MAYOR BUCKINGHAM PRESIDES AT RALLY

President of Smith College Deplores Growth of Materialism.

The auditorium of the South Congregational church was filled last night and the gallery was partially filled with those who attended the rally of the local Congregational churches last evening. Previous to this service there was a union meeting of the Christian Endeavor societies of the West End, Olivet, King's Highway and South Congregational churches. W. E. Hatheway of the South church society presided and there were several speakers including President of the Union Arthur E. Warner.

At the rally of the local churches Mayor Edward T. Buckingham was chosen chairman. He assumed his office with a few appropriate words. The speaker was Marlon L. Burton, president of Smith College.

President Burton is a young man and a graduate of Yale. His subject was "Increasing the Efficiency of the Congregational churches of Bridgeport." Among other things he said, "The relationship between education and religion is so close that they cannot be separated. Every student who enters college is supposed to have had at least some home training and religious training. Some however have very little knowledge of the scriptures and very little training in religious ideas. They go to the college with a misconception of religion. At college they come in contact with a different religious belief and are not prepared. They become sceptical and do not manifest the religious interest which is looked for.

"Our life is so overshadowed with materialism that our attention is almost absorbed by it. This materialistic spirit has so undermined the church that it is losing ground. The church can no more be destroyed than a college. Some think that the college should be abolished. But education is very little. Outward forms may come away but religion is our relation to God and cannot be separated from our life."

The Rev. Gerald H. Beard, pastor of the Park Congregational church, spoke briefly at the close of President Burton's address.

Thrown to Death From Trolley Car

As the result of a fall from a trolley car in Derby some time Saturday night, John Cronan of 227 Olivas street, died last evening at St. Raphael's hospital in New Haven.

Cronan is thought to have been standing on the platform of the car and to have been thrown from the car when it struck a switch near which he was found lying. How long he lay unconscious is unknown, but it was in the early hours of yesterday morning before he was discovered and brought to St. Raphael's hospital in a trolley car. He had a fracture of the skull.

Cronan's condition was found to be so serious that it was decided to have an operation performed. Dr. Frank Whittemore performed the operation but it was not possible to save the life of the man.

STRATFORD

It is gratifying to all members of the fraternity to see it announced that the Masonic building fund is growing at such a rapid rate, owing to the money earned by the Criterion players, and from other sources, that in good time the erection of a new Temple will be in their hands. Several sites are being considered. Early in December a whist will be given to aid the good cause, the Order of the Eastern Star having taken the matter in hand. A committee of ladies has the entertainment in charge, consisting of Mrs. Ora Wakelee, Mrs. Gilbert Y. Edwards, and Mrs. Clarissa Curtis.

Many of our enterprising citizens think that if the when restaurant had been open it would have done a land office business. In this connection it is a pleasure to note that the authorities did have Main street sprinkled from Hard's corner to East Broadway. This kept down a cloud of intolerable dust, and saved the lace parlor curtains all along the route.

It is very truly said that the house at Main and Broad streets, one of the old and quaint landmarks of the town, will either be sold and moved away, or torn down before the new church can be erected on the same spot.

At the home of Miss Bertha Wilkes, Long Brook avenue, on Friday last, Raymond Munson reached his majority. His many friends wished him many happy returns of the day, but alas, man never reaches his 21st birthday but once.

The new hive of Maccabees which has been organized in town is the work of Queen Bee Annie Larkin of Ansonia. The hive is social and for the mutual benefit of all working bees. All except drones can join.

Father O'Connor has been coaching a football team of boys connected with his church.

The Red Men will have another game of pinocle tomorrow evening. They take the trail to Bridgeport for the purpose.

All the "Sweet Sisters" attended the range on Saturday night, and many Big Brothers were present.

It is now said that it was not a leg which the trolley ran over belonging to the Freeman boy, but his head.

Damage slight.

Rev. I. M. Blanchard was at the Bethany Mission yesterday.

Services were held at Christ church as usual. Several delegates from the Senior and Junior chapters of the Brotherhood of St. Andrew attended the State convention on Saturday and yesterday at Hartford.

The brick work on the new addition to the center school house is going up rapidly. The raising of a frame has been postponed.

D. Downey and R. Edwards will pass the winter in Florida, near Jacksonville, according to their usual custom. Mr. and Mrs. Arthur Beers soon sail for Europe.

On Nov. 17 those who wish to play what can do so at the Devon club house.

A few more of our own folks who went to New Haven on Saturday, not heretofore mentioned, include Mr. and Mrs. Charles Sillman, the Messrs. Lewis, Theodore Tompkins, Major Sillman, Willard Baldwin, Mr. and Mrs. Arden L. Judd, Mr. and Mrs. E. W. Raymond, Munson, Mr. and Mrs. Harry Burns, Mr. and Mrs. Stanley Y. Beach, Mr. and Mrs. E. Bennett, Susie C. Wilcoxson, Joseph Alton, Frank Plumb and family, Judge Charles H. Peck and family. Quite an aggregation.

