CLASS HYMN TO BE SUNG AT GRADUATION OF B. H. S. CLASS OF '09

The following pretty verses by Miss Cornelia Sterrett Penfield have been accepted by the literary committee of the Bridgeport High school to be sung at the graduation of the class of 1909. They have been set to music by Miss Eleanor Lewis. June softly breathes her perfumed breeze, The evening wind above us lightly sighs; The opening portals outward swing Beyond, the dimly vista'd future lies. Our echoing steps re-echo yet more Far down the shadowed aisles as, ere we part, Tonight we quaff from Memory's chalice, Our farewells pledge, enshrined in every heart. Although the threshold passed, our ways are sundered, To each Time gives some measure of his gold; Let us then strive to spend our largess wisely, The future may restore it hundred-fold. O Father, grant Thy guidance all our journeying, Lead Thou our paths unto the heavenly shore, Until at length the dawn of Thy tomorrow Fulfills Thy promise of the perfect day. Cornelia Sterrett Penfield.

Happenings of Interest About The City.

—The Pacific, 118 strong, left this morning on the 6:24 train for Newark where they will participate this afternoon in one of the biggest firemen's parades ever held in the East. The company was accompanied by the Wheeler & Wilson band. Each of the firemen wore on the fronts of their red shirts a handsome gun metal badge bearing a picture of "Foreman" John W. Eckel and the seal of the city of Bridgeport. —John Harez, 12-year-old son of Mrs. Ann Harez, of 381 Hallett street, was committed to the County Home Saturday by Judge E. P. Nobbs. The Humane Society through Attorney E. O. Hill produced testimony to show that the boy was inhumanly treated. —Krisell Baake, six-year-old son of Maurice Baake, who lives in Brook-lawn avenue, Fairfield, was bitten by a coach dog owned by the boy's father. There were two lumps on the left cheek caused by the fangs of the dog, while the left ear was ripped open. The boy was brought to this city and Dr. Krause was obliged to take stitches in closing them up. The father was not inclined to blame the dog for marking up his son.

In Critical Condition From Stab Wound

Naugatuck, Conn., June 14.—James Draiback of Union City is in a critical condition from a stab wound in the stomach, and is expected to die. He was arrested at the Naugatuck jail, charged with the stabbing. Both men are Hungarians, nearly as the police can learn Klue, after stabbing Draiback, went to his boarding place. Later a crowd of Hungarians, friends and relatives of Klue, went to the house and bombarded it with stones. The police were notified, and Chief Schmitt and Officer Murby took Klue in charge. As they were taking him to the station, he was followed by the Hungarians, and when Klue had been locked up the mob surrounded the jail and continued the demonstration. The officers then got a carriage and rushed him to the jail in this place.

Black Hand King Who Resembles Taft

New York, June 14.—Vincenzo Stabato, alias Giovanni Rossi, whom Jerry Dennehy, detective sergeant of police at New Haven, calls king of the Black Hand, was committed to jail yesterday for forty-eight hours by Magistrate Corrigan in the Tombs court upon a short affidavit alleging that he is a fugitive from justice from Connecticut. The chief inspector got last week from Dennehy a letter asking for Vincenzo's arrest. Another letter, which the letter said that the man was king of the Black Hand and had committed offenses both in Italy and this country. "When you see him," the letter ran, "his face will remind you of President Taft." Then there was a warning to beware of Vincenzo's "friends."

Deaths and Funerals.

He was buried at Middletown in a casket. He was survived by his widow and four children, and five brothers. The brothers are: Thomas, Peter, Vincent and William. Burial was at Middletown. The remains were received by Funeral Director Gannon. —Owing to the fact that Scott threatened to sue, the usual precautions were taken to guard against any outbreak. Extra guards marched behind him through the ward and a keeper walked on each side of him. Scott made no demonstration and seated himself in the chair muttering prayers for the dying. The first shock was maintained for one minute while the second shock was of but ten seconds duration.

Gov. Haskell Retracts; Libel Suit Withdrawn

Oklahoma City, June 14.—Attorney W. D. Cardwell is satisfied with Gov. Haskell's retraction and has withdrawn and will not prosecute his charge of criminal libel against him. The hearing was to come up in the county court. In the State campaign when Haskell was running for office a story appeared in the Governor's paper, the New Oklahoma, which said that the Governor had been in the city of Muskogee, Okla., with the understanding that Haskell would make a suitable apology. The committee and the case was set down for trial on June 14. The committee has now made a report showing a retraction from the Governor which is satisfactory to Cardwell.

SMITH'S

Smith's theatre is to remain open all summer. Mr. W. Jackson has rented the theatre to Messrs. Bostock and Hennessy who take over the management today. The new managers are delighted with the prospects of business for the summer—the wonderful coolness of the theatre, the great shows they will present for the best seats, and the great number of people there are in Bridgeport and their famous amusement loving population. There will be given a new bill to a very large attendance all summer, they say.

