

that the only man fooled by the ball was the catcher or the infielder who gets the ball. He claims that the old guards have over the present generation when it comes to playing all-around baseball.

Be on hand early to-morrow to get your seats as they will be at a premium. Don't miss the treat of seeing Mayor Henry Lee throw the first ball across the plate. He has been practicing for the last few days and has developed a new ball which he has dubbed the "Aldermanic Splitter." It is said to be wonder and will surely delight the fans.

The game Saturday between the U. M. C.'s and the Stratfords at Newfield park will start at 3:30 o'clock. These two teams battled for fifteen innings last week.

Manager O'Rourke today secured the services of Outfielder Mitchell from Manager Joe McGinnity of the Newark Eastern League. O'Rourke has been trying to land this man for a long time and at last has been successful. With Bannon in left, Ladd in center and Mitchell in right the team will present a very formidable appearance and will be a pennant factor from the ringings of the gong to the finish.

The Austins challenge any 14-15 year old team in the city for a game Sunday, April 23, at 10 o'clock. The lineup: J. Whalen, p.; McGee, c.; Bowden, s.; M. Whalen, 1b.; Cunningham, 2b.; Mulloy, 3b.; Lawlor, c.f.; Day, l.f.; and Larkin, r.f.

BOWLING.

The Bridgeport team of the Nutmeg league took all three games from the New Haven quintet last evening at the local alleys in the roll off for the championship of the league. The alleys were densely thronged with interested spectators. Bridgeport, encouraged by its enthusiastic roll men, defeated the visitors never having a look in. Tommy Tiernan, the young man with the Titan locks, and who is always there when needed, was again on hand with both totals, a single of 248 and a total of 645. Smith of the visitors was not half bad, finishing second highest, with 606, but his work could not bring out a string for the New Haven. The next game of the series will be rolled in New Haven, the locals needing only one string of the three to be declared champions. New Haven will have to roll some to take three. The scores:

OSBORNE WON OVER ADAMS

The Algonquin club made it three straight last evening in the Inter club series with the Seaside club by capturing the third pool game at the Algonquin club. The final score was 150 to 132. T. R. Adams defeating Henry Osborne. The game lasted till a quarter midnight and was not decided till the last set was framed.

HAYES AND BURKE GO TO WATERBURY

(By Dick Barrett.) Walter Hayes, champion of Connecticut and Harry Burke, champion of Newburg, N. Y., will race O'Rourke and Chatfield the best two out of three races on roller skates. Each race will be three miles and the first one will be in Waterbury to-morrow evening. The second will be in this city April 25. The third will also be in this city on the 30th of April. Hayes and Burke will make a fine team and will race any team in the State on one mile or twenty-five miles at any time. The purse for these races will be 100 dollars. The rink in Waterbury is not as big as the rink here, but it is a mile and a half to a mile in Waterbury while it only takes 15 laps to a mile here so if they don't trim them up as Ames, Merriam, Osborn, Ed Bradley, Dr. Smith, Harold Frey and others who in the remote past exemplified a very good article of baseball. If they are beaten today they will feel that they have indeed lapsed to the back number class indicated by the designation applied to them. The same teams will encounter on Memorial Day.

POPE OPPOSED TO WOMAN SUFFRAGE

Rome, April 22.—Much comment has been caused by an anti-feminist declaration made by the Pope yesterday in receiving a delegation of the union of Italian Catholics. The pope's speech was a speech opposing the claims of women to make their voices heard in political matters. The pope said "never he man's equal," said the Pope, "and cannot therefore enjoy equal rights. Few women would ever desire to legislate, and those who did would only be classed as eccentrics."

REDDING NEWS OF GENERAL INTEREST TO OUR READERS

Redding, April 22.—Mrs. Susan I. Wells of Long Island City recently rented the house below the Center just east of Flood's blacksmith shop, and set about having the interior renovated in expectation of the arrival of relatives. Last Friday morning Albert Gorham, who was doing the painting, went to the house and as no one answered his knock went away again. In the afternoon he called again and finding no sign of life about the place looked into the woodshed adjoining the kitchen. The lifeless body of Mrs. Wells lay there upon the floor. Dr. Smith decided that it was a case of apoplexy and judged from the indications that Mrs. Wells had been stricken Thursday evening. Her age was about 60. The body was removed to Long Island for burial.

Andrew Steltzel reached the late conclusion that it was better to pay the judgment obtained against him by the town and the accompanying costs rather than lose possession of his home or take the chance of bidding it in at sheriff's sale. The total claim against him was something over \$200, half of which he owed the town for the care of his wife at the State Hospital for the Insane. The balance was a judgment against Steltzel's desire to settle executed a quit claim deed to the property and the payment of the sum due closed the matter.

During the thunder storm of Monday evening lightning struck the barn of Misses Ducey and Annie Wilson in Sanford, and there being considerable hay in the building it was almost immediately in flames. A cow and a calf inside were burned to death. The loss is about \$500 and the insurance \$250.

Skeleton towers of steel were erected on the Ridge this week to support big distribution tanks for the water supply systems of D. S. Sanford and S. C. Shaw. Each is about 40 feet high and that of Mr. Shaw will be surmounted by a tall chimney. The trench for the pipes leading to the new Shaw house 2,500 feet away is being excavated. The well will also supply John Muenich's house.

While the Eszquelle boys, Charles and Ray, were spearing suckers in Little river a few nights since they were playing a game of hide-and-seek stretched across the stream. The use of such a device being contrary to law they quit the pursuit of suckers and walked a mile or so to the home of D. R. Warner in the Center to report the case, the latter being a deputy game and fish warden. On returning with them to the scene Mr. Warner found that the supposed net was only a piece of mesh wire. It turned out that Luther Seeley had placed it there to keep his ducks from straying up stream.

Miss Maud, daughter of Charles F. Bronson, the merchant and station agent at West Redding, was married on Wednesday of last week to Emil Ardine of New Milford. A large company of relatives and friends attended the ceremony and the bride was the recipient of many presents. The couple will live in New Milford.

The Has Beens—the term is used provisionally because the members don't know yet whether it really fits—were to play the Sanford School this afternoon. Among the H. B.'s are such well known as Ames, Merriam, Osborn, Ed Bradley, Dr. Smith, Harold Frey and others who in the remote past exemplified a very good article of baseball.