The concocting of clam chowder now claims the attention of lodges and convivial associations.

A young fellow named Thomas Frunn has been held in the lockup over night on suspicion of having stolen a bicycle. The boy told many contradictory stories, and once in the lockup shed many tears of regret.

Next Friday evening is the date set for the Woodmen to dance. Very appropriately they will meet visitors at the "pole" and take them to the W. O. W. block. There will be fiddling and square dances and meetings of the brethren on the plane and parting on the square. Frank Smith, George Payne, and Messrs. Feiden, Mr. and Paulson, Switz, Roerich and Parrott have the feast in hand.

Frederick Currie is visiting in town. Dr. William Perry has been able to go to Milford.

Sarah Russell will spend a portion of the winter in New York.

A lady from the Bermudas, Mrs. Trimmingham, is visiting in town.

It is a fact that those of our local people who did not go to New Haven on Saturday remained at home as they had no tickets.

Frederick Townroe has given up his position at the works of the Silver Company.

BURG LICENSED FOR BROOKFIELD

Levis Burg, of Brookfield, has been granted a license to sell liquors in that town by the County Commissioners, though a strong remonstrance was raised against the place.

TROLLEY CAR LEAVES TRACK

It Upsets and Has to be Removed Piece by Piece.

Unable to right a badly wrecked jumbo car that shot off the rails at Beards' corner, Milford, Saturday afternoon, the wrecking crew of the Connecticut Co. dismantled the car and brought it to the East End barns piece by piece. Although the car was well filled, and going towards New Haven at high speed when it jumped the rails, the passengers escaped fortunately, only one being seriously hurt, Adam Holenback of Newfield avenue, engineer of an oyster steamer. Motor-man Charles Postol and Conductor Michael Gill were considerably bruised.

Leaving the rails, the car turned over on its side, throwing the passengers in a heap. Holenback at the bottom of the pile was attended by a surgeon near the scene, and later was visited by Dr. Bunnell at his home in this city. He suffered a fracture of a bone in his left shoulder. The car shot clear of the tracks, and traffic was only momentarily interrupted. So badly was the car damaged that the emergency crew found it impossible to right it. It was therefore taken apart and hauled into the repair barns.

Students Steer Shy Of New Haven Police

The New Haven police officials are congratulating themselves on the apparently good fortune that attended them during the excitement and general confusion attending the Yale-Princeton football match in that city Saturday. Yesterday gave owners and occupants of houses who might have discovered that they had been burglarized sometime Saturday or who had been victims of pickpockets and sneak thieves to find out their losses and register complaint with the police and with the exception of the loss of a directory taken by some one probably more in fun than anything else from a central drug-store not one complaint was received of any burglary or theft perpetrated during that day.

Another feature of the Saturday night of the same name that is more or less of a poser for those who regard the students as inherently evil human beings is the fact that there was not one student arrested Saturday night, celebration night, for even the offense of drunkenness. The police regard it as the mildest football night and day for that matter they have ever seen, despite the enormous crowd.

CORONER WILSON ORDERS CHILD'S BODY BURIED

The almost decomposed body of a prematurely born infant was found Saturday, on the dump on Waterview avenue at the foot of Ann street by a number of small boys who were digging on the heap. The little body had been buried at some depth, probably by some one in that section of the city who had been unable to pay the costs of a burial in a cemetery, or who sought to hide the secret of the birth. The remains were taken to Bourke & Bourke's morgue and were buried this morning by order of Coroner Clifford B. Wilson.

ADOPTS THE TELEPHONE FOR TRAIN DISPATCHING

The New York, New Haven & Hartford Railroad Company has placed orders for telephone No. 2 selector apparatus for equipping the Northampton division for telephone train dispatching. The equipment consists of Gill standard bridging selectors and Western Electric telephone apparatus. This will be the first circuit so equipped on the New Haven road and covers a total of 17 miles with 23 stations. If the experiment proves successful the road probably will extend the system to other divisions of the system.

DEATHS AND FUNERALS

Addie E., wife of Percy C. Farwell, died yesterday, at her home, 2872 Fairfield avenue at the age of 32 years, after an extended illness. The bereaved husband is a salesman for the American Tube & Stamping Co.

Samuel Burr Wheeler died early yesterday morning at his home, 311 West street, after a brief illness, at the age of 63 years. He was born in Stepany, the son of the late Burr and Rebecca (Norbury) Wheeler. He had been a resident of this city for six years, and was employed by Bossons & Blitt. He was formerly in charge of the large stock yard owned by John T. Johnson, Plainfield, N. J. He is survived by a widow and two children, Bertha Burr Wheeler and Frederick Burr Wheeler.

Francis W. Phelps, a resident of Black Rock, who has been under treatment at the Bridgeport Hospital, died at that institution, Wednesday, at the age of 80 years. He is survived by a widow. The remains were taken to Englewood, N. J., today for burial.
