LEBENTHAL SENTENCED TO PRISON

For Theft of the Cole Jewels—Wife Is Out on Bonds

Judge William H. Williams in the Superior Court this afternoon sentenced Abraham Lebenthal to not less than two years or not more than five years in state's prison for the theft of the jewels of Mrs. Charles M. Cole on June 25th. Counsel for the defense entered a motion in the case of Mrs. Lebenthal that the finding of the jury was against the evidence. The court allowed the motion and placed bonds at \$1,000. As Morris Gordon, the conductor who found the jewels did not have counsel, the court postponed his sentence till to-morrow.

BOUCHER TALKS ABOUT MODOCS

In the Twelfth district last night Stephen F. Boucher, Democratic candidate for city clerk, made a tremendous hit when he said: "The opposition process has been referring to the Democracy of the city as the Modocs. Now the only reason that I can find for this term being ascribed to this country is a fit warrior to be the big chief of the reservation of Bridgeport. I make this statement because I am looking for the Modocs that they were a famous tribe of Indians long since obliterated but who lived in this section of the country before the white man came here. Any man who is the kind of an Indian that Edward T. Buckingham is known to be among the great tribes of this country is a fit warrior to be the big chief of the reservation of Bridgeport."

IN THE CITY COURT

Frank S. Blake, the sign painter who stole \$100 from Stillman Pike, the wholesale rag dealer, yesterday morning in George Stafford's saloon at Bulls Head, and was caught after a two blocks run by Mr. Stafford, was held for the criminal Superior court this morning by Judge Carl Foster in the city court. Blake pleaded guilty to theft from the person. His bail was fixed at \$500.
Charles Conley, who was arrested yesterday afternoon by Detective Peter Hickey at the road station for the theft of tools from the Odd Fellows' building being erected at Cannon and Broad streets, pleaded guilty to theft from the person. He was sentenced to 30 days in jail.
The tools belonged to the Hubbell Building Co.
John Dustin, for a long time connected with the police game in this city, was sent to jail for 10 days for drunkenness. Patrolman Patrick Burns arrested him Monday night in the North End before sending him to the city court. Dustin remarked that it would be for Dustin's own good to be in jail for a few days and straighten up. The charge of resistance was nolle.

Matthew Duffey who was taken to police headquarters last night suffering from delirium tremens, was turned over to the department of Charities today. He was sent to Lakewood.

MRS. J. J. ASTOR'S DIVORCE SUIT

New York, Oct. 27.—While admitting that a suit for a separation is in progress and that it will hardly be defended, friends of Colonel and Mrs. John Jacob Astor today contended that a policy of secrecy with which the affair has been surrounded. Whether the suit asks absolute divorce for which the husband is held to be guilty of adultery or simply a separation for which the allegation might be abandonment or cruel and inhuman conduct, cannot be learned. None of the papers will talk and the legal papers have not been filed.
At the hearing which Referee Charles H. Young has already held, evidence in the form of affidavits have been filed. Colonel Astor was accompanied by his attorney but whether the bride was objection to the receipt of the affidavits cannot be learned.
Colonel Astor is expected to remain in the city until the waters for some time and his friends declare today that they did not expect him back. They assert that he will hardly defend himself. J. D. Barro, brother of Mrs. Astor's Philadelphia, brother of Mrs. Astor's in this city and it is asserted he will aid his sister.

BOUCHER, BUCKINGHAM, BOUCHER, DONNELLY AND THOMAS ROUSING ADDRESSES

Boucher Takes Lee to Task on Tax Equalization Position—Thomas, If Chosen Town Clerk, Will Retain Mullins

Edward T. Buckingham in addressing two rousing rallies in East Bridgeport last night said that he pleaded guilty to being a young man. He said in part: "I hope that I feel younger one week from to-night. I want to prove that as a young man I know something about the government of the city of Bridgeport. After eight years of service for the city I feel that I am in a position to have more knowledge of the city's departments than some of the men who are now talking on the stump about the city's welfare and using the argument against me. I am a young man. Look at the ticket which has my name on it. It is a young man's ticket and my answer to the charge is that I plead guilty to being young.
"The opposite organ claims that bargains were made by which I got this nomination and that I was not to be trusted and that my policies were not my own.
"Now I will say that first of all I am a Democrat and that I believe in looking out for the welfare of the Democratic party. I have no doubt that you that I am absolutely unpledged to any individual or any set of individuals. I believe that you gentlemen have a right to know what you are willing to take my word. I hope to be able to show to you that a young man and a Democrat is able to take up the reins of government in this city.
"The Democratic party is not opposed to corporations but it is pledged in its fight to the protection of regulating corporations are carried out to the letter and obeyed.
"Before closing I want to impress upon the voters the importance of the fact that the Democratic ticket are elected. In order to have an equal number of votes in the Common Council with the Republicans next year we must elect nine aldermen this year.
"The meeting in St. Joseph's hall was presided over by Hugh Lavery, candidate for alderman in the Tenth district who prefaced his introduction of the speakers with well put references to the conditions in the campaign.
"Stephen F. Boucher, candidate for city clerk received a rousing ovation. He was introduced at St. Joseph's hall as "The Bride of the East Side."
"Mr. Boucher said: "My associations with the Democratic party have always been for good government and government by the people. I have been connected with the Democratic party both in a practical way and in an honorary way. I was the deputy registrar of my district for five years where I got an insight into the practical side of politics. In Hartford where I had the honor to be sent from the city of Bridgeport the platform on which I was elected was my own and there all public men are subject to more or less scrutiny by the public. I believe my record will speak for itself.
"Someone says that politics do not interest them. I say that politics should interest everyone. Politics is more or less affected by them. We have corporations both public and private that are looking for legislation favorable to their interests. They have power at any time does not suit them they are going to try to have people elected who are favorable to them. In that way the people should always be on the alert to guard against the election of the candidates who are going to see that the corporations get what they want.
"Mayor Lee spoke on the equalization of taxation before he was elected. He had a good deal to say about the city's budget system and the equalizing. What difference does it make whether a man pays 5 per cent, on \$1,000 or 10 per cent, on a \$2,000 valuation? The longer he stays on the job, the more he will be able to do. But under his system it has been the dwelling house and home property that has been raised by the equalization process and on the other hand we have the big corporations that have not been affected to any extent by the method.
"Besides that we all know how he surrendered the streets of the city in connection with the car barn deal and with other things. I am sure that we all know, warrants the turning out of the present administration.
"I wish to call your attention to the fact that every man who is on the ticket has had experience in governmental affairs either in a clerical or executive position. I feel that the people will rally to the support of the Democratic ticket and with united effort there is no question but the ticket will be successful at the polls."
"Mr. Buckingham is a man who is a tax collector, came out forcibly for all the candidates on the ticket. He said in reference to the candidate for Mayor: "Mr. Buckingham is a man who is fully qualified to fill the office. If he has been qualified to be your city clerk for eight years he is certainly fit for this office and more eminently so than any other man I know of. Eight years in touch with city affairs, a knowledge of the duties of every department, he certainly has been able to note the weak spots and the strong ones. It is too bad that every candidate for Mayor cannot have the same training Mr. Buckingham has had. He is the only man in every way I would like to know who is? I have known him intimately for years and I believe that the announcement made last night that he would be elected is a very worthy Mayor."

