Coats and Bonnets For the Little Folks

Their fashions are in the large corner window at Main St., an array that causes the most indifferent passer-by to stop and admire, while those with an interest, those who have Little Folks to clothe, are fascinated. The Coats and Bonnets are just bewitching, and they have a style.

The Bonnets and Hats

In the first place there are distinct styles for little boys, the baby boys. There are little caps with tassels and small hats with black patent leather crowns and brims of red felt stitched closely.

Felt Bonnets are in scarlet, green, brown, pink, and rose color, with ribbon trimmings and full ruches in the brims.

Shirred Bonnets are of poplin, bengaline, or panne velvet trimmed with rosettes of satin. A white poplin scoop of quaint shape is trimmed with ermine tails.

Normandies and Capotes are side by side with close fitting Dutch Bonnets. Some of them are decorated with bunches of tiny apples.

Angora and Chenille Bonnets look warm and very comfortable.

The Coats and Cloaks

Dainty models in silk poplin, velvet, white astrakhan, and mottled plush. Imitation furs and caraculs in dark colors.

Now Is the Time to Select a Piano

Now is the time to make your selection if you intend purchasing a Piano in the near future. The latest styles on the floors of the Wissner Ware-rooms clearly portray the fact that the artisans and craftsmen of the Wissner factories are originators and leaders. Every design that will be in vogue this season is here.

Wissner Pianos

are the only real grand pianos in upright form. The basic principles of grand piano construction are incorporated in the construction of the Wissner Artist Upright Grand Pianos through a scientific reversal of these principles. The fullness of tone, touch and durability are attributes surpassing to those in many grand pianos of repute. These marvelous instruments are built in such a manner that they will forever hold their tone qualities.

Leckerling Pianos have long been known for their durability. The aim of the Leckerling manufacturers is to produce a piano that will give absolute satisfaction to the great mass of buyers who want a dependable instrument at a medium price. The success of their attempt is proven by the popularity of their product. Leckerling Pianos are advertised but little—they have gained their prestige solely on their merits.

Reinhard Pianos have been on the market many years. Thousands of pleased owners are constantly recommending them. It must be remembered that, although Reinhard Pianos can be purchased FROM US as low as \$250, they are sold at much higher prices by dealers and others. We own and operate the Reinhard factory and are in a position to sell them at factory prices.

Player Pianos are here to stay. The demand for these wonderful home entertainers is becoming greater every day. Our line is represented by the Wissner, Leckerling and Reinhard Player Pianos. Intending purchasers will save much by buying from us at factory prices.

Used Piano Bargains

We are offering several used and slightly used bargains, some of which were received in trade on player pianos. Their former owners parted with them for the reason that no one was able to play. They accordingly received little if any use. We need the room for the new instruments coming from the factories and will positively sell them at the prices quoted below.