The shows they will present will be the biggest and best in the country. The exceptionally large seating capacity of the theatre permits of a much more expensive show being presented than with other theatres. The opening bill consists of four standard vaudeville features and four reels of the best moving pictures. Among the acts are: The "Gorge," who present one of vaudeville's latest and best novelties, "The Actor," and the Stage Carriers. Last week they appeared at Keith and the "Gorge" scored the big hit of the bill. The Great Russell in "Talks and Chalks" will appear on Monday. The "Gorge" for seat. Reid and Catlin are an accomplished pair of young ladies who purvey comedy new in idea and clever execution. The "Gorge" are unusual merit.

The list of pictures is too long to enumerate here. They are of the very best. This programme will be seen every day this week excepting Thursday. Jas. J. Jeffries has secured the theatre for that day.

WHAT IS ECZEMA?

A COMMON ERROR CORRECTED. An erroneous impression prevails that itching, burning Eczema, Psoriasis, Salt Rheum, Boils, etc., are only skin diseases, and must be treated externally. Hundreds of cases have come under our notice—and probably your experience is similar—where the person afflicted had the disease on the lobe of the left ear and an eruption on the right ankle, while the other members of the body were absolutely free from vesicle, rash, or other outward manifestations, showing conclusively that the blood was poisoned and the poison found vent at the most vulnerable part of the person afflicted. Dr. Taylor's theory is that these diseases originate in the blood, and must be treated from that standpoint, not through the skin alone. This theory is amply proven by the thousands of people who have been permanently cured. Our Blood Purifier forces the poison to the surface of the skin, eliminates it wholly from the blood, and our germicide Lotion and Ointment restore the skin to a healthy and normal condition. Send to our office, 1330 Arch Street, Philadelphia, for booklet. Sold by Jennie Hamilton's Pharmacy, Bridgeport, Conn., and all first class druggists.

Conductor Arthur Seltman, who is employed by the Connecticut Company, had a narrow escape, when an automobile moving it was said at 40 miles an hour swept him off the running board of his car, at Koonchaug Inn, near Washington Bridge at 5 o'clock Saturday afternoon. A passenger, an Italian workman, whose name was not learned, was knocked off at the same time. Neither was much injured. The auto was moving so fast that its number could not be taken. The automobile passed the car on the wrong side and the driver did not stop to ascertain whether or not he had hurt or killed anyone.

The names of the injured were not made known and it is said that the affair was a sort of "joy ride." The machine was wrecked.

ITALIAN COUNSEL COMPLAINS OF DISCRIMINATION

(Special from United Press.) Buffalo, June 14.—It is expected that the special committee of nine, having under consideration the petition of the officers of the National Charities and Correction Conference for the ensuing year will make a report to the General Session this evening. Prominent among those mentioned for position of president are George L. Gibson of Louisville, Ky., F. E. Niblock of Milton Mills, Pa., F. M. Taylor of Pittsburg and Fred Fort Wayne, Ind., will continue as secretary, Edward Boyton of Chicago as treasurer.

The total number of sectional meetings of the conference were held this morning while a number of interesting papers were discussed. Before the section devoted to children "the relative functions of the state and private charities in the country" was discussed by Charles W. Birtwell of Boston.

Gino C. Speranza, attorney to the Italian consul at New York spoke before the section devoted to the immigration. He made the sweeping charge that foreigners including immigrants intending to make the United States their home, are discriminated against in American courts. He claimed that the United States discriminated between citizens and prospective citizens by classifying the section devoted to children "the relative functions of the state and private charities in the country" was discussed by Charles W. Granger, Wyo., June 13.—My baggage not having arrived on time prevented me from getting away from here yesterday. I will give up the idea of predicting how far I will walk or where I shall make my destination on any day. Invariably something will happen which will spoil all calculations. I had no doubts yesterday as to getting my shoes, and later in the evening the terrible electric storm spoiled whatever chances I had to continue. Another great annoyance are the hoboes who travel along the railroads and who are a nuisance whenever possible, and some of them don't look good to me. I am now carrying a revolver, but for what purpose I hardly know. I believe that I was attacked that they would also take my gun.

The question of food is still a very serious one with me, and probably will be until after I have walked 150 miles, where I am told I will be in the agricultural district again, and where the much needed food can be procured. EDWARD PAYSON WESTON.

ALIEN CONVICTS TO BE DEPORTED

Albany, N. Y., June 14.—With a view to ascertaining how many aliens there are in the prisons of the State subject to deportation, C. V. Collins, superintendent of the State Prison Department, has completed a census of the prison population, which shows that of the 960 alien convicts 115 were convicted of felonies within three years after their arrival in this country, and under the law, therefore, may be sent back to the countries whence they came. The Department of Commerce and Labor at Washington, which has jurisdiction over the deportation of such aliens, will be notified by Superintendent Collins of the results of his investigations, and the superintendent will recommend to Governor Hughes that the sentences of all such aliens, which vary from a few months to life imprisonment, be commuted in order that they may all be deported.