because he feathers his own nest. He has favored the corporation and it is a wise business man who establishes good connections.
"Let us think of the classes whose conception of public interest is entirely different from yours.
"In this election in voting for the Democratic ticket you have an opportunity to put in office men who have always stood for the interest of the people."

ENGLISH TURF EVENT

Outsider Won the Important Cambridgeshire Stakes
(Special from United Press.)
Newmarket Racecourse, Eng., Oct. 27.—Nosing ahead of Lord Carnarvon's Mustapha and the American entry, Louis Wynn's Mr. Martin, A. E. Wiggins, "Christmas Daisy" today won the Cambridgeshire stakes, one of the most important of the English handicaps, from Mr. Wynn's Mr. Martin, a half million dollars.
Christmas Daisy was an outsider at a hundred to seven, Mustapha was 11 to 1 and Mr. Martin 7 to 1. An American backed Louis Wynn's entry heavily. Ringstead was up on Christmas Daisy, Trig rode Mustapha and J. H. Martin was up on Mr. Martin. A light rain made the track heavy and this with the usual weighting went against the horses from the states.
Nineteen horses started.

WALL STREET TO-DAY.

(Special from United Press.)
New York, Oct. 27.—(Opening)—A strong tone was evident at the opening of the stock market, based to a great extent to the news of the London cables and the fact that Steel Common ranged higher in the London opening than it closed here yesterday. Oilier stocks made fractional gains immediately after the opening but a reaction soon set in and at the end of the first fifteen minutes the tone was generally weak.
At the end of the first fifteen minutes trading the market again developed a strong tone, based to a great extent on all of its loss and showed a fractional gain. Union Pacific and Reading rose 2 points from the lowest and the first fifteen minutes improved. Government bonds unchanged; other bonds steady.
The market tone improved in the late forenoon with prices of many issues advancing from one to two points.

TAFT CAPTURES MEMPHIS TODAY

(Special from United Press.)
Memphis, Tenn., Oct. 27.—President William H. Taft descended upon Memphis at 11 o'clock this morning and captured the city. Although the ship Oleaner carrying the President down the Mississippi was several hours late owing to low water and the crowd of people who met him at the county station, the enthusiasm was increased by the delay.
Mayor James H. Malone made a welcome to the President and his party. The attitude of the President toward the southern states presaged nothing but good for the south during the present administration. The President was greeted by tremendous cheering when he reiterated his position in favor of development of the deep waterways of the country.
After a parade through the city Mr. Taft dedicated the new Y. M. C. A. building and was later welcomed on behalf of the city by Governor Patterson, the exercises taking place at the auditorium. The President made the principal address of the day at the auditorium.

Gledhill Wins Suit

On motion of counsel for the defense in the suit of Louis A. Gibson of Sandy Hook against Samuel Gledhill of this city, a non suit was entered this morning in the Civil Court Common Pleas and was acknowledged by Howard H. Scott. The suit was brought for \$5,000 against Gledhill it being alleged that he built a dam on the Housatonic river, which caused the water to rise and overflow the property of Mrs. Gibson, destroying it. The evidence tended to show that the water did destroy the property but it could not be shown that Gledhill had anything to do with the building of the dam for which reason the non suit was entered.

DANBURY WANTS SALOONS REDUCED

The County Commissioners have received an extensively signed petition from Danbury asking that board to limit the number of saloons in that town to 40. Already there are over 50 saloons, which the petitioners think is too much for a town the size of Danbury. The population according to the last census was 19,474. The new law provides for one saloon to every 500 population. The commissioners are powerless to reduce the present number, but it will be many years before Danbury is allowed a new saloon. The petitioners thought the new law could be interpreted so that the number of saloons could be reduced to one to every 500 population.

At the same time, a man approached running at break-neck speed and was followed by a crowd of children. In approaching nearer the cause of the excitement was ascertained. This man was wearing the masquerade uniform which he intends to wear next Saturday evening at the Halloween masquerade of the St. Joseph's T. L. & B. Association to be held at Eagles' hall.
