ALBERT PULITZER JOSEPH'S BROTHER SHOTS HIMSELF

Vienna, Oct. 4.—Albert Pulitzer, a brother of Joseph Pulitzer, proprietor of the New York World and the St. Louis Post-Dispatch, was found dead today in his apartments in the Grand Hotel in this city, a suicide, from a revolver shot.

Pulitzer shot himself yesterday though his death was not discovered until today. He was suffering from a nervous breakdown for which he had sought vainly for relief.

Dr. Jacob Pollak, who was called after the body was found, declares that the suicide had also taken poison to make his death doubly sure. Dr. Pollak says Pulitzer's nerves were shattered to such an extent as to affect his mind and he killed himself under the fear that he was going mad.

Albert Pulitzer was 52 years old. He established the New York Morning Journal in 1882 and was its editor until 1898 when his health failed. He then sold the paper and went abroad. He was born in Hungary.

Yesterday Pulitzer dismissed his secretary and attendants and requested the hotel officials to see that he was not disturbed. He said he desired solitude. He also took poison that he killed himself almost immediately after the servants left him.

When Dr. Pollak arrived, he found an empty poison bottle beside the body near the revolver with which Pulitzer had killed himself. He had evidently fired the fatal shot while standing before a mirror to make his aim sure.

FIRST DOG SHOW MEANS ANOTHER

Announcement Made that Success of Last Week Will Be Made Annual Event

MEN WHO MADE SHOW 'GO'

That Bridgeport can give a dog show and give it right was proven by the successful manner in which the project of the Bridgeport Kennel club was conducted during the last three days of last week. Everything was pulled off on time, and the public was given an opportunity to see the best dogs in their class in the country. The Bridgeport show was smaller than some of the shows held in New England, but its success means that it is going to be twice as large an event next year. The dog owners of the country now know that Bridgeport is interested in dogs and that there is enough good stock here taken alone to give a good show.

The Bridgeport Kennel Club upon whom the responsibilities fell were Dr. Edward H. Hair, president; Walter Hawley, vice president; D. D. Smith, treasurer, and W. D. Blatz, secretary. There is no end of detail connected with the work of mapping out a dog show under the rules of the American Kennel Club and the labors of the secretary were arduous. Secretary Blatz had to be most particular for Boston Terriers, Joe McGinnis, of Norwich, Conn., manager of the Rockefeller Kennels, for pointers, setters, fox, grey and beagle hounds, and English bulldogs of New Haven for all other breeds.

All of the splendid silver trophy cups given by prominent citizens and organizations were awarded Saturday night as follows: American Pet Dog Club trophy for best Pekinese—Won by Tong, Pekinese, Mrs. F. L. Schubert, Bridgeport. American Pet Dog Club silver trophy, best Pomeranian—Bogota Beryl, Mrs. F. L. Schubert, Bridgeport. TRAFFIC ORDINANCE WON'T COME FROM COMMITTEE TONIGHT

The traffic ordinance as proposed by the Automobile Club of Bridgeport was introduced at the last meeting of the Common Council and was referred to the committee on Ordinances. The committee will not report on it at the meeting of the council tonight. The ordinance is much similar to the New York ordinance and compels every motor vehicle to use the extreme right hand side of the roadway, close to the curb.

A New York boy who was in this city today reported that a trolley car port boy saw a truck standing in front of a Mala street store. "You haven't any traffic ordinance here, have you?" he asked the trolley car port boy. The boy said he did not know what was meant, and then the New York youngster pointed out that the truck horses were turned to the left, and the trolley was backed to the curb. The New York boy pointed out that the position of the horses and the truck formation was not correct. The trolley was on the right hand side of the street. A Farmer reporter who overheard the conversation of the boys counted on the number of trucks standing in Mala street and Fairfield avenue within an hour where the horses of trucks backed to the curb were turned to the left.
