WILL OUST THE OYSTER SOON?

The abalone of the California coast, famous for its brilliant sheen, is the latest addition to the list of sea foods. The abalone is a clean feeder, so that its flesh is superior in soundness and wholesomeness to that of the oyster and other marine creatures which live near shore in water contaminated by many impurities.

Shooting Coal

It is about the best thing to have done at this time of year. Shoot a few tons into your cellar for winter use, and by buying it now you are assured that you are shooting it in at the right price.
